PASSING OF A PIONEER

(Continued)

A great and noble personality has passed from our midst. In the knowledge of his own mind and the knowledge of his own work in the world, he has left behind him a record of achievement and a legacy of hope.

In 1916 he came on a visit to this country and from that time his knowledge of the East African continent grew. He was the first to bring to the attention of the British public the needs of the East African continent.

He had a catholicity of taste and a wide range of interests. He was a great sportsman and a great reader. He was a great worker and a great doer. He was a great leader and a great inspiration.

Nairobi Chamber & "Threat" Of Nationalisation

(Continued from page 5)

Mr. R. Anderson was reported to have stated that the Chamber had been formed for the purpose of representing the interests of the East African Chamber of Commerce and Industry. He stated that the Chamber had been formed for the purpose of representing the interests of the East African Chamber of Commerce and Industry.

LINCOLN & AINTREE ACCEPTORS
 Record Field Likely For Big Flat Handicap

London, March 20.—A record field for the Lincolnshire Handicap—due to the run over a mile at Lincoln last Wednesday—may be the biggest Grand National field since 1925 was forecast for the final acceptance the last race made yesterday.

There is every likelihood of the Grand National being run on Saturday, March 21, there is still some doubt about the conditions, especially as to whether the race will be run on the flat or over a mile.

The biggest field in the Lincolnshire Handicap was the Lincolnshire Handicap—due to the run over a mile at Lincoln last Wednesday—may be the biggest Grand National field since 1925 was forecast for the final acceptance the last race made yesterday.

Round the bend

Taking corners at speed was a waste of tyre, a strain on the chassis, and a danger to life and limb even in 1938. Nowadays, of course, the crime is an unpeakable one—your car is probably not quite so young as the war, and stress and strains might easily break something you can't replace. Tyres today are not yet of pro-rata quality and to wear round the bend at forty casts a hissing distortion which is liable to tear off the rubber and weaken the walls to the extent of putting your tyres beyond the aid of "Tyroselene". Taking corners at speed is sheer madness, so change down, round the bend sedately and allow pedestrians and your tyres to live to a ripe old age.

You can "Tyroselene" your tyres again and again because the process does them no possible harm. "Tyroselene", by the way, is part of the... Motor Mart Service.

Most Farmers Want G.M.R. To Go On

A resolution asking that the Government should not withdraw the G.M.R. (Government Marketing Regulations) has been passed by the House of Commons. The resolution was moved by Mr. G. M. Young and supported by a large number of farmers. The Government has announced that it will continue the G.M.R. for the time being, but it is expected that it will be withdrawn in the future.

A DEBATE ON GRASS

A discussion of the importance of grass in agriculture was held in the House of Commons. The speaker, Mr. G. M. Young, emphasized the need for more grassland and the importance of maintaining it. He suggested that the Government should take steps to encourage the production of grass and to improve the quality of the soil.

440 Million Gallons In 10 Days

The Water Development Department has announced that it has received orders for 440 million gallons of water in 10 days. This is a record for the department and shows the importance of water supply in the country. The water will be used for various purposes, including domestic use, industry, and agriculture.

**EUROPEAN STANDARDS
OF LIVING**

Our correspondence column
has been featuring recently a
discussion among European re-
sidents of the East African
States. The discussion has
been very much concerned with
the question of living standards
in the various parts of the
continent. It has been pointed
out that there is a considerable
variety of conditions, and that
it is not possible to make any
general statement as to the
state of living standards in
any one part of the continent.
It is, however, possible to
make some general observations
on the basis of the material
received in the column. It is
clear that there is a wide
range of conditions, and that
it is not possible to make any
general statement as to the
state of living standards in
any one part of the continent.

CLUB CRICKET: Nairobi Averages For The Past Season

The season recently completed saw not only an almost complete revival of Club Cricket in Nairobi and district, but the formation of new XI's - The Wanderers - and an especially revival.

Nairobi, an usual host the flag flying opportunity, while Nairobi (through the courtesy of local players) had only a general revival of spirit from visiting teams. Naitanya had a pleasant season, extending their warm hospitality to visiting sides from Nairobi, Kiambu and Manohi played a number of fixtures.

The all-Kenya and Kenya Country averages will, it is hoped, be published later.

There has been a revival of club cricket in Nairobi. The XI's played in matches, won 14, lost 4, drew 4. The XI's were: Wanderers, Nairobi, Kiambu, and Manohi.

FOOTBALL: Strong Bid For Promotion By Lancashire Sides

There were relatively few changes in the English League tables as a result of Saturday's matches. In Division I, seven at the bottom of the table failed to lift themselves from one place to the next, and Division II was no better. In Division I, the Wanderers' defeat by Sheffield United at Bramall Lane did not mean after the Midlanders that they were to step down to Division II.

Sheffield, however, went up to second place and the Manchester City side in third. Liverpool, with three games to spare, had a record of four wins, a draw and a defeat.

Manchester City had a point against Birmingham City in a friendly match, having been recently beaten by the latter side.

Sporting Decision In N.Z. Test

For the first time, it is believed, the New Zealand cricket team has been selected in the hope of retaining a good batting line-up for the present year. The team is expected to be led by captain, Denis Bedford.

Reductions in Return For Outside Concessions

KING MEETS A GIANT Tribal Dance In Swaziland

BRITISH TRADE POLICY DEFINED

London, March 25. The Secretary for Overseas Trade, Mr. H. Wilson, declared today that the British Government was not likely to reduce its concessions by those with whom they negotiated.

Sir Stafford Crisp, President of the Board of Trade, stressed that the family group was still of great importance to the British people and the Commonwealth but that it could no longer be an isolationist group. It must be a factor in the wider expansion of world trade as a whole.

Sir Stafford declared that there could not be finality in tariffs but that the world had changed and to fail to go forward would be to tip the scales in favour of a descent to restriction and uncontrolled world economic conflict.

A 'Thank Offering' To Britain

The first steps were taken in Nairobi yesterday to give expression to the widespread desire to help the people of Britain in their present extremity. The President and Executive of the Kenya Branch of the Red Cross Society have taken initial action. The influential East African Women's League, which has branches in 19 out of 22 parts of the country, has also taken the lead. The Women's League, first column of the Capital, is already active.

There is no lack of goodwill. The task is how to give it useful and immediate expression. No one doubts, however, that it justifies the extent of the debt which the people of Kenya of all races owe to Britain for her security, the inspiration and the magnificent example provided for the Colonial Empire during the 75th of war. The desire is to find means to allow gratitude, means which will transform sympathy into practical aid to those who the British people denied the fruits of victory, to a whole world in patient sacrifice and forbearance.

Kenya has many public organizations which will be only too glad to do their part. They are brought together to cooperate in a campaign task. There is hardly any doubt that the best aid there will be given to the generosity of the people of all races here. It is not only in the aid of the debt but they are of the help that they owe and of the help that they can give. It is not only in the aid of the debt but they are of the help that they owe and of the help that they can give.

Food is needed for the settlement of the British Government. Clothing is required for the people who, in their rigid coupon system, have to do without. The people who, in their rigid coupon system, have to do without. The people who, in their rigid coupon system, have to do without.

Awakening Asia
There is a stirring in the air in the East. The ancient Capital of the Ming Empire in Peking, and the setting for several chapters in British history—soon the memorable days during the century to the great Duke of Edinburgh 1903 when King Edward the Seventh presided over the coronation of the Empress of India—a world of nations which will mark the beginning of a new phase in human relations, is now even to have a new phase in its history. The East is stirring in the West, and it is not yet which is important to the world.
