Mr. Macleod asks for report by Resident ZANZIBAR

Constitution as subject of inquiry

Very fully dealt with

Yesterday Mr. Macleod visited Tanganyika for talks with the Tanganyika branch of the Tanganyika Small Growers' Association. Topics discussed were said to include developments affecting the small industry which might arise out of the forthcoming constitutional changes.

A happy and good humoured crowd, numbering about 800, had met Mr. Macleod and the Governor at Tanganyika, Sir Richard Turnbull and the Governor at They waved green foliage and green Tanganyika party caps and shouts of "shere" as organised singing could be heard.

A spokesman for the Small Growers' Association said that after all the matters they had put forward were dealt with very fully and frankly by Mr. Macleod. Later, where he is to have talks today with the Governor of Tanganyika.

King sees tear gas used at airport
The King saw tear gas used at the airport. He said that the use of tear gas was a regrettable incident and that he was disappointed that it had occurred.

Happy crowd
Mr. Macleod's visit was met with a happy crowd. The people were very friendly and showed a great interest in the discussions.

Questions of taste in Press activity
The press has been active in reporting on the constitutional developments. However, there are questions of taste in some of the reporting.

Letters to the Editor FOR THOSE IN NEED

IN the seasons of good will when all children are looking forward to parties and gifts, there are numerous public bodies among other Societies—bringing good cheer to those...

As far as standards are concerned, we have many local products which comply with the requirements of international standards and in their design create more markets for the local manufacturer...

Why are we not using more of these facilities thereby producing goods of a standard which is acceptable to the consumer...

There is a positive fact of human nature which makes people think that the other person's pocket is always greener than their own...

of those goods which can be made locally, and that, and only then, shall we be able to protect our population and industry in the high standard of living we have achieved...

E. J. HOLLISTER, Executive Officer, The Association for the Promotion of Industries in East Africa, Nairobi, Dec. 14, 1956

YOUR correspondent, Mr. D. D. D., has raised the point of my previous letter. I was very interested to read the suggestion that Swahili had a limited vocabulary...

If my reader is not yet convinced, may I refer him to the fact that the Bantu in East Africa, from the Bantu, the Swahili, the Zulu, the Xhosa, the Ndebele, the Sotho, the Tswana, the Venda, the Nguni, the Zulu, the Xhosa, the Ndebele, the Sotho, the Tswana, the Venda, the Nguni...

As readers are well aware, much of the Bantu in East Africa is not only a matter of vocabulary, but also a matter of grammar and syntax...

As to the list of words he submits, most of them are not Swahili words, but rather words from other Bantu languages...

TANG TERRITORY'S SPIRIT PRIZED

Territory's example should be copied, Minister says

Minister's Government has expressed its approval of the example set by Tang Territory. It should be very widely copied, the Colonial Secretary, Mr. Macleod, said when he arrived in Dar es Salaam. "If there were the same spirit in other territories for which I have responsibility, our task would be much easier," he said.

Gold worth £18,000 in court

GOLD ingots worth £18,000 were brought into Dar es Salaam by a man who was charged with smuggling restricted goods into Tanganyika.

The man, who was named as **Abdullah bin Ali**, was charged with smuggling gold into Tanganyika. The gold was found in a special box which he had hidden under his coat. He was fined £100 and his name is on the list of persons who are not allowed to enter the country.

"Hound wain"

Mr. Macleod has given an example of the "hound wain" which is a type of motor vehicle used in Tanganyika.

The Minister said that the people of Tanganyika and the rest of the East African territories should be proud of the example set by Tang Territory. He said that the people of Tang Territory had shown a high standard of civilization and that they should be an example to other territories.

The Colonial Secretary, Mr. Macleod, on arrival at Dar es Salaam, with the Hon. Mr. F. F. Foster, Minister of Education, and Mr. John Macleod, Minister of Finance.

INFANT DEATH RATE 613 PER 1,000

NAIROBI infant mortality rate fell for the first time in 12 years, for all causes, to 613 per 1,000 births, according to the Registrar General of Health, Dr. A. G. Thomas, reported in the Annual Report of the Registrar General for 1955. The rate was 608 in 1954 and 619 in 1953.

Engine-room blaze in British ship

FIRE damaged the engine-room of the 1,410-ton British ship *Thames* off Tanganyika. The crew quickly brought the fire under control. The ship was on her way to Zanzibar. The fire was caused by a fault in the engine-room. The ship was damaged but was able to continue her voyage.

Rate falling

Although infant deaths among Africans tend to be the highest (81.8 per 1,000 births) the rate has fallen from 82.8 in 1950 to 79.8 in 1955. The rate for Europeans and Asians is 28.1 and 28.2 respectively. There were 1,479 deaths in the city during the year, representing the lowest total death rate for any of several years. This compares with a total birth rate of 31.3 per 1,000.

Swiss President

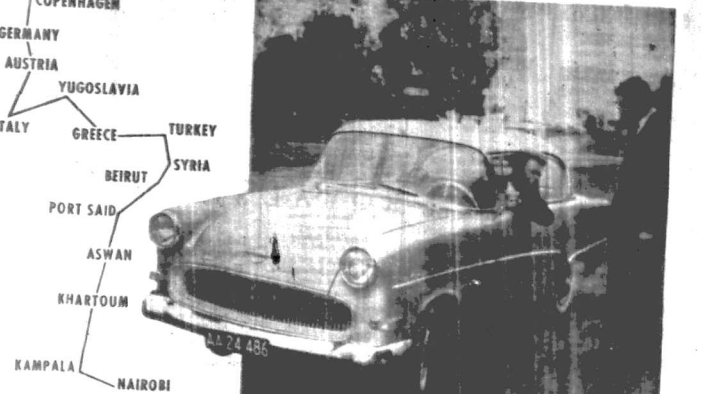

Professor **Max Petitpierre** has been elected President of the Swiss Confederation for the second time. He was elected in 1955 and will continue in office until 1960.

YOU may need your hospital tomorrow. BUY A BRICK TODAY

FIVE BOB will buy one brick, little enough to help build a hospital for your wife, your children and you. To do some lasting good at trifling cost, what about a Banker's Order for one, two or three bricks a month?

Could your car do this?

The Story of one Man and an Opel Rekord

A 1959 Opel Rekord saloon arrived at the Motor Mart Service Bay obviously in need of a wash and brush-up. The young man with the car was asked if he had just driven in. "Yes," he replied. "What was the Mombasa Road like?" was the next question. "I don't know," said the young man. "I come from Copenhagen."

Mr. Jensen, single-handed had driven a completely standard Opel Rekord from Copenhagen across Europe to Turkey, down through the Lebanon and Syria, crossed to Port Said, from there to Luxor and Aswan.

so GM does it again!

Need for moves on cause of vagrancy

Members of Legislative Council sought assurances from the Government during the debate on the Vagrancy Bill that the Government would give its attention to the causes of vagrancy and not to the methods of restriction.

Mr. E. D. Hughes (Usin) said that he regretted that little mention was made in the Bill of the causes of vagrancy. It was almost entirely confined to restrictive measures.

False assumptions

The Government seemed to regard the African land banks as the cause of vagrancy. Mr. Hughes pointed out that the Government assumed that the African land banks were the cause of vagrancy.

Minimum term

Mr. Ngala stressed that a minimum term should be prescribed for vagrants. He suggested that a minimum term of three months should be prescribed.

Work and training

The African population is quite heterogeneous, he said. He suggested that work and training should be provided for vagrants.

Legislation

Mr. Ngala suggested that the Government should consider introducing legislation to deal with vagrancy.

Impetus needed

With regard to the vagrancy Bill, Mr. Ngala suggested that the Government should provide the necessary impetus.

Replacement of Emergency Powers

Legislation to replace emergency powers should be considered, Mr. Ngala suggested.

300 Children at Party

About 300 African school children attended a Christmas party in the morning.

33-year-old

STEP WITH OPEN WAY TO LOANS FOR DEVELOPMENT

Steps designed to give African traders greater security with build-up of permanent shops in African trading centres agreed by the Kenya Council yesterday.

TEMPORARY LICENCE

He said this would enable Africans to get loans on a long-term basis to carry on their business effectively.

Bigger advances

He intended to submit at once a small working paper on the subject of African land banks.

Constitution

Mr. Ngala said that the Government should consider amending the constitution to give Africans more rights.

New lock

He suggested that a new lock should be introduced to improve the security of buildings.

With foresight

The step would remove some of the obstacles in the way of African businessmen who, with foresight and determination, would improve their position.

Telling the public

Mr. Webb said that in areas where the population is increasing, the Government should take steps to improve the situation.

Security projects

Mr. Ngala said that the Government should consider security projects to improve the safety of the population.

Pupils on stage

Some pupils played a part in the performance of the school play.

THE RESERVE CHAMPION BULLOCK OF KENYA
AND OTHER PRIZE-WINNING ANIMALS
from the Fatstock Show, Mitchell Park,
organised by the Royal Agricultural Society of Kenya.
The only butchery in Nairobi that can offer you

CHAMPION QUALITY MEAT

Mr. Leslie proudly announces that Smithfield Butchery have purchased for the benefit of their customers what they consider to be the best of the prize-winning animals at the Fatstock Show, Mitchell Park. The lambs and the bullock won the cups awarded by the Kenya Meat Commission for the best grading carcasses.

"I agree with Mr. Bill Harte that Kenya can produce top quality, and Smithfield Butchery have the expert butchers to handle it," Mr. Leslie said.

"I join with my colleagues in wishing our many customers and friends a Merry Christmas, and a very prosperous New Year."

MR. J. S. W. LESLIE, MANAGER OF THE SMITHFIELD BUTCHERY.

This is how the Supreme Champion Lambs of Kenya (produced by J. C. Barnett, of Molo) and the Reserve Champion Bullock of Kenya (produced by Maramba Estates Ltd.) dressed down when slaughtered by the Kenya Meat Commission. Both the lambs and the bullock were awarded the Kenya Meat Commission Cups for the best-grading carcasses.

Mr. Bill Harte, who judged the sheep classes, said:—"The best of three fat lambs were equal in quality to anything exported by New Zealand or Australia."

GREETINGS May we just take a moment to express our gratitude for your patronage. The wish of all of us here is that you and yours enjoy the merriest of holidays.

Mr. Macleod speaks of chances for London conference SET IDEAS COULD QUIN TALKS SEVERAL HURT IN NAIROBI STREET CLASHES

The Colonial Secretary, Mr. Macleod, returned to Nairobi yesterday after visiting Zanzibar where he will visit a number of farms. Mr. Macleod said he was going to London to give a Press conference, during which he intended to have a "damned good try" to resolve Kenya's constitutional troubles at next month's talks in London.

He intended to impress on all groups in Kenya to the conference in London with articles from which they had no intention of moving an inch.

Lines of approach

If that happened there was very little chance of the conference being the success he wanted it to be. Mr. Macleod said he hoped people would not go to London completely committed to a programme which he would think it might be fruitful and right to move forward in Kenya. He said he would not go to London unless he was sure that the London conference would be a waste of time, and that the United Kingdom would be a point of view many people hold.

India not ready to act until Chinese withdraw

MR. NEHRU is unlikely to accept the Indian Government's proposal for talks on the border with China, observers said in New Delhi.

The Indian Prime Minister said that the Indian Government would not discuss the border with China until the Chinese had withdrawn their troops from the border.

Mr. Nehru also said that India would not discuss the border with China until the Chinese had withdrawn their troops from the border.

Lukiko adopts plan to renounce protection by U.K.

BUGANDA no longer sees the benefit of remaining within Uganda and under British protection, according to a memorandum approved by the Lukiko. It was prepared by a committee of five members, led by the Minister of Finance, Mr. Sempa, which is expected to go to the Queen to give the Colonial Secretary's recent visit to Uganda.

The memorandum suggests that the one way to solve the year ago problem was the Buganda Agreements and to renounce Buganda's sovereignty as it was before British protection was established.

The memorandum criticizes Mr. Richard for choosing to talk about the Agreements in Buganda, Mr. Richard when he met the Buganda Ministers at Entebbe during his visit to Uganda last week.

The Lukiko strongly regrets the fact that of all the important issues in Buganda the Colonial Secretary chose to support suggestions made by Mr. Richard which disregarded the wishes of the British Government.

Mr. Richard's statement that he had confidence in Mr. Richard had not changed the memorandum.

Cannot refuse
At the meeting the Minister, Mr. Mabey, met the Lukiko Constitutional Committee and told the members that the Buganda Agreements could not be renegotiated in 1961, but that they could be altered.

The Lukiko strongly opposes them and we want to terminate the Agreements. The British Government refuse to do so and we would not refuse them if they wanted to terminate the Agreements.

Ngorongoro bookings cancelled: Trustees concerned

Standard Correspondent, Nairobi
RESERVATIONS for 300 beds at Ngorongoro Crater Lodge have been cancelled by a large Kenya safari company.
The company explains that the bad publicity which the crater had received in Europe recently has made it impossible for the promoters of a private party to fill the charter aircraft.
The Trustees of the Tanganyika National Parks have the following statement:
The Board of Trustees of the Tanganyika National Parks, which will not be heading back to the Ngorongoro Crater in the Tanganyika Government for reasons of commercial expediency, is seriously worried at the fall-off in the number of bookings for the lodge since July.

A FORMER farmhouse built on a hilltop 70 miles from Nairobi on the Mombasa Road and now converted into a youth hostel was opened by the Minister for Housing, Mr. Mbatia, on Saturday.

Describing the occasion as a milestone in the history of the Kenya Youth Hostel Association of which he was a vice-president, Mr. Mbatia said that apart from certain community hostels there was a glaring lack of cheap organised accommodation in Kenya for young travellers.

ON WAY TO COAST

The new hotel was the best proposition so far by the association. The building was given by Mr. M. Pechey, an owner whose farm had stood, overlooking the Email Training centre.

In recognition of the gift the building had been named the Email Pioneer Hostel. It was conveniently placed for Nairobi people and provided a link between the Journeys to the Coast, Kilimanjaro and Amboseli.
In fulfilment of the association's ambition to establish 20 or more youth hostels in Kenya through voluntary efforts, Mr. Mbatia said. Financial aid, however, would not be sought from the Government. Kenya was realising that politically, economically and culturally they could not achieve very much on their own. They were dependent on the rest of the world for the material resources, farming and industrial potentialities which they should all have their own. It was essential that they should all know their own country, its resources, its history, its natural resources, farming and industrial potentialities which they should all have their own.

TWO BUSY DAYS FOR U.N. CHIEF PLANNED

Standard Correspondent, Dar es Salaam
THE Secretary-General of the United Nations, Mr. Hammarstrand, will arrive in Dar es Salaam during his two-day visit to Tanganyika, which will end on Saturday.

Mr. Hammarstrand, who will be the first by a U.N. Secretary-General to the largest of the Trust Territories, is making an extended tour of 18 countries in Africa between December 23 and January 25, 1969.

His engagements include discussions with the Governor Sir Richard Turnbull and members of the Council of Ministers, and also with the chairman and members of the Tanganyika Elected Members' Organisation.

On to Zanzibar

Mr. Hammarstrand is due to arrive at Dar es Salaam airport at 10.30 a.m. on January 23. The same day he will attend a meeting of the Dar es Salaam United Nations Club, and will also be invited to give a lecture on the subject of the United Nations. He will leave for Zanzibar on January 24.

£5,000 profit

The second effort of publicity to be made to attract tourists to the commercial enterprise from taking over the crater. The company has managed to make a profit of £5,000 from the sale of the crater. MR. M. T. BALLAN

Mr. M. T. Ballan has been appointed as the new manager of the Ngorongoro Crater Lodge. He will be responsible for the day-to-day running of the lodge and for the general management of the property.

By tradition during each year, Father O'Donnell, who is in charge of the hostel, has a party for the young people who are staying at the hostel. The picture shows the young people at the party.

Asian 'lack of confidence' in police

LACK of confidence in the Kenya Police and lack of interest in the activities of the Asian community in the Coast are the two main factors which have led to the increase in the number of violent attacks on Asians, Indian Consulate, Mr. S. G. Amin, said in Nairobi at the weekend.

Something must be done to restore the confidence of the Asian community in the police, he said. The police must do something to bring about a change in the attitude of the Asian community towards the police. The police must do something to bring about a change in the attitude of the Asian community towards the police.

KINDNESS OF KENYA REPAYED BY ARMY

OFFICERS and men of the 26 Infantry Brigade Group at Mbutika Camp repaid the hospitality they have received in Kenya by holding the British Army's first open day in the Colony at the weekend.

As the terrain was officially opened to visitors the Officer Commanding, Brigadier R. C. H. Miles, said that he had been most pleased to have entertained by Kenya families and friends who had visited the camp.

But not that it was about their returned since of the camp.

There was a lot of talk about the Kenyan day, which would be the first of its kind, but it was not until the 19th of December that the Mbutika open day was held.

Kilombe mine strike ends

Standard's Comment.

The 500 African workers at the Kilombe Mine began to work yesterday after a meeting between representatives of the employees and the management on Wednesday.

The men stopped work on Sunday at 11 o'clock.

An agreed statement, signed by both sides, says Kilombe Mines Ltd. have agreed to pay a property contribution of 10 per cent of its turnover to a membership of more than 600 per cent of the employees.

When the union has been re-elected the workers may have the company has agreed there will be no victimisation and the workers' committee has agreed that the workers will do their work in a proper manner.

KEEN MATCHES IN KENYA

HOCKEY CUP Goans coasted home

TWO more matches in the Kenya Cup hockey tournament were played on Saturday when Kenya beat European beating 1-0 and B' league hockey in the mud.

The European men's 1st XI (Kenya's Cup) last night were 1-0 from 100 yards in the 10th minute, but the Kenyan 100-yard series was not played. Although Goans could only score once, they were able to hold their opponents to a 1-0 win. The Kenyan 1st XI were 1-0 from 100 yards in the 10th minute, but the Kenyan 100-yard series was not played. Although Goans could only score once, they were able to hold their opponents to a 1-0 win.

Had to borrow players
Continuing 100-yard only failed eight players, but had to borrow two from Nairobi, each team played in the rain. The Goans were 1-0 from 100 yards in the 10th minute, but the Kenyan 100-yard series was not played.

Both teams found it difficult going and had to control the ball well. Nairobi in half-time, but the Kenyan 100-yard series was not played. Although Goans could only score once, they were able to hold their opponents to a 1-0 win.

What's the secret of Del Monte flavour?

The secret... relaxation in import restrictions on food products from the United States brings Del Monte products once again to East Africa after an absence of 18 years

MORNY "french fern" Captured Romance for YOU!

French Fern by Morny brings you in with vibrant charm, romance and delicate beauty.

FINE SOAP, TALC, PERFUMS, BATHY ESSENCE, SKIN PERFUMS.

LIKE any skilled chef, DEL MONTE keeps the exact recipe a closely guarded secret... however, the following facts are widely known:-

DEL MONTE obtains its fruits and vegetables only from those districts where, from years of experience, they grow best and develop the finest flavor.

Certain products thrive and taste best when grown on soils composed chiefly of specially treated volcanic ash.

Warm sunbathes tempered with cool nights and occasional fog from the Pacific Ocean add a special flavor to other fruits and vegetables.

It is not surprising that grocers are finding that customer's repeat orders for DEL MONTE products are depleting their shelves faster than overseas shipments are replenishing their stocks.

DO LABOURERS WANT WORK?

Farmers give views on efficiency

UNEMPLOYMENT is undoubtedly a problem in Kenya but farmers still occasionally complain of a labour shortage, an opinion which does not seem to figure in the recent Legislative Council debate on unemployment. A very important factor which has not been mentioned is the fact that which undoubtedly has a strong bearing on the problem and is concerning the minds of many employers in the European farming areas can be put in one simple question—does the African really want to work?

No man wants a job with a wage, but how low is he prepared to work at that job? Although Dominicans are said to be happy to work for a few shillings a week, they still occasionally complain of a labour shortage. Why? Because it is said, none of the unemployed are an adequate wage which has the reputation of forcing a full day's work for no treatment.

Forced to reduce
Many farmers claim that they are being forced by pure economic to reduce their labour force and the possibility of this process being reversed under present conditions is extremely remote. Demands for higher wages with an increased effort on the part of the worker is a poor proposition, they say. The average African worker is often criticised for the farmer complains his labour force with members he might have employed in Britain—and probably counts the cost.

No greater efforts
The African farm worker cannot seem to understand that over three times as much work is done for not much more than the total pay and benefit of three Africans, one farmer said. This talk of cheap labour in Kenya is all nonsense, we pay dearly for our farm labour, especially when you consider the amount of supervision needed. Many feel that the first step towards curing the unemployment problem is to achieve

Just one bank
Several banks showed greater stability and generally continued to give a satisfactory output. Although there are many exceptions and the long-term survey made at spring term shows in evidence of this, it is true that the average African on the farm is not particularly interested in bettering himself by working harder. Experiments have been made on estates where piecework was applied, but these have not been successful after comparing a single task rather than go on to do two tasks, even though they may have worked for only a few hours.

Travel continues
The year has continued and it seems as getting more from their labour than a year ago, but gone are the long days of long wages. The employer could afford to pay more for their individual labour. The level of wages increase the more they diminish and remaining employees must be satisfied. The new agricultural year is the crisis of the year, it begins quickly, but unless you object with your own hands. The farmer wants a reasonable pay to work for the money and a stable labour force. Each employer who employs must benefit from this.

BRITONS IN RUSH TO HELP REFUGEES

THE plight of the world's refugees has so caught the imagination of the British people that they are ahead of their quota for World Refugee Year. The British quota for the year, which started on July 1, has been exceeded in the first six months. The original target for the year was £2,000,000 but officials said it was bound to exceed this amount substantially as fundraising increases in the New Year.

Tons of clothing
The Women's Voluntary Service with headquarters in London, has organized the United Nations Relief and Rehabilitation Agency 1,000 tons of clothing (mostly 2,000,000 garments) for Arab refugees and 20 tons for Algerian refugees.

A Welsh airline, Cambrian Airways, is flying the girls out free. Of the total given for refugees by Britain, £45,000 has been raised by a radio and television appeal by Field Marshal Viscount Montgomery in June.

Students' grants
The Under-Secretary of State for the Colonies, Sir Julian Amery, has asked the Governor of Tanganyika, Sir Richard Turnbull, to obtain grants to study the principles and practice of co-operation and development in Britain and elsewhere. Mr. Amery will transmit the figure in an official report when he reviews the Governor's report.

Proved on the Speedway for your protection on the Highway

Monza, Italy or Nairobi, Kenya, performance proves you're safer on FIRESTONES

What's the link between the 500 Miles de Monza and any other, Nairobi? Answer — tires. Firestone tires. Tires that have been tested and proved on the winning car in the motor race in Monza, at a total world record speed of 162.751 m.p.h. average for 500 miles! And the same performance and safety proved so conclusively at Monza is proved every day of the week by motorists from Nairobi to Nanyuki. The speedway is Firestone's knowledge gained there, on circuits like Monza, that makes safer, stronger-wearing Firestone tires for you.

Here's what Firestone's proof of performance means to YOU!

FIRESTONE gives you a stronger tire, with the exclusive "Shock Proof" and body that proved on the speedway's greater protection against blowouts the extra amount of extra tread ribs.

FIRESTONE gives you longer wearing rubber — an exclusive advanced natural compound, proved on the speedway — the longest wearing tread, rubber that you can get today.

FIRESTONE gives you "Cable Ties" — the advanced tread design for today's cars. Cable Ties have 400 gripping "teeth" always in contact with the road, which means more traction, greater anti-skid protection, quicker stopping, better control of all speeds. And "Cable Ties" runs under the tread ribs — the advanced tread-shoring line and pressure build up.

WISER TO BUY Firestone tires are available from any garage and all retailers. Ask for Firestone and see you get the best.

APPEAL FOR RESTRAINT FROM RACE ANTAGONISM

NINE Africans and one Asian appearing in a Nairobi magistrate's court yesterday charged with offences arising from the disturbances in the centre of the city on Saturday evening. All pleaded "Not guilty". The hearing date was set for January 12.

FINE FOR FIREARM MISUSE DEBATED

THE Firearms (Amendment) Bill left it to the discretion of a judge or magistrate whether to fine an offender "ten times or twenty times the value of the firearm" which was used in a crime. The Bill was passed by the House of Representatives on December 15. It is expected to be passed by the Senate in the next few days.

Hospital appeal

It was difficult to imagine how the officers would have been able to raise the £250,000 needed for the hospital. The appeal was made by the Nairobi Chamber of Commerce and Industry.

Contracts small

A special connection, the Ministry of Works said it would require the £25 and a contract of £50.

Threat to confidence

The position would be reviewed by the Ministry of Works. The Minister for Works, Mr. Nathoo, described the incident as a "very serious matter".

Approach to the Queen on talks

The Queen has been asked to intervene to enable the talks to proceed. The Queen's presence in London was a "great help".

Unearthed fan killed man, says magistrate

The fan was found in the room of the victim. The magistrate said the fan was "very old and rusty".

MOTORIST KILLED

A two-year-old child sustained a fractured skull when a motorist drove over him. The child was taken to hospital and died.

Make pies play vital part at Christmas

By FRANK MERRICK
THE AFRICAN has been advised well have prepared most of their Christmas pies by now. These pies are usually left until the last minute, as to speak, believe I give some suggested recipes.

The pie is of first importance in this case. The crust should be well rolled out and the filling should be packed in it. The pie must be baked in a well greased tin. The pie must be baked in a well greased tin. The pie must be baked in a well greased tin.

CHRISTMAS SHOULD BE GOOD FOR HOME WINS

Pool Special by Bob Arnold

ONE of the important factors to be taken into consideration by poolists inventing the billiard and their coupons for next Saturday's matches is that another full league programme is due to be played two days later, on Monday, December 25. This will be the first full-time professional pool season to take the Christmas season. Two matches in three days. They manage this in three days. But these times and other special conditions are not such a bad thing as they seem. If their team is a good one and they are in the closing stages they may subsequently look back at it as a factor to ensure the energy for the home match is not too high.

Most reliable source

So this is a good week to try your hand at the "Home Winner" pool.

But the most reliable source of information is in the form of the winners in Division IV and from this section I suggest James C. W. & Co., Nairobi, Nairobi, Nairobi and Nairobi to see that they have some winners.

Scotland has no special Monday, December 25, but all supplied the top 100 list to McWhorter and Rogers.

Northampton and Southampton are two good Division III clubs.

And that is that, in so far as home selections are concerned, for I would not take one match from any of the first six divisions.

While certain home selections are indicated in these sections the chances do not seem to be good so in the games already mentioned.

Division I and II contain several possibilities of home games, among them former-division 1 leaders West Ham United.

Weekend forecast

FORECAST by A. Graham, Editor of British and Southern League football matches to be played on Saturday, December 24, and Sunday, December 25.

HOME WINNERS

Division I: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division II: Cardiff City, Chelsea, Bristol City, Bristol Rovers, Gillingham, Ipswich Town, Norwich City, Peterborough United, Reading, Southampton, Tottenham, West Ham United, and Walsley.

Division III: Arsenal, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division IV: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division V: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division VI: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division VII: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division VIII: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division IX: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

Division X: Arsenal, Chelsea, Southampton, Tottenham, West Ham United, Manchester City, Newcastle, Liverpool, Everton, Blackburn, Derby County, Stoke, Burnley, Middlesbrough, and West Bromwich Albion.

A. GRAHAM BECOMES BOWLS CHAMPION

THE Royal National bowls championship was decided on Sunday and the new champion, Graham, beat H. Wignall by 2-1 in the final.

In the final, Graham beat H. Wignall by 2-1 in the final. The match was a close one, with Graham leading 1-0 at the end of the first day. On the second day, Graham won the first two frames, but Wignall won the third. Graham then won the fourth frame to win the match.

Graham will be deeply proud to have won the championship. He has been playing bowls for many years and has always been a strong contender for the title. This year he has been particularly successful, winning several other tournaments.

In the semi-final, Graham had experienced some difficulty in beating Wignall, but Wignall had a match close game with an off-broke ball which was almost missed. He then beat Graham by 2-1.

1959 Soviet lawn tennis rankings

Michael Mayor, of Kiev, and Alex Shostakov, of Moscow, topped the 1959 Soviet lawn tennis rankings for men and women. Miss Dneprieva, a left-hander, topped the women's ranking this year. Thomas Levin, of Tbilisi, who was the top Soviet singles at Wimbledon, has been ranked second in the men's list.

Austria too weak for World Cup

Austria will not compete in the World Soccer Cup in Chile in 1962. The Austrian Football Association announced that this decision was taken because of weak performances by Austrians in recent internationals against Spain and France.

OLYMPIC ENTRIES

Barron, Ecuador and Venezuela are the latest countries to enter the 1960 Olympic Games at Rome. The Italian organizers announced the total number of countries entered so far has reached a record of 82—13 more than the previous Olympic event at Helsinki in 1952.

Bovers seem uncertain

Adding pressure to their earlier losses, Souths-Town have become a rather more dangerous force in Division II and could take advantage of an unfortunate Bristol Rover, before they go on any point, despite losing to Lincoln on Saturday.

Homecoming, having regained their winning touch, can boast to drawing at Rhos. In Division III, Norwich shows they are in line with the best. But to have lost some of their attacking punch, Norwich may be glad to hang on to their position.

Lincoln and Grappier's point to Division II, Norwich, who enter the season by the being out of the top of the league. As they look the being out of the top of the league. As they look the being out of the top of the league. As they look the being out of the top of the league.

Division I and II contain several possibilities of home games, among them former-division 1 leaders West Ham United.

THE BEAUTIFULLY BUILT TAUNUS

In Germany they call it "der Bergtrücker" . . . the lover of mountains! Throughout the Continent, the Taunus is known for its wonderful "ride" the way it sets four square feet of short-stroke German-built engine.

The Taunus has already shown the world what it's made of. For months the experts have been testing the Taunus in East Africa—really trying to break its spirit. Their verdict is that, in its class and at its price, the Taunus is the finest piece of motor car engineering this country has seen. The Taunus has brought something back to motoring.

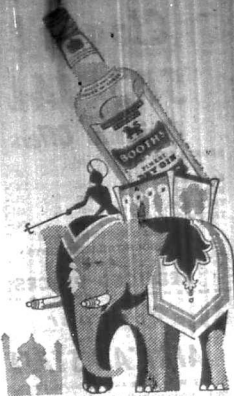

(all its personality, character, all that you like—it's something that really feels good behind the wheel. Wherever you are wherever you go with your Taunus you get the sense of getting genuine Ford parts, quality Ford accessories and service by Ford factory trained men.)

Proposal for early committee stage at U.K. talks

SPECIALLY Elected Members of the Kenya Legislative Council yesterday suggested to the Colonial Secretary, Mr. Maclean, that the earlier the constitutional conference would inform committee the better.

The chairman of the Specially Elected Members' Organisation, Mr. Hawcock, said if this procedure was followed none of the groups could take up positions in the early public stages of the conference from which they could not withdraw later on.

The members talked to Mr. Maclean for about an hour. They have a plan that would be to formally elect Specially Elected Members to their activities but create a considerable impact on Mr. Hawcock said the organisation felt that if there was an agreement of the committee on a "broad plan" at least the Levee-Boyer plan should be strengthened by giving all members the right to vote and the vacant African portfolios was if they were not chosen of the African committee referred to all those politicians.

VAGRANCY BILL DEFENDED

Law intended to deal with 'parasites'

An attempt by the Government Members to "kill" the Vagrancy Bill by calling for its second reading to be deferred for six months was defeated by 20 votes (12-10) in Kenya Legislative Council yesterday.

The Minister for Internal Affairs, Mr. Griffith-Jones, denied that the bill was "racial" and said all people in the Colony would be subject to its terms. The legislation was necessary to deal with those who did not want work but wanted to "batten like parasites on society."

Winding up the debate the bill was later given a second reading—the Minister for Internal Affairs and Defense, Mr. Burgess, and the African Elected Members must face their persecuting proposals. All countries had such legislation.

Rise in population

It did not replace any legislation, including Emergency regulations, but merely improved existing legislation. Referring to claims that the new bill was intended to prevent Africans settling in Nairobi, the Minister pointed out that in 1959 there were only 11,000 Africans living in the city, while today there were 140,000.

He gave an assurance that the Government would do everything in its power to extend the Bill to be administered in a reasonable manner.

Delight, awe and wonderment was expressed on the faces of some of the children when they gathered for the opening ceremony of the new station of members of the European staff of the East African Railway and Marine at the Railway Goods Station.

NEHRU SAYS HE WILL MEET CHOU AT RIGHT TIME

Mr. NEHRU said yesterday that he would meet the Chinese Premier, Mr. Chou En-lai, if at a suitable time came to "discuss" any other course to be adopted.

He said that the Chinese Premier, Mr. Chou En-lai, was expected to visit India in a third country within a few days.

Mr. Chou's presence on December 10th at the two leaders should meet, Mr. Nehru said, but he would not say if they would meet in China or in any other country.

Report to Nato on West plans for April summit

The Big Four Western Foreign Ministers yesterday reported to a special Ministerial session of the NATO Council on plans for East-West summit talks with Russia.

Mr. Coeur de Marville, of France, was the first to report on the three days of talks by the leaders of Britain, France, the United States and West Germany which led to an invitation to Mr. Khrushchev to visit Paris for a summit conference on April 27. He was being followed in quick succession by Mr. Herter, Mr. Secretary Lloyd of the United States and Mr. de Brouckere of Germany.

The four Foreign Ministers held a special session of the NATO Council on December 22. It was the first of its kind since the day night to prevent their

Kenya security Bill reading

The Presentation of Public Security Bill and the Detention of Persons (Emergency Provisions) Bill were given their first reading in the Legislative Council yesterday.

Mr. Maclean said that the Bill was necessary to deal with the increasing lawlessness in Kenya. It gave the Government the power to take such steps as might be necessary to maintain law and order in Kenya.

SATELLITES GIVEN OWN RADIO BAND

Steps to "short-satellite" which will be used by some 2,000 ships at sea to maintain contact with shore stations in the Indian Ocean, has been announced by the Kenya government.

The satellites will be used by the Indian Navy and the Kenya coast guard. They will also be used by the Kenya coast guard.

Scene after accident in River Road

Headaches

you may be an "extra pain sufferer"

Why do some people feel pain more intensely than others?

SOME people suffer more likely they give pain than others do. These people sometimes suffer the same headaches as others or are even considered by the medical profession to be abnormally extra sensitive to pain.

"Extra pain sufferers" are so many as 1 in 3. These doctors tell us how they suggest "extra pain sufferers" may be as many as one person in three. One person in three for whom a headache can be severe. For these people ordinary pain relievers are not enough; they need a special formula — the Phenasic formula.

When used for extra pain, Phenasic has been used by thousands of people who have had headaches, toothaches, neuralgias, rheumatism, sprains, strains, lumbago, backaches, neuralgia, sciatica, and other conditions.

Guard put on man in court

THIEF TOLD TO 'KEEP QUIET AT HEARING'

"Standard" Correspondent

A MOMBASA magistrate ordered a court sentence to stand against a man convicted of a robbery on the grounds that he was not a "keep quiet" man.

A court order for the man's release was made by the magistrate, Mr. C. H. Grant, found Abdulh Bim Salim, a thief of having committed a robbery on the grounds that he was not a "keep quiet" man.

When remained in custody until this week to enable the magistrate to be satisfied that he was not a "keep quiet" man.

On his appearance at court, Salim began to shout abuse at the court, and was removed to the cells.

When Salim continued to shout abuse, the court ordered a court sentence to stand against the man, and he was told to "keep quiet".

The public are entitled to see and hear the man's trial.

After being sentenced to two years imprisonment and a fine of five years after his release, Salim was told to leave the courtroom. Walking a few steps towards the door the prisoner stopped, snatched a newspaper and shouted "swear again," he was hurried out by the guard.

Included in his previous convictions were a sentence of one month imprisonment with hard labour for robbery with violence and a six-month term with hard labour for assault causing actual bodily harm.

PARTY TELLS SECRETARY TO REFUSE JOB

"Standard" Correspondent

Kampala.

THE Uganda National Congress has told its acting secretary-general Mr. A. M. Ochieng, who is in America, that it does not approve of his accepting the post of the Minister of Education in the Kabaka's Government in reaction to Mr. K. M. M. M. M. M.

A short list of six candidates for the post was drawn up last week and Mr. Ochieng topped the list with 45 votes. The list is later cut to five, from whom a choice will be made by the Kabaka, Mr. Michael Kiiza.

On Monday Mr. A. M. Ochieng was told that the party would not support him if he accepted the post.

The committee did not approve of Mr. Ochieng's accepting the position if it were offered.

\$20,000,000 Suez Canal loan

The executive directors of the Suez Canal have approved a \$20,000,000 loan to the United Arab Republic to help it develop the Suez Canal, according to diplomatic sources in Washington.

A World Bank spokesman said the directors met on Monday to consider the proposed loan, but he declined to give details, saying that the loan had been approved.

SURVEY NEXT YEAR OF HANDICAPPED CHILDREN

Appeal launched for £1,500

A survey is to be held in Kenya next year to find the number of deaf and dumb children in the Colony.

The president of the Deaf and Dumb Society of Kenya, Mrs. E. D. Hughes, said yesterday.

She said that there would be no international aid for the Colony's handicapped children until such survey had been carried out.

Mrs. Hughes was appealing for £1500 on behalf of the society from the president of the Aga Khan Foundation Council, Nairobi, Mr. J. B. Ahmed.

The money is the first contribution to an appeal for £12,000 which is to be spent on the survey.

The society has already arranged for a woman teacher to come from Britain to work with the deaf and dumb children in the Colony.

"We must have the money to bring her out, however, and we want to appeal to people of all races to give to this cause," Mrs. Hughes said.

The society has arranged for a teacher of the deaf to come over from Britain at the beginning of the year to start a small class in the Nairobi area.

The society is also hoping to

Trade training

Mrs. Hughes said that in the proposed school training in various trades and crafts would be given to children over 11. Deaf and dumb children over that age did not benefit from academic training.

Two bodies for children have been organized and will come into operation in the New Year. They are to be used to accommodate the children while they are attending the King George VI Technical College.

A Nairobi firm has undertaken to provide free transport.

Handing over the cheque Mrs. Ahmed said that she hoped that it would help the cause. It was a multi-racial problem and she hoped that people of all races would contribute.

WAR DAMAGE Restoration work

The State Drawing Room has an elaborately carved and gilded ceiling and a magnificent oak wall with ornate mounts. Its windows look across the Mall to St James's Park.
When the Second World War was in its full swing, a German incendiary bomb had wrecked the drawing room and the ceiling had fallen on the chandeliers suspended from wooden ceiling.
It was taken over by the Foreign Office for a conference and about £100,000 was spent by the Ministry of Works on its rebuilding and restoration to create the gift of a new drawing room to the nation.
The aim was to have the room ready for the Coronation of Queen Elizabeth with the installation of a new heating and system, new electric wiring and...

ENVOY ON WAY FROM CHINA

INDIAN Ambassador in Peking, Mr. Parthasarathy, left for New Delhi yesterday for talks with Mr. Nehru on the Sino-Indian border dispute.

Mr. Parthasarathy is leaving via Calcutta and Hongkong and is due in New Delhi tomorrow.

Indian sources said it was not known how long the ambassador would stay in New Delhi, but it was possible he might spend "a few weeks" there.

It was emphasized that there was no question of the ambassador having been indirectly notified. The trip to New Delhi was had been planned for some time and he would certainly return to Peking afterwards.

Mr. Nehru said the Indian Parliament had had received an invitation for the Chinese Prime Minister, Mr. Chen Kai-shi, to discuss the border dispute next Saturday in Tientsin or Hangzhou.

NAIROBI HOSTELS BUSY PREPARING FOR PARTY

A welcome for Santa Claus

By JEAN VADHARI
 FOR most of the voluntary organizations in Nairobi Christmas is a busy time. Many of their members with dozens of families, school or other special-interest activities earlier in the month, and their members are thankful to relax a little and raise their own Christmas preparations.

Residential homes and hostels, of course, are making plans for Christmas dinners and parties. At the Civil Welfare Society's plans of safety, Vera Hume, M.A. and Miss D. P. Pink are trying to do everything possible for an amiable and enjoyable Christmas for their half-dozen young charges.

Increasing a tree, hair lotion and into the end and girls are making Christmas dinner will be appreciated. The Christmas tree will be decorated with lights and garlands.

At the girls' hostel, the girls are making plans for a Christmas dinner and party. The girls are making plans for a Christmas dinner and party.

HELPFUL HINTS

A BODY-SCRUB with oat is very soothing. For raising a sun tan, follow up with a perfume bath in warm water, with lemon soap.

When bathing perfume, don't judge the smell by the bottle or the pink that goes into the back of the hand and leave it a full minute to allow the fragrance to develop.

You must first consider how many courses you intend to have and, secondly, a fixed time you intend to serve your meal. Then how much you can prepare in the time available.

As a guide, your first course should be served in 15 to 20 minutes, the second in 15 to 20 minutes, and the third in 15 to 20 minutes.

I would suggest a Christmas dinner because this can be made the day before. It is always best to have a good dinner.

Wish you can help housewife have more free time on the day

Seychelles hit by cyclone

HOUSES were damaged and trees uprooted as an isolated group of islands north-east of Malé, Seychelles.

On Praslin island many houses were damaged and plantations destroyed. On neighbouring Anse Island, several of the houses were damaged, 500 trees uprooted and cattle sheds destroyed.

In the Philippines more than 100 schoolteachers were reported missing in the wake of the typhoon Gilda, which cut across the Philippines on Friday.

£900,000 damage

The teachers were last reported on a motor launch at Somer Island on their way to Carthagen, capital of Somer. The typhoon killed 12 people and left a trail of wreckage estimated at about £900,000.

The motor vessel Biala, with 107 passengers, sank during the western coast of Malabar Island.

The Philippine news service reported 14 known dead and 27 missing.

RADIO STATION FOR GHANA

Ghana is to have Africa's first radio high power station. The new station, which will be situated at Accra, is being built by the Ghana Broadcasting Corporation.

Marconi will design and build the station, and will supply the 100 kilowatt transmitter.

The station, at Tema, near Accra, will be ready for service in the next few months.

CHARTER FOR SIERRA LEONE COLLEGE

The Queen has granted a Royal Charter—confirming the status of a university college to Fourth Bay College, Sierra Leone. The Queen has agreed to accept the office of Visitor and the Archbishop of York will be first president of the college.

The council of the college proposes to hold convocation at the end of January, when the charter will be handed over.

Fourth Bay was established in 1887 and affiliated to the University of Durham in 1974.

The green and golden carpets of Mr. Elgon

EVERY day I read of the view of Mount Kenya from the beautiful forest and fertile slopes on the east coast of Kenya. The green and golden carpets of Mr. Elgon.

Thirty years ago - and in 1909 years ago - it was a dense forest of deciduous and evergreen trees and bushes; no human being lived there.

Surely the people who have cleared the forest and who have cut all the trees down have done a good deed. It is a pity that the children of the forest have not been able to do so.

Freedom from what? Freedom from government? Freedom from the desire for the good of the people? Freedom from the constant endeavor to raise the standard of living and education?

This land is too good to go back to the jungle. It is a pity that the children of the forest have not been able to do so.

MR. MACLEOD ON WHERE AFRICANS APPROACH TO LONDON TALKS

(Continued from Page 1)

Mr. Macleod said that the Government was not aware of any specific proposals for a new African approach to London talks. He said that the Government was aware of the fact that the African approach to London talks was a steady spur to the economy.

Mr. Macleod said that the Government was aware of the fact that the African approach to London talks was a steady spur to the economy. He said that the Government was aware of the fact that the African approach to London talks was a steady spur to the economy.

ALTHOUGH the African approach to London talks was a steady spur to the economy, Mr. Macleod said that the Government was aware of the fact that the African approach to London talks was a steady spur to the economy.

Rapid progress

Continuation of the publication of the Colonial Secretary's report on the African approach to London talks was a steady spur to the economy.

Too costly

Another question asked was whether the Government would consider paying compensation to the farmers if their position was not improved.

Financial aid

Whether there was constitutional reform of the Government would be considered.

Law and order

An assurance was sought from the Colonial Secretary that the Government would take steps to maintain law and order in the colonies.

Left by air

The Chief Secretary, Mr. Macleod, was present at the meeting and was left by air.

Lion spurs sacrifice

FRESH KILL PREFERRED - WOMAN GOES HOME

Standard Staff Reporter
Arusha, Arusha.
AFTER a family quarrel, a lioness has been shot and her carcass has been taken to the bush to await its fate. Three days later she was found her head fast to a tree with a lion and its kill. She offered herself as a sacrifice but the lion ignored her and continued its meal. She returned home.

The lion's report from the Park Warden at Mwanza-Mbu to reach the National Game Office in Arusha indicates that the carcass of a lioness was found in the Lake-Mwanza Game Reserve nearly eaten.

No other game animals appear to have been injured. The estimated total damage to the epidemic is about 200 head of 50 per cent of the total population.

Chased cars
 Elephants are still reported as being troublesome to motorists in the Reserve. One had to be destroyed because it was chasing cars. The warden reports that a full herd charged a car 200 yards from the coast.

When the herd charged 200 yards from the car, it abruptly stopped and charged except for one animal which continued the chase for another quarter-mile.

Carriers advised when the herd was seen. The warden has reported that the elephants are so tame that they will be shot if they are seen to be in a dangerous position. He was killed and charged and dented his car.

Mixed herd
 From the Serengeti it is reported that there is a tremendous return of migratory animals to the central plains after the heavy rain during November.

At the end of the month, an estimated herd of 15,000 mixed zebu and wildbeest passed the Rokat Camp within a period of three hours.

A snake collector has been started at Serengeti by the warden. The first specimen to be collected is an adder which he found in a hole in the top of an open door which he opened it on a morning.

Other specimens include two blue worms, a lizard and a snake-collector.

Farmers' poll vote counted

Standard Staff Reporter
Nakuru.

The poll votes taken at the meeting of the Kenya Farmers' Association (K.F.A.) held at Kitale, on the basis that the directors' report and statement of accounts be approved, was 2,522 against and 11,209 in favour.

Mr. E. P. Phillips and Mr. A. Goldberg, who introduced the voting papers were completed. There were 13,731 votes in favour and 2,522 against.

It is stated in the votes were counted at the meeting. There were 13,731 in favour and 2,522 against.

Deputy Mayor of Mombasa chosen

Standard Correspondent
Mombasa.

The oldest elected member of Mombasa Municipal Council, Dr. Richard All Bana, has been elected Deputy Mayor of Mombasa.

Dr. Bana, with about four years' service on the former Council, was elected to the post of Deputy Mayor of the Kenya Council of Municipalities from the Mombasa branch of the Council.

Dr. Bana, Council member, has a long and varied career in public health and sanitation. He has been a member of the Kenya Council of Municipalities since 1922.

You can learn to paint in oils

The Wynne-Morgan, an impressionist who is daily known for his striking technique and originality in oils, will tell you how to begin, what materials to buy and take you through a progressive modern course of practical study with personal advice, guidance and encouragement.

Whether you are, wherever you are, a beginner or an advanced painter, this course will carefully deal with you in a series of practical lessons which will give you better enjoyment and satisfaction of this creative hobby.

What could write—

"I make no blush with shame to think of the bit and miss method I was pursuing."
 "Your instructions—absorbing."
 "How interesting and lively the lessons were."
 "I would love to visit your Studio."

and you can when you come on leave or on your own and you can also take part in regular evening classes if you wish. Write for details.

Inquiry wanted on crossing dangers

Standard Staff Reporter
Nairobi.

When the Association of the Chambers of Commerce of Eastern Africa held its annual meeting at Mombasa, the delegates will be asked to suggest a committee to inquire into possible means of reducing the danger of level crossings.

The motion proposed by the Association "was that the Government should consider the proposed liability of the Railways to the Chambers of Commerce and the Chambers of Commerce to the Railways in the event of an accident at a level crossing."

The motion was carried by a large majority.

The MORRIS MINI-MINOR

Britain's revolutionary new car—a technical triumph!

- The Mini-Minor is the product of the most original and advanced thinking in motor engineering for many years. It is not derived from other cars but is the result of long and difficult independent work which has resulted in a car which is unique in its class.
- The smallest possible car with the greatest possible room inside.
- A car which performs together with maximum period economy.
- A car which rides well and drives well in all conditions of the road.

Transmover engine—Placing the engine unit between the front wheels has balanced independent work which, together with the addition of a second gear, has resulted in a car which is unique in its class.

Single 'power-pack' unit—The gear box is placed inside the sump. This saves you extra space, gives greater power and performance and saves money. For with engine and gear-box in one unit, you get the best of both worlds.

The result is an 850 c.c. four-cylinder gear car, 100% long wheel base, 1110 cc. displacement, a maximum speed of 72 m.p.h., a maximum of 60 m.p.h. on U.K. road tests, 84 G.P.M. petrol, 100 m.p.h. on U.K. road tests, 100 m.p.h. on U.K. road tests, 100 m.p.h. on U.K. road tests.

A GENERAL APPROACH

The committee has been instructed to make a study of the various problems which are connected with the proposed franchise reform. It is the duty of the committee to make a study of the various problems which are connected with the proposed franchise reform.

PEOPLE ADVISED TO SEND VIEWS

Written representations from many sections of the community are expected by the Uganda Government - which is anxious to know people's views on the Wild Committee report recommendations for reform recommendations.

Although no minority reports were attached to it, Mr Hartwell was "certainly" in a position to express his views in certain paragraphs of the report.

Asked if it was possible for the Government to make a study of the various problems which are connected with the proposed franchise reform, Mr Hartwell said that it was possible.

Party development

The report contains a number of recommendations which are designed to encourage the development of political parties in the country.

Unfair seats

The committee has recommended that certain seats should be reserved for the African community in the Legislative Council.

Not entitled

The committee has decided that certain members of the Legislative Council are not entitled to sit on the Executive Council.

Outside reference

The committee has recommended that certain matters should be referred to the British Government for their consideration.

Dealing with the report

The committee has recommended that the report should be published and that it should be widely distributed.

Outside help

The committee has recommended that the Government should seek outside help in the form of technical assistance from other countries.

Governor's power

The committee has recommended that the Governor should have certain powers in the event of a state of emergency.

Unitary system

The committee has recommended that the Government should adopt a unitary system of administration.

Retention favoured

The committee has recommended that the Government should retain its current policy of non-interference in the internal affairs of other countries.

School fees to go up

The Government has announced that school fees will be increased from January 1st.

The books for father solve the most-minute gift problem

BY TIMOTHY BOND

THEY books for father might be the most appropriate of the main titles under review today. Naturally, any of them would make an ideal gift for the father-of-the-household and offer an easy solution to the last-minute shopping problem.

What, let us take The Ancestral Epitaph, which must have the very same title as the book which is the subject of this review. A glance at the cover will be enough to show that it is a book of the dead, and the list of surnames ensure a face of familiarity to every reader.

It would be hardly possible to list all the surnames in this book, but it is a book of the dead, and the list of surnames ensure a face of familiarity to every reader.

FREE SPEECH IN BRITAIN

By G. H. O'D. Abramo
 In 1956, Patterson (known usually as the "Red" and a member of the Communist Party) won a surprising position and with plenty of time to think about his duties as prime minister against Britain.

The "Red" is particularly famous for his speech on the right to think and speak freely, which is the right of the citizen, the right to publish freely without Governmental permission by license or otherwise, the right to receive information, and the right to express the opinions of the mind in full liberty.

These things have been brought with a great power Abraham Lincoln could say in the human speech of the United States had brought forth a new habit conceived in Liberty, but the freedom of the citizen, enjoy the results of centuries of bitter struggle.

From a speech of George Carlin as if it contained the essence of the right to think and speak freely without license or otherwise, the right to receive information, and the right to express the opinions of the mind in full liberty.

British artists join fashion of forming own film companies

THESE has been a growing tendency in Britain, as in other countries, for stars, directors, writers and technicians to form their own companies to make their own films. This has just been in evidence in the formation of the British Film Institute, which is a partnership between the British Film Institute, the British Film Commission, and the British Film Council.

Kenya cricket victory was unimpressive

FROM A SPECIAL CORRESPONDENT

Kenya maintained an unimpressive record in international cricket matches which disappointed Uganda by 28 runs on the 11th October ground on 11 December. There must be a good amount of cricket enthusiasm in the Kenya side, who seemed to play with an almost complete lack of confidence and hesitancy.

The Kenyan team must have been the most over seen team in the world. The batting was a slight improvement when Dennis Smith, who scored 71 runs, was the only batsman to get a century. Light bowled without effect and had to lead an over. The Kenyan bowlers were not so good as the Ugandan bowlers.

What a contrast this was to the Kenyan team in the 1953-54 season. The Kenyan bowlers were not so good as the Ugandan bowlers. The Kenyan bowlers were not so good as the Ugandan bowlers.

He was a great tryer. The only other player nearly to score a century was the Kenyan batsman who scored 71 runs. The Kenyan bowlers were not so good as the Ugandan bowlers.

UMPIRES ANSWER CRITIC

CRITICISM of the interpretation of the law by English umpires made by Gerry Garcia in the West Indies at the weekend... has been answered by Mr. Tom Smith.

Mr. Tom Smith, Secretary of the English Association of Cricket Umpires, was replying to the statement attributed to Gerry Garcia, the latter of whom there was an account already in the sports of English cricket.

Mr. Smith said: "It is not true that English umpires always give a plain set out when playing forward. It is not proper to say so and that has been the case since the beginning of time."

THE FULLY BUILT TAUNUS

In Germany they call it "der Bergfrühling" - the lover of mountains! Throughout the Continent, the Taunus is known for its wonderful "ride" - the way it sits square and solid on the road under the eager, surging power of its short-stroke German-built engine.

The Taunus has already shown the world what it's made of. For months now, the experts have been testing the Taunus in East Africa - really trying to break its spirit. Their verdict is that, on the whole, at its price, the Taunus is the finest German-built engine.
