Preliminary Discussions Taking Place

THE PROBLEM OF THE AFRICAN COLONIES

Frontiers and Immigrants

NAZI ASPIRATIONS IN AUSTRIA POTENTIALLY DANGEROUS TO ITALY

It now appears certain that preliminary discussions are to a rapprochement between the two Countries, though attached to the Works and s officially denied that there is any question of a Buildings Department of the political or military alliance.

Possibly the most difficult problem to be solved is that of the colonial aims of both Countries, not only as regards named Marks was semously Dr. frontiers in Africa but also the position of immigrants wounded by the same assaulant the African colonies. Other problems concern naval policy, irredentism on the Riviera and the German

KOLYNOS—the scientific Dental Cream cleans and whitem tests quickly and effectively because it contains antiseptic, germicidal and cleaning properties not found in other preparations. It acts so as to remove unsightly stain and wash away the germ indee "bacteria-plaque" covering from the tests. This super-cleaning improves the appearance of your tests as nothing else can and makes them whiter—ladde whiter.

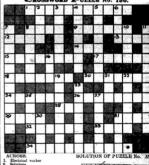

TRY KOLYNOS. See how it gives teeth new lustre, clearness and makes them more attractive than you belie possible. Being highly concentrated, Kolynos is extrer economical—half-an-inch is enough. Kolynos is BEST used

New Health & Strength

You need Sanatogen to get to the real root of the trouble. For when your nerves have suffered — man and woman allke— only a nerve food like Sanatogen can make you strong and healthy again, full of vitality and joy of life. SANATOGEN The True Tonic-Food

Nine out of ten people suffer from nerves, but very few are aware of it. For not everybody realises that general weakness, fatigue and sleeplesaness may be symptoms of neurosthenia just as certainly as are forget-fulness, blushing, worrying and lack of self-confidence. Weakness and fatigue will be overcome, your irritability will disappear and in a short time you will feel and look young

> The sooner The sconer you start the quicker you will be able to notice the marvellous results Sanat-ogen will have on your health. Go to your Chemist or Store

Feed your nerves with

Sanatogen, then you will become fundamentally healthy again. For Sanatogen feeds the cells of your body with exactly those elements—phosphorus and albumin—from which strength

GRAND MILKING PEDIGREES

In the Agricultural Section of August 25th full particulars were given of the two young Friesian Bulls which Major H. V. C. Pirie is importing to strengthen the already famone Karirana Hard

Photographs of those two Bulls appeared in the picture page of the "East African Standard" Weekly Edition of September 1st but due to an unfortunate error, the descriptive letter press and the photographs were trans-

n order to correct this mistake the photographs are published once again for the information of interested Breede.

It is doubtful if any dairy cattle with finer milking pedigrathan these two bulls have ever been imported to Keny.

THE STORY OF THE GOLDEN FLEECE

Merino's Mixed Ancestry

CROWTH OF A WIDESPREAD INDUSTRY

It is always interesting to trace the evolution of the breeds of farm livestock with which

The story of the Merino Sheep is of particular interest because the golden Fleece can claim to have made Australia, And to "make" a continent is a great achievement more especially for a sheep!!!

Nor is Australia the limit of the Merinos influence. Only a week or so ago General

Smuts stated that the future of South Africa's agriculture depended on cattle and
Merino Sheep.

The following article which was contributed by Mr. Thomas Dunbabin to a recent issue of "The Queenslander," describes the vicissitudes and curious chances which produced the modern Merino sheep.

Keep strong and

Advancing Age

KALZANA

Keep your arteries young-every man and woman, es-pecially those over 35, should remember this advice. For such complaints as high bloodpressure, nervous irritability, easily induced fatigue and lessening resistance may affect your arteries and heart.

Overcome these signs of advancing age—keep your blood-pressure normal and enjoy undisturbed health by taking Kalzana. It contains the vital mineral each needed to give new power of resistance to your body—and what is of vital importance, a Kalzana also reduces high blood-health which is the contained of the con

THE FARMER'S TOOLS

Wide Soil Variations

PRODUCING A TILTH

The following article by Mr. R. N. Dowling appeared in a recent issue of the "Farmer and Stockbreeder."

ough the article deals primarily with conditions in Great Britain, the main principles involved are equally applicable to Kenya Colony.

In lean years it is of added importance that farmers should use their implements efficiently and economically. This essential knowledge is usually the fruit of long experience, and cannot be learnt by reading text books.

Although the article deals primarily with conditions in Great Britain, the main principles invited our sequelly applicated to Kernya Change and the principles of the condition of the condition

JAPANESE COMPETITION Study of Labour Conditions

CURRENCY DEPRECIATION

There has recently been a considerable outcry in certain of the Dominions and Colonies, and more especially in Lancashire, against the intense competition created by the sale of cheap Japanese goods.

Few people realise that Japan imports more than she exports, and the following extract from an article which appeared in a recent issue of the Johannesburg. "Sunday Times" Farmer's Supplement, throws an interesting side light on one of the most vexed questions of the day.

The Races for the America's Cup

FIRST OF THE SERIES DECLARED VOID

Two Wins for "Endeavour"

HAILED AS THE FINEST RACING YACHT - EVER BUILT

Despite a tear in her genoa jib, Mr. T. O. M. Sopwith's yacht "Endeavour" on Tuesday won the second of the races for the America's Cup. The first race of the series was declared void and when sailed again resulted in a win for "Endeavour" by two minutes nine seconds

Leading by over three and a half minutes at the second mark, "Endeavour" looked as if she would be an easy winner, the tear in her sail became worse however and "Endeavour" winner, the tear in mer sail occane was a substitute of speed but failed by half as the hard. The "Endeavour" was mile to reach the finishing line are transferred but failed by half as the "Endeavour" which was deep and holisting sails, which was draw to speed but failed by half as we rey after however, in downing before the time limit had expired. Both yachts broke the record which was set up for the Both yachts broke the record which was set up for the dependency of the proposition of the proposition

course in 1930 by "Enterprise." The "Endeavour's time was three hours, nine minutes and one second.

Early Distillation

It was not known with certainty when distillation was first practis-ed, but according to authorities spirits were manufactured in China, India and Egypt 2000 years B.C., and it was known that arrack was produced in India 800 years B.C. St. Patrick was credited with in-troducing distillation into Ireland.

todoicing distillation into retain.

At any rate in 1170 when the English first invaded relead they found distillation in full swing and the product good. The Ragish drank the spirit shey discovered, was attact that there and been a dispute over the fare in the drank the spirit shey discovered, was alleged to thave used the gring the excess which was some-times used 164-y2—that it kept out taken to suggest that he thought the state of the stat the cold.

In 1260 the Arabs first used a truth. This had angered Mr.

primitive still which was called ambic. and at the same time they troduced the word "sloohol". introduced the word which was derived from "al", signifying the article, and "cohol", meaning "powder to stain the cyclide."

MISS Iris Melville, daughter of MISS Tris Melville, daughter of Mr. and Mrs. L. Melville of Erroll, Scotland, is to be married in Mombasa co-y Mr. C. Haslewood of Nairobl. Miss Melville, who will arrive at Mombasa series at the Mombasa control of the series of the series of the Mela, "Mala," has never been to Africa before. has never been to Africa before, but she is acquainted with Colo-nial conditions as she has spent a holiday in India. She recently sompleted a specialised training course in beauty culture and hairdressing at a London salon. Mr. Haslewood, who is the Ad-vertisement Manager of the "East African Statidard," met Miss Melville when he was in Miss Melville when he was in

Kenya Girl Guides in Camp

Books from Lady Baden-Powell

THE Girl Guides annual campa pany gave invaluable help. The which came to an end early last week, was more than usually successful. The following parties for all the efforts he made in seculars have been received from a correspondent:—

Mountains of the Moon

Expedition Leaves Durban

Personalia

HIS Excellency Sir Richard S. D. Rankine, K.C.M.G., Bri-tish Resident at Zanzibar, is re-turning from England on the "Llandaff Castle," which left Liandam Castle, when lettenden on September 6. With him are Lady Rankine and Miss G. H. Rankine. During his absence Mr. S. B. B. McElderry bas been Acting British Resident at Zanzibar.

IT is understood that Mrs. R. S.
Heywood is very much being
in health as a result of her visit
to England. She has not accompanied Dr. Heywood Bishop of
Mombasa, back to Kerya, but it
is possible that she may be back
in Nairobi before the end of the year.

Returned from England. MAJOR and Mrs. H. F. Ward

MAIOR and Mrs. H. F. Ward were among the passengers who arrived on the sa. "Kenya" recently. They went to England in March, and returned via South Africa on the "Windisor Castle" as far ast Durban, where they trans-shipped to the same the same trans-shipped with the same trans-shipped with the same translation of the emplete her education.

Capt. Cleland

CAPT. J. C. Cleland and Mrs. Cleland are expected in Nai-this week-end. They robs this week-end. They are returning from Eng-land on the s.s. 'Malda.' Capt Cleland is the Secretary of the Muthaiga Golf Cub, and his marriage took place in England a few months ago. During his absence Mr. W. Suffield has been acting as Secretary in his place.

THE MANAGEMENT OF LUCERNE

Improved Methods of Hay Making

HIGH FEEDING VALUES

The value of lucerne, or alfalfa, has long been recognised in many countries. It provides excellent feed either as a pasture, or as hay, for almost all kinds of farm livestock.

Lucerne is especially valuable in countries where the rainfall is not evenly distributed throughout the year. In Kenya lucerne hay is the recognised stand-by, in the dry mouths, of many cattle farmers.

view of the fact that the acreage under lucerne in Kenya is increasing, and that it is being planted in areas not previously inverse in receiva is increasing, and that it is being planted in areas not previously regarded as suitable, the following article should be of interest to farmers. It has been compiled from various sources, and acknowledgment is due to the Johannesburg "Sunday Times" Farmer's Supplement

is being planted in areas not previously regarded as suitable. the following article acknowledgment is due to the Johannesburg "Sunday Times." Farmer's Supplement A and to Hoard's Dairyman.

BRITISH AND FOREIGN BIBLE SOCIETY

Eleven Million Copies Issued Last Year

[BY WIRKLESS.]
Rugby, Sept. 20:
The annual report of the British and Foreign Bible Society, dealing with the world-wide distribution of the scriptures, states that last year 10,933,293 volumes of the Holy Writ were issued by the Society, an increase of 315,783 copies over

the previous year.

Eleven languages were added to the Society's list, of which nine were for Africa, one for Europe-namely, Lettish Romany for Gypsics—and one for Oceania, namely, Levisian Gypsics—and one for Oceania. This brings the total number of languages in the Society's list to 678.—British Official Wireless Ser-
