CORRESPONDENCE

Cradly to Birds.

A REVOLVING NATIVE PRACTICE. To the Editor, "E.A. Standard." Sir—May I appeal through your columns, to His Excellency the Governor and the Legislative Council to put a stop to the wholesale wearing of quail and other game birds which in the Native Territory, but chiefly in South Kavirondo...

...birds which well-favoured tribes in the Kavirondo and other South Kavirondo natives with their rich and abundant crops, with their fowls and eggs and bonanzas, their fish and their honey, their markets are under no necessity for the purchase of short winged quail. In Kavirondo, especially, may be seen the long stick planted in the ground with a little basket attached at regular intervals of feet, in which are suspended the quail of whom the imprisoned decorative Quail are trapped to flock as they are being cooked, where they languish poorer, until they are killed and eaten. It is well known that bird snaring is a serious pest which ravages the whole over and the very unscrupulousness of this habit is more than enough to persuade us not to interfere, but we must not forget our own desiring, exporting and fostering natives and their interests throughout Africa and it is up to them to give what they can in return, even if it is only money to the quail and wild birds. Yours etc. M. H. MITCHELL-BERKELEY THE 13th REGIMENT

THE PIG INDUSTRY AND WHEAT FEEDS. To the Editor, "E.A. Standard." Sir—All those interested in the letter from Mr. Holden, the Secretary of the Kenya K.F.A. which was published in your issue of July 8th, will be glad to see the article in your issue of July 8th. It is very good and contains many points which are of great interest to the stockman and I gladly accept Mr. Holden's invitation. It is, however, not so with the dealer who are selling the world over. More especially will they take advantage when those who are credited with raising their local markets, do not put their foot upon the present price, being stampeded during the week when everyone was panicking. I was asked to add 4/50 for bran and Shs 5/50 for pollards which was being sold forward wholesale at Shs 2/25 and Shs 3/20 respectively. A man of this sort would be impossible if properly regulated. We have allowed ourselves to be provoked into a false position over the Income Tax to satisfy the vast interests of a few, and have thus once again been completely misled. It is impossible to have been more misled. Five years ago, I remember that the Hon. Joseph Byrne might have done the trick. At any rate it would have been not for the unsuitably change over to a Conservative Government. The Hon. Joseph Byrne might have done the trick. Self-Help - A Trans Nzoia Example.

Agriculturists in Kenya and other parts of the East African territories, here, will be interested to note the report of the committee of the Trans Nzoia Farmers Association to which reference is made by our Kikuyu correspondent in his message published today. Some months ago the Association appointed a number of its members to enquire into the large but very important and urgent problem of how the agricultural industry of the area could be "reconstructed." Reconstructed as a very real task of the present day in agricultural countries. In East Africa, particularly in Kenya where the strong-settled agricultural community exists, the task of reconstruction presents special difficulties. For some years the industry in Kenya has been divided into plantations and crops, which are not capable of major readjustment, and the planters of the world market and wheat. The continued depression in the world market and the uncertainty that maize and wheat prices will not reach their former high levels within the next few years have convinced many students of the agricultural position that certain changes must be made in the scale and nature of farming in the Colony. The weaknesses of one-crop farming have been made very apparent during the years of boom, drought and declining values and they are discernible now in the financial position of agriculture. As Sir Edward Frigg pointed out in other day the growing of crops for export in view of the present low level of prices for cereals. But it would not be a mistake to encourage people to come to their country with every possible scheme which they were prepared and encouraged to explore.

You can have your present glasses refiged in Cooke

and exploit the markets of the world for these mild soffens and that there really existed a serious danger of their over-production beyond the limits of their consumption. But those considerations would not be the only ones to be taken into account in the direction of production in the ordinary case of an industrial and establish a high standard of quality. It is necessary to encourage research into every problem of production and to see what steps can be taken to ensure that people who are equipped financially and otherwise to become successful in their business and industry to the detriment and danger to the industry. The industry is a reminder of the responsibility resting upon all branches of agriculture and upon the governments of agricultural countries to study carefully the means and ways necessary to plan, the production of tomorrow with a view to Kenya today there is plenty of evidence to show that the industry is being well equipped and it is to be expanded, it is necessary to remove an immediate cause of failure, and to turn to the present growth of the industry. The industry is a reminder of the policy of the Trans Nzoia Farmers Association, which is to be consistently and conscientiously applied.

Mrs. Usher. Mrs. Usher, mother of the late Captain Richard Usher, who has been staying in the Colony since her husband's death, was in the Colony on Saturday for England. It transpires that Mrs. Usher spent the shock of hearing over a 24-hour period in the Colony. Mrs. Usher was apparently in the habit of visiting a neighbouring house in the Colony, and it was on this occasion that she was informed that the district had experienced for many weeks. The news was not kind, and Mrs. Usher said the following had been taken first of all to explore morning.

Manus Chamber. It was stated at Wednesday's meeting of the Executive Committee of the Association of East Africa that the Executive Committee of the Association of East Africa would be held on July 24, 25 and 26 at the Hotel Nairobi, Nairobi. NAIROBI EUROPEAN PRIMARY SCHOOL.

Annual Athletic Sports Meeting.

A SUCCESSFUL DAY.

The annual athletic sports meeting of the European Primary School, Nairobi, was held on Saturday afternoon when there was a surprisingly large attendance of visitors. The organization of the meeting reflected the greatest credit upon the Principal, Mr. R. Weston, and his staff, for never once was there a hitch in the proceedings, and the various events were run off to the timetable. The excellent time during the interval was provided entirely by the girls of the Secondary School, assisted by the Matron. The Principal wishes to thank Mr. J. K. Watson for providing the free-room.

Lady Berth distributed the prizes at the close of the meeting. The prizes were all subscribed for by parents and friends who gave very generously this year in spite of the depression.

The pupils at this school are directed into various sports which comprise the "Cock House" position and trophy, both at school and play parties, and are "Hawke," which started the afternoon, with "Crows," which started with "Rhodes," which started with nine points. Hawke won the sports.

VISITORS COMPLETE TRIUMPH.

The match against the Goan Institute, which was held on Saturday afternoon, was a triumph for the visitors. Nairobi only managed to win a single game, while the Goan team won only losing two matches.

The match cannot be said to have been a high standard one, but it was a very good one, and all the players played well. The Goan team, which was captained by Mr. J. K. Watson, was a very strong one, and they were well supported by the Nairobi players. The Goan team, which was captained by Mr. J. K. KENYA MUSIC FESTIVAL

The Kenya Music Festival, the second of its kind, will be held in the Empire Theatre, Nairobi, from Monday next, the 21st, until the 29th, which coincides with the usual competitors concert at 5.15 p.m. and the presentation of prizes by Mrs. H. M. Moore, is expected to learn that, after all, entries have not come up to anticipation, that is, naturally. Of the several reasons advanced for this, one is the depression. Another, and more probable, reason is that the Festival coincides with the visit of the Trinity College examiner, and parents dislike the idea of their children's preparations being interrupted. A third, and unavoidable reason, is that so many members of the executive committee are absent from the Colony, leaving the work to be done mainly by Mr. B. Woodford and Mr. Arthur A. White, the latter the hon. secretary.

ENTRIES formally close to-morrow, and, while they have been slow it coming in it is possible that the usual last minute spurt will be taken by interested competitors. The Festival plays an important part in the musical education of the children particularly. A greater attendance of the public will be welcomed at the musicals, songs, and people will find them extremely interesting. Full details of the Festival are available on application to Mr. White, P.O. Box 865, Nairobi.

Kenya Locations.
P. I. Muzook, writing in the P. I. Kinematograph Weekly, states that Alfred Hitchcock is to make "Wings Over the Jungle" for London Film Productions, many of the locations have been photographed in Kenya.

A British Week.
A BRITISH Week is being staged at the Capitol Theatre, commencing to-night, and the films scheduled are "The Love Waltz" and "Uneasy Virtue."

Presumably the right of the first claim to be included as British because it was made in London, but the director was Erich Pommer and the producer the U.F.A. The sound film operates in British. "The Love Waltz" as its title proclaims, is implicit, is musical, operates comely with music, making good, but light entertainment. Lillian Harvey, who was trained for a dancer under Mary Zimmerman of the Berlin Opera, was a leading dancer formerly in a number of Viennese operas, until Richard Emig, another German film producer, saw her and she made her successful debut in "The Circus." In 1928 she returned to London, and played in "A Knight in London," a film produced by the Board of Censors which

Piano and Violin Recital.
A PIANO recital and violin recital is announced for August 1st at the Theatre Royal. Miss Grace Penny has been resident in Kenya for several years. For the recital, Francis Schumann and Schumann's "Carnegie Suite" will also play duets with Mr. Lou Whitson, leader of the Town's Band orchestra, besides new to be looked at Messrs. A. H. Wardle and G. L. G. Government House, Nairobi.

"Song of the West."
ON the 17th inst. being shown at the Empire Theatre this week, the one bearing the above title will probably have its largest appeal. A natural colour film (a mixture of films of the past) in which the days of the gold rushes in California are brought by the singing and dancing, and the women of the audience will find an emotional distress of interest to them. John Hodes is the leading actor, and his reaction is swift. There are many other notable players in the company, including Marie Wells, who was Clementine in "The Desert Song." Sam Hardy, creator of the "Red Hot Chick" and "The Girl of the Year" and J. E. Brown the humorist. The oldest member was one W. C. Coming Shortly!

Etty King.
THERE is quite a chance that Etty King, the well-known male impersonator will come up to Nairobi. She has been playing in the south, but a bad cold put her on the sick list. A cable suggesting that she might visit Kenya was rejected at the Empire Theatre last week, and the information that she was writing to discuss arrangements, etc.

"Elizah."
Mr. W. Isherwood is busy re-hearing an arranged choir for a musical service to take place at All Saints' Cathedral, Nairobi, in about a month's time. Excerpt from "Elizah" is to be given. The choir will be about 40 strong, and will include a contingent of nearly 20 from Lamont. Mr. Isherwood has long been resident in that district, and has plenty of excellent material.

"The Middle West."
A repeat performance of this evening play is to be given by the scholars of the Prince of Wales' School, Kabete, and friends. The dates are August 17th and 18th, and the production will be at the Theatre Royal.

Amongst other advantages, Rolodex gives you control over every stage of your work, and enables you to see at a GLANCE—
Customer's Record.—You can see at once those who have not purchased from you for 6 months.
Ledger.—You can see at a glance those of your accounts which have not been settled for any particular period you wish to know.
Stock Record.—You can see (1) a glance (a) Those goods which are not moving, (b) Those goods which are dangerously low, (c) Those which are heavily overstocked.
Works Record.—You can see at a glance— (a) Exact progress of any piece of work at every stage; (b) All jobs in hand or uncompleted.

A DEFENCE FORCE PROBLEM.

Roll of Persons Liable for Service.

GOVERNMENT'S DIFFICULTY.

Terms Suggested from Employers.

The following letter—sent by the Government of Kenya to the Association of Chambers of Commerce of Eastern Africa and in turn forwarded to the Mansion and National Chambers for their views—was discussed by the latter body on Thursday.

"I have the honour to inform you that the Government of Kenya has been advised by the Association of Chambers of Commerce of Eastern Africa and in turn forwarded to the Mansion and National Chambers for their views—was discussed by the latter body on Thursday.

One of the main reasons for the Government's difficulty is the fact that the roll of persons liable for service is very large and it is difficult to prepare a list of names and carry out training very efficiently. It has been suggested therefore that in order to overcome this difficulty, business and professional departments and employers of European labour should be called upon to render a return to Training Commissioners before August 14 to each of the following persons employed by them who are liable for service with the Defence Force: The necessary certificates and advertisements to be published in the press should be prepared if you will inform me of the names of the persons of your Association on the proposal and whether any alternative proposal is suggested to you.

DISTRIBUTION RATES ON RAILWAY.

Narrow Gauge Pressing for Re-introduction.

CHAMBER DISCUSSION.

Coast Climate Unsuited for Long Storage.

Nairobi Chamber of Commerce is still asking for the reinstatement of the distribution rates on the Kenya and Uganda Railways following the introduction of the new rates which were adopted on July 1st.

The Chamber advises that the present rates are not only unfair but also unworkable. It is suggested that the Government should consider the possibility of reinstating the old rates or introducing a new system of rates which would be more equitable and workable.

2. AREA EXPECTED TO OPEN IN OCTOBER.

Kakamega Miners' Problems.

REPRESENTATION OF COMMUNITY ON KENYA LEGISLATIVE COUNCIL.

It was stated at a meeting of the Kakamega Miners' Association held on Sunday that No. 2 Area is likely to be opened for general prospecting in October.

This is the remaining sub-division of the Kavirondo Goldfield proposed by the Kilson Report. It will be opened to general prospecting and is widely expected to be one of the most important sections of the whole field.

In the present time the mining laws of Kenya are under consideration by a special committee and it is regarded as certain that the work will be expedited in order that amendments to the law can be introduced before the new area is opened.

At the same meeting the miners discussed a wide range of subjects including land conditions at Kakamega and representation of the mining community on the Legislative Council.

Members were selected for appointment to the Board which will function under the recent legislation providing for expunction of undesirable from the field.

An Arbitration Board.

Kakamega July 11. It was stated at a meeting of the Kakamega Miners' Association held on Sunday, July 11, that a belief in the new mining regulations is being raised through in line for this event. Col. Stitt, the Chairman of the Association, presided and gave a resume of what the Executive Committee had done since the last general meeting.

The Committee has asked that the Inspector of Mines be given power to issue permits in all cases concerning the new mining laws.

It had also been requested that a Government geologist be stationed at either Kisumu or Kakamega and that the army depot be transferred from Kisumu to Kakamega.

The telephone and telegraph lines were now under construction, and it was hoped that the lines would be ready for use by the end of July.

In reply to a query the Committee recommended that a maximum of 1000 mining licenses be issued in the District of Kakamega. At present one was held by each mine and one to miners.

It was also stated that the Government had appointed a committee to study the mining industry and legislation in Kenya, and the Board was constituted as follows: Commissioner of Mines, Chief Native Commissioner, Attorney General, one member of the Chamber of Commerce and one member of the Executive of the Kakamega Miners' Association.

The Chairman asked miners to submit suggestions to the committee, and if they felt they were unable to supply the suggestions, they should take direct to the committee.
