## PRESIDENT BLAMES RUSSIA'S "EXTREME FOLLY"

### He Appeals For Free Flow Of Ideas with "Fears For All Time" As Goal of Nations

Charlottesville, Virginia, July 4. — NATIONS who are today withholding their support of reconstruction plans on the ground that this would mean interference by some nation in the internal affairs of others are being argued as fallacious as that of a man who refuses to sign a profitable business partnership on the ground that it would mean interference in his private affairs.

In these words, President Truman today spoke in an address to the Radio-Voroshilov Club for European Reconstruction at the White House, in Washington.

His independence day speech, broadcast throughout America, was the first official reaction to the failure of the three Foreign Ministers' conference, and he described the Russian refusal to sign in the plan as "the folly of extreme nationalism."

### "Not Just Peace in Our Time"

Without actually mentioning Russia, he left his millions of listeners in no doubt as to his feelings of the stand Mr. Molotov took at Paris.

"Clearly after two world wars, nations should have learned the folly of a nationalism so extreme as to block cooperative economic planning among nations for peaceful reconstruction," he stated by saying, "Our goal must not be peace in our time, but peace in all time."

President Truman's attack—without the mention of names—of countries who had refused to sign the plan for European reconstruction, was the first of a series of attacks by the President against the policy of extreme nationalism. He said that the nations who had refused to sign the plan for European reconstruction, were "the nations who are today withholding their support of reconstruction plans on the ground that this would mean interference by some nation in the internal affairs of others are being argued as fallacious as that of a man who refuses to sign a profitable business partnership on the ground that it would mean interference in his private affairs."

### His Answer Was "No"

Mr. Molotov's answer to the President's attack was "No." He said that the nations who had refused to sign the plan for European reconstruction, were "the nations who are today withholding their support of reconstruction plans on the ground that this would mean interference by some nation in the internal affairs of others are being argued as fallacious as that of a man who refuses to sign a profitable business partnership on the ground that it would mean interference in his private affairs."

### It Is Peace

As a result of the President's attack, the nations who had refused to sign the plan for European reconstruction, were "the nations who are today withholding their support of reconstruction plans on the ground that this would mean interference by some nation in the internal affairs of others are being argued as fallacious as that of a man who refuses to sign a profitable business partnership on the ground that it would mean interference in his private affairs."

### A Chronicle From Scotland MUSIC FESTIVAL (AND SOME ADVERTISING, TOO)

THE Scottish scene this summer will be dominated by the International Festival of Music which is to be held in Edinburgh during the latter part of August and the very part of September. Celebrations from all parts of the world are to take part, and arrangements are being made for the presenting and accommodation of large crowds of visitors from overseas—no light task at those days of permanent housing.

## WIDOWS WEEDS

GOLF widows the world over will without doubt award the honor of the best and most interesting of the "Most Sensible Men of the Week."

Asked why she would not be complaining to a matrimonial agent in Chicago in which everyone else apparently was playing the lady said she was "going home to work in my rose garden." There hardly room for the doubt that a woman would find the garden a good deal more congenial than the matrimonial market.

When our part is tended to wonder exactly what was in the lady's mind when she expressed her preference for the pleasures of orthodox gardening over any other form of earth-shaking with which many of us are all too easily familiar.

The lady's own best report has it that the reporter's presence did not perturb the mother-father. "Undoubtedly it is one of the things that I could fairly be said to either do or not do," she said.

**WE** ourselves have had these many years a bagful of reasons for a holiday of a similar character. These have been mostly of the "spending the time" variety, but one which has, however, to one who has who has returned the credit of finding a more profitable way of spending the time. "Undoubtedly it is one of the things that I could fairly be said to either do or not do," she said.

## Critique of 1947 Juniors

Over the past few years the tennis world has seen a steady improvement in the standard of play. This is particularly evident in the junior ranks, where the level of competition has risen considerably.

The 1947 Wimbledon Juniors tournament was a notable example of this trend. The final, between the two great British players, was a classic encounter that showcased the high level of skill and sportsmanship that has become a hallmark of the British tennis tradition.

**IMPRESSIVE PLAYER**

The final of the Wimbledon Juniors was a truly impressive performance. The player who emerged as the victor did so with a combination of power and finesse that was well beyond his years. His ability to control the ball and his tactical awareness were clearly evident throughout the match.

The match was a testament to the high level of coaching and training that has been provided for young players in the United Kingdom. It was a match that will be remembered for many years to come.

**Girls Better**

The girls' tennis world has also seen significant improvement in recent years. The 1947 Wimbledon Girls' Singles tournament was a particularly notable event, with several players showing exceptional talent and skill.

The match between the two finalists was a closely contested affair that showcased the high level of competition that has been developed in the girls' ranks. It was a match that demonstrated the progress that has been made in the development of young female players.

**Kenya Ladies' Championship**

The Kenya Ladies' Championship is one of the premier tennis events in the country. It has long been a showcase for the best female players in Kenya, and it continues to attract a large and enthusiastic following.

The 1947 tournament was a particularly successful one, with several players performing at a high level. The match between the two finalists was a classic encounter that showcased the high level of skill and sportsmanship that has become a hallmark of the Kenyan tennis tradition.

**Weekend Fixtures**

The weekend fixtures for tennis in Kenya are always a popular event. They provide an opportunity for players of all levels to compete and for spectators to enjoy the sport.

The fixtures for the weekend include several matches that are expected to be particularly interesting. These include the match between the two finalists of the Kenya Ladies' Championship, as well as several other matches that are expected to be closely contested.

## THE COST OF RACING IN BRITAIN

It is estimated that the cost of racing in Britain is about £100 million a year. This is a very large sum of money, and it is a fact that the cost of racing is increasing every year. The main reason for this is the increase in the number of races and the amount of money bet on them. In 1946, the total amount of money bet on racing in Britain was £1,000 million, and it is estimated that this will increase to £1,500 million in 1947.

The cost of racing is not only a burden on the public, but it is also a burden on the racing industry itself. The racing industry is a very competitive one, and it is constantly being forced to reduce its costs in order to remain profitable. This has led to a number of measures being taken, such as the reduction of the number of races and the amount of money bet on them.

It is clear that the cost of racing in Britain is a very serious problem, and it is one that needs to be solved. The racing industry must find a way to reduce its costs, and the public must be encouraged to bet responsibly. Only in this way can the racing industry survive and thrive.

**Steady, Solid, CONTINUOUS SERVICE TO THE PUBLIC!**

Some people seek for a consolation of "ASPRO" success. The answer they discover is from the fact that the world-wide success of "ASPRO" is the result of the straight-forward fact that when "ASPRO" is called upon to ease a cold or the attack, to stop a headache, to soothe away rheumatic pain, it does it, and does it safely without dosage or delay. The voice of PUBLIC OPINION confirms, therefore, the findings of science. Universal success is the direct result of universal service. "ASPRO" lives and grows because it answers the people's need. **GUARANTEED INCOME FOR LIFE**

Under the terms of this simple investment plan you can arrange for a monthly retirement income that will be adequate for your needs. It is in your power to make it anything from \$25 to \$50 or more monthly; but whatever the amount, you will be interested in this method of securing for yourself an income that is guaranteed for as long as you live.

**IN THE MEANTIME YOU ARE INSURED!**  
 Your dependents are also protected during the time that you are looking towards this retirement income. Our Life Insurance Policy designed to provide an income of £20 a month would pay your family £2,000 in cash in case of your premature death.

**HOW MUCH DOES IT COST?** Contributions, premium deposits take care of everything. Just how large or how small these deposits are depends of course, on your present age and the amount of retirement income you will choose. Find out how low small a sum will do for you. You can secure for your dependents your full retirement income for a premium of only 10s. 6d. per month. **REMEMBER!** The Life Income Policy should not be thought of as an expense. It is a sound investment, and is backed by one of the strongest Life Insurance Companies in the world.

SOUND ATTITUDE TO SPEED

There are those who hold it to be a sure sign of progress that an aeroplane may now arrive some seconds in advance of the noise it makes in getting there. At 13 Old Bond Street, Benson & Hedges hold firmly to the view that in making good cigarettes from fine tobacco care is what matters, and speed but a head-ache—where only the best will do.

**PRE-INVASION PREMIER OF BURMA UNDER ARREST**  
**Equal to Council Chamber Assassination Of Prominent Government Ministers**

**London, July 8.**—The pre-invasion Premier of Burma and 19 of his followers, have been arrested in connection with the killing yesterday of a leading member of the Burma Government and what was one of the Council Chamber and sprayed a meeting of the Council chamber yesterday.

U. Saw, who formerly of the independence, was arrested in 1946 for alleged conspiracy with Japanese.

The arrests were made at U. Saw's home after members of the Nationalist Party to which U. Saw belongs and their followers had fought a gun battle with the police in the home of the Nationalist Party were killed. Arms and ammunition were found at the house.

**"Strong Man of Nationalism" A Victim**

One of those killed was U. Aung San who has been called the "strong man of Burmese nationalism".

A new Executive Council, under the President of the Burmese Constituent Assembly, has been set up to replace the murdered man.

The Governor of Burma, Sir Hubert Page has described the attack as "a monstrous act which has shocked the Burmese people and ministers who can ill be spared." He has called on the people of Burma to remain calm.

Details of the "monstrous attack" came through to the Burmese Office in London last night from the Governor after intelligence had been cut off from communication with the rest of the world for some hours.

**DENOUNCED AGREEMENT**

**THE Burma Government—**  
 Governor's Executive Council—consists of about 14 members—has today denounced the agreement with U. Aung San's Anti-Fascist People's Front League in which he was the outstanding figure. Another leader, Thakin Aung, accompanied U. Aung San's delegation to London, which in January last signed an agreement with the British Government for the half-governance of Burma.

Two other members of the Council, U. Saw, who was present at the signing of the agreement, and Thakin Aung, have today said they think the agreement did not represent the Burmese people.

The following resolutions were passed by the Executive Council:

"The Executive Council, on the 8th July, 1949, has deplored the assassination of U. Aung San, the late Premier of Burma, and the members of his delegation to London, and has expressed its profound sympathy to the families and relatives of the deceased."

**Casualty List**

The following casualties are now known:

U. Aung San, late Premier of Burma, and the members of his delegation to London, and has expressed its profound sympathy to the families and relatives of the deceased."

**Questions For 16 European Nations**

**WHILE** the European economic cooperation committee was agreeing on the memorandum to be sent to the 16 countries who made up the Paris conference, a United States Committee was asked that 16 nations must not depend on America to solve all their problems.

As suggested by France, with British support, the memorandum covers a five-year period.

The memorandum is also the basis for a similar agreement with the French Republic, which was being asked from the war, what the American Government could do to help the French Republic, which was being asked from the war, what the American Government could do to help the French Republic.

**Why Truman Sticks To Veto**

**EMERGENCY TRUMAN** said today that the United States Government will not support the memorandum for a five-year period.

The memorandum is also the basis for a similar agreement with the French Republic, which was being asked from the war, what the American Government could do to help the French Republic.

**They Can Always Switch It Off**

A LESSON IN KISWAHILI

"Kulu" Means More Than "To Eat"

It is interesting to note
that the Swahili word "kulu"
means "to eat" but also
means "to be big" or "to
be important". This is a
lesson in Kiswahili.
