JINNAH IS HAILED "KING OF KINGS"

Scolds Demonstrators As Muslim League Assembles To Decide On British Plan For India

New Delhi, June 9. MEMBERS of the All-India Muslim League tonight held a verbal session today with Jinnah's followers at Alama Masjid in Delhi for the unity of India—today's Hindu Dehra, Jinnah's Muslim League leaders were arriving for their annual session which they will decide whether to accept British plan for India.

Members of the members were questioned on their arrival and they all were confident that the plan would be accepted. Mohammed Ali Jinnah drew up a list of his supporters and "Pakistan Zindabad"—"Long Live Pakistan"—and "Shah-e-Islam—Pakistan Zindabad"—"Long Live the Emperor of Islam."

The Jinnahs replied with anti-Muslim League slogans and police later arrested 80 Jinnahs.

Members of the Muslim League national conference in the corridor as they came from the North West Frontier Province, Assam, Punjab and Madras arrived in their traditional colorful costumes.

At 10 p.m. Jinnah's party arrived in Delhi and the next day he held a public meeting at the Jinnah Hall, Delhi. He was accompanied by his wife and children and a large number of his followers.

MUNICIPAL RATES

To the Editor, "E. A. Standard."
I read the last meeting of the Municipal Council held on the 2nd inst. and was surprised to find that the rate of 10/- per 100/- was not increased. I am sure that the rate of 10/- per 100/- is not sufficient to meet the needs of the Municipality and I hope that the Council will increase the rate to 12/- per 100/- in the next meeting.

We believe... that you will choose your next car with more than ordinary care, because of your experience in difficult years of uncertain driving.

Automobile, since 1942, have been tested to prove better. Finally, however, our cars have not only proved again and again. So, we are confident you will value ours over those old advantages that come first when cars are in good reliability, safety, endurance, low-cost operation. But now that you again can travel far and wide, with a full line and sound types, we feel sure you will also seek the extra comfort and luxury—all the fine style touches—that we have of course made important in wartime transportation. You will find a full measure of all these qualities in the new 1947 Hudson—cars that bring new meaning to a fine old name.

Bank of them in a large, stout, factory, now in its 37th year— with engineering and plant facilities second to none in the production of fine automobiles, and a veteran organization whose old skills have been sharpened by important war assignments of the most exacting nature.

Disputes Over Native Affairs "Unfair To South Africa"

MOVE TO LIFT THEM OUT OF PARTY POLITICS

CONSIDERABLE discussion is taking place in South Africa today on a suggestion made by Mr. S. J. Biggs (United Party) to lift out of party politics by placing them on a permanent commission representing all shades of opinion all the members of the Chamber of Deputies.

The suggestion was made by Mr. Biggs in a speech in the Chamber of Deputies last night. He said that the United Party was in favour of the suggestion and that it was a fair and reasonable proposal.

The suggestion was met with a mixed reception in the Chamber. Some members were in favour of it, while others were opposed to it. The debate continued until late in the evening.

Spurs For Union Boot and Shoe Makers

A bill to constitute a union for boot and shoe makers in the Cape Province is being introduced in the Cape Provincial Council.

The bill is the work of the Cape Provincial Council and is intended to provide for the registration of boot and shoe makers in the Cape Province.

The bill provides that any person who is engaged in the business of boot and shoe making in the Cape Province shall be required to register himself as a member of the union.

Nairobi Employers Are Not Interested

Industrial Training
If we are to take an analogy the time which it has taken the Kenya Colony after years of indifference to the warnings of little hope of any active steps being taken to train Africans before any active steps were taken in the industrial field before any active steps were taken to find a crisis forced upon them by the Government.

LACK of interest and cooperation by Nairobi employers

...to accept responsibility for the rehabilitation of the Native Industries. The Colony after years of indifference to the warnings of little hope of any active steps being taken to train Africans before any active steps were taken in the industrial field before any active steps were taken to find a crisis forced upon them by the Government.

Tobacco Growing On Groundnuts Model Is Government's Aim

The CHANCELLER of the Exchequer, Mr. Neville Chamberlain, told the House of Commons yesterday that the Government desired to develop imperial and Commonwealth resources for the production of tobacco as it was developing for groundnuts in Africa.

Mr. Dalton was replying to Mr. Oliver Stanley, Conservative, who had suggested that in view of the difficulty of buying sufficient quantities of tobacco in the open market, the Government should consider similar to the groundnuts scheme should be introduced as a long term measure to increase tobacco growing in the Empire.

Mr. Dalton had said that he would not accept a suggestion to the House by Mr. Stanley to the effect that the Government should consider the possibility of introducing a tobacco growing scheme similar to the groundnuts scheme should be introduced as a long term measure to increase tobacco growing in the Empire.

Mr. Dalton, in declining the amendment proposed by Mr. Stanley, said that the Government was not prepared to consider a scheme which would involve the introduction of a new crop into the Empire.

Uganda Development
We complete today a summary in three parts of Dr. Worthington's "A Development Strategy for Uganda". We are living in an age of development plans and perhaps are no fortunate than we are to be able to see such plans with hope of achievement. It is not enough, in fact, that they are well drawn. Much of the world's surface is in process of reconstruction and development, but the plans are drawn in areas that have great potentialities for giving the inhabitants an adequate and regular meal. We can set a more ambitious target.

Uganda has always been regarded as potentially the most favoured of the Eastern African Territories.

It is therefore, the more interesting to learn that Sir John Hall, the Governor, in a forthright introduction to Dr. Worthington's report has already recognised the same symptoms which, though more evident in Kenya and Tanganyika, are the fruit of the soil and the climate. It is not, however, as a result of the Government's policy of development that the programme is so important. It is the fact that the Government has been able to do this. It is the fact that the Government has been able to do this. It is the fact that the Government has been able to do this.

Amazing Golf In Women's "Open"

Gullane, Scotland, June 10. Women's international sports athletes and Miss Jacqueline Gurney of St. Andrews, Middlesex, were the winners of the 26 holes final of the British Women's Open Golf Championship, the only one of the championship-upon-the United States for the first time in its history.

The American winner is attempting to defend her title in the 1947 Ladies Open which will be held in the United States on August 15-16. Miss Gurney's victory was a surprise as she had never before won a major championship. She had won the Walker Cup and the Mary's Amateur Championship for the United States.

CARAMEL OR BURNT SUGAR CAKE

INGREDIENTS:

- 1/2 cup Sugar
- 1/2 cup hot Water
- 1/2 cup sifted Flour
- 1/2 cup Baking Powder
- 1/2 cup Milk
- 1/2 cup Butter or other Shortening
- 1/2 cup Vanilla
- 1/2 cup Vanilla

METHOD:

Prepare burnt sugar syrup: Place 1/2 cup of the sugar in a heavy skillet, stirring constantly as sugar melts. When it becomes dark brown, remove from heat, add hot water very slowly and stir well. Cool.

Mix flour, baking powder and salt together three times. Cream shortening, add remaining sugar

(1) cup) gradually and cream until light and fluffy. Add eggs one at a time, beating thoroughly after each. Add vanilla and 1/2 tablespoon of the syrup. Beat alternately, beating well through. Pour into pans lined with waxed paper and bake in a moderate oven (325° F.) 25 to 30 minutes. Place over 2-inch layers.

Protect your Eyes

BEWARE TROPICAL EYE-STRAIN

To protect your eyes from ache and strain and to preserve them from becoming sore, red and inflamed, you should bathe them regularly with Optrex Eye Lotion, complete with special eye bath, from your local chemist.

Optrex washes away all dirt and germs, brings back normal circulation to the tiny veins and widens the eye muscles. The dull, tired feeling disappears from your eyes and they take on once more the clear sparkle of health.

Optrex is used and recommended by many Doctors and Opticians. It is safe even for the most sensitive eyes. You can buy Optrex Eye Lotion, complete with special eye bath, from your local chemist.

It is so easy to get into the habit of using Optrex as regularly as you do your toothbrush. An Optrex eye bath every day will keep your eyes in good health and will help prevent tropical eye-strain.

IF YOU WEAR GLASSES—Your eyes need attention. They are overworked, tired, and strained. Optrex Eye Lotion, complete with special eye bath, from your local chemist, will wash away all dirt and germs, bring back normal circulation to the tiny veins and widen the eye muscles. First British Rocket Missile Is A Success

Yellow Aircraft Goes Off With "A Thunderclap And A Swoosh"

WHEN the first British guided, radio-controlled rocket missile, which has been under secret development for 18 months, successfully completed its first test flight recently, it was described as follows:

The launch proved the design flawless and it was clear that there was a mighty rumbling sound—a mixture of the devastating noise of a thunderclap and the swoosh of a supersonic jet diving into a tunnel.

It has now been possible to determine with some relief in all the better sections of the Territory.

Green Eden Of The Northern Frontier Marsabit, An Island Rising Out Of A Desert Sea

The First Of A New Series Of Articles
by Merrell Dalton

FROM the tree-lined heights of Marsabit you overlook two deserts: the Kaimoi to the south, the Hadid to the west, the empty landscape of the Chulita to the north-west, and north-westwards, the Dulla Gollaga, a terrible expanse of lava and rubble that stretches away to the Abyssinian horizon. As you swing round to face the east you view what appears to be an end-les sea of marsh, thorny, waterless country extending mile upon mile to Jubaland and the Indian Ocean.

For every inch of the earth across the desert the heat of the sun comes down upon the Kaimoi, the Hadid, the Chulita, the Dulla Gollaga, the Marsabit plain, the Marsabit range, the Marsabit mountains, the Marsabit hills, the Marsabit plateau, the Marsabit basin, the Marsabit valley, the Marsabit gorge, the Marsabit pass, the Marsabit road, the Marsabit track, the Marsabit line, the Marsabit wall, the Marsabit fence, the Marsabit barrier, the Marsabit obstacle, the Marsabit hindrance, the Marsabit impediment, the Marsabit obstruction, the Marsabit barrier, the Marsabit obstacle, the Marsabit hindrance, the Marsabit impediment, the Marsabit obstruction.

As we approach Marsabit the road begins to rise and the hills to appear. The hills are green and the water in the gullies is clear. The hills are green and the water in the gullies is clear. Creech Jones' Outlines Colonies' 10-Year Plan

PUBLIC OWNERSHIP-BUT SCOPE FOR PRIVATE ENTERPRISE

There will be substantial public ownership of industry in the Colonies, but private enterprise will still play an important place in the Colonial development within the framework of the programme outlined by Mr A. Creech Jones, Secretary of State for the Colonies, in the London "Sunday Times" Political Correspondent's discussion of the 18 months work of the Colonial Economic and Development Council.

Mr. Creech Jones also said that the Government will be prepared to consider the possibility of a 10-year plan for the Colonies, but that it would be necessary to have a clear idea of the resources available and the needs of the Colonies before such a plan could be drawn up.

(1) Nearly all the 10 services were being heavily subsidised at the present time.

(2) There should be regional planning and development in the Colonies, and the Government should be prepared to consider the possibility of a 10-year plan for the Colonies, but that it would be necessary to have a clear idea of the resources available and the needs of the Colonies before such a plan could be drawn up.

If you lack energy and enthusiasm, if you always seem to make excuses for stress and overwork, ask yourself: How well did you SLEEP last night?

When you wake up tired after restless nights in bed, when you lack energy to work efficiently and you feel "let it go" at the end of the day, your progress can usually be traced back to the fact that you are not sleeping as well as you should.

For days along they use the same combination you get in a cup of Horlicks taken at bedtime. During sleep Horlicks makes good last energy and you wake up with your mind clear, your body fit and active. More sleep and you will have the necessary energy to make success.

BABY GIRL ONE OF 50 KILLED IN U.S. SKYMASTER CRASH

Superfortress Wrecked

50 PEOPLE, including a two-month-old baby girl, killed in a Superfortress crash, on the summit of the Blue Mountains, 15 miles south-west of Los Angeles, California, today. The pilot, who has lost his lives in sky-master accidents in America in just over a fortnight.

Nearly survived in the latest disaster, in which the aircraft crashed on the morning last for several hours. Rescue parties had to be kept track through the wooded hillsides to show stragglers how to remove the dead.

One of the first victims taken from the wreckage was the baby girl.

Bad Weather Hampers Night Search

Searches had been carried out throughout the night and the wrecked aircraft was located from the air. Rescue operations were hampered by bad weather. Searchers began had to walk over the bodies, and many gave up their work from sheer exhaustion.

The aircraft was operating on the Capital Air Lines Chicago to Washington service.

Saying he did not believe engine failure was the cause of the recent sky-master crashes in America, the Chairman of the Senate Commerce sub-committee on aviation, Republican Senator Owen Brewster suggested structural failures in Sky-master aircraft.

He said his committee would investigate this last crash. But he was not prepared to recommend that all aircraft of the type made be grounded, although he assumed the civil aeronautics agencies would consider that step.

Army Plane Dots In Rainstorm

At least another four people are known to have been killed in a second air crash reported today from Springfield, Vermont.

The aircraft was an Army B29 (Superfortress), and it crashed in the Hawks Mountains in a heavy rainstorm. Some hours later its bodies were found in the vicinity of the wreckage, but it is not known how many people were killed or injured.

In this case, too, rescue operations were hampered by bad weather.

BEVIN GOING TO PARIS TOMORROW

First Moves On Marshall Offer

BRITAIN'S Foreign Minister, Mr. Ernest Bevin, leaving yesterday for Paris to meet Mr. George Marshall, American aid to a major scale for a joint European reconstruction plan, is to go to see the President of the Marshall Plan.

Mr. Bevin is expected to announce the exchange of views with Russia, the Dutch, Belgian and Luxembourg Governments on the offer.

Mr. Bevin, leaving in the morning for Paris to see Mr. George Marshall, American aid to a major scale for a joint European reconstruction plan, is to go to see the President of the Marshall Plan.

These are the first official European moves reported in connection with the American Foreign Minister's offer.

Reactions in Paris, according to reports, are favourable and the French Government has expressed its interest in the offer.

The Marshall Plan, announced in a speech by the American Secretary of State, Mr. George Marshall, in Washington on March 7, 1947, is a plan for providing economic aid to European countries.

Mr. Marshall said that the Marshall Plan would provide the first step in the reconstruction of European countries.

Sheffield United Give Liverpool The Championship

Bailey Equals Record-In A Drizzle

(WITH A MINOR COMMENT)

FOR the first time in their history Liverpool have won the Football League championship. Surprisingly knocked out of the City grounds by Manchester City, they employed a magnificent run to win the title, their longest progression finished but they had to wait until the last Saturday of this prolonged season.

Their opponents were not really in the running, but they were not without their share of interest. In fact, it was not until the last day of the season that the champions were crowned.

Sheffield United, who were the first goal after three minutes and then after half an hour, were the only team to score in the second half. Manchester City, who were the only team to score in the first half, were the only team to score in the second half.
