ARABS CONSULT THEIR 'SHREWDEST KING'

Inquiry into P.W.D. has ended

Premiers go to Saudi Arabia for new 'help Palestine' talks

NEW Arab talks on Palestine started yesterday when the Prime Minister of Syria and the Lebanon went to Saudi Arabia. Arab rulers who have so far played no active part in the present 'help Palestine' talks.

The King, whom some people also consider the most powerful of the Arab Kings, rarely leaves his desert kingdom and was not expected to attend the Arab League summit conference in Amman, Jordan, which was held in Amman before the Prime Minister of Syria, the Lebanon, Transjordan and Iraq went to Saudi Arabia to open a three-front campaign in Palestine before today.

Meanwhile, the United Nations Three-Power Commission is waiting for the Arab League to return from its Saudi Arabia trip. Any such decisions or acts, and any such visit to the Council and the whole United Nations as a result of the Arab League's visit to Saudi Arabia.

Coal victory brings output records

BRITAIN has largely overcome the coal shortage which has been plaguing the country since the outbreak of the war. The coal output in the first three months of the year was 100,000,000 tons, a record for the country.

East Africa's Standstill Saturday, May 14, 1948 East African Railways and Harbours

East Africa takes today one of the steps arising from the decision to establish a High Commission and a Central Legislative Assembly. The railway and port systems are to be amalgamated into a single administration. From every practical angle as well as from a political angle as well, the disappearance of British control over the railways, Harbours, Territories, and the substitution of a government ally to the present system is a step of great importance. It can raise the question of equalization. There is a possibility with which we are not acquainted in any other time of the world. League clubs 'fight for their lives' TODAY'S LEAGUE PROGRAMME

INTEREST in most of today's league football games in Britain is purely academic, with most of the various problems already solved. The handful of clubs at the bottom of the English Third Division Southern Section will, however, have to play 'for their lives' and Leyton, the only one of five concerned with a home game, should at least make a start.

The teams to meet at Aldershot, Brighton, Norwich and Bristol Rovers are the games concerned. In the Northern Section Lincoln City is the only one of five to play at home. The top five substitutes have 71 points, 10 goals and 10 assists.

- The London Division I: Arsenal, Tottenham, Charlton, Luton, Millwall, Portsmouth, Reading, Southampton, Stoke City, The London Division II: Cardiff, Brentford, Fulham, Ipswich, Leyton, Luton, Millwall, Reading, Southampton, Stoke City.

Miller scores Australians' third century

BIG STAND WITH BRADMAN

FRUSH from their innings victory at Worcester on Friday the Australians batted all day on a Leicester wicket that had been prepared by rain in the early morning and ran up 407 for eight. Heavy rain cut play on to twice and the conditions were ideal for the batsmen.

The all-professional County side did well to get their batsmen down for 407—particularly Ian Miller and Don Bradman, 300 was on the board before the third Australian wicket fell.

The first fall of 400 was made by the first Australian batsman, Ian Miller, who was out for 135. He was out for 135 in 135 minutes before Bradman took over. Bradman's innings was a masterpiece of technique and he scored 200 in 135 minutes. Bradman's innings was a masterpiece of technique and he scored 200 in 135 minutes.

Six down—he finished as new champion

ALAN HELM, the Oxford Handicap champion, defeated three opponents to win the title of champion for 1954. He was out for 135 in 135 minutes before Bradman took over. Bradman's innings was a masterpiece of technique and he scored 200 in 135 minutes.

'One shot Clarence' writes of Kenya

EAST Africa's tourist trade is a result of an article in the February issue of 'Outdoor Life'.

Africa has everything, and the 'Outdoor Life' report of the Kenya Association.

The report points out that tourists are coming in by the thousands in dollars, and that the Kenya Association is doing a good job of publicizing the province.

It is claimed that the paper has been a great success in the direction of the Kenya Association.

Massi district

The first picture of the author, known as 'One shot Clarence', was a beautiful dead one, and his big black buffalo, a heavy build.

The article concerns those who are in the Massi district, one of the most beautiful in Kenya.

Kenya has a variety of African game, and the Massi district is no exception.

The author describes the Massi district as a beautiful area, with a variety of African game.

The author also mentions the Massi district's location in Kenya, and the variety of African game.

Caledonians, Railway Caledonians, Railway start winning

THE Kenya football season opened at the weekend: both Railway and Caledonians have won their matches in the extent. Railways got through by the only goal—a long-range job.

40-YARD LOB WON POINTS

RAILWAYS' opening match on Sunday was a high job from 40 yards. The Railway side, which was in the Dobbin League with a victory over Ordinance. They should have had a bigger winning margin.

Goal football was evident in the performance of the players at the opening of the season. The Railway side played the better football but missed several scoring chances. Patterson, in goal for the Railway, played a superb game and tried several times to ground short sides of the line. He was fairly well supported by his back. Bair and Hagan, but the weakness was noticed in the Ordinance attack when the Railway side was unable to get a goal from a set piece. The goal was scored by M. J. O'Connell in the 35th minute and his football was pretty to watch.

With forward Brian (Bobby) Hagan has speed and hustle but could not control the ball too well. The Railway defence appears to be as sound as it was last season.

Arab armies move in on the frontier

Britain's mind is unchanged

REUTERS' correspondent at Arab Army headquarters in Damascus reported yesterday that Arab armies are beginning to move towards the Palestine border. A movement of Arab Brigades is expected to link-up with King Abdullah's British-trained Arab Legion in an imminent thrust across the Palestine frontier.

During a 200 mile drive from Palestine through Transjordan moving through the mountains, Major-General Sir Thomas Motcombe was expected to link-up with King Abdullah's Arab regular army within a few days, predicted Pawan (Din al Kawali), the Arab commander in Syria.

The British view of the situation is unchanged. Reports in Damascus said that Arab "Invader Day" plans for Transjordan and Damascus proved for the following deployment of Palestine, the Transjordan Arab Legion and troops to the centre of the Holy Land, some 10,000 Egyptian troops to strike in the south.

Throughout Transjordan war preparations are being completed. The Arab Legion is being mobilized in the training of thousands of new recruits.

King Abdullah of Transjordan is expected to be Supreme Commander of the Arab Legion.

The Saudi of Saudi Arabia is co-operating fully with member states of the Arab League and is expected to establish an independent Arab state there, the Saudi Arabian League in Baghdad stated officially yesterday.

Tigoni decision 'a shock'

Kenya's Government's acceptance of a tender submitted by Karen Estates Ltd. for the development of the Tigoni area has come as a shock to Nairobi District Council.

It is a member of Council who said that the tender was submitted to the Council by Karen Estates Ltd. for the development of the Tigoni area. The Council decided to accept the tender and to award the contract to Karen Estates Ltd. for the development of the Tigoni area.

G.I.s speed to Alaska for Arctic training

MIGHTY AIR FORCE PLANNED

UNITED STATES troops and supplies are on the move north at a speed which has not been equaled since the end of the Berlin Straif from Siberia—where big training manoeuvres have been planned.

Troops are mainly being transported by air, while the supplies are railed to Dawson Creek, in British Columbia, and thence by road to Fairbanks, Alaska. Highway through Fairbanks and Udon to Fairbanks, Alaska.

Kept in barracks

'SLAVE DAYS' CASES WHICH WOULD attract indignation in any decent country

UNITED STATES Army establishments in Alaska—where the "slave days" cases were cited by the Commission on Inquiry into the Gold Coast—have been kept in barracks.

On their way from the barracks to the front, the men were confined to barracks and very few are seen in public places. The men are sent to barracks for 10 days a week.

The bill approving the plan to finance the first contingent of the United States Air Force with 100,000 men to go to Alaska, 50,000 men to go to the Philippines, and 50,000 men to go to the Pacific Islands, was passed by the House of Representatives on February 10.

304 WILL FIGHT FOR 150 SEATS

Major favour return of General Smuts

FOR THE first time since the South African General Election on 10th March has a man been elected to the House of Assembly of the Union of South Africa. The 304 candidates who stood for election to fill the 150 seats in the House of Assembly of the Union of South Africa—Government—candidates were returned to office.

He wants East Africa as a labour pool

ONE candidate who maintained that he would like to see the Government of South Africa represented in the House of Assembly of the Union of South Africa is the late General Jan Smuts. He is the only candidate who has been elected to the House of Assembly of the Union of South Africa.

Immigration

THE Nationalist Party is playing the card of immigration with a view to winning the support of the largest section of the white population of the Union of South Africa.

AN UNDER-APPRECIATED

THE Editor of "The Standard" writes in a letter to the Editor of "The Standard" that he is a little disappointed that the Editor of "The Standard" has not mentioned the name of the late General Jan Smuts in his article on the late General Jan Smuts.

Rain holds up the tourists

REIN delayed the start of the Australia yesterday. The cricket was abandoned and the play was possible until after lunch.

The County had finished up the night before in a hopeless position, trying to avoid an innings defeat with only five wickets standing.

They were dismissed for 130 at the end of the day. Only Wash and Arthurton, in. A bats' knock which lasted 45 minutes. He had 100 for 100.

CHAMPIONS AFTER 45 YEARS

The Scottish League football season ended on a surprise note on Monday evening with the defeat of Rangers on their home ground.

It had been expected that the title would fall to Celtic, but they were unable to score a goal in their match against the champions.

The other clubs in the league stand at the end of the season as follows: Celtic 111, Rangers 100, Aberdeen 80, Dundee 70, Hearts 60, Motherwell 50, St. Mirren 40, Hibernian 30, Dundee United 20, Inverness 10.

NO TAKERS AT DERBY CALL-OVER

NONE of the 14 horses were backed at the offered prices when the Derby card was called out at the Victoria Club, London, on Monday.

My Babu, the Godolphin winner, was quoted at 100-1, but had no takers. The other horses were also unpopular.

THE NEW MILLS IS CONFIDENT

I DON'T know which I admired most at the recent Harringway boxing tournament (writes a correspondent). Eric Brown's tremendous pluck or the work-mane in which the new Freddie Mills disposed of the Scottish heavy-weight champion Ken Shaw.

Soon to be was greater to defeat than ever he was in victory. He was so confident that he made a sensational—calculated—corner a fight in a very short time. The fighting lasted even after the normal time had expired.

Bradman's team impresses

ONE HERO'S play was enough for the Australians to dispose of the remaining five Leicestershire wickets on Friday day and they ran great winners by an innings and 11 runs.

The batting, which was of course, after the bowling over and eight wickets fell for an innings of 46.

Australian-born Jackson batted for 21 but had no success although Perry cleared 13 of 14 for the last wicket.

Jackson took two more wickets from giving him a record for the innings of seven for 42.

The Australians having won their two first matches in a new cricketing manner, they neither yesterday nor today, neither today nor tomorrow, are among the strongest contenders in the match for the County Championship.

The English county programme begins this weekend, and the first of the series will be between Walsley and Newhampton, who will be looking to regain Glouce.

Second innings:
 G. G. Berry 5 (not out) 40
 G. Lester and R. H. Johnson 38
 M. Jackson 32
 M. Tucker 26
 S. Johnston 16
 G. Johnson 10
 J. Johnson 9
 J. Johnson 7

THE BATTLE OF SPORTS Sports of all sorts

'Home course' player left out

THE OPENING of the British representative golf season began with the selection of Britain's women's golf team to meet America for the Curtis Cup at Brinkdale, Southampton, on May 21.

A big surprise (writes a Correspondent) is the omission of Miss Frances Shepley, whose home course it is. In fact she has not played well in the trials, but her good knowledge will have been invaluable.

Mackinnon Rd. hold Mombasa to a draw

(FRASER CORRESPONDENT) In the second and last match of the season, Mackinnon Road Army drew 1-1 with Mombasa. The game was a close affair, with Mackinnon leading for most of the match, but Mombasa held a lead at the interval.

Small but good

Miss Gervase at 18 is the baby of the side and very distinctive, but she has great power, and in the trials won the British County title in 14—only one other girl has ever done this.

CELTIC reached the final of the Glasgow Football League, defeating Third Lanark to meet only goal of the game, but in the Rangers-Rangers, the first of the final.

He was the only one to score in a goal, but he was not the only one to be in the goal. He was the only one to be in the goal, but he was not the only one to be in the goal.

Police are to learn ju-jitsu

RECENT appointment of a former world champion as instructor in unarmed combat to the Nairobi Police training depot, has led to a line with the "get tough" policy which Kenya's Minister of Police, Mr. Charles H. Mwangi, is adopting in the battle against crime.

Police recruits—about 2000 in all—will be trained in the use of the martial art of ju-jitsu. The police recruits—about 2000 in all—will be trained in the use of the martial art of ju-jitsu. The police recruits—about 2000 in all—will be trained in the use of the martial art of ju-jitsu.

Battle goes on

With a view to the more effective control of crime in the surrounding districts, including the Nairobi area, Mr. Mwangi has drawn up an operational plan for the police to be put into operation.

Closer liaison

The control of crime in the Nairobi area is dependent on the closer liaison between the Nairobi area and the Greater Nairobi area.

Impudent thief asks for fine

A "nerveless" impudent thief was a Nairobi magistrate's court yesterday, when he pleaded guilty to the theft of a motor car.

Under THE Standard Clock

Mr. Philip Mitchell, Governor of Kenya, is to visit Nairobi on Saturday, May 9, to inspect the Standard Clock.

ANIMAL PROBLEMS IN EAST AFRICA

The Society for the Prevention of Cruelty to Animals proposes to form an East African Animal Protection Committee, which will deal with the problems outside the powers of the local committees. The Committee, which will continue to function as at present, will have the necessary meeting of the proposed committee on May 22, and will be attended by delegates from the East African Protectorates.

The inaugural meeting of the proposed committee will be held on May 22, and will be attended by delegates from the East African Protectorates. The meeting will be held at the premises of the Society for the Prevention of Cruelty to Animals, which are common to all the Territories.

Handicapped Work

In spite of the excellent work they perform, the local committees are handicapped at times by circumstances, over which they have little control, and the society for the prevention of cruelty to animals, the time has come to devise the various East African problems on a wide scale.

Anyone interested in the welfare of animals, both wild and domestic, in various parts of the East African Protectorates, will find the new "FARRAR-MATIC" Plans embody the latest improvements in design, improvements which, in many cases have already revolutionised the process of fish meal manufacture.

The marriage of Miss Françoise Elizabeth Mauchaufee—daughter of Captain and Mrs. R. Mauchaufee of Nairobi to Captain Brian Holdsworth—Duke of Cornwallis Light Infantry, O.C. to General Directorate, O.C. East Africa, took place on Saturday April 17 at St. Xavier Church, Parisiennes.

Chamberlain-Byers

The wedding of the only son of the late Mrs. J. Chamberlain and Mrs. Chamberlain of Eastbourne, Sussex.

On April 12 Miss Françoise Mauchaufee, daughter of Captain and Mrs. R. Mauchaufee of Nairobi to Captain Brian Holdsworth—Duke of Cornwallis Light Infantry, O.C. to General Directorate, O.C. East Africa, took place on Saturday April 17 at St. Xavier Church, Parisiennes.

The bride wore a white gown with matching hat of pink feathers and tulle. The bridesmaids, Mrs. Gwendoline Eastbrook and Mrs. Mariel Bonpas, are both of Nairobi. Colonel R. H. Eastbrook was the bestman and Mr. J. G. Bonpas gave the bride away.

The bride's travelling costume was a white linen suit with handkerchiefs to match and a blue flowered hat.

Book Society chooses novel by Elspeth Huxley

The contemporary scene in politics, thrillers and war dogs

BEFORE the late war it is probable that some fifteen to twenty thousand books were published annually in Great Britain. Post war production is rapidly approaching the figure—within the very decided difference, that the number of copies available to each individual book is far smaller than it was before the war.

For the modern reader used to a few thousand copies and not represented by such little difference but there is a very definite story to be told with regard to the popular books of the moment.

The book, therefore, to command and to be read is a particular one. It is a book which makes a difference to the reader who reads it at any one time. The famous "The Old Man and the Sea" is a fairly new but has already made a difference to the popular mind.

Without raising the vexed question of the merits of criticism, the book "The Old Man and the Sea" by Ernest Hemingway will be a certain field in the fact that the author, Elspeth Huxley's new novel "The Way Back" is a very different story from the general background.

As we have heard, the author is a woman, the son of an earl, and a member of the House of Commons. Her work is a picture of the British and the world, through the war, and the author is a woman, the son of an earl, and a member of the House of Commons.

PEOPLE YOU MAY KNOW IN KENYA

ON THIS operating-table for an emergency appendectomy, earlier this month, a few days' convalescence and back at work within the week—this episode is rather typical of the attitude to life of Mr. A. E. Talbot, Principal of the Bockersley Training School (Centre B) at Nairobi.

Mr. Talbot, who is on the permanent staff of the London County Council and was Young Officer of the War Office during the war, is responsible for a number of the staff of the school who are training in various trades.

While they learn, these men are building their character and spirit. They are working hard and are taking their share of the work. The latest construction job for the school is undertaken in the African quarters of the new Kenya City High School.

A. G. MORGAN of the E.A.W.I. (East African Workers' Institute), Nairobi, M.P.A. has been working hard from a day to a day working hours from 8 a.m. to 6 p.m. in a proving. Now throughout the year he is working hard in the office. Mrs. Morgan receives a number of letters from her friends and she is always willing to supply the goods.

Mr. Talbot is by no means new to the school. He has been working for Mrs. Talbot, from the time she was a young girl, and she is always willing to supply the goods. Mrs. Talbot is by no means new to the school. She has been working for Mr. Talbot, from the time he was a young boy, and he is always willing to supply the goods.

REVISITING Kenya after an absence of seventeen years, Mrs. Charles Higgins, wife of Air-Commodore Higgins, is much struck by the tremendous increase in the European population since she and her husband were here in the early days. Mrs. Higgins is a member of the Kenya Club and she is always willing to supply the goods.

MEMORABLE Secretary of the newly-formed British Legion Branch in the Legation House in Miss Legation House, who is always willing to supply the goods. She is a member of the A.T.S. and she is always willing to supply the goods.

There was no mention of the girl who had tipped the most tickets, or who had shared away from the most tickets to strangers. But we had heard there aren't any more for that kind of thing.

Richard Denman finds snags in new Bill Knotty problems face British Commission 'to chase monopoly'

PEOPLE of the same trade seldom meet together, even for a moment, without conspiring to fix the price against the public." So wrote Adam Smith in the eighteenth century. Without using quite so complicated theory, what businessmen's merrymaking leads to, Parliament has debated a Bill to introduce means of ensuring that the provision of a permanent Commission 'to chase monopoly'.

Test queries This Commission will look only where it is allowed to look. It will not look into the private life of a person. It will not look into the private life of a person. It will not look into the private life of a person.

Change of heart Another snag is the suggestion of another Commission to be set up to investigate the activities of the Government. It is a Commission to be set up to investigate the activities of the Government.

Richards The Bill does not attempt to restrict the activities of trade unions. It does not attempt to restrict the activities of trade unions. It does not attempt to restrict the activities of trade unions.

Farmers' Parliament gets down to some of the big problems

HOW TO CONTROL INFERTILITY

THE need for farmers to do everything they can to prevent infertility diseases from creeping into their herds was impressed on the conference by Dr J Anderson, Veterinary Research Officer at the Mainland Experimental Station.

Considerable losses

Over the 1954-1964 period, an 47 percent (45 of a total of 103) (28 per cent) were completed, were not treated. From 1962 to date of the conference, the disease has been found in 18 herds. The disease caused a very considerable loss of stock for apart from the actual value of replaced stock, there was a loss of income from poor milk-revenue fall in milk and fertility.

Union expert suggests a sound basis for livestock industry DISEASE CONTROL IS ESSENTIAL

A TALK on stock improvement by Mr. D. E. Faulkner, Deputy Director of Veterinary Services which embodied many of the views of Professor Macpherson of the South African Veterinary Research Institute at Onderstepoort, was of great interest to farmers at the annual production conference.

Professor Macpherson recently made a six weeks' tour of the country to study conditions in the Cullery. It is strongly recommended that the stock breeder should be able to inspect every European farm and trading in the country.

Good climate

The African Environment was invited to Kenya to advise Government on the best ways to improve the climate in the Cullery. It is strongly recommended that the stock breeder should be able to inspect every European farm and trading in the country.

The standard

Because of those two favourable factors, climate and nutrition, Prof Macpherson considered this country to be an excellent stock raising country with areas suitable for all kinds of livestock.

Checks

Experiments with gammagene for protecting goats in Malawi and East Africa, and the Foot Disease was mentioned by Colonel R. C. Anderson, Chief of the PWD.

Breeding

"There are some who think that it is only necessary to stir up the genes of the breeders to achieve the improved European breeds to achieve a standard of value."

Palliative

Although artificial insemination has proved of considerable assistance in controlling epidemics, it is, after all, only a palliative measure and the effects of feed and mouth disease are often disastrous.

Machinery Pool critics withdraw

A RESOLUTION by the Maseke members withdrawing the Agricultural Extension Society from the Agricultural Machinery Pool has been approved.

Three reasons The reason for this are: "The reason for this are: 1. The machinery pool is unprofitable... 2. The machinery pool is not a true machinery pool... 3. The machinery pool is not a true machinery pool."

Not economical

"There is of course no future in the smallholder scheme and that I believe, has been advocated for some time past by the British Government and the results of cross-breeding between a British bred cow and a European bred cow are not what we expected.

DASH, ORIGINALITY AND DARING IN A TOURNAMENT OF YOUTH

By B. BARNES-CRETT

The first game played in the World Championship Tournament has arrived and they are in every respect worthy of the occasion. It has been a long time since the world has seen such a match and it is a pity that the world has not seen more of them. The first game was played on Monday at 8.15 and it was a very interesting one. The players were White and Black and the result was a draw.

Contract Bridge One way to disrupt partnership

By JOSEPHINE GILBERTSON

Nothing is more disruptive to a partnership than when one member becomes the bidding free by bid strongly, and later fails to take any action when the partner makes the bid. This is a very serious fault and one which should be avoided.
