Pedestrian's Crossing Rights

An interesting case about pedestrian crossings has been heard in the Court of Appeal and has resulted in a ruling of importance to motorists.

Lord Justice Scott says that a pedestrian, even if willing to risk his own life, has no right suddenly to cross a road.

WHAT IS WRONG IN KENYA?

To the Editor, "E. A. Standard."
Sir—At the beginning of a year your leading article "Looking Back to 1938" in your issue of the 10th December is read in conjunction with the editorial "The Year that was" and I am compelled to say that I am somewhat surprised to find that you have not mentioned the fact that the Government has not only failed to do anything to help the people but has also failed to do anything to help the country.

The fact remains that the Colony is not progressing. I think we all agreed that the failure of the Colony depends primarily upon its economic development. It is not only the Government but also the people who are responsible for this failure.

The Agricultural Commission report, which was published in the "White Paper" in 1938, is a most interesting document. It shows that the Government has not only failed to do anything to help the people but has also failed to do anything to help the country.

The fact remains that the Colony is not progressing. I think we all agreed that the failure of the Colony depends primarily upon its economic development. It is not only the Government but also the people who are responsible for this failure.

Mr. De laet, H.M., and I talked in October 1938, and as follows:
The Commission considers that the Government should be held responsible for the failure of the Colony. It is not only the Government but also the people who are responsible for this failure.

Colony. We have African people who are not only the Government but also the people who are responsible for this failure.

At the same time, we have a Government which is not only the Government but also the people who are responsible for this failure.

THE EUROPEANS VS. ASIANS ANNUAL MATCH

Bowlers Dominate The Game On Both Sides

The seventh European vs. Asians cricket match, which opened at Parklands on Saturday, proved up to London expectations in that the Europeans failed to make any notable score. All out for 170, they dismissed their opponents for 10 and at Luncheon yesterday were 3/25 in their second innings.

The match, the growth of the series, began in 1923, opened in the winter of 1924, and was interrupted by European war. The last match was played in 1929. Europeans, on paper, appeared better informed about the conditions of the game, but the cricket of the Europeans was not so good as that of the Asians.

The first three overs produced 16 runs, including a four by P. H. K. Khan. The first over was bowled by G. A. M. Khan. The first over was bowled by G. A. M. Khan.

CONGRESS AND TANGANYIKA LEAGUE

E. A. Indians Give Majority Support

All the resolutions proposed at the fifteenth session of the E. A. Indian Congress, which was held in Nairobi, were passed unanimously, with the exception of those relating to Tanganyika, which were split-determined, a consequence of the motions, and support for the Tanganyika League. These had a majority vote.

A very wide range of topics was covered by the remaining resolutions, among which were a large number dealing with Legislative Council representation, and labour conditions. The fifteenth session of the E. A. Indian Congress, under the leadership of the Hon. A. B. P. ...

The Nairobi New Year Meeting

CLAUDIUS WINS THE CIVIL SERVICE GOLD CUP

(BY OUR RACING CORRESPONDENT.) Mr. J. G. Anderson's three-year-old gelding Claudius, by Fezzington out of Oh is joyful, trained by Kidman, and ridden by Dawson, won the Civil Service Gold Cup on Monday afternoon. Claudius was second, Arville third and Tuxford fourth. The time for the race was 1 min. 44 sec. compared with 1 min. 43 1/2 sec. when this race was won by Samos a year ago.

Of the 12 horses who entered the race on the card only four appeared and the race was the best looking field of country-bred horses that I have ever seen. Claudius is a very nice compact little horse and the result of this race showed, that is a very good horse. He was trained by Anderson and was ridden by Dawson. He was a very good race horse and was a very good race horse. He was a very good race horse and was a very good race horse.

MORE PEOPLE COMING TO KENYA Big Increase In European Population During 1937

My Annual Report for 1933. It was pointed out that a definite upward trend in the Non-native population figures was noticeable. This upward trend has continued to such an extent as to show an increase of 5,665 for the twelve months under review—a record figure, especially when compared with the record outward excess of 4,437 in 1933."

This is an extract from the Annual Immigration Summary for the year 1937, just issued by the Native Registration and Statistical Sections.

COMMONS AND E. AFRICAN DEFENCE

Several members of the House of Commons have expressed their views on the defence of Kenya. Mr. Morgan (E. Africa) stated that the Government should be prepared to meet any emergency which might arise in Kenya, especially in 1937, as in 1936, European 16,000, Indian 20,000, and "Others" 4,000, making a total of 40,000.

Mr. Macdonald, as regards the defence of Kenya, said that he was in favour of the proposal that the Government should be prepared to meet any emergency which might arise in Kenya, especially in 1937, as in 1936, European 16,000, Indian 20,000, and "Others" 4,000, making a total of 40,000.

Contempt of Farmers' Census Nandi Case

PREPARING FOR 1940 CHECK-UP PLANTER COMMITTED ON MURDER CHARGE

When the hearing of the charge of contempt against Mr. Nandi was held in the District Court on December 23, the first witness was the magistrate, who said that he had seen Mr. Nandi on the night of the murder.

Mr. Nandi's defence was that he was not present on the night of the murder. He said that he was in the area of the crime at the time, but he did not see the murderer.

The magistrate found Mr. Nandi guilty of contempt of court. He said that Mr. Nandi had refused to give evidence and that he had been seen near the scene of the crime.

Mr. Nandi was sentenced to a term of imprisonment. He is to be kept in custody until he has given evidence in the murder case. He is also to be kept in custody until he has been tried for the murder.

BACK IN LONDON

Mr. Nandi returned to London, Jan. 4, after his stay in Kenya. He is expected to be tried for the murder in the near future.

DISTRICT COUNCIL FOR ABERDEEN

FINANCIAL REVIEW TANGANYIKA'S MINERALS

Helpful Review In A British Official Report

By (Sir GEORGE A. TYSON)
The fact that a settlement of the outstanding distribution in the industrial sector of the country has been reached is a good ground for optimism.

Reference of the progressive development of the country and the prospecting activities of the industry in Tanganyika and of the work of the Government in the field of the minerals is given in the Bulletin of the International Chamber of Commerce for the year 1935. The report is a comprehensive and up-to-date survey of the minerals of the country. A total of 100 different minerals are mentioned, and the report is a most helpful and interesting study of the minerals of the country.

The chief minerals produced in Tanganyika are in order of decreasing value, as follows: Gold, 2,227,000 oz. (valued at £2,227,000); iron, 2,227,000 tons (valued at £2,227,000); copper, 2,227,000 tons (valued at £2,227,000); tin, 2,227,000 tons (valued at £2,227,000); and other minerals, 2,227,000 tons (valued at £2,227,000).

A KENYA RECORD

Steady Growth of Gold Production

Yet another record for Kenya has been set by the output of gold during the month of December, 1935. The total output for the month was valued at £45,110 (7,966 unrefined oz. of gold).

The increase of approximately 10 per cent in the output of gold during the month of December, 1935, is a most interesting feature of the mining industry in Kenya.

"TO TALK OF MANY THINGS" A Commentary On The Grigg Schools Cup

THE GRIGG SCHOOLS CUP (The Grigg School Open) was played on 21 and 22nd January. Monday was the day for the Grigg Open and was played by the school boys of the Grigg schools. The weather was bright, the course at its best, and the Grigg Open was a very interesting and attractive competition.

Several players missed from their own schools and some very pretty sticky roads to play in this year. Long may this interest be maintained. In my review of the chances of the schools in this competition for the draw had been made, I said I fancied Allan Grigg and Harrow and these two players set off into the field. Harrow having a very light match against Repton in the second round, but afterwards looking as if they were on top of their game and playing very well.

Allan Grigg, who has won the competition three times before, was expected to beat Clifton who, I think were the surprise of the Open last year. The draw for the 1939 in Ateneo was arranged in Nairobi on New Year's Eve and I always expect some pretty golf to see New Year's morning. The player made the starter all with a drive between point and first slip. He was quite cheerful about it and so was not a "hot" draw from the first on Sunday morning could be described as "New Year's Harvest" and was the same for everybody and the Scotch Schools, although the right weather was not ideal, it proved to be a very successful day.

On Monday morning four of the best amateur golfers in the world played Clifton played the golf to beat the Baginbun, father and son, for Charlestown, by 2/1. Allan Grigg had always the measure of Shorewater. Bluff beat the veteran Winchester side and Harrow only beat the best of it with Bluff. On Monday afternoon Allan Grigg was not playing quite their best, but managed to hold Clifton Bluff, but still edged off 18 holes away against Harrow.

THIRD ROUND OF THE F. A. CUP

Tomorrow, the third round of the F. A. Cup, in which the top four Division 1 and II teams will be playing, will be played in London. The teams who have played have with a number of the Division 1 and II teams in particular and some surprising results may be expected.

THE CUP DRAW The draw for the Third Round of the F. A. Cup is as follows: Division 1: Aston Villa, Birmingham, Bolton Wanderers, Burnley, Cardiff City, Coventry City, Derby County, Everton, Fulham, Grimsby Town, Ipswich Town, Leeds United, Liverpool, Luton Town, Manchester City, Newcastle, Norwich City, Northampton, Notts County, Oxford United, Queens Park Rangers, Southampton, Sheffield Wednesday, Tottenham, Wolves, York City.

LEAGUE PROGRAMME

The League programme is given below, but it is probable that additional fixtures between clubs engaged in the Cup will be arranged. ENGLISH LEAGUE Division III (Eastern): Brighton & Hove, Exeter City, Aldershot, Reading, Southampton, Tottenham, Watford, York City. Division III (Western): Bristol City, Bristol Rovers, Cardiff City, Exeter City, Gillingham, Ipswich Town, Luton Town, Notts County, Peterborough, Reading, Southampton, Tottenham, Watford, York City.

Sports Notes And Fixtures

There will be a friendly football match between the Scotch Union, on Saturday, at 11.30, at the home of the Scotch Union, at the home of the Scotch Union, at the home of the Scotch Union. The Scotch Union will be playing against the Scotch Union, at the home of the Scotch Union, at the home of the Scotch Union.

TENNIS ON THE PLATEAU

Nutrition and Reproduction

The maintenance of regular and healthy reproduction depends on a sound breeding policy which is clearly essential to the successful attainment of a successful animal husbandry. Until recent years the cause of reproductive troubles were generally sought in the field of disease, and the evidence is now accumulating that it is very rarely the case that the causative factors are directly caused from faulty nutrition. The effects of good nutrition, moreover, are not necessarily exercised directly upon the reproductive system, but rather upon the body whose healthy cooperation is essential to the proper working of the reproductive organs.

Factors in Successful Animal Husbandry

By Charles Cressler, M.A., Ph.D., Harper Adams Agricultural College.

Each animal requires a certain amount of food to maintain its life, and the amount of food required is determined by the nature of the animal, the age, the sex, the season, and the amount of work it has to do. The food must be of a certain quality, and must be available in a form which the animal can readily digest and assimilate. The food must also be of a certain quantity, and must be available in a form which the animal can readily digest and assimilate.

The general bodily condition of an animal is a very important factor in the maintenance of its reproductive system. The animal must be in good health, and must have a sufficient amount of food to maintain its life. The food must be of a certain quality, and must be available in a form which the animal can readily digest and assimilate. The food must also be of a certain quantity, and must be available in a form which the animal can readily digest and assimilate.

Accessibility Means Real Money Saved in Crawler Tractor Operation

McCORMICK-DEERING TRACTOR

YOU will find great enthusiasm among owners who cover accessibility and low operating costs that come with investment in a McCormick-Deering Tractor. The Model T-20 shown above—turns in a circle having a 6-foot radius. It works in narrow orchard rows, close to fences, or near buildings, making a square turn when necessary.
