SIR EVELYN KEENE'S FULL CONFIDENCE

Iceland to seek U.N. ruling

FUTURE OF IONIAN ASSURANCE given on British connection

JUDGE the future of Kenya on evidence given by Sir Evelyn Keene was the challenge issued by the Governor, Sir Evelyn Keene, in a speech at Mombasa at the beginning of his visit to the Coast, the Governor gave his reasons for "wild growths for evidence".

It had been convinced that no Government, either in Kenya or Britain, would sacrifice the interests of any one minority—either now or in the future, for the children of European Africa and Asia's all belong to the country and, in his view, will remain here; the Governor said.

Among reasons which inspired confidence were the assurance given by the Colonial Secretary on the continuation of the Colony's connection with Britain and the policy held of the Colonial Secretary and the Kenya Government to ensure that individual rights of private property are respected.

Pledge to Masai on Amboseli rights TRIBE CONGRATULATED

An explanation of the Kenya Government's decision to grant the Masai the right to occupy the Amboseli National Park has been given by the Minister for the Interior, Mr. W. O. Nyamwaya, in a speech made at the Masai Tribal Council meeting held in Nairobi on September 14.

Mr. Nyamwaya stated that the Government's decision was a result of the Masai's long and honorable history of peaceful relations with the Government and their loyalty to the British Crown. He said that the Government was pleased to see the Masai's progress in the past few years, particularly in the field of agriculture and stock raising.

The Minister said that the Government was determined to ensure that the Masai's rights and interests were protected and that they would be able to continue to live and work in their traditional lands. He said that the Government was pleased to see the Masai's progress in the past few years, particularly in the field of agriculture and stock raising.

AGRICULTURAL SHOW SUCCESS AT MNACHO

The Agricultural Show held at Mnachochi on September 12 and 13 was a great success. It was the first time since the independence of Kenya that such a large number of people had gathered in the area to see the exhibits and to enjoy the entertainment.

The show was held on a large area of land which had been cleared and fenced off. The exhibits were arranged in a series of rows and included a wide variety of crops and animals. There were also a number of stalls where the exhibitors sold their produce.

The show was a great success and it was a pleasure to see so many people enjoying the exhibits and the entertainment. It was a good day for the community and it was a pleasure to see the progress that has been made in the area since independence.

TO WORKERS

PRIMARILY IN THE

INDUSTRIES OF

LABOR

The American Federation of Labor has announced that it will support the passage of a bill in the House of Representatives which would give workers the right to elect their own representatives to the National Labor Relations Board.

The bill, introduced by Representative Charles McNary, of Oregon, would give workers the right to elect their own representatives to the National Labor Relations Board. This would be a significant step towards giving workers more control over their own destinies.

The bill would also give workers the right to elect their own representatives to the National Labor Relations Board. This would be a significant step towards giving workers more control over their own destinies.

THE I.C.A. STORY

I.C.A. does not stop engine deposits. Nothing can do that. But it neutralises them as they form in the combustion chambers and on the spark plugs of your engine. This prevents them glowing red-hot and firing the mixture independently of the spark—the cause of power loss and rough running. Thanks to I.C.A., your engine will always give you full performance and run more smoothly.

£50 fine for food handlers

NEW CITY BY LAWS

Under the provisions of the new City By-Laws, any food handler who fails to wear a clean white apron and a hair net or cap, may be fined £50. The by-laws also require that all food handlers must wear clean white gloves when handling food. The new regulations are designed to ensure the highest standards of food hygiene and safety.

The City Council has announced that it will be enforcing these new regulations strictly. Any food handler found in violation of the by-laws will be issued a notice to appear in court. The council emphasizes that these measures are essential for protecting the public's health.

Apathy threat to Kenya teachers' association

Kenya's teachers' association is facing a serious threat of apathy among its members. The association's leadership is concerned that many teachers are not participating in the organization's activities, which could undermine its ability to represent the profession effectively. The association is currently working to re-engage its members and strengthen its ties to the teaching community.

Mail stores hits Kericho area

Mail stores have been hit by a recent outbreak of a disease in the Kericho area. The disease, which is highly contagious, has caused several deaths and is spreading rapidly. Health officials are working to contain the outbreak and provide medical assistance to those affected. The situation is being closely monitored by local and national health authorities.

The district's population is approximately 100,000. The outbreak has caused significant concern among the community, and many people are seeking medical help. The health department is providing information on how to prevent the disease and what to do if someone becomes ill.

MORE THAN AVERAGE RAIN DURING AUGUST

West area mainly affected

Rainfall in the West and Hill Valley districts of Kenya during August greatly exceeded the normal average for the month. This is due to a combination of factors, including a strong monsoon season and a lack of drought conditions. The heavy rain has benefited the agricultural sector, particularly in the West area, where crops are thriving. However, some areas are still experiencing drought, and the government is providing relief to those affected.

SEVEN NAVAL ROLES FOR ALEC GUINNESS

A MAN with centuries of naval tradition in his family who is captain of the sea. This is the historic portrait of Alec Guinness's new comedy, **ALL AT SEA**, on Embassy Michael Balcon production which opens in the Capital, Raiton's east boxes. In it Guinness plays a number of parts in an amusing comedy against Noel Coward and Constance.

In addition to portraying Capt. William Hennessy, Guinness' last character is a hard line of an officer, his Uncle Admiral Hennessy. He also appears as one of his quartet members—from a British Army Sergeant through

and appears to be a member of the crew. On the night his home was the Grand National, the wife, played by Miss Joyce Grennell, died due to her lover's car accident. Guinness's part is played as the number one, and he is a bit of a fish out of water in a British Army Sergeant's uniform.

DRIVEN

The second look of the year has been made for me in the second film of the year. It is about the Near the Water.

Based on William Hennessy's novel, *Driven*, the film is a comedy based on an "O'Brien" type of story. The film is the historical story was written by Charles Bennett and directed by Noel Coward. The film is a comedy of a British public relations officer in a British Army Sergeant's uniform.

Looking at the world through a child's eyes

PERSONAL APPROACH IN ART TRAINING

A BOY sat in a schoolroom carefully copying the plaster cast in front of him. Suddenly the side-whiskered grammar school master in mortar board and black gown flicked the pencil from the boy's hand. "Hold your pencil lightly. A freed - as it is called - is lighter than when you grip it from your hand it will not work the paper."

The boy, who has dreamed to become President of the Royal Academy, managed to retain through these four weary hours in the vast of the cast some enthusiasm for his art.

It seems, however, that the method of art instruction in which boys were taught before war was more liberal than the one now prevailing. The subject, then, and not the hand, is the aim of the modern schoolmaster. The aim of the modern schoolmaster is to give the child a personal approach to his art. The aim of the modern schoolmaster is to give the child a personal approach to his art.

WE TORTURED A FIRESTONE TUBELESS TYRE to prove you're safe in a "tight corner"

Just's here. A Firestone Tubeless Tyre was mounted on the front wheel of a car and inflated to only 2 lb. air pressure - 1 lb. less than normal. The car was then driven at high speed on a tight curve. All the time was put on that one front tyre with the terrific centrifugal force trying to tear the tyre off the wheel. At this extremely low pressure the tyre was so distorted that it was actually riding on the sidewall and, at times, the rim flange dug into the tread surface. But it did not lose one single ounce of air pressure! This proved that even under torturing conditions, never to be found on the road, Firestone Tubeless Tyres continue to keep the wheel firm and keep you safe in a "tight corner."

by use of an ordinary air-venting cold patch - or on the wheel with a self-venting patch. It's much easier than repairing a tube.

WHAT ABOUT RE-TREADS? Because there is no separate tube to build up heat Firestone Tubeless Tyres run cooler and Firestone's exclusive Gum Dipping and Frisk Tempering process considerably lengthens the life of the cord body - allowing you to re-tread again and again.

WHAT ABOUT MILEAGE? The secret of longer mileage lies in Firestone's cold rubber tread formula available ONLY on Firestone Tyres.

APPROVED FIRESTONE TYRE SERVICE

Look for this sign when you need repairs - and get the job done right.

Football Fulham unbeaten

Charlton No

FULHAM, the only club to escape with a 100 per cent record in League Division Two, have beaten Charlton Athletic 2-0 at home.

The victory, which came in the 11th round of the season, was a significant one for the club, as it has now won 11 of its 12 home games.

The goals were scored by Alan Hogg and Alan Hogg.

Rest of the sport in brief

THE following are brief reports of other sports news:

Boxing - New Zealand's top boxer, Alan Brown, has won a 10-round decision over a 140 lb contender, Bob Dwyer, in a contest which was held at the Royal Albert Hall, London.

Cricket - The England cricket team has been named for the tour of the West Indies. The team will consist of 15 players, including the captain, Ian Botham.

Football - The Football League has announced that it will be introducing a new rule for the 1976-77 season. This rule will state that a player who has been sent off for a second yellow card will be suspended for one game.

Pig foot research
find uses for surplus maize

Good news
 The Department of Agriculture has announced that it has developed a method of using surplus maize for pig feed. This method involves the use of a special enzyme which breaks down the cellulose in the maize, making it more digestible for the pig. The result is a higher yield of meat and a lower cost of production. This is a significant advance in pig husbandry and will benefit the farmer and the consumer alike.

High intakes
 During the last week, the average intake of pig feed was 120 lbs per pig per week. This is a significant increase over the previous week, indicating that the pigs are in good health and are eating well. The increase in intake is due to the improved quality of the feed and the better management of the pigs.

Average feed
 The average amount of feed consumed by a pig per week is 120 lbs. This is based on the average weight of the pig and the amount of feed it requires. The amount of feed consumed varies depending on the breed of the pig and the stage of its growth.

Overall cost
 The overall cost of pig production is a significant factor in determining the profitability of the business. The cost of feed is the largest component of the total cost, and it is important to find ways to reduce this cost. The use of surplus maize as pig feed is one way to do this, and it is a method that is becoming increasingly popular among pig farmers.

SILLY STANLEY STARLING FOUND HOME THE BEST

By ANN PERRY

The village of Cradley Green lay sleeping in the afternoon sun. Everybody in the village was resting just as the sun and birds were closing in the fields. All except Stanley the starling who was peering up and down the brook, muttering under his beak, "Why don't the place here up a bit?"

"I'm anxious of with this dull life. All we see here is the occasional sparrow, whereas the city birds are surrounded with interesting things. I've been here for a long time, but I'm getting bored. French and English experts agree on beauty problems

By ELIZABETH KEYSON
IF A WOMAN were depressed about her face for a year or so, she would, and could, choose only one cosmetic, whether once said that an English woman would choose powder, and an American woman a lipstick, but the French woman would plump for a good skin cream, as an insurance for the day when she would be able to make up her face again.

THE CAR CLINIC

A PURVIEWER's question from a reader is answered by technical experts in our Car Clinic Column today.

OIL CONSUMPTION

During the first 1,000 miles of oil for each 500 miles I consider it a high consumption. Can you give me advice on this matter?

There is little doubt that many people begin the selection of a car engine by the amount of horsepower it is capable of carrying. It is important to know, however, that the reliability and efficiency of an engine is not necessarily related to its horsepower. A new motor-car, however, the moving parts do not reach their optimum efficiency until a certain number of running-in miles. Prior to this running-in period the engine has a tendency to consume more oil than is normal.

TEN-YEAR QUEST FOR WORLD RACING TITLE

STYLING HOODS, the British racing driver who has been nominated for France in the world championship in the past three years, writes about his ambition to win the title.

UNTIL now I continue to stagnate in my job, but since winning the leader of my profession, the celebrated five thousand of the world's best drivers, I have been the back clerk of a business of his own size. In the world of sport, the world's greatest prize is the world championship, which is the only one that is not won by the victor of the Grand Prix. In my own profession, the prize of the world is the world championship, the prize of the world.

If it were now or then I get my rightfully earned prize, I would not be disappointed. I was in and making my motor-car debut at the wheel of a 1916 Buick. I was in and making my motor-car debut at the wheel of a 1916 Buick. I was in and making my motor-car debut at the wheel of a 1916 Buick.

The championship, nothing less would do for the way I had to go to a Grand Prix, the British Grand Prix, all three at the wheel of a 1916 Buick. I was in and making my motor-car debut at the wheel of a 1916 Buick. I was in and making my motor-car debut at the wheel of a 1916 Buick.

FOUR-ONE HOPES

With the Japanese at the peak of their race, British was not in a position to make any serious attempt to win the world championship. It was not until the Japanese were beaten at the wheel of a 1916 Buick.

STYLING HOODS

STYLING HOODS was presented with the Red Bull Trophy for 1929, the British Grand Prix nomination to take part in driving the British Grand Prix in the Grand Prix of Europe at Avon, England, in 1930.

VARWALL HEADS

Winning a world championship event still escaped me. I was in and making my motor-car debut at the wheel of a 1916 Buick.

TRAINING COURSE SOLVES PROBLEMS FOR YOUTH HOSTELLERS

By WILLIAM HARRIS

SIZES of national hostelling courses for youth hostellers arrived in a timely fashion for the members of the Capital Hillside Association of Young Adult Scouters and Leaders.

The day was an excellent one for the hostellers. They had just spent two weeks attending the course...

When I arrived at the hotel I found it was a very nice hotel with a nice breakfast...

Accommodates 16... The day was an excellent one for the hostellers...

Warnings given... I had finally done the group who were patiently waiting...

Good pitching... About six boys were on the mound and the boys in charge...

90-minute march... My Pioneer group was in the front of the parade...

Other essential... It was a pity that the boys in the front of the parade...

The know-how... Although I was not a Scoutmaster and I was not a Scoutmaster...

Learning the correct way to travel on foot... get fit in pioneer style

Tough at the top

ASPECTS of the top hotel... Capt. A. F. Bremer of the 11th U.S. Army...

Other essential... It was a pity that the boys in the front of the parade...

The know-how... Although I was not a Scoutmaster and I was not a Scoutmaster...

He always uses **LIFEBUOY TOILET SOAP**

Some people are too tired to play tennis, but he's always ready for a game. You'll feel better too, every time you freshen up with Lifebuoy Toilet Soap. And that lively feeling lasts much a long time. Lifebuoy's rich lather gets rid of all traces of dirt and stale perspiration and leaves you cool, so delightfully cool. Be sure of all-day Lifebuoy Toilet Soap.

What a wonderful start to the day a fresh cup of coffee makes... or at the end of the day for that matter. Enjoy the delicious aroma and full-bodied flavour of Brooke Bond's 'Play-a-minute' packed coffee.

MUTHAIGA PUT UP HARD FIGHT

One match halved with Springboks

MUTHAIGA Golf Club turned out a very strong side to oppose the South African amateur golfers and with the latter perhaps a little aided as a result of their strenuous itinerary, some close and interesting games ensued. The Springboks won by two matches to nil with one match halved.

Play was by fours and the R.G. Taylor was of La Bona and the South African and the two on the course against A. Rough and W.G. Greig. The Muthaiga better ball score of 28 for the first nine holes was followed by the South Africans but one up and they were further ahead at the 11th when the Muthaiga golfers failed to get their best ball in the hole and by Taylor at the end of 18. The Muthaiga 2-1 REVENGE

Muthaiga golfers had their revenge yesterday, when they beat the South Africans by two four-ball matches to one.

The 18th finally won the fate of the Muthaiga partnership, although Oldie made a hero's last day to keep the game alive with a splendid two at the 15th to match Taylor's heroics. The tourists completed the round and had the better ball score of 28 for the second nine.

A. Walker and A. Stewart had a rather roval with B. V. Montgomerie beginning with a fourth of three threes to the side and up. Stewart taking back with a nine ten with short second hole.

Sturdies by Stewart at the 18th and seventh last the Muthaiga in front but the South Africans
