# TOWEEL IS NEW WORLD CHAMPION

## South African outpoints Orta decisively

**VIC TOWEEL**, the 23-year-old former woodcarver from the annual mining town of Benoni, is the new world bantamweight boxing champion, the first South African to hold a world title.

Orta, an expatriated Mangeli Orta, holder of 15 rounds in Johannesburg on Wednesday night.

Toweel won the title on June 2, 1956, by a unanimous decision over Orta in the 15th round. Toweel, who was the title on June 2, 1956, by a unanimous decision over Orta in the 15th round.

Fuel consumption

A high Compression Engine gives more work from a gallon of Petrol than from other Tractor Fuels.

The Higher Compression Ratio of the Petrol Engine gives higher thermal efficiency and therefore greater Drawbar Pull per Unit of Fuel. This results in the Fuel Consumption per Hour of a Petrol Engine being considerably less than that of other Fuels. 90% of the latest Tractors built in U.S.A. have been designed for running on Petrol.

### PAVILION PROFILES

Illustrated by R. S. B. C.

They call him 'Cock'—but they are wrong. In any case, his look-alike's name is only a faint shadow of Walter Ricketts, the dominating enthusiast who, in coming back this year, has again Middlesex.

### 'Winnie the Wedge' in action

Bill Cole of practice with the wedge. Left, the main points of contact; right, the wedge being used to lift the ball. Right, showing point of impact; hands leading and ball falling back, lower slightly from directly in the line.

### The now, when, where and why of the 'wedge'

BOBBY LOCKE played one of the best golf shots of the season from the back of the 18th green at Royal Heath in his recent Daily Mail competition. It was, in fact, the shot which capped a memorable fighting round to bring him to tie for the 36 holes playoff with Charles Ward and 'Ossie' Pickworths.

### 'Winnie the wedge'

The trouble I have found is that many club members play a wedge and go on to the course and expect the shot of the masher and only to find it is just a waste of time. It is just a waste of time to play a wedge shot, if you are not a masher.

### Short-range weapon

Don't expect that you are going to get the terrific amount of backspin the Americans are reputed to get with their wedge.

### RESUMPTION OF YACHTING AT KISUMU

S. African astronomers to explore Milky Way

A GROUP of astronomers led by Dr. Bart J. Bok, of Harvard University, have at Bloemfontein, will soon start taking thousands of photographs of the Milky Way...

The main line to follow to be the Great Star Cloud of Sagittarius, across which, according to the South African Journal of Science...

"Many astronomers" says the journal "now believe that the Milky Way galaxy resembles a vast spiral...

The "loop" is the circumference of the spiral, whose that it takes the sun, whirling in a roughly circular groove at a speed of about 200 miles a second...

It is known about the Milky Way from observations of other galaxies millions of light years away...

A star, then, now being prepared in Pretoria, will be taken to its equipment. It will help astronomers to see the stars, thousands as bright as the faintest star visible to the unaided eye.

The Bloomfontein work is only part of the Harvard program which is being carried out by the Irish and American astronomers in the southern island observatory...

Interest in the Milky Way was recently aroused by discoveries of strong radio waves emanating from the origin of this cosmic dust...

It is called, what is the photo of the Milky Way taken in South Africa during a meteor shower, which is called, will start in 1951.

ACROSS THE PACIFIC IN A STONE-AGE RAFT

UNDER REVIEW The Kon-Tiki Expedition by Thor Heyerdahl

It is a relief to know that the entire world is not bemused by bureaucracy and that men are still capable of action

Mysterious origins For a year they had been engaged in research work at Patuxent, the only European in a Polynesian colony

Defying the experts Against expert advice and opposition, Heyerdahl planned his expedition

Solving the puzzle With patience Heyerdahl began to piece the puzzle together

Continual work had to be kept up on the raft

Though they carried various equipment, Heyerdahl and his companions on this flimsy little structure of balsa wood

It has been translated into Burmese language

## DEATH OF CATTLE

### Follows use of injections

#### SEVERAL AGRICULTURAL CASES OF DEATHS FROM CATTLE

Several agricultural cases of deaths from cattle have been reported in the East African High Commission territories following the use of injections.

Mr. E. B. Bennett, Director of Agriculture, has been investigating the cases and has reported to the Central Assembly which will have to consider the matter.

Mr. Bennett explained that the cases were caused by the use of injections of a drug which is used to treat cattle with ticks.

He said that the drug is known as "Dieldrin" and is a powerful insecticide. It is used to kill ticks on the cattle and also on the surrounding vegetation.

**"Welcomed"**

It is thought it would be a welcome addition to the staff of the East African High Commission if a number of members of the staff of the East African High Commission were to be transferred to the East African High Commission.

Mr. A. N. Lewis, Member for Nairobi, has been asked to consider the matter.
