THE WORLD OF SPORT

AUSTRALIA TROUNCES M.C.C. IN TEST REHEARSAL

As suggested, the match between Australia and the M.C.C. at London, can be regarded as a "test rehearsal" England's only hope of "Ashes" appears to lie in making an impressive comeback in the second test. The things the tourists did to the M.C.C. must have rocked the Australian defensive line.

Not content with knocking on the M.C.C. out for the first time in 100 years, the Australians did it in 100 minutes. The M.C.C. bowlers were not in the best of form, and the Australian batsmen were in the best of form. The M.C.C. bowlers were not in the best of form, and the Australian batsmen were in the best of form.

THE SCOREBOARD

Test match between Australia and M.C.C. at London, May 17-19, 1964.

Day	Team	Score
1st Day	Australia	100
1st Day	M.C.C.	100
2nd Day	Australia	100
2nd Day	M.C.C.	100

BRIEFS

Seychelles think new tax law amendments hinder production

SEYCHELLES taxpayers are not satisfied with the long-awaited amendments to the wartime income tax law, which were introduced in October 1954. It is estimated that 40 per cent on incomes in excess of £1,250 a year, has remained unchanged for incomes below this figure, and is thought to give little or no incentive to promoters of new industries or to those already engaged in business, to improve or extend their activities.

In fact, certain of the larger planters are actually curtailing present production, since they contend they are merely adding to the tax burden of their income. As has been mentioned before, the Council will be asked to consider the amendments to the existing tax law, which have been applied to the Seychelles.

The Bill providing for the amendments to the Income Tax Act was introduced on April 19, 1955, which was passed by the Council. It was amended by the Council on May 10, 1955, and the amendments were passed on May 11, 1955. The amendments were passed on May 11, 1955, and the amendments were passed on May 11, 1955.

Legal advice

The Taxpayers and Landowners Association, on behalf of its members, has obtained the services of a prominent Mauritian lawyer, Mr. G. H. de la Roche, to advise on the amendments to the Income Tax Act. Mr. de la Roche has advised that the amendments are not satisfactory and that the Council should consider the amendments to the existing tax law, which have been applied to the Seychelles.

Wedding bells

In the social sphere, Mr. Phillippe Georges was married to Miss Ann Marie at the Palm's Restaurant, on May 11, 1955. The bride was accompanied by her bridesmaids, Misses Marie Charles and Marie de la Roche. The groom was accompanied by his best man, Mr. Alfred Georges, who is in the local civil service. The ceremony was officiated by Rev. Fr. de la Roche.

Main bottleneck is engines, wagons

MINISTERS OF TRANSPORT in order to relieve the position at the deep water wharves at Mombasa, have decided to purchase additional deep-water vessels. It is estimated that the cost of the vessels would be about £100,000. The vessels are expected to be delivered by the end of the year.

Worse confusion

"And any attempt at major alterations would make confusion worse than it is at present," said a senior official of the Ministry of Transport. The official stated that the current situation is very confusing and that any major alterations would make it even more so.

Brush your teeth with Wisdom

Mr. Mombasa, consideration is being given to providing an additional store on the main railway line at Mombasa. It is estimated that the cost of the store would be about £50,000. The store is expected to be completed by the end of the year.

Expert agrees

"It is a long-term plan," said a senior official of the Ministry of Transport. The official stated that the current situation is very confusing and that any major alterations would make it even more so.

Long-term plans

Long-term plans are being considered for the improvement of the railway system. It is estimated that the cost of the plans would be about £1,000,000. The plans are expected to be completed by the end of the year.

His colleagues marked him 'sub-normal'

A PRESBYTERIAN, who was marked by his colleagues as 'sub-normal', was the subject of a report in the local press. The report stated that the man was of a very low intelligence and that he was unable to perform his duties as a minister.

KERICHO TO GET NEW SCHOOL

MEETING for the first time in the new office at KERICHO, the Nyandarua District Council was informed that the Government was preparing to build a new school in KERICHO. The school is expected to be completed by the end of the year.

Roads decisions

Several decisions were made by the Council regarding the construction of roads. It was decided that a new road should be built from Mombasa to Malindi. The cost of the road is estimated to be about £1,000,000.

The weekend road report

The Royal East African Automobile Association has issued a report on the state of the roads in the region. The report stated that the roads are in a poor state of repair and that the Government should take steps to improve them.

Elections

Annual elections were held for the Nyandarua District Council. The results of the elections are as follows: Mr. J. H. HILTON was elected as the member for KERICHO. The election was held on May 15, 1955.

Union land values not yet at their highest

STILL steadily rising, land values have yet to reach their peak in South Africa and in Durban...

With a limited amount of land available, waiting lists in Durban estate offices are getting longer and longer.

Some remarkable increases in value have been quoted. At Jacobs industrial area, it was sold before the war for 100,000 rands...

Although land prices on the Witwatersrand and in Durban have been steadily increasing for the past 10 years the upward trend has been steeper since the war than at any other time.

S.O.S.B.W. selects U.K. nurses for Hospital Authority

SUCCESS CROWNS YEAR'S WORK

HEADQUARTERS in London of the Society for Overseas Nurses of British Women was asked, in August 1947, by the Chairman of the Kenya Hospital Authority...

The European hospitals at Nairobi, Kisumu, Eldoret, Kitale and Meru, and the Children's Hospital in Nairobi are under the management of the European Hospital Authority.

The hospital authorities were not clear regarding the exact number of nurses required for the hospitals in Kenya...

The London headquarters then agreed to select nurses for the hospitals in Kenya...

An old record The President alluded to the fact that the first nurse to be selected for the hospitals in Kenya...

Office bearers Lady Gifford stated that it would be a pleasure to have the emergency accommodation at the Hotel...

There was an old letter book which had been used by the Society for Overseas Nurses of British Women...

The old letter book showed the names of the nurses who had been selected for the hospitals in Kenya...

The reports that had come in from the hospitals were very gratifying and showed that the work was being done very well...

The initial work of the S.O.S.B.W. this year could be divided into three parts: the selection and dispatch of nurses to Kenya...

A stalk binds

A tall grass head binds a little, and you can see it in the field...

Footpaths

The footpaths in the Park are very good, and you can see them in the field...

BOOKS: Birds come an easy first, but bees & fishes are not far behind

An excursion into a naturalist's absorbing realm

ONE very striking feature of the post-war publishing world has been the marked increase in popular books dealing with all branches of natural history. A ramble through a woodland, a trek over the moorland fells or an exploration of the beauty of the English country lanes cannot fail to bring to the notice of even the most casual observer a vast number of objects which excite both wonder and admiration.

It may be the simple beauty of the first flowers of spring, the notes of some feathered songster or the flitting glimpse of some delicately coloured darter of the brook water, the impression registers. Observation, as it increased and widened a year or two ago, became a major attraction for all subsequent outings.

The work a public there must be a literature not the formalist and book and museum, but intelligent and unpretentious. In the year 1951 one of the best of the year 1951 was a book on the East and West of a song thrush. In that work it was not to some popular magazine and the editor was so impressed that he proposed to reprint it with photographs of nests and eggs taken in their natural surroundings.

Today the camera is fast replacing the eye and the cabinet and the first step is to take the photographs of the world—the naturalist has replaced the collector.

To encourage even a selection of the best and most popular books on the natural history of the world in the past few years would be the present book. It is a book which is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The first is entitled "A Guide to Bird Watching" and is written by Joseph A. Hickey. The book deals with the methods and importance of universal. It is written in a simple and clear style and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The second book is "The Marshes of the World" by John A. Hickey. The book deals with the marshes of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The third book is "The Birds of the World" by John A. Hickey. The book deals with the birds of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The fourth book is "The Fishes of the World" by John A. Hickey. The book deals with the fishes of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The fifth book is "The Bees of the World" by John A. Hickey. The book deals with the bees of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The sixth book is "The Butterflies of the World" by John A. Hickey. The book deals with the butterflies of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The seventh book is "The Insects of the World" by John A. Hickey. The book deals with the insects of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The eighth book is "The Mammals of the World" by John A. Hickey. The book deals with the mammals of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

The ninth book is "The Reptiles and Amphibians of the World" by John A. Hickey. The book deals with the reptiles and amphibians of the world and is recommended with confidence to all those who are interested in the study of bird life which has come to the fore of recent years.

ENCHANTING SMILES WRITER TEETH!

You can see the same Papodent!

You may think your teeth are white—but Papodent makes them whiter still! There is fruit in Papodent, the most effective cleanser for teeth ever discovered. It makes tooth white because it removes all tartar and stains. And—Papodent is the only dentifrice containing Iodin.

Papodent THE TOOTHPASTE WITH IRON

1954-1955

You may not have any pain if you're NERVOUS, WORN-OUT, RUN-DOWN, LOSING WEIGHT—but it may mean worse to come!

Start building up your Health and Body at once—without the use of drugs.

Help yourself by simply taking VIKELP, which contains 12 of the 12 minerals required by the human system, such as Calcium, Phosphorus, Sodium, Iron, Magnesium and Potassium Iodine.

VIKELP is a simple formula which is made mainly from a natural source in the richest source of all these minerals. Only Vanadium, Bi, and D, and some other, are additional drugs wherever they are found.

TRY VIKELP 1954-55. See how much better you feel and work—stronger and braver, healthier appetite—and how much happier you become.

Only 10¢ per bottle. Write for Free Trial. Africa, The Middle East, India, Pakistan, Ceylon, Burma, Malaya, Singapore, Hong Kong, New Zealand, Australia, New Guinea, Fiji, Samoa, Tonga, and other islands.

WOMAN
GROSS
INCORPORATING THE LEADER

Defeated, his party swept out, Smuts will retire

SMUTS PARTY 'LOST ON ITS NATIVE POLICY'

DETERMINATION that the leadership in South Africa will be in the hands of the policy of Dr. D. F. Malan's Nationalist Party, and to leave the majority of the Smuts Government, that the party's policy was better at the time. This is the only conclusion to which the objective and unprejudiced observer can arrive.

'THESE THINGS HAPPEN. WHAT IS TO BE WILL BE,' HE SAYS, AND TURNS TO FARMING

Defeated in his own constituency and with his Smuts party swept out of office by Dr. Daniel Malan's Nationalist, the Prime Minister of South Africa, Dr. D. F. Malan, yesterday handed in his resignation to the Governor General, Mr. Gordon Brand, and to retire to his farm just outside Pretoria.

When asked to comment yesterday on his defeat, the General shrugged his shoulders and remarked: "These things happen. What is to be will be." Dr. Malan, who was summoned to Pretoria, will form the United new government.

THIS MAN BECAME NEWS

YESTERDAY Dr. Daniel Malan, the Prime Minister of South Africa, was the man who became the news of the day. He was the man who was defeated in his own constituency and with his party swept out of office by Dr. Daniel Malan's Nationalist, the Prime Minister of South Africa, Dr. D. F. Malan, yesterday handed in his resignation to the Governor General, Mr. Gordon Brand, and to retire to his farm just outside Pretoria.

Indian planes drop bombs

TRAINING operations of the Indian Air Force in the vicinity of the air base at Kaniyamkulam, Madras, were interrupted yesterday by a series of explosions which were caused by the dropping of bombs from a biplane.

THE WORLD OF SPORT SIMPSON AND HARDSTAFF SAVE A DEBACLE

DEBATE through rain, only an hour's play was lost in the first innings. Australia's match at Trent Bridge showed history by R. T. Simpson and Hardstaff who put on 88 for the first wicket—more than any pair in the world—122 out of a total of 178. Mr. Edgley, 27, was next and Woodhead, 10, not out, was the only other double-figure scorer. An average of 100 for the "Crickets" had been set.

Rain had been forecast and heavy rain covered the Nottingham area. The first rain fell at 10.15. The rain was not heavy but it was steady and lasted for an hour and a half. The rain was not heavy but it was steady and lasted for an hour and a half.

Nottingham were first on a good wicket in which Woodhead, after scoring a century, was dismissed. After scoring a century, Woodhead was dismissed. After scoring a century, Woodhead was dismissed.

OTHER SPORT ON PAGE THREE.

Wentworth's 119 (B. T. Simpson, 74; Hardstaff, 68; Woodhead, 10, not out) was the first century in the match.

RAIN AGAIN PLAYS HAVOC IN SOUTH

POINTLY correct, what last Wednesday's rain did for the cricket was to make rain get into the batsmen and the bowlers. The rain was not heavy but it was steady and lasted for an hour and a half.

Nottingham were first on a good wicket in which Woodhead, after scoring a century, was dismissed. After scoring a century, Woodhead was dismissed.

Duff goes into witness-box after hearing his Counsel attack Crown case

'HE HAS ALWAYS TOLD THE TRUTH'

THE OBJECTIVE of the defence is to ensure an acquittal... Both charged (murder or manslaughter) from the very beginning...

'Very unusual'

When Mr. Henson interrupted to ask the Crown to produce the evidence...

'Not improper'

"I say that before a jury is the duty of the Crown to prove the guilt of the accused...

Moire

"You will be addressed by Mr. Henson... He will be asking you to consider the evidence...

Time factor

There were nine main points which he asked to be read... The first was that the Crown had failed to prove...

Duff in box: questioned by the Crown

DUFF was perfectly composed when he went into the witness-box... He was questioned by the Crown...

No serious rows

DUFF, while stating that Mr. Pittal had not been a witness... He was questioned by the Crown...

Under The Standard Clock

Mr. Slade then produced a letter written to Duff on January 3... He was questioned by the Crown...

£196 ALREADY

Kenya gives the Children's Fund a flying start

Kenya's magnificent response to the United Nations appeal for children in distress has been a surprise. An amount of £196 has been received to date. The latest total up to £200.

Miss Downing, General Secretary of the Children's Fund, said: "We are delighted to receive this generous contribution. It shows that the children of Kenya are not only well cared for but also that they are generous and helpful. We shall be glad to see the total amount of £200 reached as soon as possible."

Many African countries have responded to the appeal. The total amount received to date is £1,000. The United Nations Children's Fund is a voluntary organization which aims to help the children of the world. It was set up in 1946 and has since then received contributions from over 100 countries.

Zanzibar aims at being Africa's Miami

Zanzibar has been aiming at becoming the Miami of Africa. The island has a population of about 1.5 million and is one of the most beautiful in the world. It has a long coastline and a warm climate. The island has a rich history and a unique culture. It is a popular tourist destination and is known for its beautiful beaches and coral reefs.

The Zanzibar Government is planning to develop the island further. It is investing in infrastructure and tourism. The government is also promoting the island as a hub for trade and commerce. It is hoping to attract more foreign investment and to create more jobs for its people.

 From Hong Kong: 10.30 a.m. (Daily)

COST OF LIVING IN ROUGHING

To the Editor, "E. A. Standard,"

The cost of living in roughing is a very important matter. It affects the lives of many people. The cost of living has increased significantly in recent years. This is due to a number of factors, including inflation and rising prices for raw materials.

The government should take steps to control the cost of living. It should regulate prices for essential goods and services. It should also provide subsidies for low-income households. These measures would help to reduce the burden of the cost of living on the people.

MEMBERSHIP OF THE GOVERNMENT

The membership of the Government is a subject of great importance. It affects the stability and effectiveness of the government. The membership should be broad and representative. It should include people from all walks of life and from all regions of the country.

The government should take steps to recruit new members. It should hold public hearings and consult with the people. It should also provide opportunities for people to run for office. These measures would help to ensure that the government is representative and accountable to the people.

CORRESPONDENCE

Editor, "E. A. Standard,"

I am writing to you regarding the recent election in Kenya. I am disappointed with the results. I believe that the government should have been more representative. I am writing to you to express my concerns and to suggest ways to improve the government.

"SOUTH AFRICAN ELECTIONS"

To the Editor, "E. A. Standard,"

The South African elections were held recently. The results were surprising. The National Party won a majority in the National Assembly. This is a significant victory for the National Party. It shows that the people of South Africa are tired of the current government and want change.

The National Party has a record of promoting apartheid. It has been responsible for many human rights abuses. The people of South Africa should be aware of the National Party's policies and should vote accordingly.

MEMBERSHIP OF THE GOVERNMENT

The membership of the Government is a subject of great importance. It affects the stability and effectiveness of the government. The membership should be broad and representative. It should include people from all walks of life and from all regions of the country.

The government should take steps to recruit new members. It should hold public hearings and consult with the people. It should also provide opportunities for people to run for office. These measures would help to ensure that the government is representative and accountable to the people.

THE WORLD OF SPORT - SIMPSON SHOWS TOURISTS CAN YIELD RUNS

WITH the aid of two sterling knockers by J. T. Simpson, the Kenya team were in better case at luncheon yesterday than most who had been...

When Australia resumed after lunch on Monday, they were behind the Kenyan team by 100 runs... Simpson followed his first innings score of 74 with a second knock of 70...

Forcing tactics - McCool, probably the best batsman, attempted to force the pace but with little success...

The Aussie methods of the Australians were shown in the course of the first two days... The Kenyan batsmen had to be very careful in making good use of the wicket...

LEN HUTTON RETAINS HIS GOOD FORM

AFTER rain had prevented a ball being bowled at Lerici, Willie Hutton, who was out of the team on Saturday, ran again in perfect form...

It was thought that if it could be done, the Kenyan batsmen would be able to get under the rain... Hutton's innings lasted 48 hours in all...

The scoreboard

Score at the luncheon interval yesterday was: Kenya 127, Australia 100... Kenya 127, Australia 100...

Public Transport
Kenya is seriously short of public transport. That is why you can see the motor car has become a guarded almost a necessity in Nairobi where the motor who have to travel from early hours in the morning in consequence, transportation cost is high among the Nairobi public. The Nairobi public who have to travel from early hours in the morning in consequence, transportation cost is high among the Nairobi public.

WITNESS TELLS OF VILLAGE FIGHT
KILL THEM, they said, their weapons are nothing more than sticks. With this cry, Robert Kaino (the Kikuyu) was alleged by a witness to have urged the followers to take action during the fight in Ngugi on December 20 which resulted in the killing of two Africans.

Friend says the Duff house had 'very happy atmosphere'

Plans for the opening

Yesterday the sixteenth day of the Defence Trust, medical evidence of witnesses called by the Duff member—Dr. W. G. S. Hopkins, a radiologist, who was called to give evidence until this morning.

The first witness yesterday was Dr. David Ricketts, who said he had been present at the house on the afternoon of December 20 when the house had had visited frequently.

He said he saw a very good of each other and that they were very "happy" and "friendly" and that he was always very near.

THE MAJOR, HOUSEBOY AND THE RED BOOK

I WENT to the Labour Office to get a letter that I actually got was a demand that I should get out of the house. I did not want to go to the Labour Office, I wanted to go to the Duff house.

My friend, Major Duff, was very angry with me. He said that I was a traitor and that I was a traitor to the Duff house.

He said that I was a traitor to the Duff house and that I was a traitor to the Duff house.

Pope calls it 'dawn of peace' but Palestine fighting goes on

(CONTINUED FROM PAGE ONE)

"The other side ask for men they will not take them, they will not take them, they will not take them."

He declared that it was not possible to have a peace in Palestine until the British Government had taken the initiative in releasing the part of Palestine which had been occupied by the Jewish Agency.

"We do not need this facility," he said, "because the Jewish Agency has the right to take possession of the whole of Palestine."

Mr. Latham said that he was very surprised to hear that the British Government was taking the initiative in releasing the part of Palestine which had been occupied by the Jewish Agency.

Unconscious

After that the gang remained in the hospital for some time, but they were unconscious. They were unconscious for some time, but they were unconscious.

They were unconscious for some time, but they were unconscious. They were unconscious for some time, but they were unconscious.

They were unconscious for some time, but they were unconscious. They were unconscious for some time, but they were unconscious.

Essays about the Empire

The Royal Empire Society announced details of the 1948 year book. It is the first year book since 1946.

The year book will be published in two parts. The first part will be published in the month of June and the second part in the month of October.

The year book will be published in two parts. The first part will be published in the month of June and the second part in the month of October.

Musical interest

Replying to the Duff-Guest, Mr. Duff said she had never lived in the Duff house. She said she had never lived in the Duff house.

She said she had never lived in the Duff house. She said she had never lived in the Duff house.

She said she had never lived in the Duff house. She said she had never lived in the Duff house.

'Not worthy'

Witness said he had been an admirer of the Duff house. He said he had been an admirer of the Duff house.

He said he had been an admirer of the Duff house. He said he had been an admirer of the Duff house.

He said he had been an admirer of the Duff house. He said he had been an admirer of the Duff house.

THE WORLD OF SPORT

HARDSTAFF HITS CENTURY AGAINST TOURISTS

THE Australians drew the tenth match of their tour—the second day in succession—against Nottinghamshire at Trent Bridge on Thursday, having won their first eight matches, seven of them by an innings margin.

Hardstaff, with his first century so far recorded against the tourists, and J. S. Simpson, the County's amateur Test trial batsman (who hit 74 and 70) were the heroes of the match and at times made the Australian bowling look ordinary. Hardstaff was unable to resume his innings until 11.30, but he was back before the start of the first day of the match and he was back before the start of the first day of the match and he was back before the start of the first day of the match.

Middlesex drop points again

Rain again took a hand in the first day of the match between Middlesex and Derbyshire on Wednesday, as a result of which Middlesex were unable to score more than 200 runs in their first innings. Middlesex were unable to score more than 200 runs in their first innings. Middlesex were unable to score more than 200 runs in their first innings.

HAT-TRICK GIVES THE RAILWAY FULL POINTS

DOUGIE CUP

DOUGIE CUP senior league was held at Nelson on Tuesday evening and finished there by railway to record in the table, scored on points for the first time in the history of the cup.
