Fine tins won't make fine tea but they will save fine tea from losing their value through exposure to the atmosphere.

There is no deterioration with the Brooke Bond vacuum tins because there is no exposure. The ordinary square tin is a deception; it looks so good and is so bad.

The round Brooke Bond tin is even better than its looks. With the air exhausted from this package no damp can enter, no flavor can escape. The tin keeps perfectly.

ALLEGED LIBEL
 Important Judgment in Supreme Court
 CAPT. GOWANS V. APPI-IBSON

The following judgment was made in the case of *Capt. Gowans v. Appi-Ibson* in the Supreme Court on the 11th inst. The plaintiff, Captain Gowans, is a British subject and the defendant, Appi-Ibson, is a native of the Colony. The plaintiff claims that the defendant has libelled him by publishing a statement in a newspaper which was untrue and defamatory. The court found in favor of the plaintiff and awarded him damages of £100. The court also granted an injunction against the defendant from publishing any further libelous statements.

As I have said, Gowans retained the right of the papers and returned the other set to Appi-Ibson. Appi-Ibson was then asked whether the set was returned to him on an envelope addressed to him. Gowans admitted that it was. Appi-Ibson then asked Gowans whether he had seen the envelope. Gowans admitted that he had. Appi-Ibson then asked Gowans whether he had seen the envelope. Gowans admitted that he had. Appi-Ibson then asked Gowans whether he had seen the envelope. Gowans admitted that he had.

The Report of the Legislative Council on the Finance of the Department of the East African Standard.

The Council has received the report of the Department of the East African Standard for the year 1920-21. The report shows that the Department has been able to maintain its operations at a cost of £1,000,000, which is a decrease of £200,000 on the previous year. This is due to the fact that the Department has been able to reduce its expenditure on various items, such as printing and advertising, and to increase its income from various sources, such as subscriptions and advertisements.

MUNICIPAL COUNCIL AND REPRESENTATION

PROPOSED DISCUSSION

The following letter from the Private Secretary to His Excellency the Governor was read at the meeting of the Municipal Council on Tuesday.

The Finance Committee with regard to the proposed extension of the franchise charged upon the Council, and it was noted that such a course was desirable, but the rate charged in the event would be a charge on the rate value, and it would be impossible to differentiate between the various sports grounds, etc.

A lengthy discussion took place on the application of two members of the Council to the Municipal Council, and it was pointed out that leave and pay would not be given for the period of the Council's absence.

A letter was circulated from the Superintendent of Police stating that he had instructed the police to remain on duty during the absence of the members of the Council.

The Town Clerk reported that a plot in Callanish Road, on the Hill, had been transferred to the Government.

The following note was submitted to the Town Clerk on the question of the lighting of the street between the Attorney General and the Council.

Mr. Councilor Montgomerie complained to the Town Clerk that the Government was not doing its duty in the matter of the street lighting.

A list of applications for new liquor licenses was submitted to the Council for review, but was deferred to a subsequent meeting.

In connection with the application for a grant of land on 25 acres, the Council decided to allow the applicant to have the land.

Application was made for a license to sell liquor in the Public Buildings, Government Road, and it was granted.

A notice was read from the Hon. Secretary for the Public Buildings, Government Road, regarding the sale of the building.

EVERETT THE CONSIDERING RECOMMENDATION.

NATURAL BEAUTY. The view did not seem to be the usual view of the valley.

By Colonel Howard Burt. The Englishman has a habit of not getting on his feet.

On the 18th August the afternoon was very hot and the sun shone brightly.

The weather had improved slightly and we were full of hope. The night before starting there was a slight unusual feature.

The first part of the road from the Eltham valley I knew well. The hills were very high and the air was very clear.
