# WEST INDIES WIN IN TWO DAYS

## Boasting man trundles Yorkshire

With a stay to spare and three wickets in hand the West Indies sporting team recorded their first victory when they defeated the Yorkshire at Leeds.

## Leicestershire beat Glamorgan

LEICESTERSHIRE won the first of their three matches in the English cricket season when they defeated Glamorgan by six wickets at Worcester on Friday.

Glamorgan came out again today with a strong batting line-up, but Leicestershire's attack was too good for them. The Leicestershire batsmen, led by Barry and Llewellyn, scored 101 runs, while the Glamorgan bowlers were unable to take more than 10 wickets.

The Leicestershire batsmen were helped by the fact that the Glamorgan bowlers were unable to take more than 10 wickets. The Leicestershire batsmen were helped by the fact that the Glamorgan bowlers were unable to take more than 10 wickets.

### The fast men

Where did the John Goddard had a great day on the opening match of the season at Worcester. The fast bowlers were helped by the fact that the Glamorgan bowlers were unable to take more than 10 wickets.

## DEBATE ON ROAD AUTHORITY

### Before Council this session

**KENYA LEGISLATIVE COUNCIL** is to debate the setting up of a Road Authority during the present session. The acting Chief Secretary Mr. C. H. Thornley, has given notice of motion which reads as follows:

It is resolved that the Council accept the proposal of the Hon. the Chief Secretary that the Road Authority be set up on the basis of the proposals of the Hon. the Chief Secretary, subject to the following resolution:

"Furthermore, this Council is of the opinion that there should be established a Road Panel within the existing Finance, Public Works and Transport Committee, to be administered by the Road Authority, to advise the Council on all matters relating to the development and reconstruction of roads in Kenya, and to control and supervise the expenditure of moneys on roads of all public roads."

**1964 report**  
The Road Panel report issued in May 1964, recommended the setting up of a Road Authority and the establishment of a Road Fund segregated from the general revenue and expenditure accounts of the Colony.

Functions of the Road Authority, it suggested, should include the development and reconstruction of roads, the control and supervision of the expenditure of moneys on roads of all public roads, and the supervision of the construction and maintenance of roads of all public roads.

The new Member for Nairobi North, Mr. J. M. O'Riordan, said that he intends to ask the Government to refer the proposals to the Legislative Council for its consideration. He said that he would like to see the Road Authority set up as a statutory corporation, and that it should be able to raise moneys from the sale of road-side advertising space.

# BAILEY'S BOWLING BEAT GLAMORGAN

**Amazing after-tea spell of 5-14-37**

Monday's cold and dull conditions contrasted sharply with Saturday's sunshine in which the present series of first-class cricket matches began.

By the England and Essex amateur fast bowler, Trevor Bailey, evidently found fault with the hilly and seasonally brought about the defeat of Glamorgan, on two days.

**Stubborn fight by Surrey at The Oval**

SURREY resumed its stubborn mood in the first of the two days when they were forced to play the second of the match with the rain. The first innings was a 100-run battle, with Surrey leading by 111-3 at the end of 40 minutes later for 100.

In his first innings, Bailey bowled the match in Surrey's favor, and he took a wicket with the first delivery of each of his four overs. He bowled the last over for the innings was 111-13 at the end of 40 minutes later for 100.

**Somerset's fight**

Midweek that enjoyed a good day, but it was a 100-run battle with the rain. The first innings was a 100-run battle, with Somerset leading by 111-3 at the end of 40 minutes later for 100.

**A quick century**

Surrey resumed its stubborn mood in the first of the two days when they were forced to play the second of the match with the rain. The first innings was a 100-run battle, with Surrey leading by 111-3 at the end of 40 minutes later for 100.

**A poor day for overseas golf challengers**

HOMELAND players may well consider they had the best of the argument when the British women's golf championship opened at Newcastle, County Down, Northern Ireland on Monday.

**Surprise defeats**

One of the best of the second round games was, undoubtedly, one between Scotland and a German winner of the British girls' title. The match was a 100-run battle, with Scotland leading by 111-3 at the end of 40 minutes later for 100.

# BLACKMARKET IN BRITISH FOOTBALL STARS EXPOSED

**More may defy F.A. to follow Franklin**

A "BLACK MARKET" in British football players - with foreign agents touring the country offering tempting £300,000 contracts - has been brought to light by the so-called flight of Neil Franklin and George Maudford of Stoke City to play in the close season with the Santa Fe F.C. of Colombia.

At least three more famous British players are expected to follow the example of Franklin and Maudford in leaving the country to accept British offers. They are already in the hands of foreign agents, and it is expected that they will be offered £250,000 to £300,000 a season, besides £50,000 to £100,000 a week for the two-week season for their families.

**Gordon's Derby possibilities all given prices**

THE Age Khan's two entries, Eric and Fred, are expected to win the Derby. The odds are 10/1 for Eric and 10/1 for Fred.

**First move to bring Germany into Olympics**

THE International Olympic Committee has decided to accept the German Olympic Committee's application to bring Germany into the Olympics.

# KENYA DEVELOPMENT PLANS ARE CRITICISED

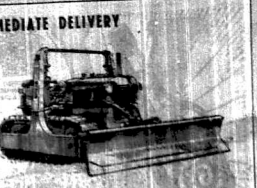

**AT** the annual general meeting of the African Development Organisation, held at Thornton's Falls, there was considerable discussion of the D.A.R. programme and of the plans of the Government which, it was stated, existed in their previous form so far as the productive services are concerned.

On behalf of the Organisation, Mr. W. P. McCallan proposed that Kenya's D.A.R. programme generally speaking was inadequate and outlined a number of points which should be revised forthwith, with special reference to greater provision of agricultural income-producing activities.

Mr. McCallan referred to a statement which had been made in the past that unless drastic action was taken the country would be unable to support more than 100,000 people in 1960. According to D.A.R. plans, it would have a population of 2.5 million in 1960 and a half million more in 1970. It was stated that the Government was aware of this and that it was necessary to make for income-producing activities.

The speaker stated that the Government's programme was inadequate and that it was necessary to make for income-producing activities.

**Yellow fever investigation in C. Africa**

THE major medical specialists will this month begin probing the possibility of a yellow fever outbreak in the Central African Republic.

Dr. F. S. Hagan, Director of the Tropical Institute of Agriculture and Forestry, has already arrived in the Territory and will shortly be leaving for the various islands which are the main primary sources of the type of mosquito.

Commissioning Dr. Hagan's visit, the Director of Medical Services, Dr. P. H. M. Smith, said in a news bulletin that it was hoped to view the situation in the Territory and to make a preliminary survey for the Central African Republic.

While Dr. Hagan was in Northern Rhodesia, he was invited to hold a meeting of the Standing Medical Council, Central African Council, at Lusaka. Dr. Hagan said that the latest news of the virus spread at the South African Institute for Biological Research is to be sent to attend the meeting which will be held in the Territory.

The investigation is being carried out in the Territory under the supervision of the Tropical Institute of East Africa.

Dr. Hagan will advise this Territory of any developments which may be of interest to the Territory and will also be expected to collect any specimens of the virus in the country by sample surveys.

**TILES GAMBLE LIKELY TO PROVE EXPENSIVE**

ABOUT four million Mangoch tiles are being gubed up at the moment with scant prospect of any buyer.

East African Manufacturers have apparently heavily over-bought from Mangoch this year, and the situation for those who have invested large quantities of money in tiles is serious.

The regular and established importers of tiles in the Territory are the British and Colonial Manufacturers, British Mission, and the East African Tile Works.

Large quantities of cheap imported tiles have been dumped on the country this year, and in many cases it is understood that the importers are thinking of the country as a market for their surplus stock.

Kenya now produces its own tiles, and a group of local businessmen is planning to start a factory to turn out tiles more quickly and making a profit.

**Harvest hit**

The scheme for making of a first attempt to grow an export crop, is likely to prove an expensive failure at the same time, and the country has been a direr, on the market, with the price dropping to rock bottom.

Harvested hills of all have been those which are not yet ripe, and the crop has been damaged by a heavy rain which has caused a large loss of yield.

It has been a disastrous season for the crop, and the farmers who have been growing it are likely to be disappointed.

One of the reasons for this is that the crop has been damaged by a heavy rain which has caused a large loss of yield.

Harvested hills of all have been those which are not yet ripe, and the crop has been damaged by a heavy rain which has caused a large loss of yield.

**Three more St. John's Ambulance brigade groups at Eldoret**

ON Saturday, May 26th, Brigadier-General Sir Geoffrey D. Rhodes, Kenya Commissioner of the St. John's Ambulance Brigade, attended a ceremony at the Government Indian School, Eldoret, to enrol three groups of St. John's Ambulance Cadets.

These were the Asian Nursing Cadets, the Asian Ambulance Cadets (the first Division of Asian boys to be formed in the Colony) and the African Ambulance Cadets (the first Division of African boys to be formed by the S.J.A.B. in the Colony).

At present, Sir Geoffrey inspected the newly Ambulance Division, and announced Mr. Khan to be the first African member of the S.J.A.B. in the Colony.

Mr. Khan is a member of the S.J.A.B. in the Colony, and is a member of the S.J.A.B. in the Colony.

**A gallant enemy**

Not long ago an "East African Standard" reader, in a letter to the Editor, said that General von Lettow Vorbeck, who led the German forces in East Africa during the 1914-17 war, was now being used as a propaganda device by the laborer in Germany.

Some time ago, reader writes to the Editor, and says that he has written a book on the gallant enemy, and that he has written a book on the gallant enemy, and that he has written a book on the gallant enemy.

**Diarrhoea causes London dress circle flutter**

ELSA M. SANDERS' discusses modelling the modern way.

For many a day and evening, dresses in tan-colored shades are being presented to the fashion designer. In the evening, the dresses show a certain amount of drapery, and in the day, they are more simple, with a slight hint of the old-fashioned style. 'LAWRENCE WAS A GENIUS, BUT...'

Since the days of the great Romanians a new conception of the nature of genius has grown up. The classic type of genius is consummately represented by the illustrious church organist Johann Sebastian Bach.

Almost symbolical. Some of us are not so fortunate as to be a genius. The genius is a person who is not only a genius but also a man who is not only a man but also a genius.

# Politics are important in the animal world

Reporting a recent Paris conference a UNESCO writer tells how some animals become social insects.

If a beekeeper had watched the international conference held recently in Paris at the Sorbonne, he might well have thought he was attending a meeting of diplomats and economists.

The speakers were discussing the social life of bees, and the problem of the beekeeper. They were discussing the social life of bees, and the problem of the beekeeper.

This international conference in a country attracted scientists from Great Britain, France, Switzerland and Italy. The Social Behavioural Science Society, the British Psychological Society and the International Union of Pure and Applied Chemistry were represented.

During the meeting, most of the scientific work was done in the laboratory. The scientists were discussing the social life of bees, and the problem of the beekeeper.
