BRITISH OFFENSIVE STILL GATHERING MOMENTUM World Tributes To Brilliant Staff Work A BIG TASK

December 13. The latest reports from Cairo say that the offensive against the Italians has progressed with speed in the conventional sense. The British have been able to push up the line in the desert. The capture of 20,000 prisoners and the destruction of 100 tanks and 100 aircraft are among the achievements of the British. The British have been able to push up the line in the desert. The capture of 20,000 prisoners and the destruction of 100 tanks and 100 aircraft are among the achievements of the British.

More Capronis Destroyed The Turkish newspaper, 'The Cumhuriyet', has announced that British planes have destroyed 10 Caproni bombers. The British have been able to push up the line in the desert. The capture of 20,000 prisoners and the destruction of 100 tanks and 100 aircraft are among the achievements of the British.

CRICKET:

TWO NEAR CENTURIES

A Critique Of The Boys' Match

(Correspondent and published below.) ONCE again thanks are due to E. D. Watson for his contribution to the inauguration of "The Schooldays" cricket match with his invitation to help to build up the traditions which only come in during school holidays.

IN A CRICKET MATCH played on the Grounds on Sunday, the Kenya XI of 1946, on the whole, the game was of the make of time. The game was not for two near-centuries, but E. D. Watson hit a brilliant knock, not out, of 100, knocking 25 in one over. G. M. Piggott, E. Rowan, the South African Test cricketer, hit 56 for J. K. Hunter, XI before Kuttler stopped him on one of Guy's deliveries. Watson took 52, but he made a useful store of 85, 76 and 104.

Table with columns: Name, Runs, Balls, etc. Includes: G. M. Piggott, 56, 114, 8; A. H. Coy, 52, 107, 8; J. K. Hunter, 52, 107, 8; G. M. Piggott, 56, 114, 8; A. H. Coy, 52, 107, 8; J. K. Hunter, 52, 107, 8; G. M. Piggott, 56, 114, 8; A. H. Coy, 52, 107, 8; J. K. Hunter, 52, 107, 8.

For the first match three years ago it was recognized as "the match of the year" and a boy must indeed be a good cricketer to be chosen to play in the first year out of many hundreds of boys under the age of 15.

It is not by accident that the first improvement on the first one and were no matches and only one last year. It was the one that was supposed to be the best. Hunter's 125 net out was sound and rapidly scored and a knock of who was very much an underdog might well be scored.

At 11:15 a.m. with the Kenyan flag flying Hunter's XI took the field. The ground was looking very green and the air was very fresh. The first over, G. M. Piggott, 56, 114, 8. A. H. Coy, 52, 107, 8. J. K. Hunter, 52, 107, 8.

At 12:34 p.m. Hunter set C. W. G. and M. C. in to open the innings. The letter being bowled to the third ball, a good break. The small boy's net; from Alibhai's net was a very good one. D. G. Hunter joined Guy and Watson in the middle. The game was looking very green and the air was very fresh.

GOLF NEWS AND NOTES

A Great Day At Kiambu

"It was a most successful day for the Kiambu Club, which had a record number of members present at the 1946 Golf Open. The weather was perfect, and the standard of play was high. The winners were G. M. Piggott and J. K. Hunter.

The first tee shot was made by J. K. Hunter, who hit a perfect drive to the middle of the green. The ball then travelled 180 yards, leaving the hole within 100 yards. G. M. Piggott followed with a brilliant shot, which also landed in the middle of the green.

The match was a very close one, with both sides showing excellent form. The Kiambu Club's success was due to the excellent coaching and training provided by the club's instructors.

The day was a success for the Kiambu Club, and it is hoped that it will encourage more boys to take up the game of golf. The Kiambu Club is a very successful one, and it is well deserved.

BRITISH RAIDS HIT NAZIS HARD

Britain's Raids Hit Nazis Hard From Raids

COMMUNICATIONS DISORGANIZED

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

December 15.—German aircraft were very active over the British Isles last night but no bombs were dropped.

In Britain a single raid tonight, with West Midlands town and area, was the only one to cause damage. Bombs were also dropped on a town in the Thames valley. A few people were killed and some injured, but there were no fires. The raid was the first since the beginning of the year, when the British Air Force was very active over the British Isles. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

Thieves Falling Out?

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

Germany's Oil Difficulties

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

Nazis Are The Africans' Worst Enemy

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

High-Handed Action At Tangier

December 15.—The British Air Force has continued its attacks on Germany, the first of the series of raids on the communications system. The British Air Force has been successful in attacking the German communications system, and has caused considerable damage to the German communications system.

The Home Front

Some day Kenya will have
time to remember the men and
women who are maintaining the
country's peace and to be
grateful to them. They are
the backbone of the country.
The people of the
Colony are involved in the
struggle to win their
freedom and to
maintain the peace and
order of the country.

10.15 pm—Lunch Programme
11.15 pm—Lunch Programme

would be still more difficult
if those who are left behind on the
Home Front scamped their jobs
and did nothing except grudge,
that they were not in uniform.
The same question, one of
the largest and most closely
settled in the Colony, is typical
of many.

STABLE MATES
A great number of the best
stocked and best equipped
stables in the Colony are
now available for hire.
They are situated in the
best of the Colony and are
well equipped for the
accommodation of the
public.

ROOM FOR IMPROVEMENT

[STARBURG'S CONSTRUCTION] London

Last month the newspapers began to take notice and to tell the Postmaster General that he had been "waken up." More of us think that he had been waken up splendidly—but the Post Office weighed down by the daily delinquency of letters and possibly staff.

The Evening News commented: "All that was not done in the past few years, but now a course service between Birmingham and London. As things are now we will back the counter to lead the post every time. So indeed even if the courier cycle.

The newspapers are always judging of results on the basis of Mr. Morrison, the P.M.G., ought to have departed long since. There are not short many other changes Mr. Churchill can usefully make if he is willing to do so. There is a slight possibility some of our postmen have not covered themselves with glory hitherto and that the best work has been done by those brought in from the outside.

A scandal

Perhaps the greatest scandal of the times is the exploitation of the public by landlords and landladies in the provinces. Portions of this kind were brought up first at Oxford where for a week was being asked for two rooms — no board. Here the miserable pish in the country wants 15/6 or 16/- for bed and breakfast.

Of course there is little or no available room anywhere in open rural districts since these are refuges, especially for children and mothers people who have lost their homes in the towns and cities. It is not only politically cleared out of the so-called "protected districts," but even in the bombed areas anxious to save their skins and crowds of invalids, especially women, are driven out of areas where quite conceivably someone might ask to do so.

On the top of these there are scores of thousands of civil servants, employees of business firms, hotel authorities, and professional men moved out by the Government to fill local positions. Then there is also the billeting of the troops which is a very serious problem—indeed there are still cases where men live under canvas which is a rather moot Autumn is very undesirable.

No New Houses

Moreover there is very little building of new houses and naturally a good deal of destruction of small and even large dwellings, owing to construction. In the circumstances the Government has felt compelled to use all houses condemned under slum clearance orders but not actually pulled down, though decried and full of tenants.

Yet you may not build a house without Government approval. You must stop all partially finished buildings unless specially licensed. It is terrible difficult to get any sort of material to patch up your home if it is damaged since everyone is waiting the other way round.

There will be the dig and plant material which is not being used for the war—in the open and distant future. But we are trying to do something to clear and leave blank spaces in groups of houses which are being destroyed.

Hard Labour For Two More Joyriders

Two members of the Forces, Pte. E. W. Devan and Private Roberts, were sentenced each to one month's hard labour by the Station Magistrate Magistrate on Friday for the offence of joyriding.

The offence took place between 11 and 12 o'clock on Monday last and involved a taxi driver, who was unfortunately injured and sent to the same evening.

When recovered the car was taken to a speedometer reading over 200 m.p.h. and the driver, left unattended, had been dented, a front spring broken and the wheels bent. The damage amounted to Shs 200.

Both accused were fined 10/- and said that at the time they were greater or lesser extent and had a very imperfect memory of what happened. One had, in fact, been found asleep in the car. The staff of a third taxi driver's company of the Forces, had been driving the vehicle, in which they were passengers.

In the course of his judgment the Resident Magistrate said that he would like to meet the case with a fine, but did not think he could do so. Perhaps, he added, it would be as well to impose the fine as a deterrent. The point to be considered, continued the magistrate, was not really so much the punishment of the two accused—although that must, of course, be borne in mind—but the deterrent effect of the sentence to prevent others from doing the same thing, had been being investigated.

The maximum sentence for the offence was six months hard labour, but the two accused had had no previous record and this was a mitigating factor.

The Bench concluded "The sentence of the Court is one month's hard labour in each case, which, when you consider the evidence of car taking in Nairobi in its my view, is a heavy sentence."

The Police had stated in the course of the case that during last week-end three new cars had been found in the same way, but were unlawfully removed without their owners' consent.

GIFTS for CHRISTMAS

Ladies' Heavy Quality Fatae Nightgowns. Size W. Colours: Apple and Peach. Shs. 4/2 each. Shs. 2/10 each.

AIR RAID REPRISALS!

To the Editor, "E.A. Standard"
 Sir—Writing not as a theologian, but as a Christian, I have been most interested to see in your issue of December 4 that you have taken up the subject of reprisals against German towns in the East. I am sure that you will find that the people of the British Empire are not only interested in the subject, but also in the fact that the British cause is not Christian—indeed, it is not even Christian in the sense in which the word is used in the Bible. It is a cause which is based on the principles of justice and equity, and which is based on the principles of justice and equity.

THE LATE SIR ALI BIN SALIM

To the Editor, "E.A. Standard"
 Sir—May I add a small voice to the general and limited demand for some sort of commemoration of the late Sir Ali Bin Salim? I am sure that you will find that the people of the British Empire are not only interested in the subject, but also in the fact that the British cause is not Christian—indeed, it is not even Christian in the sense in which the word is used in the Bible. It is a cause which is based on the principles of justice and equity, and which is based on the principles of justice and equity.

GRASS-BURNING

To the Editor, "E.A. Standard"
 Sir—The article in your issue of December 4 regarding the burning of grass in the East African territories is most interesting. I am sure that you will find that the people of the British Empire are not only interested in the subject, but also in the fact that the British cause is not Christian—indeed, it is not even Christian in the sense in which the word is used in the Bible. It is a cause which is based on the principles of justice and equity, and which is based on the principles of justice and equity.

air and an offensive, and it has been carried out with the same brilliant spirit and co-ordination since our attack started a week ago.

Bombing Operations

Last night the Commander-in-Chief of the Mediterranean, General Sir Claude Auchinleck, reported that the British forces had captured the town of Bardia and had captured the port of Tobruk. During the attack the British forces made the first attempt to intervene. One Italian aeroplane was shot down by British fighters. High speed motor boats (150 knots) captured one of the British ships.

The raid on Bardia was the most notable of the whole series of raids made on every Italian landing beach in the Mediterranean.

In the attack on Derna two Italian ships were sunk. The British forces landed on the beach and moved inland. The British forces captured the town of Derna and moved inland. The British forces captured the town of Derna and moved inland.

Liberty Supremacy A Vital Factor

Australian War Loan Over-Subscribed

December 16
It was announced in Australia today that the War Loan of £100 million had been over-subscribed by £20 million.

IT'S YOUR MONEY

Our machinery units, as well as our factory, have now been set up for a week with only very few intervals for rest, and are still working hard.

STOP PRESS

December 16
The latest R.A.F. raid on Naples is reported to have been the most successful of the series. The British forces captured the town of Naples and moved inland.

SONGHOR APPROVES CATTLE CLEANSING ORDINANCE

"Only Hope Of District Is In Stock Farming"

Without compulsory dipping over the herd... The cattle cleansing ordinance was approved...

Major Danie and seconded by Mr. T. W. Walker, reading...

Speaking to the motion Major Danie said the future of the district had to be faced realistically...

Need to Eradicate Disease He criticised the original idea of dipping...

It is proposed that only a part of the area should be deemed "clean"...

An Urgent Matter The Director said he was prepared to do everything possible to stop the cattle cleansing...

Mr. O. J. L. Burton (Seydi) strongly supported the speaker's view...

same farm and over the same benefits. In two years...

That this meeting agree to the postponement of any definite decision...

Announcement Suggested Mr. Harrow, speaking to his amendment...

He emphasised that great hand-picked would be added to coffee...

He urged co-operation on the various measures including (a) the cattle...

Mr. Burton supported Major Danie and suggested that those engaged for financial assistance...

Ten Before Breakfast

GREAT DAY FOR BRITISH FIGHTER SQUADRON

December 17. A broadcast from London tells the heroic story of a British fighter "unit" that day in its air work against the Luftwaffe. The unit was so successful that it was named "Ten Before Breakfast".

Fort Capuzzo And Sollum Captured

December 17. The British 10th Army captured Fort Capuzzo and Sollum in the Western Desert. The capture of these strategic points is a major blow to the Italian forces in the region.

BARDIA OUTFLANKED

December 17. The British 10th Army has outflanked the Italian forces at Bardia. The capture of Bardia is a significant victory for the British, as it is a key supply base for the Italians in the Western Desert.

King Visits Bristol

December 17. King George VI visited Bristol today. He was accompanied by Queen Elizabeth and the Duke of York. The King's visit to Bristol is a sign of his interest in the war effort and the people of the city.

Christmas Gifts personally selected by our General Manager in London often during Air Raids and Gunfire, are now on display.

To be able to make such a wonderful show here, we have to thank the people of Great Britain who "carry on" under great difficulties and danger, making the finest goods in the world.

WARSHIPS BOMBED AT NAPLES

December 17. The Italian fleet at Naples was bombed by British warships. The attack was a surprise and caused significant damage to the Italian fleet. This is a major victory for the British Navy.

India's War Effort

December 17. The Government in India has announced a new scheme for the war effort. This scheme aims to increase the production of war materials and to improve the efficiency of the war effort in India.

EL WAK AGAIN RAIDED

December 17. The British 10th Army raided the town of El Wak. The raid was successful and caused significant damage to the town. This is a major victory for the British.

Attack By South African And Gold Coast Units

December 17. South African and Gold Coast units attacked the town of El Wak. The attack was successful and caused significant damage to the town. This is a major victory for the British.

HEAVY ENEMY LOSSES

December 17. The British 10th Army inflicted heavy losses on the Italian forces. The losses were significant and include many soldiers and tanks. This is a major victory for the British.

STOP PRESS

December 17. Lord Lloyd, the Colonial Secretary, has announced a new scheme for the war effort. This scheme aims to increase the production of war materials and to improve the efficiency of the war effort in the colonies.

ANOTHER SPY EXECUTED

December 17. Another spy was executed today. The spy was found guilty of providing information to the enemy. This is a major victory for the British.

Went Wrong

December 17. The British 10th Army's attack on El Wak went wrong. The attack was delayed and caused significant losses. This is a major setback for the British.

HEAVY RAIDS ON GERMANY

December 17. The British 10th Army conducted heavy raids on Germany. The raids were successful and caused significant damage to the German forces. This is a major victory for the British.

King Visits Bristol

December 17. King George VI visited Bristol today. He was accompanied by Queen Elizabeth and the Duke of York. The King's visit to Bristol is a sign of his interest in the war effort and the people of the city.

WAAF HEROINE

December 17. A WAAF heroine was honored today. She was recognized for her bravery and service during the war. This is a major achievement for the WAAF.

Biggest Air Raid On Italy

December 17. The biggest air raid on Italy was conducted today. The raid was successful and caused significant damage to the Italian forces. This is a major victory for the British.

WARSHIPS BOMBED AT NAPLES

December 17. The Italian fleet at Naples was bombed by British warships. The attack was a surprise and caused significant damage to the Italian fleet. This is a major victory for the British Navy.

India's War Effort

December 17. The Government in India has announced a new scheme for the war effort. This scheme aims to increase the production of war materials and to improve the efficiency of the war effort in India.

ANNUAL MEETING OF THE K. F. A.

Satisfactory Year's Working Reviewed

MR. J. E. Wolprehe Whitmore presided at the annual general meeting of the Kenya Farmers' Association held at Nakuru on Friday. There was an attendance of over 100 members.

The Chairman said: "Before proceeding with my report, I must refer to the death of Col. D. Rodney D.S.O. who has been on your Board since 1929 and has spent a very great deal of time on your affairs. He has throughout an ardent supporter of co-operation and entirely sympathetic in his development of your interests. He will be greatly missed by us all. I would say that it is a pleasure to have had him on the Board since 1929."

"The Chairman said: 'Before proceeding with my report, I must refer to the death of Col. D. Rodney D.S.O. who has been on your Board since 1929 and has spent a very great deal of time on your affairs. He has throughout an ardent supporter of co-operation and entirely sympathetic in his development of your interests. He will be greatly missed by us all. I would say that it is a pleasure to have had him on the Board since 1929.'

regard but when conditions change as they may do before long we shall be faced with an increased output and have to export. If the egg production is to be put on a firm and permanent basis it can only be done by a proper system of controlled marketing with all producers taking their fair share of the export.

I would appeal to producers to co-operate in the matter of Egg control and not take advantage of the present demand and egg shortage and then flood us with eggs when the demand is over. For the period September 1st to December 31st there will be further pool payment of about 15 cents per dozen. From January 1st 1941 we expect to pay (under) 20 cents per dozen bringing Standards to Sh. 17/- and special to Sh. 1 1/2/-.

"For maize the immediate outlook is certainly not too good, though it is doubtful if owing to the short European crop and the poor short rains in large areas of the East, there will be as large a surplus as at one time appeared possible. At least we must prepare for a price of 2/6-3/0 and have decided that when the market has taken prices to compel the farmer to give wheat and it is not equitable that they should guarantee a minimum price for the crop and not merely hope that the local price might be high. I will make a reasonable price, it must be borne in mind that cents are quantity rating and we give no subsidy for the wheat guarantee must cover the banking agencies are being. It is a put off with merely to 20-25 cents. It is a great deal, when the wheat which we are being asked to grow will be sold at 2/6-3/0. It is a very whole situation may have entirely changed. Your Board consider that if Government takes power to increase when production, they must accept the responsibilities attached thereto and guarantee a minimum price.

Vegetables

"As the agents for the War Supply Board we shall try and secure a considerable proportion of the requirements by contracts with growers. These contracts will be directly between the growers and the Agents on behalf of the War Supply Board and if the amount contracted for is not taken, it will have to be paid for. Prices are, I think, fair and in fact a number of growers have volunteered to us that they consider them to be low. Other things we should be so far as possible, we have been able to get prices being reasonable and the demand is increasing. We must limit our

Male Control

"This question has not been left at during the year by your Board, but we have made no progress on the old lines and have now begun to tackle it in a different way. It is to examine the figures of production, it becomes evident that yields are low and we have been unable to bring up in a Fools Paradise by selling baby corn and exporting our fertility both from European and Native areas. We must limit our acreage to what the country can absorb at this price and only grow enough to ensure that no serious shortage will occur. We shall probably mean growing some 400,000 bags for sale in active reserves and 400,000 bags in European areas. We should demand that Government fund the price at 4/- for this in price, when more to grow than the local requirement the surplus would be exported and there would be two Pools, a local and an export one. We must encourage the burning of more of our surplus into meat. If we do this we shall farm better and we shall check the decline in fertility. Now it is time

SPECIAL ARTICLES ON EAST AFRICAN CAMPAIGN

To the Editor, "E.A. Standard"—I have been reading with interest and pleasure the special articles on the East African Campaign in your issue of December 12, 1946. I am glad to see that you are giving so much attention to the East African Campaign, and I am sure that your readers will find the articles very interesting and informative.

Do not let me be able to get out of your Emergency Defence Act. I am sure that you will find the articles very interesting and informative.

We started to hear shortly after the War, by publishing a "British Standard of Industry" which was an attempt to show that the regulations made in terms of the Emergency Defence Act were not as strict as they were at the same time there.

That was followed by the Profits Control Order, No. 10, based on the Order that most of our activities cease today.

Our letters have been published since and have been published to the circumstances connected with the emergency to which the Order itself refers. Orders in respect of the emergency have been issued and have been issued.

We have allowed business to continue as normal, and we have taken the opportunity to do so as far as possible, and we have found that the response to our letters has been very good. We have not been able to get any provisions for the Order, and we have not been able to get any provisions for the Order.

We look to consumers and to the public to help us in this matter. We hope this information will be of use to you and to those associated with you in this matter. We are sure that you will find this information very interesting and informative.

(Signed) J. W. DOWDIE, Controller of Supplies, (C/27)

(Extract—Government Notice, dated 20th October, 1946, No. 10) The Government Notice, No. 10, dated 20th October, 1946, provides for the continuation of the Emergency Defence Act, and it is hereby notified that the provisions of the Act shall continue to apply until further notice.

(3) That the whole or part of the stock of the like goods or of the material from which they were made in his possession at the date of the sale was acquired by him after the 31st August, 1945;

(4) That the profit which accrued to him from the sale, in proportion to the cost of the said goods, was not less than the average profit on the whole of the stock of the like goods, which was sold at any time during the month of August, 1945, at that place and for the purposes of this order, he produced to the Controller of Supplies a statement showing that the presumptions shall only be rebutted if the following conditions are satisfied:

(a) That the profit which accrued to him from the sale, in proportion to the cost of the said goods, was not less than the average profit on the whole of the stock of the like goods, which was sold at any time during the month of August, 1945, at that place and for the purposes of this order, he produced to the Controller of Supplies a statement showing that the presumptions shall only be rebutted if the following conditions are satisfied:

"Thank you a hundred times"

Thank you, my dear, for a hundred good wishes! I always say that every du Maurier I smoke tastes better than the last... Of course it's an illusion, bless your heart! In fact they always taste exactly and absolutely the same—perfect, neither more nor less... Well, whether it's the du Maurier filter tip or the rare Virginia tobacco I couldn't say. A bit both, I should imagine... Yes, but thanks for the hours and hours of enjoyment in which I shall be thinking, with gratitude, of you!

There'll never be a better cigarette.

ANNUAL MEETING OF THE K. F. A.

(Continued from page 7)

This amendment was last made by the K. F. A. and that £1,000 each from the profits for the year 1934-5 in War Funds was carried.

Chairman of Directors.

The Chairman explained the method that was followed at the previous year's assembly members in the National Council and in the Trans-Nairobi and Pitane areas and vice versa. It was agreed that the Director should place the matter before shareholders either by means of a resolution or by calling a special general meeting.

The Chairman explained that the nominations had been received by the various shareholders to the office of Col. Pender and stated that at the informal meeting held at Kilale, the name of Major A. O. Keyser had been put forward and the Board had agreed to appoint Major Keyser to hold the office of Chairman of the National Council.

This arrangement was approved at the meeting and the resignation of Mr. W. A. C. Bowyer of Hillside was accepted.

After a number of questions from members had been answered, the Director Harpers and Sub-committee were adopted.

Commander Ward referred to the resolutions passed at the previous Annual General Meeting held at Kilale, emphasizing that the least possible price for last season's crop of maize that would give a fair return to the grower without the slightest amount of profiteering was 10/- per bag free on rail and pointed out that the pool of 7/7 per bag had for short of the five-month period.

This Chairman explained that although the current price for a unit was 10/-, the average price for the year was 10/-, and that the average price was 10/-, and that the average price was 10/-.

Form Workers

Mr. Alexander Ross announced that the Kenya Farmers' Association had been re-elected to the office of Chairman of the National Council.

The Chairman pointed out that only one nomination had been received for the Pitane vacancy, namely that of Mr. W. A. C. Bowyer of Hillside.

The Chairman also announced that the National Council had agreed to appoint Major Keyser to hold the office of Chairman of the National Council.

Mr. W. Evans pointed out that the Government should be made to pay the cost of feeding labour employed in the sugar industry and that the Government should be made to pay the cost of feeding labour employed in the sugar industry.

Mr. W. Evans also pointed out that the Government should be made to pay the cost of feeding labour employed in the sugar industry and that the Government should be made to pay the cost of feeding labour employed in the sugar industry.

COMMITTEE RESIGNS
Kisumu Indian School

The Director of Education, Mr. A. T. Lane, replied in Kenya Legislative Council yesterday to questions arising from the resignation of Kisumu Indian School Committee. Mr. R. Kestin asked:

1 Is it a fact that the Kisumu Indian School Area Committee has resigned?—The resignation presented for about 250 pupils in the Kisumu Government Indian Boy School is most unqualified, unsatisfactory and unsuitable for bearing such a large school.

(a) That 60 or more pupils attend their lessons in an open room under the supervision of only one teacher and that in some cases two classes meet in institutions in the same room?

(b) That the staff of the school is inadequate?

(c) That neither the school committee nor the school committee is an advisory body to be consulted on all important affairs in connection with school matters, nor that the parents have been consulted about the change in school time which has been introduced recently?

2 Will the Director of Education state who the governors of the Kisumu Indian School are not the Kisumu and the Kisumu Indian School Area Committee not taken into consideration?

The Director of Education—1 The Kisumu Indian School Committee has resigned on the ground that it was not satisfied with regard to the system of overlapping sessions which was recently introduced into the school as a result of two inspection reports and after consultation with educational staff in Kisumu.

2 The Kisumu Indian School Committee has always been consulted on all matters relating to the school and the question of School sessions was dealt with at the Government meeting in 1939. Considerable work for improvement of the school was done by the Member for the Western Area to the Legislative Council and the Kisumu Indian School Committee has been consulted on this subject in reply to the debate on the motion to refer the Colony's Estimates to the Legislative Council.

A 'BIG GAME' PROBLEM

DROPS A SPECIAL CORRESPONDENT

It was a case of a conflict between its destructive effects to human beings who carried it and who carry it. On the big game of the Continent, it has been a long time since it has been so much persecuted as it is now. It has been a long time since it has been so much persecuted as it is now. It has been a long time since it has been so much persecuted as it is now.

1 Take the elephant instance: It is one of the most useful of these normally peaceful giants of the bush, but for a while now it has been going along that same track many a time in recent months but though they had nothing to do with him. It had been his practice for many years to stroll along the track in his laudable endeavour to 'water' or 'bathe' his favourite feeding ground. After a long sojourn in some rights in Africa as long as he does not overstep the mark.

But somebody had been busy along that road. For reasons of their own they had dug a hole in it and had put a land mine. It was never intended to discourage an elephant about taking his exercise. It was part of the paraphernalia of the bush war. The mine was not to have much of a place. But the only thing that was to be done was that they were through forest and bush and under their heavy limbs for years as delicately as the paws of a cat. They were never made to deal with land mines and when this sort of thing happened they were not able to move.

Somebody saw his plight, or perhaps the noise of the explosion gave a warning that the trap had been sprung. So a patrol of the King's African Rifles went out and found not the enemy they had expected and for whom they had prepared but the elephant in extremis and miserably they shot him.

A long way off another part of the forest a giraffe suffered the same fate. A patrol of the King's African Rifles went out and found not the enemy they had expected and for whom they had prepared but the giraffe in extremis and miserably they shot him.

RAILWAY ASIAN STAFF GRIEVANCES

Strong Comment By Indian Member Of Council

NEW RATES OF PAY TO BE IMPLEMENTED

STRONG criticism of certain aspects of Railway staff conditions was voiced by Mr. Inder Das, Indian Member of the Legislative Council, during Tuesday's debate on the Railway Bill in the Legislative Council.

In the course of his speech he strongly urged the early appointment of an Arbitration Board to whom all labor disputes could be referred, at least in the interim, till the Railway Advisory Council formation of a committee to inquire into the situation which he argued was still being grossly abused by the Railway Department in a department of the Government.

One of the speaker's criticisms was that while other heads of departments were open to criticism the General Manager, who is Chiefly a year to a half, is not estimated, other Council has not asked him to estimate what the present position, Government should be brought into view and that the Secretary of the railway should be approached with a separate report.

Payment of Wages

What the Railway had done, he contended, was to raise the rates of pay to the point of making it impossible for the railway to pay. He pointed out that the railway, in the past, had paid wages which were not commensurate with the work done. He argued that the railway should be paid on a cost-plus basis, and that the Government should be held responsible for the railway's losses.

Alleged Corruption

Another matter which the speaker dealt with was corruption. He pointed out that the railway had been accused of being a nest of thieves, and that the Government should be held responsible for the railway's losses. He argued that the railway should be paid on a cost-plus basis, and that the Government should be held responsible for the railway's losses.

The New Personal Tax

GOVERNMENT AND HIGHER PAID NATIVES

Defining the Personal Tax Bill passed into law in Kenya Legislative Council, the speaker stated that the bill provided for a new system of taxation, which would be more equitable than the present system. He argued that the bill would benefit the native population, and that it would be a step towards a more equitable system of taxation.

SURCHARGE ON TRADE LICENCES

Burden On Shoulders Able To Bear It

A war-time measure to improve 50 per cent surcharge on trade licence fees passed its third reading in Legislative Council on Wednesday. The Financial Secretary, Mr. C. Lookhart, pointed out that the Bill excepted lawyers, accountants, travellers, commercial agents and manufacturers' representatives from its provisions.

The point was that additional licence revenue was required and Government felt it was equitable to levy it on a section of the community which was in a better position to pay it, as a result of wartime conditions than other sections. He had stated some time ago that the Government had increased their profits owing to war conditions and he had to hear this statement contradicted.

He thought that in viewing this surcharge a sense of proportion should be maintained. The maximum amount of the surcharge would not exceed ten shillings monthly; small traders carrying stocks valued at between £100 and £200 would pay an additional three shillings monthly; traders in the Native Reserve, as recognised trading centres, would pay a surcharge of the 112s monthly and those outside such centres, only one shilling 6d a month.

That was the hardship under which the trading community was ground, he added. The surcharge was really small but would produce a few more thousands in revenue and put the burden on shoulders capable of bearing it.

TODAY IN LEGISLATIVE COUNCIL

The Kenya Legislative Council will resume its sitting in the Memorial Hall, Nairobi, at 10 o'clock this morning. The Order of the Day is: Prayer. Presentation of Minutes. Meeting of December 11. Presentation of Petitions and Memorials. Papers of the day. Notices of Motions. Questions. MESSAGES FROM THE GOVERNMENT.

The Financial Secretary, Mr. C. Lookhart, said that the Government had approved the borrowing of a sum not exceeding £200 from the National Bank of India, Ltd. and the lending to the National Municipal Council of the money so borrowed.

By the Chief Secretary, Mr. C. Lookhart, said that the Government had approved the borrowing of a sum not exceeding £200 from the National Bank of India, Ltd. and the lending to the National Municipal Council of the money so borrowed.

CONTROL OF NATIVE LIQUOR

Canteens On Big Estates

In the Kenya Legislative Council on Wednesday four new Bills were passed. One of these was the Bill to Amend the Native Liquor Ordinance. It is interesting to note that the Attorney-General Mr. W. Harcourt, said that it was the intention of the Government to give large employers of labour, such as plantations, estates and large landowners, the right to establish native canteens for their employees. These canteens and beer shops would be controlled and supervised by the local authorities concerned and all profits from the manufacture and sale of liquor at such canteens would be paid to the local authority for the benefit of native residents in such areas.

Kenya Gift of Christmas Stockings

The following telegram has been sent to the Secretary of State for the Colonies by His Excellency the Governor of Kenya: "Further £250 is available from Kenya War Welfare Fund for purchase of military canteens for use in London or elsewhere as you desire. Also £250 for purchase for Liverpool district of 250 for canteens for use where you may decide to bear main branch and District."

Moreover should be grateful if you would write to Lord Mayor E. recently received for Christmas stockings for some homes for children in England.

Today's Cause List

Before the Chief Justice: In Chambers No. 15 at 9.30 a.m. C.C.—The Matter of the Adoption of Children Ordinance 1923. C.C.—A. J. Ely and Company Ltd. v. Mr. J. J. Ely. Before the Chief Justice and Mr. Justice Havelock: In Court No. 1 at 10 a.m. For Hearing: C.A.—(Case 2546). S. C. v. Mr. J. J. Ely and Company Ltd. Before Mr. Justice Lushington: C.A.—(Case 2546). S. C. v. Mr. J. J. Ely and Company Ltd. Before Mr. Justice Lushington: C.A.—(Case 2546). S. C. v. Mr. J. J. Ely and Company Ltd.

WETHER YOUR CAR IS STANDING STARTING RUNNING SHELL MOTOR OIL STAYS ON THE JOB. Shell Motor Oil is built-in good for your car because it is refined by the most up-to-date process and clings to metal surfaces. When the engine is stopped the oil coats the walls of the cylinders and prevents the metal from becoming oxidized by oxidation of water formed by combustion. At starting—the moment when most engine wear occurs—the film is already there, and it remains there until the highest temperature is reached, preventing oxidation to injure and burn the metal.

What is your PEACE OF MIND worth?

● The calm satisfaction of knowing your car rolls on stout, sturdy, safe Goodyear tyres is something that can hardly be reckoned in terms of money.

Yet—this peace of mind actually costs you nothing extra. For there's a Goodyear tyre to suit every purse as well as every driving need.

In fact, you'll probably find that Goodyears cost you less than other tyres in the end. For Goodyears have earned their reputation for long, safe, trouble-free mileage. That, truly, is the biggest reason why more people, the world over, ride on Goodyear tyres than on any other make!

The sharp edges of Goodyear's famous All-Weather tread resist skidding in any direction. It's the only tyre tread pattern that has remained basically unchanged for more than a quarter century. For no one, not even Goodyear, has ever developed a more efficient one!

Goodyear's famous All-Weather tread gives you positive traction on any type of road, in any weather. Its sharp-edged, diamond-block pattern is the one that offers maximum resistance to skidding in any direction. Its superior safety and traction have been proved in billions of miles of highway travel!

GOODYEAR

MORE PEOPLE, THE WORLD OVER, RIDE ON GOODYEAR TYRES THAN ON ANY OTHER MAKE

THE NAKURU GYMKHANA

Enjoyable And Successful Meeting

MEMBERS' CONTRIBUTION

The Nakuru Race Club's Gymkhana, held last Saturday, attracted an attendance of about 1,000...

For though tired in the morning and more than over-taxed to win, he carried out his instructions...

The Sweep and the Tide did a routine track all afternoon in fact the management had intended...

At the close of the meeting Mrs. C. C. Letford was presented with a trophy and given a square of cloth by the other riders in the race.

THEATRE

CHRISTMAS WEEK

Weekend before Christmas seems to me a suitable time to give an entertainment review for this paper... Mainly, because that is a time when people really want to know what other people are doing.

is a powerful story with the acting from Spencer Tracy, while the rest of the cast is so good that everybody's sure to be satisfied with the production.

However, it is not the Christmas week program... For the children—and plenty of grown-ups too—is in the return of the circus.

There was a very little bit of light and, apart from that, the first three nights of the week were for various shows of the Forum, many of them very good.

The evening was excellent and the production had a superb variety of the numbers, and which were of unusual quality, most produced and presented.

It was a pity to spot it on the night of the 19th, but it was so good that it was not to be missed.

The first night of the show, which was a very young production, with some very young actors, was a most shining and successful play with an excellent cast.

The costumes and settings will be a special feature of the show, but will be all the very best of the musical film from Billie and America.

THE Cinema

There are three special good pictures on this week which are not to be missed. The first is the new picture 'The Old Maid'.

There is also 'The Oklahoma Kid' at the Empire, with James Cagney in a grand type of the picture.

There is also 'The Oklahoma Kid' at the Empire, with James Cagney in a grand type of the picture.

There is also 'The Oklahoma Kid' at the Empire, with James Cagney in a grand type of the picture.

There is also 'The Oklahoma Kid' at the Empire, with James Cagney in a grand type of the picture.

the first of a big series yet to come. It is obviously based on the play by Robert Hood in a black and white (black) style, but the production is a masterpiece.

Just the dash for the moment, anyway. Don't miss it.

I may be entirely wrong, but my impression of 'A Christmas Carol' (showing at the Playhouse next week) is that somebody in Hollywood said, 'Here's a sure-fire chance for the Christmas trade. Stage into it, boys.' So they

They may be entirely wrong, but my impression of 'A Christmas Carol' (showing at the Playhouse next week) is that somebody in Hollywood said, 'Here's a sure-fire chance for the Christmas trade. Stage into it, boys.' So they

Many people have returned to their homes for Christmas, but many have stayed in the city for the holidays.

VALET For ECONOMY. Regular automatic stripping leaves "Valet" blades in perfect condition for weeks on end—far longer than ordinary blades. A Valet Razor will last for years.

* A Smart Idea - use BRYLCREEM THE PERFECT HAIRDRESSING. There's no denying your attractiveness if you use BRYLCREEM. A little Brylcreem on your hair every morning ensures a well-proportioned appearance.

GARRISON REVIEW Features from and for the Forces. Jim and Joe Again! THE BATTLE OF FLOWERS. "Climbin' trees, Joe? Ah! that's a game for kids!" "You think so do you? Let me tell you, my boy, this ain't no kid's game."

Another Tale With a Twist In Which Ingenuity Makes Use Of The Natural Resources Of Africa. like this, Jim. I reckoned that if them flowers 'ere can give me an 'answer when I ask 'em just 'an' 'em on trees, I can make enough scent to flourish a real flower. I mean, I mean, with the breeze, y' see, I can dole the 'em. Wops likes all sorts of scents and I know 'em. Them drums you saw were 'em with flowers, because down 'em I nearly panned out when I was dole the 'em. Wops 'ave sent me to look the strong scent and 'aggs' their cobra—'cause I 'ave."

CHRISTMAS THE "FORWARD AREAS"

EVEN in the "forward areas," Christmas may not be quite the same as usual but it is certainly not forgotten, and from all over Africa friends and relatives have been sending gifts and comforts for their men on active service. Gifts may not be imparted, but for Christmas special efforts are being made. The ladies of this depot have been busy early and late packing, checking, sorting and despatching parcels. For the African, there are packets containing special rations of tea and sugar, cigarettes, soft tobacco, soap or matches. African troops are being catered for according to their tastes, while the Europeans are getting cigarettes, wheels, tinned milk, fruit, tins, biscuits, Christmas puddings, jellies, pickles and sauces. Such are being sent to the N.C.O.s, while extra special allowances have been sent to those in the forward areas. All this in addition to their own personal gifts from friends, most of which may be sent through the A.F.S. Their men have bought gifts in Nairobi as well as being responsible for their packing and distribution. Up-country districts that have been particularly generous in sending gifts have been Kampala and Eldoret, Northern and Southern Rhodesia have sent generous gifts for their own units which are distributed by the K.W.E.O. Comforts Depot, the Gold Coast has sent some of money, while smaller contributions have been received from Uganda, Tanganyika and Nyasaland. There has been some criticism that gifts have not been received by every unit. It must be remembered that the "forward areas" only started in October and that the "forward areas" only started in October and that the "forward areas" only started in October.

One dose settles ACID STOMACH. When your stomach feels heavy and bloated, or cramps occur, acidity, take a dose of Maclean Brand Stomach Powder. It is especially good for people who are remedy antacids, cannot find a remedy, and puts an end to gas, flatulence and pain. You can save by buying Maclean Brand Stomach Powder in bulk.

appeal will enable the loan to succeed. Having expressed what we believe to be the view of the man in the street, we shall give the loan all the help we can. But in this matter, and particularly as widespread and real saving is so important, we believe the problem and earnest desire of the man in the street is what we have to solve and bear in mind. But even the small man can help to make the loan a real success and we hope that making the very best of it, he will do so for the cause is greater than the method.

The East African War Loan

WEDNESDAY, DECEMBER 14, 1940

There was a brief but helpful debate in the Kenya Legislative Council yesterday on the new War Loan which has been fully supported and the hope expressed by both sides of the Government that the issue will be a complete success. We are glad that there was some evidence to support our own contention, made in detail yesterday, that the principal need in this country is not to encourage, and if necessary enforce, thrift and consequent saving, but that it is in connection with the need for saving that we expect the War Loan scheme to play its part.

at a time and in adding another pound to that. They would be interested and enthusiastic also in the Liberty children and non-productive uses to the common task, the prosecution of the war. The problem facing us is not therefore merely an appeal for saving for investment in this particular loan, though that is the first objective, but a broad-based and determined effort to encourage saving in all its forms so that the maximum resources, and not only money, will be released to be available for the war.

It is because we feel that the War Loan as at present launched may not have that highly desirable long-term result that we have commented upon it at the outset. What we want to see is a scheme which will bring in the people to whom the practice of thrift and saving will mean something really valuable. They are not the people who are most anxious to give what they can and, at the same time, they are the group who must give the most help to do so. Their incomes are comparatively small and their savings are small. Today they have been caught up in the general inclination to waste and spend, though they are not doing so as much as they were. They are reducing purchasing power but incomes have increased in many cases. Money has been removed and so, come what may, standards are not only being maintained but are being raised.

Yet these same people will be looking for a campaign of saving as soon as they see a means of making use of small sums, particularly their savings, and the boomerang reaction to a war and acts - the vast amount of money which the United States have come into line in the fight willingly and with all their national resources.

The issue as it is seen from across the Atlantic is now clear. It is not a matter of an advanced post, the front line of the battlefield where the fight for the freedom of the British Empire is being fought. So long as the British Empire stands but with their overseas trade cut off, Europe, Africa and the East will be in a state of siege. The Nazi-Yeast creed economically, socially, and the needs of that creed planted in the minds of the people of South America, they know it would only be a matter of time before the whole of the Western Hemisphere was destroyed from within and the only alternative would be a deal with the rulers of the New Order in Europe.

We shall, therefore, again stress the strong hope that while the first half million is being raised the Government will set about solving the real problem - how to meet the case of the people who cannot afford units of five pounds and would not have the steady income laboriously to accumulate that amount. But they would be interested in gathering a point

BRITISH FORCES IN ADVA LIBYA

FORT CAPUZZO AND SOLLUM CAPTURED

December 13

THE latest reports from Cairo say that the offensive against the Italians is still gathering impetus. The British command has such speed that the communications have barely kept up with the advance.

The figure of 20,000 prisoners given by the British command will prove to be a low underestimate, says the official communiqué. With the British forces pressing hard on the heels of the Italians, it is believed there has been no time to reckon up the vast quantities of war material and provisions captured.

The Italian offensive against the British in the desert has been maintained for some time. The British forces have maintained their mastery of the air by bombing the Italian air bases and aerodromes with such a weight of bombs that the Italian Air Force has been unable to interfere seriously.

The Italian command reported that one ton of bombs had been dropped on the Italian air base at a village on the Libyan coast. The Italian command also reported that the British command had such a large target mark that the Italian Air Force had been unable to interfere seriously.

Twenty tons were dropped on a large Italian air base on an night bombing attack.

The British Air Force has been able to establish our air bases in the desert. The British command has established our air bases in the desert. The British command has established our air bases in the desert.

Light up—and smile!

Children need plenty of light—more so perhaps than grown-ups. Don't light decreasing, and but for the eyes. There's no need for it. If you use good lamps, electricity isn't expensive. Light up, then—and smile. Light filament that gives up to 20% more light than ordinary lamps and at no extra cost.

THE WONDERFUL LAMP Representing the GENERAL ELECTRIC CO. LTD. OF ENGLAND GAILLEY & ROBERTS LTD. BRANCHES THROUGHOUT EAST AFRICA

TOO THICK TO be 'in the swim'

Everywhere there are thousands of tired people complaining of lack of energy... HORLICKS... NIGHT STARVATION

AMERICA TO LEASE WAR MATERIAL TO BRITAIN GREEKS STILL ADVANCING Important New Heights Taken

A political blow to the Axis which comes only second in importance to the British and Greek victories in the Mediterranean, was dealt last night by President Roosevelt...

Mr. Roosevelt himself explained the proposal at his press conference and used this illustration of how he intends the plan to work...

The President said the United States would take over future orders from Britain...

THE WAR ON BRITAIN:

German aircraft bombed the Midlands area again last night...

Four raiders were shot down by fighters in daylight and our fighters also accounted for another last night...

It is stated that 6,646 civilians were killed and 10,000 injured during November air raids over Britain...

RAIDERS NIGHT There were no German raiders over Britain again last night...

It was later stated that Sheffield was the northern town bombed last night...
