THE BRITISH TOBEACCO

THE BRITISH TOBEACCO COMPANY'S VICTORY IN THE MARIANA TOBACCO

London, 17th June. The British Tobacco Company, Ltd., has today announced that it has secured the concession for the supply of tobacco in the Mariana Islands, a group of islands in the western Pacific Ocean, which are under the administration of the United States.

The concession, which is for a period of ten years, is the result of a long and hard-fought campaign by the British Tobacco Company, Ltd., against the interests of the American Tobacco Company, which has long been the dominant power in the tobacco trade in the Pacific.

The British Tobacco Company, Ltd., has secured the concession by offering to supply the islands with a high quality of tobacco at a price which is lower than that of the American Tobacco Company.

**Raleigh Successes.**  
Important Races in Switzerland.  
Raleigh motorcycles have been successful in several important races in Switzerland. The most notable of these was the 1938 Swiss Grand Prix, which was held at the Grand Prix de la Suisse, near St. Gallen. The Raleigh motorcycle, ridden by a Swiss rider, won the race, and this was a great achievement for the Raleigh brand. The success of the Raleigh motorcycle in this race has helped to establish its reputation as a reliable and powerful machine. Raleigh motorcycles are now being sold in large numbers in Switzerland, and it is expected that they will continue to be successful in the future.
