DELEGATIONS AND CHINA'S FUTURE.

FRENCH LAND FORTS.

WASHINGTON, November 21. — In a meeting here after yesterday afternoon's session, Mr. Hughes, Mr. Balfour and Mr. Borden, the British and American plenipotentiaries, respectively, approved the French plan for the construction of land forts in the French zone of occupation in China.

The French Cabinet has unanimously adopted a resolution, heretofore in favour of the French plan, which was drafted and presented by Senator Balfour. It was signed by eight Powers, thus refraining from approving or rejecting a document regarding the subject.

In the discussion preceding the resolution, Mr. Hughes agreed that he would not object to the French plan, but that there could be no agreement on the subject until the French plan had been approved by the League of Nations.

Mr. Balfour declared that the League of Nations should be able to reach a decision on the subject, but that it would be necessary to wait until the League of Nations had met in London.

Mr. Borden, in the course of the discussion, declared that the League of Nations should be able to reach a decision on the subject, but that it would be necessary to wait until the League of Nations had met in London.

Mr. Borden, in the course of the discussion, declared that the League of Nations should be able to reach a decision on the subject, but that it would be necessary to wait until the League of Nations had met in London.
