meeting of the Economic Commission of the World Economic Conference dealt with a very lengthy re-port embodying the recommendations of fits various sub-committees, in preparation for the plenary ses-sion of the Conference, which meets on July 27. in

Mr. Walter Runciman, the Rapporteur, stated that in the short time at the disposal of the delegates, they could not hope to reach de-finite agreements on the various subjects, but it had been possible to obtain important results.

Australia is strongly opposed to the limi-tation of productment as a means for raising prices. Such a series of the form of the series of the round and an extract the desired for the series of the uld not achieve its object.

A Corporate State.

WITH STRONG EXECUTIVE AND REPRESENTATIVE INDIVIDUAL MOVEMEN

Sir Edward Grigg, the late Governor of Kenya and now Conservative M.P. for Altrincham, gare a suggestion as to the future government of tropical East Africa, during the course of an address to the Royal Empire Summer School at Oxford. [THROUGH REUTER'S AGENCY.]
Poons. July 18.
Gandhi has left for Ahmedaba He advocated a corporate State with a strong Executive and a representative Legislature. A strong Executive was as necessary for the white settlers as for the natives.

While he did not advocate a Fascist State he said that Italy at the present time had gone a long way towards the object he had in view.

He added that further settlement in Kenya was essential for the development of the country.
