# EUROPE I HACKET TESTING FAILURE

CLASH of views over the proposed European Community treaty has led to a series of tests in the Hackett system, which is the basis of the treaty.

The tests have shown that the Hackett system is not suitable for the proposed treaty.

The results of the tests have been disappointing and it is clear that the Hackett system will not be used.

The failure of the Hackett system is a major setback for the proposed treaty.

It is now necessary to find an alternative system for the proposed treaty.

The search for an alternative system is well advanced and it is hoped that a suitable system will be found.

# U.S. MOVE TO ALLOW NEGROES TO VOTE

THE United States Department of Justice has asked the Federal Court in Jackson, Mississippi, to order the state to allow Negroes to vote.

The Justice Department has said that the state's constitution is unconstitutional because it denies the right to vote to Negroes.

The Federal Court has agreed to hear the case and it is expected that a decision will be made in the near future.

The case is one of the most important in the history of the civil rights movement and it is expected that it will have a major impact on the rights of Negroes.

**ARE ALL BATTERIES ALIKE ?**

Not quite. They look the same, but that's where the similarity ends. Underneath the cover of the Hitachi UM-1(H), for example, are six steel-like shields which completely seal off the battery from the outside. This makes it 100 per cent leakproof and gives it a much longer life. Look for the name Hitachi and buy with confidence.

# SPRINGBOKS W

**Kongonis enjoy a run glut**

**A PLUMB wicket and fast bowled led to a run glut and drew in the Kenyan match against the British at Beckenham on Sunday.**

Kenya made 201 for seven wickets and in reply England took 172 for five.

Stanford Bank was the best bowler for Kenya in a game which lasted for 100 minutes. He took four wickets for 22 runs. C. Bennett and J. Park also took wickets and the Kenyan bowlers took 170 runs for six in all.

Kenya then tried to tempt the visiting batsmen and the captain did not make an all-out effort to get runs and the batsmen reaped the benefit. For Kenyan batsmen were in the mood for 27 boundaries and 50 fours and five sixes.

# Parfitt and Parks fail gloriously

**Some great batting bats in the order failed to save Kenya from defeat by South Africa in the second Test match at Nottingham yesterday.**

Peter Parfitt, 88, and Jim Parks, 41, did not make 50 as a run a minute in a glorious eighth wicket innings and earlier batting failures had made England's task virtually impossible. The second innings ended at 228 and South Africa won by 94 runs. The victory, which put South Africa one up in the three-test series, was the first scored over England in their last 15 test matches.

# STAGE STAGES

## FESTIVAL OF SPORT

ONE of the biggest festivals of sports ever staged anywhere in the world will take place at London's Earls Court Palace recreation ground during today and tomorrow nights, August 21. The programme includes boxing, football, basketball, tennis, and other sports, such as swimming, soccer, hockey, lawn tennis, badminton, and table tennis.

**Spinners not good enough**

A lack of top-class spinners contributed to the defeat of the England cricket team in the first Test match against Australia at Edgbaston, Birmingham, on August 19. The England captain, John Edrich, said the spinners were not good enough.

The New Zealanders were only three of their 23 British cricketers during the three-rounder series, and only four of their 11 batsmen were in the side.

## DESIRE FOR UNITY RESTATED Kenya seeking talks on co-operation

DECLARATION was given by a Kenya Government spokesman last night in the statement made by President Nyerere of Tanzania in opening the Central Legislative Assembly session in Dar es Salaam on Tuesday.

The spokesman outlined repeated efforts made by Kenya to overcome the increasing difficulties in economic co-operation in East Africa, and to arrange talks between Ministers on the problem.

He said the Kenya Government welcomed President Nyerere's "frank statement" and endorsed the need for an early resumption of measures for economic co-operation. This should be concerned also with strengthening the East African Common Market and exploring opportunities for co-operation with neighbouring countries outside East Africa.

The statement said: "The Kenya Government fully shares the belief that every effort must be made to maintain East African economic unity and common services. It also believes that there is an urgent need to work out realistic arrangements for economic co-operation and joint action and believes there is a need for a frank and realistic appraisal of the situation."

### Kampala Agreement flouted

The failure of the existing machinery and institutions to harmonize economic interests and plans of the three states in East Africa led to the establishment of the Kampala Agreement recently.

But this was an effort aimed at solving only a part of the problem in our efforts to co-operate. Even before the Kampala Agreement began to be implemented and...

## Conflicting claims on Kashmir

ALL-INDIA Radio said yesterday that Indian forces had inflicted heavy casualties on Pakistan "volunteers" in Kashmir on Tuesday night, while the characteristic "Voice of Kashmir" radio claimed that "Freedom Fighters" in the Indian-occupied part of Kashmir had killed three Indian Army brigade headquarters and cut off supply routes.

All-India Radio said protesters were killed and Indian soldiers were very tight. But news of communication were cut off and Indian soldiers had withdrawn in some spots.

The Kashmiri population had been divided into two groups, the Indian-occupied part and the Pakistan-occupied part. The Indian-occupied part was under the control of the Indian Army, while the Pakistan-occupied part was under the control of the Pakistan Army.

# Earnings brighten gloomy future' of E.A.R. and H.

"A gloomy future", which it was feared faced East African Railways has not materialised thanks to unexpected help from the members of the Communications, Mr. Mwangumba, told yesterday's session of the Central Legislative Council in Dar es Salaam.

Mr. Mwangumba, who was presenting the Supplementary Estimates of E.A.R. and R. for 1965, said he was requesting authority for additional expenditure of £2,277,577.

"I wish to make it clear at the outset that this does not mean that the total expenditure included in the estimates for 1965 has been exceeded. It does not."

When the 1964 estimates were approved by this Assembly the sanctioned expenditure included in the expenditure Bill was £27,677,663. The actual expenditure during the year was £25,600,547. Expenditure was therefore £2,077,116 less than authorised.

### REASON FOR EXTRA ESTIMATES

Members may well ask all the expenditure for the year is £2,000,000 less than authorised, why it is necessary to present Supplementary Estimates.

The reason is, of course, that while expenditure on some heads has been less, expenditure on others has been more. On those heads where the expenditure has exceeded the amounts authorised in the original estimates, it is necessary, in order to regularise matters, to obtain the sanction of this Assembly to do it.

When the 1965 estimates were presented to the Assembly last week, Members will recall that a rather good margin was presented on the total of £2,000,000. At that time it was anticipated that the year's just ended would be a year of just one or two million over the original estimate. The total of £2,000,000 was made up of a balance of £1,200,000 and a deficit of £1,800,000. The deficit of £1,800,000 was made up of a balance of £1,200,000 and a deficit of £600,000.

## S. RACIAL RIOTS UNABATED

### Child killed by sniper brings toll to 26

Sniper and flames continued unabated over the week-end in Los Angeles, California, as the death toll during the Negro riots rose to 26, with the senseless death of Bruce Moore, a five-year-old boy, who was shot by a sniper as he sat with his mother on the lawn in front of their house.

The sniper also wounded Bruce's brother, Scott, aged three. Other snipers, using weapons and ammunition looted from war surplus materials shops, pinned down firemen fighting a blaze set by other rioters.

National Guardsmen and police called to their aid, were themselves forced to take cover, but finally managed to cover the withdrawal of the firemen with tear gas.

One Negro rioter was killed on Saturday night when he failed to obey a command to hold at a National Guard blockade. Another National Guardsman killed a Negro who was looting a liquor shop.

### Still snipers on roofs

The National Guardsmen, moving through Los Angeles in battle formation, by late on Saturday had managed to compress the riot into the 10-square-mile area called Watts, the Negro district where the rioting began in stilling summer heat on Wednesday night.

Rioters were no longer roaming the streets in mobs, but snipers were still on rooftops and dozens of firms started by Molotov cocktails, continued to burn.

The Chief Coroner, Mr. Richard Brown, who has directed the investigation, said that just west of martial law — just east of the drive to quell the riot.

The Watts section, west of the city center, was a residential area of 4000 families, with a population of 100,000. It was a black ghetto, with a high unemployment rate and a high birth rate.

## E.A.C.S.O. UNION MAY JOIN POST STRIKERS

FAST African Common Services workers may be on strike tomorrow and 50 per cent of the total postal staff in Kenya and Uganda — who are expected to be absent from work today.

The Common Services African Civil Servants' Union is holding an emergency executive council meeting tonight to discuss bringing out its members in sympathy tomorrow.

The union's general secretary, Mr. P. P. Collyer, said the strike would paralyze air communication in East Africa and neighboring territories and also would affect E.A.C.S.O.'s meteorological, income tax and agricultural labour force.

Other workers were due to go on strike at midnight last night, but the strike was called off by the Kenya Minister for Labour, Mr. Ngina Kavutu, who said that the strike would be a disaster for the country.

The strike would be a disaster for the country, as it would affect the postal service, which is essential for communication and the transport of mail.

## Srinagar put under curfew after blaze

A CURFEW was clamped on all Srinagar, Kashmir, last night while Indian security forces combed the city for suspected Pakistani saboteurs. The move came in the wake of fires which swept three areas of the Kashmir capital's Batmalia suburb on Saturday night leaving 210 families homeless.

Indian forces inflicted at least 50 casualties on troops who tried to clear the Kashmir curfew line under fire from the city on Saturday, according to an Indian spokesman said.

The spokesman said a helicopter was shot down in the city on Saturday, but the Indian forces were able to clear the city of the suspected saboteurs.

## RIOTING SPREADING IN U.S.

### Los Angeles death toll reaches 30

RIOTING, looting and burning spread terror to the White suburbs of Los Angeles and other California cities yesterday. Thousands of people fled the Watts Negro district — centre of the past five days of rioting — under tight control during Sunday night.

### INDIANS TO FIGHT RACE HATE IN BRITAIN

Indian leaders in Britain have decided to lead a peaceful march against racial discrimination in the form of a 'march of peace' in London. The march is a speciality of a group of Indian students who will be in London for a year.

But a rampaging mob attracted police in the Long Beach coastal area, 15 miles South of Watts. One policeman was shot dead — bringing the riots death toll to 30 — and another seriously wounded. Molotov cocktails were hurled from cars at Los Angeles in a White Los Angeles neighbourhood and a fire-bomb was reported in the Hollywood film area. Further riots were not alone in the suburbs of Wilmington and near Central Los Angeles.

In San Diego, Southern California's second city, Negroes rioted through a 20-block area. A White man was stabbed and three shops set ablaze.

### Guns fired at homes

In San Bernardino, 60 miles east of Los Angeles, police fought against white-rioting mobs and Negroes were reported to be firing guns at suburban White homes in San Fernando Valley.

Police and National Guardsmen were called to other areas, police and troops.

Angry Negro crowds, some of earlier rioting, it was reported, came on Sunday night, many roadblocks controlled all traffic.

After 8 1/2 days of the riot, the city area, the Greater Watts area, was still under a curfew. The rioting continued but was contained under control. Although the rioting was contained under control, it was reported that the rioting was still going on in some areas.

## R.H.S. New shapes in steel from Stewarts and Lloyds

R.H.S. means Rectangular Hollow Sections. These square and rectangular sections made by Stewarts and Lloyds combine light weight with high strength. R.H.S. are changing the face of many architectural and structural projects—schools, universities, multi-story blocks, gates, bridges and mechanical handling equipment. In building projects, they reduce on-site working and loading to a minimum and allow clean, modern designs to be produced with the minimum of effort. In addition, R.H.S. reduce installation and maintenance costs on this kind of work. Anyone interested in the factors of building and structural engineering should know more about these new shapes in steel. For the full story, write to Stewarts and Lloyds.

POST OFFICE STRIKE ENDED 24 killed in two-bus collision

Minister declares stoppage illegal

More than 5,000 workers stopped work during the dispute which seriously disrupted postal services throughout the two countries.

In a statement, the Minister said that the matters to which the dispute related had been settled by a decision announced on June 24 this year of the Staff Tribunal Authority. But the union claimed that the decision was not binding.

Appealing to the strikers to return to work, the union's secretary, Mr. Chadwick Adams, told them their new treaty to Congress.

Union orders return to work

The dispute arose because of the failure of the Posts and Telecommunications Administration to implement the recommendations of the staff tribunal.

24 killed in two-bus collision

Twenty-four people were killed and 23 injured when two buses collided head-on near Butaru on the Nairobi-Thika Road early yesterday.

Some of the injured were in a serious condition, one on the danger list at Kenyatta National Hospital, Nairobi.

The collision took place on a narrow road, one of the main roads in Kenya.

# 1000 sti need to be housed in Nairobi

Nairobi City Council has built more than 5,000 houses in the last few years, a comprehensive check during 1934 showed that still needed housing is 1,000 in the annual report of the Social Services and Housing Department. The shortage was particularly acute among the low income groups and the unemployed. To combat this local and security situation threatened by illegal squatting on Government or private land, the council launched site and service schemes.

## Security forces kill 31: 56 surrender

gangs in the Eastern and North-Eastern Provinces, suffered heavy losses during the campaign during July when 31 gang members were killed, seven shifts were captured and a total of 56 shifts surrendered to the security forces; making a grand total of 94 shifts of action in addition to those who were wounded and captured by patrols of the Kenya Police, Army and Tribal and Defence.

The most important development during the month was the marked increase in surrenders, which reached their peak in a three-day period in mid-July when 29 shifts gave themselves up. Police authorities at Muddo Gushie in the Garissa District of the North-Eastern Province recorded 39 surrenders during the month, most of them from one of the known 'top' gangs of the campaign.

Among those who surrendered was a former district assistant from Waic and a former Kenya police constable who became a gang member shortly after leaving the force.

Three men and a woman who were recruited and captured by security forces after a raid on Lare Township in Lare appeared before Magistrate in late July on charges of being terrorists. Two were sentenced by the court to imprisonment and two to five years. Nine boys were sentenced to three years' imprisonment each at the same sitting for aiding whites.

### Arms and ammunition recovered

As well as losses of personnel, the shifts have also been deprived of the use of various rifles, pistols and shells and 300 rounds of ammunition which have been recovered by the security forces. Some of the guns and ammunition were handed over by those who surrendered.

Also captured were a rifle barrel and a quantity of ammunition recovered from the British and American forces. The British and American forces have also recovered a quantity of ammunition recovered from the British and American forces. The British and American forces have also recovered a quantity of ammunition recovered from the British and American forces.

There were only seven shifts in the area which were active during the month, and of these only two were active during the month. The other five shifts were active during the month.

Four shifts were active during the month. The other two shifts were active during the month. The other two shifts were active during the month.

**TANZANIA TO MAKE HER OWN BISCUITS**

TANZANIA has set up a plant for the production of biscuits in Dar es Salaam. The new plant, established by the National Biscuit Manufacturing Co. Ltd., is expected to start production in the near future. The plant will produce a variety of biscuits, including plain, chocolate, and fruit-flavored biscuits. This is a significant step towards self-sufficiency in the food industry.

**New venture for Nairobi**

The East African Bank has announced a new venture in Nairobi. The bank is planning to launch a new service aimed at providing financial support to small businesses and entrepreneurs in the city. This initiative is part of the bank's commitment to economic development and financial inclusion.

**FIXED QUOTA PRICES**

The world's top coffee prices are expected to remain fixed under a new quota system. This system is designed to stabilize the market and ensure a steady supply of coffee to consumers. The fixed prices will help producers and exporters manage their risks and maintain a consistent flow of goods.

# PAKISTAN'S YOUNGEST TEAM

## Not upset by newspaper criticisms

WHAT was regarded as a poor reception was extended to the visiting Pakistan cricket team at the Karachi Airport when they arrived on the evening of Oct. 10. It is the youngest team ever to be selected for Pakistan, but its secretary, the president and captain of the Karachi Hockey Union and secretary of the West Y. hockey association.

They were met at the airport by one member of the team, who was the only one to be greeted by the press. He was the only one to be interviewed by the press.

The team's arrival in Karachi was a surprise to many of the Pakistanis on the ground, who were expecting to see a team of players from the West Indies, who had been touring the country, which is all set to receive the opening of the hockey touring party from the West Indies in the 1968 Olympics.

The tour of the West Indies is expected to start in 1968, and will last for 12 weeks, with a break in the middle of the tour at 17 Lanes, where a test match will be played between the two teams.

**More confident**

The reports appearing in the Pakistan papers have not upset the team and its secretary, who says that the team is confident and ready to play the best hockey in the world.
