EDDYSTONE ALL WAVE FOUR RECEIVER

Sole Agents - STEPHEN ELLIS and Co., Victoria Street, NAIROBI. P.O. Box 31. Phone 2034.

It appears from a letter received from a reader that the practical in a receiver is not from conversations with listeners that a great deal of interference is being experienced in Nairobi other than that normally present on broadcast transmissions.

Practical Hints "Man-made Static" Troubles arise from electrical machinery installed in the immediate vicinity and steps may be taken to get at the root cause of the trouble. The spurious source of internal combustion engines is also a source of interference, but is easily recognizable.

With regard to noise produced by the power supply in motor-driven receivers, adequate smoothing apparatus should be provided. In most commercial sets this is so, but in some cases it is not. A smoothing "resistor" is usually supplied with the set. Generally speaking, unless there is an obvious fault in the arrangement made for providing out small ripples in the H.T. supply of an electric fault in the set or connections to the mains, the noise is introduced via the aerial.

Programme Features. A.S. attention for tonight from the Empire station is the London Agency Orchestra from 7.15 p.m. Then a broadcast review of the past month scheduled for 8.10 p.m. Then a broadcast review of the past month scheduled for 8.10 p.m. Then a broadcast review of the past month scheduled for 8.10 p.m.

6.10 p.m.—Time Signal from Big Ben, London. 6.15 p.m.—Time Signal from Big Ben, London. 6.20 p.m.—Time Signal from Big Ben, London. 6.25 p.m.—Time Signal from Big Ben, London.

Brydex by Exide

Sparks. Electrical sparks will set up high frequency oscillations connected with a transmitting station. These oscillations may be but are not confined to a narrow band of frequencies and when picked up by a sensitive receiver may cause considerable interference as a result of the strength of the interference will depend on the intensity of the sparks and the distance from the receiving aerial.

A Key Query. The whole question of what is popularly known as "man-made static" is of the utmost importance to the listener who is receiving the station of Radio and electric circuits throughout the world. The suppression of this nuisance has been partly or wholly accomplished in other countries through the close co-operation of the listener and the technical expert concerned.

Queries from Listeners. R.T.S. Members very kindly inform me that the following was received from the National Broadcasting Company of America, dated on the 1st instant: "As and from March the 15th WXXL on 10.87 metres broadcast will broadcast from 8 a.m. to 2 p.m. E.S.T. This time corresponds to 3.30 p.m. to 5.30 local time."

Empire Broadcasting Service. Programme for Next Week. SUNDAY, MARCH 11TH, 1934. 6.15 p.m.—Time Signal from Big Ben, London. 6.20 p.m.—Time Signal from Big Ben, London.

6.25 p.m.—Time Signal from Big Ben, London. 6.30 p.m.—Time Signal from Big Ben, London. 6.35 p.m.—Time Signal from Big Ben, London. 6.40 p.m.—Time Signal from Big Ben, London.

Domestic Electrical Devices. Among the numerous sources of "man-made static" are the numbers of domestic electrical devices. Domestic electric and simple lights will show if they are in place. Next the house wiring should be examined carefully for fault, especially but contact of switches, loose connections, and plug-in connections.

Notes of the Week. CONDITIONS continued to be excellent during the week and under review although I think there was a general falling in signal strength. On the 12th instant, broadcast on 10.87 metres was a quite exceptionally good signal during the latter part of the week and the Empire transmitters have all been excellent. Friday and Saturday saw a general reduction in signal strength on all wavebands in the evening but only in comparison with the excellent reception we have now enjoyed by three or four of us. A correspondent

Block LT. Accumulator. In place of a cumbersome glass box, loaded with heavy plates, a neat cylinder of bakelite, no bigger than your present accumulator yet giving almost twice the amperes hours, is now available. Long lasting, too, for it is almost unbelievable that there are no "plates" to cause trouble, no weak spots of electrolyte anywhere. Why keep running for 80 hours to and from the charging station? Get a Block plate-less accumulator for your L.T. to-day. 50 amp. hrs. 10/6.

COFFEE TREE BANDING GREASE. For Prices and further particulars apply: Madataly Suleman Verjee & Sons, Box 12 - Govt. Road, NAIROBI. Phone 2044.

# WOMAN'S PAGE

## An Apple a Day.

Apple is a fruit which is so common that we often take it for granted. It is one of the most nutritious and healthful of all fruits. It is also one of the most economical. A few apples a day will keep you healthy and happy.

Apple is a fruit which is so common that we often take it for granted. It is one of the most nutritious and healthful of all fruits. It is also one of the most economical. A few apples a day will keep you healthy and happy.

### New Clothes.

#### AND WHERE TO GET THEM.

There was a spring in the air as the girls went to school. They were wearing their new school dresses and their new school shoes. They were all so happy and so full of life.

Rita has a son of about little suits of woven material in soft colors and rather tame and stouter ones of tweed patterned with check boxes of them button right up to the chin and have bright sleeves instead of collars, while others have severe, attached belts, and pockets. At Rita's, too, there are the hats that are in vogue of the time and the shoes that are in vogue of the time.

Apple is a fruit which is so common that we often take it for granted. It is one of the most nutritious and healthful of all fruits. It is also one of the most economical. A few apples a day will keep you healthy and happy.

WHEN Grandmothers meet Granddaughters and Flappers meet Flappers, there is a clash of styles. The "Magistrate" clothes were quickly recognized, but were something else and very, very different from the more modern styles of the day.

**We've Gave all Victorian**  
BACK TO THE MODERN FUTURE.

When the Victorian comes that made them so like the modern style, the girls who like the high collar may even come back. It can be cut away at the back and another model of the dress by a thoughtful designer.

## Social and Personal

### Wedding Bells

A PRETTY wedding took place at Kinnaird last night. The bride was Miss Patricia Joan Thomson. The ceremony was performed in a simple and dignified manner. The bride and groom were both very happy and content.

THE choir of a charming school group at the Anglican Church at Deeside was singing a beautiful hymn. The choir was made up of girls of all ages and was very well trained.

Women today must flout high necks, wide shoulders, small waists, full, and even bustles. In the recent fashion production of "The Magistrate" there are some admirably Victorian

clothes which the Victorian boys that made them so like the modern style, the girls who like the high collar may even come back. It can be cut away at the back and another model of the dress by a thoughtful designer.

When the Victorian comes that made them so like the modern style, the girls who like the high collar may even come back. It can be cut away at the back and another model of the dress by a thoughtful designer.

She is a model for the new style of dress.

**THE FILTER TIP**  
that protects your fingers and teeth from stain

To use the language of Radio, the du Maurier Filter Tip is "highly selective." It cuts out "interference" with your enjoyment. The "atmosphere" with which it deals are the harsh and irritating acids produced when the tobacco burns.

It is not enough to remove harshness from the tobacco leaf all reputable manufacturers do this. But irritants developed when the tobacco burns can be removed only from the smoke itself—the du Maurier Filter Tip alone can do this.

By clearing the smoke of acids, the du Maurier Filter Tip not only enhances flavor, it will also keep you fit, and protect your throat from irritation.

Cicely Courtneidge says:—  
"Do as I do, smoke du Maurier cigarettes. They are excellent, the filter tip protects your fingers and teeth from 'nicotine' stain."

EDUCATION—AN ELECTION ISSUE

To the Editor, "E.A. Standard," Sir.—Last Friday's issue reported to have said at Nairobi...

The attitude might be described as "understandable" but it is not "understandable" a hundred years ago...

The condition has therefore become established, even among the "higher classes," that whatever the money arranged for the education of a child...

It is refreshing, however, to find that quite a large number of parents in a majority of the candidates for election this month have committed themselves definitely to the establishment of compulsory education for Europeans in Kenya...

A number of candidates are still uncertain as to whether primary education, even if made compulsory, should be free for all and seem to suggest that the case may not be met by an extension of the present grant of free places or reduction of fees...

It is strange to find that a number of candidates are still uncertain as to whether primary education, even if made compulsory, should be free for all and seem to suggest that the case may not be met by an extension of the present grant of free places or reduction of fees...

Some years ago, I rather speculated in a leading article in the English Standard, and later in the "Standard" Report, for the South African Trade as a whole, just as this is rather a long time ago, if "time and tide" have changed the circumstances...

## The Leaning Tower of Pisa

What has it to do with shoes?

Shoes, like buildings need good foundations. Otherwise they quickly sag and lose their original shape. The foundation of every K Shoe is the insole, out in one piece from specially selected tough long-grained leather. It takes all the strain and strain of walking and enables the shoe to keep smart and supple after months of hard wear. That is why Maxwell Brady & Co., recommend K Shoes so strongly. They are wonderful value for money.

**MAXWELL BRADY & CO.** GOVERNMENT ROAD, NAIROBI. Phone 2122.

EAST KING TENNIS LEAGUE.

Parklands' Sixth Successive Win.

Fine Record in First Section.

Gymkhana's Unbeaten Certificate.

A MONOPOLY OF THE SECOND DIVISION.

The following are the concluding results in connection with the East-King Tennis League...

Parklands received a walk-over. Matcha having scratched.

Gymkhana beat Bahr by 80 games to 55.

Railway beat Muthiga by 79 games to 56.

Bahr beat Bahr by 74 games to 52.

Parklands' 6th best Kabete by 100 to 22.

For the eighth successive year, the Kabete won the "A" Section...

OLD BOYS vs. THE SCHOOL.

Two Splendid Partnerships.

C. L. HAND-OVER JUST KISSED HIS CENTURY.

An interesting match was witnessed at Bahr on the weekend...

The factor was a second time, and after losing seven wickets for 246...

Two notable partnerships marked the match in the second innings...

The former carried his partner ball by ball for a half century...

With regard to the Grand National, Bedy Cash found support...

Uganda Argus THE LEADER

GUARANTEED THE LARGEST CIRCULATION OF ANY NEWSPAPER IN KENYA, UGANDA, TANGANYIKA AND ZANZIBAR

NAIROBI, THURSDAY, MARCH 8, 1934.

THE NEW STANLEY HOTEL... Kenya's Hotel de Luxe... CARES MEET ALL TRAINS AND PLANES.

Trade Negotiations with France... LONDON CONFERENCE TO OPEN NEXT WEEK... Clearing the Way... BY THE ABOLITION OF ADDITIONAL DUTIES ON BRITISH IMPORTS.

CENSORSHIP BY BBC... An Unprecedented Protest... Licensers' Surprised... TRADE LIGHTS'S SECOND OUTCRY...

STEADY NAVAL PROGRESS... Modernisation of Battleships... New Type of Torrets... THE WORLD ECONOMIC CONFERENCE... AMERICAN HERE FOR RECONSTRUCTION... EUROPEAN SURVEY... To Be Made on the President's Instructions.

Britain's Financial Position Improves... SATISFACTORY RETURNS OF REVENUE... Sign of the Times... BUDGET ESTIMATES GREATLY EXCEEDED.

It is expected that the deliberations will take some considerable time, but now that France is proceeding to put an end to the existing discrimination against British imports, the conversations should be materially expedited.

This amount, which will be a permanent yearly grant to India, is the result of a finding by a tribunal of legal experts who for several years have been examining India's claim.

It is said that it is understood that President Roosevelt wanted to know what other nations were doing to aid the economic rehabilitation of Mr. Hill's country.

A substantial surplus in excess of the budget anticipations is expected in revenue returns in Great Britain when the financial year closes at the end of the month.

Complicated Problems... LONDON, March 6... The French Minister of Commerce and a staff of experts will attend the most important trade negotiations in which Britain has participated since the Ottawa Conference.

SOUTHAMPTON... Increase in Shipping During February... The inward shipping manager at Southampton during February was nearly 1,000,000 tons, or more than 120,000 tons above the figures registered the same month last year.

UP TO OTHER NATIONS... Washington, March 6... Mr. Child has hidden herself to the President before setting out for Europe.

TRADE RECOVERY... The week's revenue returns are reported by the newspapers to be an extremely satisfactory one since they give promise, when the end of the financial year is reached in a month's time, of a substantial surplus in excess of last year's budget anticipations.

EMPLOYMENT IN U.S.A. A NEW ACADEMICIAN... Honor for Veteran British Modernist Artist... Proposed Reduction of Working Hours... THE LAMON COMMITTEE OF THE HOUSE OF REPRESENTATIVES...

LONDON'S NEW AIRPORT... ST. GEORGE'S SOCIETY... Activities of the Elders of the Society... The third general meeting of the Elders of the Society of St. George was held on February 28.

A RUDE CHECK... To An Electrifying Campaign... Mr. Conway, Mayor of the city, has been invited to give a public address on the subject of "The City of the Future."

NOW is the Time to Replenish your Linen Chest... This is your great opportunity! Included in our New Drapery Display you will find Linens of the finest quality.

SMALL-POX IN NORTHERN DISTRICT... Only One Case Occurs in Lasee... LAMU FOOD SHORTAGE... Sharp Rise in Price of All Grains... THE NATIONAL ACADEMY OF ARTS...

MINISTER TO CHINA... Presents His Credentials at Nanking... NATIONAL REVENUE... THE NATIONAL REVENUE... The national revenue showed the expansion last week by four and a half million pounds.

STOCK EXCHANGE... Mr. Waller Richard Sikorski was elected President of the Royal Society of British Artists... SPECIAL PURCHASE OF IRISH MADE TABLE CLOTHS... WHITEWAYS

WHITEWAYS... TWO BIG VALUE LINES... SPECIAL PURCHASE OF IRISH MADE TABLE CLOTHS... The Store for Home Linens of Every Description

# Kenya's Licencing

## EXTRA VAGANT AMOUNTS SPENT ON DRINK

### Greater Temperance Urged

ANOMALIES IN THE LICENCES GRANTED TO WINE MERCHANTS

On Monday, 19th, the committee is continuing the licensing laws in the colony which it is expected will be presented on Monday, 19th.

A reduction of licenses for the sale of beer is one of the proposals of the committee.

It was also suggested that the amount of beer to be sold in the colony should be limited to 100,000 pints.

The committee is also considering the question of the licensing of public houses and hotels.

The committee is also considering the question of the licensing of shops.

The committee is also considering the question of the licensing of restaurants.

# Temperance Work

The temperance work is being carried out in a systematic manner. It is expected that the results will be announced in the next few days.

# Public Opinion

Public opinion is being polled. The results are as follows:

SOUTH AFRICA

WITH ITS VARIED CHARMS CALLS VISITORS TO ITS TOWNS AND FARMS

Excursion Tickets by Rail and Steamer are available.

For full particulars apply to: The South African Office, Memorial Hall, Box 654, NAIROBI

EXERCISE ARMY'S LICENSING LAWS.

(Continued from page 5.)

definitely economic. There were 208 licenses, exclusive of vehicles, and the retail value of liquor in the Colony was not less than £290,000 from July 1, 1933, to June 30, 1933. This figure is arrived at, he said, after taking account of the quantities of all the spirits sold during the National Prohibition period. He stated that the most reliable information possible, the following: (1) Drinking community—Kenya 4,262, India 2,584 and Uganda 1,228, a total of 8,074; (2) average expenditures of £22 per head per annum. The Government were one quarter of the European population, the Indian one-fourth, and the Gosa, one-third. The licenses averaged one to every 40 of the drinking population, or one to every 330 individuals including men, women, and children, except natives.

"Two Drinks a Day." "Do you consider," asked Capt. Schwartz, "that it can be said that in Kenya excessive drinking is the cause of many social evils?" "That amount of money spent by a very large number of the population, I think is excessive," he replied.

"On your figures, it means a man has, two drinks a day," remarked Mr. A. T. Hannabill. "I suppose to you who take liquor in a moderate amount, but to those of us who don't it seems an extravagant amount," was Mr. Mortimer's answer. "You think a day one excessive?" inquired the chairman, and said laughter Mr. Mortimer said "It was for me?" He added, in reply to further questions, that there was excessive drinking among certain people, and members of the committee must admit there was from what he saw in the hotels, and wherever they went.

"Turning to mid-night privileges, the Association, he said, had been asked to be abolished, for there was every indication that the Association did not want them. Occasional licenses should be sufficient. This he held to be the only solution. In fact, there should be no extra facilities for drinking late at night.

"It is my view," said Mr. Mortimer, "that Nairobi was the centre for a very large number of people who came in for a change from a shamba life, and that many of these should have a drink with their supper? There was also the tourist traffic. He explained that his objection was mainly on account of people who had to drive long distances at night; they should not have this temptation.

"You want a law that no one who drives a car shall have a drink," remarked the chairman.

Mr. Mortimer, restating his objections, held that for a long drive home a cup of tea or coffee would be the best. "Coffee," commented the chairman, "is alleged to give intoxication." "And gun," said Mr. Hannabill.

On the subject of the tourist traffic, Mr. Hannabill asked what Mr. Mortimer's views would be if liquor were sold in motor cars. Mr. Mortimer's view would be if liquor were sold in motor cars. Mr. Mortimer's view would be if liquor were sold in motor cars.

The remainder of Mr. Mortimer's remarks is expected to be taken from the committee notes on March 19.

ELDRETS' EASTER RACE MEETING

Entries for Two Days Fixtured

TO-DAY'S CAUSE LIST.

Before Mr. Justice Harro: In Chambers, at 9.30 a.m. C.C.—In the matter of an application made by H. F. St. John for extension of time for registration of a transfer of Choke. In Court No. 1 at 10 a.m. Criminal Sessions continued.

THE CHOCER CASE

(Continued from page 5.)

the transfer of a car from Ram Singh to Thakar Singh. Young Bhat, he stated, as a fitter at Kisumu was called to give evidence regarding a transaction, but his evidence was not given as he had been called to give evidence at Kisumu and Thakar Singh was not present. He stated that the car was not in the possession of Thakar Singh at the time of the transaction. The prosecution therefore agreed to withdraw this witness.

A Milling Trial

Justice Singh is in charge of the trial in the case of Ram Singh and Thakar Singh. The trial is being held at Kisumu. The case involves a transaction between the two men. The trial is expected to continue for several days.

Miscellaneous in a Column

THE ELECTION IN THE BARRACKS

(Continued from page 5.)

Administration. Extending the policy of decentralisation—the British public opinion of the members of the District Council, Committee and Board of Water Boards, investment of the power with Magisterial powers, to control petty crime and to ensure efficiency and economy thereby.

Education. Possible—direction to equip the young generation of both sexes with the necessary qualifications to fill all Government posts and to develop Kenya as an inland power. Let Native education develop character, industry, and political consciousness.

Medical. Use existing medical missions and help the medical to assist the native medically. Defence. Kenya and competent members have taken an efficient organization, powerful to maintain our security—suggest the Kenya Defence Force—Security should be a permanent system.

Minerals. Drive to free royalties, extend areas for prospecting and for Geological Survey, Franchise development. Generally Government personnel and expenditure must bear a correct relationship to the value of the work done.

Loyalty to Principle. I have been widely asked to stand at the next Election, and feeling that your views and mine are similar in principle, even if they differ in detail, I will not do so.

I claim to represent the interests of the public at large, and my own will surely Kenya when I have a public affairs and an active part in public affairs and my own will surely Kenya when I have a public affairs and an active part in public affairs.

I have represented this Constituency for about six years and have, I hope, maintained loyalty to principle and to my constituents. I have represented this Constituency for about six years and have, I hope, maintained loyalty to principle and to my constituents.

I claim to represent the interests of the public at large, and my own will surely Kenya when I have a public affairs and an active part in public affairs.

CORRESPONDENCE.

The Editor does not accept responsibility for the loss or non-recovery of letters by his correspondents in these columns and in all cases the name and address of the writer must accompany a letter, and it is not to be published unless a guarantee of good faith. Brevity is also essential to secure consideration.

(1) Since the P.M.G. does not appear in the national news supply to date upon the P.M.G. the above mentioned will be necessary. The P.M.G. comes into possession of property of considerable financial value for a trifling outlay by investment.

(2) Through the P.M.G. under the conditions of the competition for his claim to ownership, the P.M.G. will be successful in obtaining the property of the railway company if they are not used for their design if they are not used for the proposed new design.

(3) It would be interesting to hear the views of other competitors on the points raised above. It would also be of advantage if the P.M.G. will comment or explain the above questions.

Yours etc., NAIROBI, March 6, 1934.

NAIROBI TOWN COUNCIL PETROL PUMPS.

To the Editor, "E.A. Standard," Sir—Council Newark's reply to your article will have no doubt been read with considerable interest especially by members of the Motor Trade Association. The personal interest in this particular Commission has taken particular note of the terms by which petrol pumps are to be installed in the town by various proposals. It is not possible to deal with the details of the various proposals in this column. I am sure we shall be able to do so in the near future.

Yours etc., W. J. DAWSON, Njoro, March 2, 1934.

PICTURE STAMPS.

To the Editor, "E.A. Standard," Sir—Recently the Postmaster-General advertised a competition for designs for a new series of stamps for Kenya, Uganda and Tanganyika.

It is in conditions it is held down that the design submitted become the property of the P.M.G. The more one thinks of this the more one realizes, the more one realizes.

Three prizes are offered and it is stated that four designs will be selected. It is to be hoped that the designs will be of high quality.

(1) Will the design (apart from the three winners) which the P.M.G. requires to make up the various denominations be used by the Government in the design of the stamps? (2) Will the design (apart from the three winners) which the P.M.G. requires to make up the various denominations be used by the Government in the design of the stamps?

NOTICE MR. THEO. SCOUTEN Ladies' and Gentlemen's Hairdresser, begs to announce that he has transferred his Government Road business including his staff to his premises in the New Stanley Arcade, Sixth Avenue.

Revolution in High Tension H.T. ACCUMULATORS Half the size - yet full capacity. INEXPENSIVE TOO. Give up expensive dry batteries! Discard your cumbersome H.T. accumulators! The H.T. accumulator of a new day is here! Half the size of any other type! No plates to move, break! Handless! Low expense! Hardly bigger, even, than a dry battery, five or 600 m.a.h., on each charge. Inactive, it retains full voltage. It is non-drag, it completes the revenue in minutes, power by the H.T. accumulator. Plate-less H.T. accumulator.

Council cannot legally go on granting occupation permits for such developments. Mr. Newark states that the Council have considered the committee's report. From this it would appear that the public opinion is in favour of the present position. No complaint has been registered against the public opinion. The present situation causes any obstruction or interference, and would there be any more important improvements to be made? Council that would confer testing benefit upon the public whose interest Mr. Newark has so much at heart.

The removal of a few petrol pumps is of minor importance to the public as compared with sanitation, street lighting new road works, etc.

THE ECONOMIC COMMITTEE - FARM FINANCE. To the Editor, "E.A. Standard," Sir—In the light of events during the last three years of the depression, the Government's proposals for the reconstruction of the financial position of the primary producers is not only the Government's proposal of the primary producers, but also the Government's proposal of the primary producers.

Yours etc., E. KNAPMAN, Nairobi, March 2, 1934.

Robbery Under Arms in Uganda.

INDIAN MERCHANT HELD UP ON MAIN ROAD.

Blinded by Grand Chief

BANDIT'S CAR FOUND ABANDONED AFTER BEING DRIVEN ON THREE WHEELS.

Further details of the highway robbery which took place on a Uganda main road on the evening of March 2 and which has already been reported in the "East African Standard," have now been received.

An Indian cotton merchant with Shs. 40,000 in his car stopped to offer assistance to a man evidently requiring a puncture on the roadside. The next thing he knew was that something had been thrown into his eyes, this subsequently proved to be ground chilies, and when he was able to open his eyes, the Indian found himself surrounded by three masked men armed with revolvers.

Quickly connecting the wiring the Indian set in parpurs and with the aid of another Indian and an European, the bandit's car was followed and eventually found abandoned near Ruhaga Cathedral, a wheel rim having come off.

Immediate steps were taken by the Police and a result two Europeans and two Indians have been detained in connection with the robbery.

Four Arrests.

On the evening of Friday, March 7, Mr. McMahon, A. H. A. Cotton, and the firm of Messrs. James Hancock and Co., was driving a lorry out along the Masaka road with a load of cotton. It was when he was taking to his gun for the purpose of loading cotton. At about 8.30 p.m. one of the men saw a lorry-borne car on the Masaka road with a load of cotton. He was in the middle of the road, looking for a sign of a car, which was still warm, this had obviously come off the car as it took the heavy load on to the Masaka road. He then returned to Kampala and reported to the Police.

AIR MAIL CONTRACTS.

To be Returned to U.S.A. Company.

President Roosevelt, in a special message to Congress suggests that the Government should purchase the rights to the commercial companies and new contracts negotiated with the airlines.

STOCK EXCHANGE.

At the conclusion of the day's trading on the New York Stock Exchange, the market was closed at 109 1/2.

Kindness of London  
Headquarters.

**KEYING NEW ARRIVALS**

The fourth annual general meeting of the Kenya Branch of the Society for Overseas Settlement of British and Commonwealth Subjects at Government House on Monday 13th was presided over by Mrs. P. J. Smith, Chairman of the Kenya Branch, assisted by Mrs. Ralph Turner, President of the annual meeting, and Mrs. J. G. Moore, Secretary.

There was a good attendance of thirty-two country Districts represented by their District Vice-Presidents of the East Africa Women's League, all of whom were local Representatives of the Society in their respective Districts. The meeting was well-attended.

After the minutes of the last annual meeting had been read and signed, the Honorary Secretary, Mrs. Turner, delivered the report of the last year's work and the financial statement, both of which were adopted.

In the course of a short address the Chairman congratulated the Honorary Secretary on her report and the excellent work she had done. She expressed to the members of Committee who were present, her appreciation of the work they were every day doing, and she expressed her thanks to Mrs. Charles Morris for so skilful looking after the meeting of new arrivals in Nairobi and to Mrs. Hibbard who had taken so much trouble in the early part of the year.

At this stage arrangements for the coming year were discussed in connection with the unfurling of the Kenyan flag and the presentation of the Kenyan flag to the Honorary Secretary. During the year Mrs. Turner drew attention to the arrangements which had been made in connection with the immigration of the East African Colonies, in connection with the Home Office, with the Society, her address, certain facilities in Kenya, and the work of the Society in connection with the Lady Margaret Home, Nairobi, and the work of the Society in connection with the Kenya S. O. S. B. W. Committee.

**THE COUNTERFEITING TRIAL**

Singh, Thakar Singh and a third man, was used to assist the witness in preparing his evidence.

**Down Case Closed.**

Sub-Inspector Sharma of the Kenya Police was called to the stand by Mr. Burke to give evidence in connection with the trial of the accused before the trial. The accused were Mr. Thakar Singh and a third man, who were used to assist the witness in preparing his evidence.

**Defence Submission**

Mr. Burke on behalf of Thakar Singh submitted that his client had no case to answer. There was no evidence to substantiate that Thakar Singh had made or had been in possession of any of the alleged counterfeit notes.

**TO-DAY'S CAUSE LIST.**

**THE FILTER TIP**

that protects your fingers and teeth from stain

Here are all the virtues ever claimed for cigarettes now combined in one—du Maurier Virginia—and substantiated this time by the du Maurier Filter Tip.

It is not enough to remove the irritants from the tobacco—all reputable manufacturers do this. The active irritants are not developed until the tobacco is burnt. These can only be removed from the smoke itself—the du Maurier Filter Tip alone can do this. Cleaner, more satisfying, smoother—the du Maurier Filter Tip offers an immense gain to your satisfaction and health.

FIFTY LADY SMITHS - BATTLE TO DEATH TREACLE - A PARLOUR MAID AND HER HORSE.

Altogether eleven persons have become extinct in one year in the west above the average for the last 50 years according to "The West" for 1954.

There are many "patels" today with regard to their money. It is not surprising that there are 50 women in the west of Lady Smith, 20 of that of Lady Robinson, and 15 of that of Lady Jones.

Wheat was recently fought at the old gold-mining town of Chertown (Victoria) a vintage was in which a dog, a fawn, and a brown mastiff participated. The latter animal was found at the scene and succeeded in snipping its rival off. They all three lay down in 1949.

A complaint was made by the Head London Inquest witness that had lighting in the mortuary made it difficult to identify the body and was told to go back and have all lights on. He returned satisfied.

Widow's face in one of the Bristol Water Company's new housing estates was a new grievance. They say they had been told to go for the chipping of crows.

YOUR CHEMIST STOCKS IT

Questions.
At the conclusion of the address the chairman invited questions.
Mr. T. A. Archer asked what Mr. Major Kerton was aware that Mr. Harger was offered £5 per day...
Major Kerton replied that he was aware of it, but that he was not aware that Government had made it a whole time job.
Major Kerton replied that he was certainly not asked to work Saturdays and Sundays, but that he was not sure of the exact work which he was doing...

Death Bed Repentance.
The end of the whole matter was the restoration of credit. All the Colony's politicians had now stamped down economies as a result of his previously reported address.
Major Kerton then touched upon the right of the abolition of the...
The speaker addressed the speaker addressed Mr. McLean-Wilson thought it advisable to mention that the manifest that true economists should have in the end of the country's welfare...

# UNION-CASTLE LINE

## EXCURSION

RATES WILL BE AVAILABLE FOR SOUTH AFRICAN PORTS FROM MOMBASA

by the following vessels:

"Llandovery Castle" 21st March

Excursions to South Africa until the end of MARCH. Tickets are available for three months and are interchangeable with the British-India Line.

All ships on the home line now carry one category of passengers only at reduced SPECIAL SALOON FARES. Thus the ample deck spaces, public rooms and general amenities of the East African ships will of course be available to all.

Accommodation is divided into six grades, and the fares to London are as under:

**£48 £55 £62 £69 £76 £83**

Advantage has been taken of this arrangement to provide an attractive Cafe Lounge and a well furnished nursery. In other respects the Company's service to passengers and the measures taken for their comfort and convenience will be amply maintained.

For all information relative to passages, rates of freight, etc., apply to—

**SMITH, MACKENZIE & CO.**

# COMMER B.20

You must look in at our Showrooms To-day and see this revolutionary new truck YOURSELF.

Look at these salient points:—

- \* Fast and Sturdy
- \* Economical to Run
- \* Inexpensive
- \* High Clearance
- \* Exceptionally Strong Frame

AND THE COMMER B.20 IS 100 per cent. BRITISH IN CAPITAL, MATERIAL AND LABOUR.

## B.20 SPECIFICATION

**ENGINE:**  
Smooth and powerful four cylinder side valve engine; 75 mm. bore x 110 mm. stroke (capacity 1.944 c.c.) giving 44 h.p. High seat to give ample clearance; three point rubber mounting to main frame. Detachable cylinder head with specially shaped combustion chambers. Three bearing crankshaft. Pistons of special construction. Piston pins placed well forward prevents heat entering driver's cab. Ignition by 6 volt battery, coil and distributor with automatic and manual advance. Electric self-starter is fitted, also Solex self-starting carburettor.

**LUBRICATION:**  
Pressure fed through filter and drilled crankshaft. Specially designed large capacity sump.

**CLUTCH AND GEAR BOX:**  
Single dry plate clutch totally enclosed in steel flywheel. Requires no attention or lubrication. External adjustment easily accessible. Four speed gear box with reverse. Central change. Specially designed for heavy duty. Power take-off opening.

GEAR RATIOS.	
Top	7 to 1
Third	11.6 to 1
Second	20.16 to 1
First	33.48 to 1
Reverse	46.824 to 1

**TRANSMISSION** by open type Hardy-spicer tubular shaft with mechanical oil-tight universal joints.

**REAR AXLE:**  
"Heavy Duty" spiral-bevel type, very substantially constructed. Pinion and crown wheels mounted on adjustable Timken roller bearings. Differential bearings easily accessible.

**FRAME:**  
Robust deep channel sectioned frame, 5" x 2 1/2" x 5/32" rigidly braced by heavy cross members.

**SPRINGS:**  
Long semi-elliptic front and rear springs of adequate strength and very smooth riding.

**BRAKES:**  
Exceptionally powerful and smooth acting pedal operated Duo-Servo self-energising brakes on large drums on all four wheels. All brakes enclosed and independently adjustable. Hand operated brake acts on all four wheels.

**COOLING:**  
Extra large radiator of most imposing appearance, and water jackets of ample capacity, ensure efficient cooling under all conditions. Impeller type water pump. Large four bladed fan.

**WHEELS AND TYRES:**  
Steel artillery wheels. Tyre equipment India 32 in. x 6.00 in. front, 32 in. x 6 in. Truck rear.

**STEERING:**  
Light and positive in action. Right or Left-hand steering optional.

**PETROL SUPPLY:**  
Ten gallon (45.5 litre) tank under driver's seat. Fuel supplied to carburettor by mechanical pump.

**LIGHTING:**  
Headlamps. Side lamps. Brake pedal operates "stop" sign on rear lamp.

**BATTERY:**  
4 volt 75 amp. hour, in easily accessible position on left-hand side footboard support. Protected from all dirt and vibration.

**EQUIPMENT:**  
Bumper. Spare Wheel; Electric Horn; Detachable Starting Handle; Concealed Panel Lighting; Kit of Tools. Grading Gun, Wheel Jack and Brace; Tyre Pump; Speedometer; Petrol Gauge; Oil Pressure Gauge; Ammeter; Light-ning Switch; Electric Starter; Front Wings; Running Boards. Power-driven Tyre Pump fitted at extra charge.

**MAIN DIMENSIONS:**  
Wheelbase 10 ft. 0 in. (3.048 metres) Maximum Chassis width 6 ft. 0 in. (1.828 metres)  
Overall Chassis length 15 ft. 9 in. (4.819 metres) Wheel Track 4 ft. 9 1/2 in. (1.45 metres)

ROAD AND WEATHER REPORT.

Mr. Dalton-Fox writes as follows: From the central railway line in Tanganyika right up to the Belgians Congo the country, if taken as a whole, is almost reflecting from drought and in many parts owing to the burning off of the grass the ground is absolutely black. There are, however, some areas which have had rain recently like between Kampala, Jinja and Iganga, parts of the Bugongi and Kipoi highlands in Uganda, parts of the Bukoba and Mwanza districts; in fact, so far as Tanganyika, where some very welcome heavy showers have made the country green again.

This week in Kenya there have been slight and in some places heavy showers practically all over the country, but I am afraid it is more or less to the extent that it has been in the preceding weeks. It is only days ago that I formed the opinion, but it rather looks to me as present as if the long rains should reach Nairobi about the 25th of this month. Nairobi, however, for I can gather, they are half way between Dodoma and Arusha, but they are not so intense as they should be. Two weeks ago Dodoma had four inches rain which has eased off to one and a half inches, whilst Arusha had two inches each week for the last three weeks. I think, however, the position will clear up considerably in the next week or ten days.

The heaviest showers this week were at Machakos Road which measured 9 1/2 inches, Simba 8 inches, Kilome and Kiyindi 7 inches, Thika 1 1/2 inches, and Limuru and Kericho three-quarters of an inch.

In Tanganyika the Lindi and Kilwa centres have had a considerable amount of rain, and a fair amount has fallen between Mbezi and Dodoma. The northern section of Tanganyika Territory I have already looked at.

Taken as a whole Uganda also should be perfect and dry excepting for certain localised sections where heavy showers have made the country green again. The following is the state of country roads: Nairobi-Voi (direct)—Impassable. Nairobi-Voi (via Kejido and Nanyuki)—Fair. Malindi—Good. Dunga-Lua on Belam—Fair. Kericho-Mogoro—Fair. Nairobi-Kajiado—Fair. Nairobi-Adhi River-Kajiado—Fair. Longido-Arusha—Fair. Rough in parts. Lengai-Moshi—Fair. Rough in parts. Mochi-Kericho—Passable. Arusha-Dodoma—Fair. Dodoma-Tanga—Passable. Iringa-Arusha—Passable. Nairobi-Thika—Good. Fort Hall-Nyati—Good. Nyati-Mururuti—Good. Thomson's Falls-Gilgi (West) road—Good. Thomson's Falls-Gilgi (East) road—Good.

Increase in Britain's Military Expenditure.

ESTIMATES FOR THE COMING YEAR.

But Still Below 1932 Total.

PROGRAMME OF MECHANISATION TO BE CONTINUED.

The military expenditure by Great Britain during the coming year is estimated to be £1,550,000 more than the previous year, although the increased provision is still not equal to the reductions made in 1932 during the period of the financial crisis.

The increase will be devoted to modernization of coast and other defenses, the continuation of the programme of mechanization and other important work.

Notwithstanding the increase in the votes for the defense services, it is understood that the general expenditure for the coming year is a considerable decrease, owing to reductions in the civil expenditure. A budget surplus of twenty-five to thirty millions is expected to be announced by the Chancellor.

COAST DEFENSES.

Members of the military estimates, which comprises the supply estimates for 1934, have estimated an increase of £4,775,000 over the combined estimate, the increase being chiefly in the cost of the new year's programme. The estimate for the coming year shows a decrease of £1,200,000, which is a fall of £100,000 on the estimate for 1933. The estimate for the coming year shows a decrease of £1,200,000, which is a fall of £100,000 on the estimate for 1933.

BUDGET PROSPECTS.

The budget prospects for the coming year are considered to be bright.

AN ELECTION INCIDENT.

Statement by the Late Lord Delamere.

An interesting incident occurred at a meeting of the Conservative Party held at the Grosvenor Hotel, London, on the 10th inst. The speaker, who was Lord Delamere, was addressing a large gathering at Park Lane, London, on the 10th inst.

The speaker, who was Lord Delamere, was addressing a large gathering at Park Lane, London, on the 10th inst. The speaker, who was Lord Delamere, was addressing a large gathering at Park Lane, London, on the 10th inst.

A Conversation.

In the course of a conversation with a friend who was discussing the position of the Government, the speaker mentioned the names of certain persons who were connected with the Government.

Relative Prospects.

The relative prospects for the coming year are considered to be bright.

THE ATTRACTION OF TROUT FISHING.

One of Kenya's Greatest Assets.

A NAIROBI LECTURE.

Those who did not know the joys of fishing regarded it as a hobby. However, Mr. H. Hatley in his lecture on trout fishing given at the McMillan Memorial Library on Thursday evening last, showed that trout fishing is one of Kenya's greatest assets.

The earliest record of fly fishing in Kenya was made in 1895. The fishery was first introduced into Kenya by Mr. H. Hatley in 1901.

Trout fishing has become a popular sport in Kenya. The fishery is now being developed as a major industry.

Diversity is also essential to ensure candidness.**

#### THE ELEPHANTS—NAIROBI NORTH

To the Editor "E.A. Standard," Sir—I am sorry that personal time has been interrupted by the hope that they would not be in my opinion lost started but I have no option but to reply in your issue of the 7th, where you mention a bit "to state that one of the main planks in my programme is to limit the number of elephants in the country wherever it is necessary to do so and to do so as to give the best results of the country as a whole. I am happy to see that you have mentioned this in your issue of the 7th as an example of that type of misapprehension of what Kenya has been the victim for so many years."

He also asks "why has he not given us a helping hand?" In reply I should like to say that I have never refused any help that has been asked of me. On two occasions Government have asked me to undertake certain tasks. They may remember that I was to organize the visit of the British Ambassador when over 200 visitors from Nairobi and the surrounding areas were to be entertained in the week of the 27th. I was asked to undertake the organization of their stay here. This I did but was not here when they arrived as I had again been asked to do another job, to accompany the delegation led by the late Lord Delamere in 1960 as the Secretary. I might mention that I was asked to do this at ten days' notice and agreed immediately.

#### THE TOWN COUNCIL—NAIROBI

To the Editor, "E.A. Standard," Sir—Your correspondence on the D. Newark makes an allusion to the 27 pumps or more that are contained in the Sixth Avenue area as 150 yards in Sixt Avenue.

At first glance, the number seems startling, but on a second look the statement looks suspiciously like a "fact" hearing. If there are 27 pumps, it does not think there are too many in view of the fact that each station has four, five, or more pumps.

I have noticed, offhand, that there are "Shell" pumps, "Petrol" spirit, "Pratts" spirit, "Texaco" spirit, etc., and it would appear that most of the Oil Companies have at least a few pumps each at each station, believe I have seen two "Shell" pumps at some stations.

It should be remembered that Sixt Avenue has always been associated with the Motor Traffic and at least for the 27 years since it was a fair period of time to go by.

It is all very well for Mr. Newark to endeavor to set himself as a Commissioner, but if some of the proposals, he observed, that these are a tremendous number of cars to the south of the city and for a large part of that are not ordinarily obtainable. Other places may be required to be provided for the use of these cars.

What is envisaged by all concerned and I include the convenience of the public in this regard is that people in that convenience to be ascertained into back streets of the Council's housing in relatively congested and probably dangerous areas for the purpose of buying their petrol where they are ordered to do so. The creation of monopolies by such means as this.

Yours etc,  
VIVIAN WARD,  
Nairobi,  
March 8, 1964.

#### CIVIL SERVICE SALARIES

To the Editor, "E.A. Standard," Sir—The cry of Civil Servants who appear to be one of the chief issues discussed at the various session meetings.

while in itself unjust and wrong is calculated to create hardship and loss to people engaged in the petrol trade in an area which has for long been depressed. In this particular respect and where certain goods will have been created by property owners and their several associations. Everybody would regard the reduction of the petrol price which clearly and impartially, set out such of the facts as they know. I hope at a later date to suggest them should have been taken into account.

**Yours etc,**  
"SUGGESTION"  
Nairobi,  
March 7, 1964.

#### ANGLO IN KENYA—THE MAHSEER

To the Editor, "E.A. Standard," Sir—I would like to point out that there are no comparisons between the petrol trade in an area which has for long been depressed and where certain goods will have been created by property owners and their several associations. Everybody would regard the reduction of the petrol price which clearly and impartially, set out such of the facts as they know. I hope at a later date to suggest them should have been taken into account.

**Yours etc,**  
"SUGGESTION"  
Nairobi,  
March 7, 1964.

It is all very well for Mr. Newark to endeavor to set himself as a Commissioner, but if some of the proposals, he observed, that these are a tremendous number of cars to the south of the city and for a large part of that are not ordinarily obtainable. Other places may be required to be provided for the use of these cars.

What is envisaged by all concerned and I include the convenience of the public in this regard is that people in that convenience to be ascertained into back streets of the Council's housing in relatively congested and probably dangerous areas for the purpose of buying their petrol where they are ordered to do so. On the Verge of Civil Strife.

UNIVERSAL STRIKES EXPECTED TO-DAY

Householders Arming.

DRASTIC MEASURES BEING TAKEN AGAINST SOCIALIST ORGANISATION.

It is expected that unless efforts at mediation are successful the strike will become general throughout the Country to-day.

Government has been taking firm steps against the Socialists who have been creating disturbances in the streets and throughout Madrid, associations are being dissolved and firm measures taken against agitators.

situation in many big cities is further complicated by the fact that householders are preparing for an outbreak by the purchase of arms and by accumulating supplies of food in their houses, it is reported that both gunsmiths and locksmiths are doing an exceptionally good trade.

Newspapers Suspended.

Madrid, March 9. (Special Service Agency.) The Government has suspended all newspapers published in the parts of the country where the strike has broken out.

On the striking. The Republic continues to have the Socialists' violence and frequent disturbances in several districts in a state of alarm, while Barcelona is suffering from the death among merchants.

Forecasting a revolutionary outbreak, leading house holders have accumulated supplies, and both smiths and gunsmiths are reaping a rich harvest.

Meanwhile the first step towards halting the Socialist Party has been taken through instructions to District Attorneys to prosecute those associations which refuse to obey legally.

ARMY AND AUSTRIA.

Government's firm measures of the strike have greatly improved the situation notwithstanding previous strikes and minor disturbances between Austria and Italy in Valencia, Bilbao, and elsewhere.

A SUBSTANTIAL SURPLUS.

Britain's Budget Prospects.

Black Conjecture.

PROPOSED RESTORATION OF CUTS.

THE Chancellor of the Exchequer, Mr. Neville Chamberlain, has declared that he has a considerable surplus in hand at the end of the current financial year.

An official statement says that Lord Plymouth, the Chairman of the Treasury, agreed to limit the proposal to continue to watch the situation very closely and to recommend appropriate action if the United States Congress passed the pending legislation which called for the restoration of equilibrium between production and consumption.

The prospect of a substantial surplus being realised at the end of the financial year, which closed on March 31, has given rise to much conjecture regarding proposals of the Budget for next year which will be opened in the House of Commons next month.

The restoration of the cuts made in Unemployment Benefit and in salaries of Civil servants, and the reduction in taxation in order to meet the 1931 crisis, are the principal objects to which it is suggested the Chancellor of the Exchequer, Mr. Neville Chamberlain, should devote his attention.

In a speech last night at Birmingham, Mr. Chamberlain referred to the subject, remarking that any proposal of his Office must give careful attention and consideration to the various objects which might present themselves for the distribution of some of such hypothetical surplus in the public hand.

He said, was a weighty and complicated one into which many considerations, one of which are not even yet known to him, entered and he had not yet reached the present case to any conclusion.

The three members of the British Mills, who were charged with assault on a woman named Richardson, were discharged with £200 costs.

It was reported last week that three members of the British Fascists had been charged at the trial of the woman named Richardson.

The Senate has adopted a resolution to reduce the import tax on British produce.

The Reichstag fire trial in Germany has been adjourned until next week.

Major C. Stoen, Nogai, has been appointed an honorary permit issuer under the Dionaea of Animal Ordinance.

DISARMAMENT PROPOSALS.

America Supports Britain.

New Suggestions.

Facilitating Political Agreement.

UNMISTAKABLE LANGUAGE FROM FRANCE.

The League of Nations is now more hopeful of the eventual success of disarmament in one measure of indications of the attitude by Britain which is believed to be now favouring the idea of a general disarmament.

A White Paper on disarmament has been issued today by the Minister for Foreign Affairs on the subject of the French attitude in disarmament.

It is hoped that the new French proposals will be accepted as an advance on the limitations of the London Conference.

Another indication of the advance towards more progressive times and conditions has recently been revealed by Mr. Walter Rauschenbush, President of the American League of Nations.

M. Hainé, Secretary of the League of Nations, has stated that France is unable to accept any limitation of the arms race.

Secondly, disarmament and automatic limitation of armaments are not the same thing.

With emphasis on the fact that the Government does not in any way participate in European political projects and interests, the Government will not undertake a unilateral disarmament.

The American Government has been reported to have expressed a willingness to the United States to enter into a disarmament convention.

Therefore America welcomes the proposal that the British Government should be invited to enter into a disarmament convention.

The following rates of exchange were announced by the Nairobi banks on Saturday.

The defence department that cutler is now administered, which is stated that bombs were struck in self-defence.

France Re-organising Her Defences.

LAND AND SEA FRONTIERS TO BE STRENGTHENED.

Special Expenditure Bill.

The French Minister for War, Marshal Petain is authorised to spend £14,000,000 to complete and equip the frontier defences of the Country.

Not only are the land frontiers to be strengthened but also the sea defences, and in addition large sums are to be allocated for improving the air force, on the principle of quality rather than quantity.

Air Force Equipment.

France is to launch a re-organisation of her defence force at a cost of £27,000,000 for which a special expenditure amount is provided by a Bill tabled by the Government.

The Ministry of War will be authorised to spend £14,000,000 on the completion of the special expenditure Bill.

UNLIMITED ENTRY.

DOLLARS FOR DIPLOMATS.

The House of Commons has passed a Bill allowing £7,000,000 for the Department of State for Commerce, Industries and Labour.

Another indication of the advance towards more progressive times and conditions has recently been revealed by Mr. Walter Rauschenbush, President of the American League of Nations.

The House of Commons has passed a Bill allowing £7,000,000 for the Department of State for Commerce, Industries and Labour.

Dances

March 14: "Sunderland Avenue Hotel." "Ranelagh, Torr's Hotel."

March 15

Annual Ball of Oxford and Cambridge Society of Kenya, Torr's Hotel, Nairobi.

Debuté Evening

THEATRE has been very quiet of late as far as hotel entertainments are concerned. The management of Torr's Hotel, however, have under arrangement a programme of debuté evenings, which will be believed to be the gain of the nation, as that part of it which inhabits Nairobi and the environs.

Torr's Hotel Orchestra

TWO very popular members of Torr's Hotel Orchestra are shortly leaving for England on the expiration of their contracts. They are Bobby Martin, the pianist, and Micky Mitchell, the drummer, both of whom, as well as other members of the orchestra, have frequently assisted in local concerts. Mr. S. Zander is continuing as leader, and Les Whitson, the violinist, remains. The vacancies are being filled from England.

A Philanthropic Loan

BY the retirement and departure from Kenya, of Mr. R. W. Lambert, the orchestra section of the Nairobi and District Philharmonic Society has lost a very useful member. His assistance will be appreciated when he was transferred from Nairobi to his temporary district, but, following a short leave on account of sickness, Mr. Lambert was again

assisted in Nairobi. A brief spell of work and his health broke down completely, and he has been invalid, as he said, of the Great Britain. The good wishes of all will go with him.

The Show's Progress

THE Railway Players' production of "The Temning of the Snow" has now advanced to the stage of introducing the crowd and music. A few alterations have been made since the preliminary one was published, and it is believed that the original production, as it is the opinion of all who have been privileged to watch the early rehearsals, that it would be difficult to find a more suitable cast in Nairobi. Miss Marton, English madame, a perfect Diana, while Andrew C. Hicks is extracting laughs from the most unassuming places in his rendering of Gumbo. A Woodcock and a Woodcock are the two characters and some of fun to their studies of Petruchio and Katherine; two characters that these young people will soon be making the talk of the town. Among the actresses are two of considerable promise. They are Miss Marion Walker and Evelyn Jones. These two players make their small parts so vivid in character that they are sure of being looked for in bigger parts in future productions. Next week all books are being discarded and the play will be put together for the first time. Following the complete play rehearsals come the one costume rehearsals to make the characters familiar with their roles and cuts, furnishings and trunks. After this will come the rehearsal of full dress rehearsals leading to the first public performance on April 19.

"Right Flight"

THIS film, taken from the prize-winning novel by the late de Saint-Exupery, who was once a pilot over the sands of Africa in the production—its outstanding feature of the war with the additional recommendation of being another brand new release. The story is built around the imagination of a night flying service across the North American continent.

"The Red Headed Woman"

KENYA has been honoured by the Kenya Board of Censors on moral grounds.

Old Friends

THEY will be met with in "My Lucky Star" which succeeds "When London Sleeps" at the Princess on Thursday. In his way, this film is unique for it brings together a large collection of stars in a farce. There is Harry Tate, for instance of music hall fame created by his wonderfully amusing motorist sketches. The mere mention of these carries one back many years indeed. Another is Oscar Ashe, whose greatest stage success was "One-Up-Down" with third in Harold Huth, once

motorcar salesman until he caught the attention of a director at the Gaiety-theatre studios. Since that time, we've seen him in "Tom Kipper" and other films. To these must be added Herman Dorevski, the well known composer of many popular tunes; Nargabin and Gold, comedians; and the Ten Slipper Girls, of recent fame, who in a screen-acted girl and the comely ranks high.

ON Thursday night, of course, a fresh supply of new gassettes will be shown, including "Part Time Wife" with commentaries by R. E. Jeffrey.

Transfered.

"THE Mayor's Nest," starring Sydney Howard, has been transferred from the Empire Theatre to the Capitol Theatre.

"Dramatic Franches"

"HE" took her far granted, so she sought consolation elsewhere. "What a time, alas!—part of the time."—"From 'Part Time Wife'."

"Four in One"

"THIS is Seymour Hicks—actor, manager, dramatic author, and a very amusing man to meet off stage as well as on. He has the lead in "Money for Nothing" opposite Betty Stockell, a British made face which promises well.

CORRESPONDENCE.

The Editor does not accept responsibility for the opinions expressed by his correspondents... these columns and in all cases the name and address of the writer must accompany a letter...

EDUCATION - A TECHNICAL SCHOOL.

To the Editor, 'E.A. Standard'. Sir—Recently, there has been much talk about the importance regarding education... Sir, it would not be an impossible task to start a Technical school similar to the I.C.C. schools...

There are in Nairobi various two-storey unused buildings which could be used as temporary lecture-rooms... There are in Nairobi various two-storey unused buildings which could be used as temporary lecture-rooms...

Eventually both day and evening classes could be held and the whole thing be on a self-paying basis... To emphasize the necessity of more technical courses, there were three students who passed technical examinations...

I feel certain that in the event of such a school being established, leading firms and Municipal and Government authorities would help in the matter of arranging tools, workshops, power stations, etc...

Yours sincerely, M. R. 1884

ANOLING IN KENYA - THE MAJISSEI.

To the Editor, 'E.A. Standard'. Sir—I have replied at some length to Mr. Cooper's letter of February 6 and tried to show that the argument that there is a close family relationship between our Harbus and the Majissei is an incorrect assumption...

With all due respect to Mr. Cooper's position as an authority on anoling matters, I would like to ask why all these conditions are laid down by the fish inspectors? Will you kindly refer to the fish laws to confirm me? Mr. Cooper's letter of February 16 before it may be introduced into the Colony? The question of the introduction of small fish to a fish hatchery is a matter of such local conditions...

Mr. Cooper states that the 'Majissei' would give sport to a 'low class'. He says further, 'it would certainly wander down streams to the big stretches difficult to reach by the father and his family'. It seems obvious to me that the really large fish would certainly wander down streams where they would have room for their large bulk to live in peace. He also states that such fish would remain high in the stream where they would not be taken by the fisherman and his family...

COMMUNICATIONS IN THE COAST AREAS.

Complaints Regarding Roads and Ferries. The Coast Areas are a very bad state indeed and although the Minister P.W.D. is doing everything he possibly can to keep them in possible condition...

While on the subject of roads in the Coast Areas, it is well to say again that attention to the dangerous condition of the telegraph poles on the Mombasa-Malindi road is a very serious matter...

The question of road ferries in the Coast Areas seems a very interesting matter. It would suggest that the next time Mr. P.W.D. visits Malindi he should visit to Malindi and see how we should have no further cause for complaint in the district.

To-night's Films

Empire Theatre.

It is hard enough to play bad golf when you play it because you want to, but to play bad golf because your doctor has told you to take it up must be interesting. Edmund Lowe in "Part Time Wife" at the Empire Theatre tonight keeps his temper remarkably well when his teacher hits clubs and lifts his head, especially as he knows that his wife is a champion and has deserted him as a result of some trivial golfing quarrel. A golf contest is arranged by Tommy, his cousin a few weeks later, and both husband and wife are surprised to find that they are opponents. There is a temporary reconciliation, but she leaves him again and goes to England to play golf professionally only to be followed there by her husband and Tommy. Tommy Clifford plays the part of the caddy well. "Part Time Wife" is a mixture of satire, sentimentalism and comedy, and golf matches. The leading parts are taken by Lolla Hyman and Edmund Lowe.

Capitol Theatre.

When famous opera singers make their voices heard do justice to Morla's "Green Moore's" voice production beautifully, especially in the scene taken in the opera house when she sings the "Queen Elvira" from "Norma". Also sing other songs, an ode from "Daughter of the Regiment" "O' My" by Herbert Stothart, and an Italian song of Oscar Brown. The story links with Jenny Lind, an opera singer who overstates her voice, and Benjamin Denny, a composer, who falls in love with her but decides her because he knows himself to be going blind. For years Jenny sings and finally she appears in New York. A high touch of comedy in this otherwise sentimental sentiment is introduced by one Oda, who asks the famous singer to sing a composition for a blind friend of his business. "In a Swain, and you're a Swain, and here's a Swain". He, of course, is Benjamin Denny who has been living in poverty and mourning for Jenny Lind. This leads to their reunion. "A Lady's Mood" is shown in the Capitol Theatre tonight. Most outstanding thing of the picture is the singing of Jenny Lind, whose lovely voice has light earned her the title in the film of "The Swedish Nightingale."

At the annual election of the Nyanga District Council, Mr. F. Apton was returned for the Londiani Ward and Mr. T. Allen for the Mulholland Ward.

Princes Theatre.

There will be no change of programme at Prince's Theatre until Wednesday. The picture there is a British production, "White Lightning". Good drama and thrills. And, of course, the nation of scenes here is what the Prince's specialities and his patron so keenly appreciate.

DO YOU KNOW

The shortest glove fight on record was the contest between Battling Nelson and William Prosser, in 1902. It lasted five seconds. Prosser, the famous Frenchman, lost part in two bouts which failed to last the first round. His victims were Bombardier Billy Wells and Joe Brackett.

The Kenya Legislative Council Elections.

NOMINATIONS HANDED IN YESTERDAY... Four Unopposed Returns... EIGHTEEN INDIANS CONTESTING THE FIVE SEATS.

Yesterday was nomination day for the election of European, Indian and Arab members of the Kenya Legislative Council. Below will be found the list of candidates in all constituencies, with the exception of Trans-Nairobi, details of which had not come to hand yesterday.

An Objection Lodged.

Major Studdell, D.C., Nairobi, served the papers of the anti-Indian petition on the Kenya Legislative Council on the last of those taking place in the past few days.

Major Studdell, D.C., Nairobi.

Major Studdell, D.C., Nairobi, served the papers of the anti-Indian petition on the Kenya Legislative Council on the last of those taking place in the past few days.

An Objection.

With regard to the Indian representation, it will be seen that there is a good proportion of the total number of one—Mr. Shams ud Din has been challenged, however, by Mr. G. H. Banger, a candidate of the Council and now a candidate of the Government.

HIGHER BUILDINGS IN LONDON.

Criticism by Fire Art Commission... More Trouble About Air Mail.

The tendency to erect higher buildings in London is the subject of criticism in a report of the Royal Fire Art Commission which by Lord Kinnaird last year was empowered to call attention to any project or development which, in the opinion of the Commission, might appear to affect the amenities of national or public character.

OBITUARY.

A Scottish Representative... A Pains Annetie.

HEAVY RAINSTORMS IN ENGLAND.

The heavy rains which occurred during the week-end and the forenoon, indicating a continuance of the unsettled weather with snow fall in the north, and further rain in the south of England, have somewhat lessened the anxiety regarding water supplies, particularly in the rural districts, where thunder storms occurred in many parts on Saturday and Sunday.

TANGANYIKA SISAL.

Major Conrad Walsh of London who is at present in Nairobi, has recently visited the sisal areas of Tanganyika, in which he has very extensive interests. Major Walsh reports that the prospects of drought conditions obtaining in Tanganyika, have affected both the sisal supply and the growth of the plant.

# THE EAST AFRICAN STANDARD

## IN PRAISE OF WOMEN.

### The Courage of the Settler's Wife.

An unsolicited testimony to the outstandingly high qualities to be found in the wives of Kenya settlers, was given by Mrs. J. F. G. Orr. She and the Rev. J. F. G. Orr have just returned from a safari to Nakuru and Kisumu, where they have wandered from the beaten track to see some of the Scottish settlers who are hindered by distance from attending local church services.

Mr. and Mrs. Orr are full of enthusiasm when they speak of the kindness and hospitality which has been shown to them, and they appreciate the eager requests there have been for more frequent services. It was the women of the lonely homesteads who drew forth the most unstinted praise from Mrs. Orr. Their quiet courage and cheerfulness struck her as being heroic. Along most of the day, they kept themselves fully occupied in the house and garden, or in taking over some part of the farm work as their special bit, and pulling their weight in the daily struggle of making the farm pay its way. To sit down and think would soon play havoc with the nerves of these young people. In one instance, said Mrs. Orr, their husband was a young girl from London. The shamba was miles away from the main road, completely isolated by hills and bush and filled with a noticeable quietness. No dogs roared out barking, so Mr. Orr, thinking that the lady of the house might be resting, stepped quietly along the verandah. Inside the cool, pleasantly furnished room sat the young wife happily writing her home letters.

Her husband was in the shamba, the boys were resting in their huts. No dogs? No, since the rabies nuisance it had been impossible to keep them. Bright and smiling, the young wife welcomed them and insisted that they should stay the night. In reply to the query as to whether or not she minded the loneliness, she replied that between the house and the garden, her reading and correspondence, she found no time to think of being lonely.

In another picturesque homestead in the heart of the Elburgon forest Mr. Orr was able to administer a baptismal service to a small boy who was old enough to walk to his own christening. Mrs. Orr said that the lack of regular Church ordinances was most keenly felt in these out-of-the-way districts.

When one realises that these settlers' wives have to face loneliness day after day, in sickness or health, in a country where almost the prestige of the white race acts as a safeguard against a strong, virile, primitive people, one is thankful and proud that the settlers and their wives are as to a fine type. They have the grit and good sense of those who make excellent pioneers.

### Her Majesty on the Buy.

#### ROYAL FUN AT THE BRITISH INDUSTRIES FAIR.

"That name, excellent, indeed, said Her Majesty, gently prodding a large slice of Whiskin at the British Industries Fair. "And now I must have some handkerchiefs and some soap to send to another stall and bought four. The Duchess, who was with her, bought all in white, while all in white. A little further along they both bought sporting ones of two with nervous to match. This day the Royal family were most domesticated. The Duke of York bought some thimbleknives, and the Duke of Gloucester bought a brown kid-bag (in which he has packed all his troubles). The Queen's Duchess saw a long 'mauve' thing and exclaimed, 'What a practical idea! Just the thing to keep hanging tidy.' She bought it, and a drawing one of penguin with very handsome inside. It, probably as an untidy present for the Duke.

Here is a day dress in a smart material, with length of skirt given by you, and cuffs of white ribbed silk.

## Social and Personal.

### Mrs. J. Stewart Smith.

SINCE Lady Byrne has been away her daughter, Mrs. J. Stewart Smith, has carried on many of her social engagements and has represented her at various meetings. For instance, on the day that Lady Byrne left Nairobi she asked Mrs. Smith to attend on her behalf the annual meeting of the East Africa Women's League, an indication that the ladies of independent Nairobi are keenly interested in the good and necessary work that is being done by the E.A.W.L.

### There was a movement afoot to establish a West Indian Society.

The first meeting has in fact now been held. It was a "breakfast" party of the kind that lasts from 12 to 6 p.m. and all the food and the drink was very much of the Spanish Main. It was organised by Mrs. A. J. Master, and was attended by ten Nairobi residents who have all at some time lived in the West Indies. They were Mr. and Mrs. Walter Harrigan, Mr. and Mrs. Peter Stott, Mrs. Jack Waddington, Mr. Robert Harvey, Mr. Rufus Carter, and Mr. A. J. Master. The "breakfast" was a huge success, especially the host of Planter's Punch at which Mr. Harrigan officiated, and the Charles noon, each item of which was supplied by the various women members of the party. Contributions to music and refreshments were made by everyone and the party broke up with talk of another reunion very soon.

### Here We Go Round the World!

CAPT. and Mrs. C. M. Cheetham have arrived in Nairobi after travelling over the world between August and September of last year. The wind has blown them from England to Ceylon, to Colombo, Penang and Singapore, all round Australia, and then for a long hop right across to Cape Town. They visited the Falls

on their way North, but unfortunately Mrs. Cheetham has been unwell ever since. When she has recovered they will return to England via the Sudan.

### Mr. C. N. Lewis.

THE Local Director of Barclays Bank D.A.O. Mr. C. N. Lewis, has been ill for some weeks, but now he is becoming better, but this week there is a marked improvement in his condition. It will be several days, however, before he will be able to leave his bed.

### Lord Francis Scott at Nariva.

ON March 8 Lord Francis Scott addressed his constituents at Nariva. It was noticeable that a large proportion of the audience were women, which shows what an active interest in the forthcoming elections is being taken by them. The meeting at which the Earl of Epsford was generally well attended.

### On Leave.

AMONG the many Nairobi people who left Kenya by the "Mada" for England on Saturday were Dr. and Mrs. C. V. Brainbridge, Col. T. O. Pitt, Mr. V. Brainbridge, Mr. R. D. Davis of the Education Department and Mrs. Davis, and Mrs. R. Wilkinson.

### Mrs. E. W. Howell.

A FEW days ago Mrs. H. W. Howell arrived in Nairobi. Before her marriage to Mr. Howell in 1913 she was Miss Evelyn Cordery, one of two sisters who took part in many motor racing and endurance tests at Brooklands, where they once drove an Inveria car for 30,000 miles on the Brooklands track. They took turns at the wheel and ultimately succeeded in this severe test, averaging a speed of more than 60 miles per hour.

## The first cigarette NEWS for over 40 years

# THE FILTER TIP

that protects your fingers and teeth from stain

To use the language of Radio, the du Maurier Filter Tip is 'highly selective.' It cuts out 'interference' with your enjoyment. The 'atmosphere' with which it deals are the harsh and irritating acids produced when the tobacco burns.

It is not enough to remove harshness from the tobacco leaf all reputable manufacturers do this. But irritants developed when the tobacco burns can be removed only from the smoke itself—the du Maurier Filter Tip alone can do this.

By cleansing the smoke of acids, the du Maurier Filter Tip not only enhances flavour, it will also keep you fit, and protect your throat from irritation.

Cicely Courtneidge says—  
"Do as I do, smoke du Maurier cigarettes. They are excellent, the filter tip protects your fingers and teeth from 'nicotine' stain."

# THE KENYAN'S AFRICAN DREAM

## Strange Chapter in East Africa's History.

### DEMYSTIFYING AN ENIGMA

#### Controversial Study of Tragic Victorian Soldier.

It is a sad, touching experience when an old folk from the present clime is less long dead... The paradoxical character of the soldier-saint is a fascinating by-product of a life which has been depicted as a consummate soldier, a statesman, a hero, an adventurer, a saint and even as a saintly drunkard.

#### A Soldier's Confession.

Kenya came early under the influence of his father, Augustus, to which, in later life, he revealed the problems of his conscience... The whole scheme was never put into effect but it provided most gripping chapters in East Africa's strange history and the details of which are not widely known to East Africans.

### Have sparkling teeth this new way

Underneath dissolving film are clean, bright teeth. Remove this film, and reveal the true beauty of your mouth.

#### A Shattering Ideal

Mr. W. Gordon, who followed by letter was enthralled and 17416 Long left home on his homecoming, on September 19, 1927, under sealed orders, to be opened 240 miles away.

Mr. W. Gordon, who followed by letter was enthralled and 17416 Long left home on his homecoming, on September 19, 1927, under sealed orders, to be opened 240 miles away.

## "AND KNEE ACTION WHEELS ARE ONLY HALF THE STORY!"

Of course the 1934 Chevrolet has knee action wheels. That's one of the chief reasons for the enthusiasm of those who have tried them. But the truth of the matter is, as everyone has discovered: Knee action wheels are only half the Chevrolet story. Everywhere you look in this surprising new car, you find something to get excited about! The Shock Proof Steering—free from annoying vibration. The car's new size and massiveness—and its big and substantial

# The Election Campaign in Plateau North.

## COLONEL KIRKWOOD DEFENDS HIS RECORD OF WORK.

### Major Keyser's Criticisms.

### SEEKS CO-OPERATION WITH GOVERNMENT IN PLACE OF BICKERING.

The Election campaign is progressing in Plateau North. Colonel Kirkwood, who is fighting hard, challenges criticism of his work by his ability and his efficiency.

Major Keyser one of his opponents, seeks an end to the bickering in Council and a return to an arrangement by agreement on well-reasoned lines.

### Illness of Third Candidate.

the advocates of free education in its primary stages. The need for maintaining a high standard was imperative in view of the responsibility of the Government in the future prosperity of the district and to a great extent Kenya is believed to be bound up with the matter would receive the undivided attention.

### Taxation.

The knotty problem of the alternative tax was treated by Colonel Kirkwood in the following emphatic words: "I am pledged to oppose any extension beyond the present limits of the tax." He pointed out that the Government had not been able to raise the necessary funds to meet the needs of the district and that the only way to do so was by increasing the tax. He pointed out that the Government had not been able to raise the necessary funds to meet the needs of the district and that the only way to do so was by increasing the tax.

### Colonel Kirkwood.

Colonel Kirkwood gave a detailed account of his work during the seven years he has been in office. He pointed out that he had been able to improve the roads, build schools, and improve the general administration of the district. He pointed out that he had been able to improve the roads, build schools, and improve the general administration of the district.

### Parm Finance.

The speaker said he had no doubt in his mind as to the far more urgent need for cheap money to help the region stabilize by re-arranging its finances on sound approved lines. He pointed out that the Government had not been able to raise the necessary funds to meet the needs of the district and that the only way to do so was by increasing the tax.

### The Railway.

Major Keyser declared that his tax rates were more heavily

# THE SAME DIGNITY.

## In Plymouth and Nairobi Rotary Clubs.

STANDARD CORRESPONDENT writes from London, February 28th: (By our mail) Captain F. J. Knight M.P. in the course of his address to the Plymouth Rotary Club, referred to the fact that he had addressed the Rotary Club of Nairobi Kenya which was conducted with the same dignity as he had done in London. He has an extraordinary gift of eloquence and his address was a most interesting and profitable one. He pointed out that the Rotary Club of Nairobi Kenya was a most successful one and that it was a credit to the Government of Kenya that it had been able to maintain such a high standard of work.

## Revolution in High Tension Plate-Less H.T. ACCUMULATORS

Half the size — yet full capacity. INEXPENSIVE TOO.

Give up expensive dry batteries! Discard your cumbersome H.T. accumulator! The H.T. accumulator of a new day is here! Half the size of any existing type! No plates to cause trouble! Handsome! Low expensive! Hardly bigger, even, than a dry battery! Gives 1000 m.a. on each charge. Inactive. It retains with lamp attachment full voltage. It is non-frangible! It comes the revolution in radio power begun by the Block L.T. accumulator.

## Block L.T. Accumulator

Plate-less — double the capacity. In place of cumbersome glass top loaded with heavy plates — a new cylinder of bakelite, no bigger than your present accumulator yet giving almost 80 ampere hours. 80 instead of say 45. Long lasting, low loss, it is almost unbreakable and there are no plates to cause trouble. No weak spots anywhere. Why keep running and from the "charging" side there are no "plugs" to get loose. Get a Block L.T. accumulator for your L.T. today. 40 amp. hrs. light.

## Make the charms of East Africa known

The East African Standard welcomes photographs of East African interest for publication, especially such as are concerned with the history of the territories or illustrative of the charms of the country.

The name and address of the sender and the subject of the photograph must be written on the back of the print. Prints on plates may be used for enlargement purposes. If photographs are to be returned a stamped addressed envelope must be attached. Six 6/ will be paid for every picture published. This will be returned for subjects of exceptional interest at the discretion of the Editor.

Photographs must be of East African interest and taken by the sender.

Address: "SNAPSHOTS" The East African Standard. Box 160.

Land and Estate Agents, etc.

## KENYA & UGANDA RAILWAYS & HARBOURS.

### TENDERS FOR THE SUPPLY OF COAL - 1935.

Tenders are invited for the supply to the Kenya and Uganda Railways and Harbours of good quality Locomotive Coal, as follows:-

- Quantities to be tendered for are:-
  - (a) 70,000 tons; or
  - (b) 140,000 tons; or

Deliveries to commence during May, 1935, in shipments of approximately 5,000 to 6,000 tons each, as far as possible, regular monthly deliveries.

A variation of 10 per cent. more or less, on these quantities is to be allowed, but any such variation being at the High Commissioner's discretion at a minimum, within three months.

Questions to the C.I.F. Kilindini per ton of 2,540 lbs. inclusive of stevedoring charges, plus a stevedoring buy line of 80 cwt per dead-weight ton (plus surcharge of 4 per cent.) of coal discharged.

Tenders are to be sent, with the quality of any specimen of coal to be found to be inferior to that of the coal for which the contract was given, the High Commissioner will be at liberty to reduce the price per ton of that specimen on a similar per ton basis.

Specimens of not less than 20 tons are required before 15th August, 1934, of any coal proposed for the contract which has not been tested or burnt in use in both the Kenya and Uganda Railways since 1st January, 1933. (If however, it is considered by the respective tenderer that any such coal has succeeded in quality since 1933, they may at liberty to send a sample). No payment will be made for these samples, which should be bagged and covered free of all charges, including freight and landing, to the Chief Mechanical Engineer, Kenya and Uganda Railways and Harbours, Kilindini. Copies of documents to be sent to the Chief Mechanical Engineer, Kenya and Uganda Railways and Harbours, Nairobi.

Each bag is to have the name of the coal and railway identified in plain lettering, and the same information on a firm label wired to the bag.

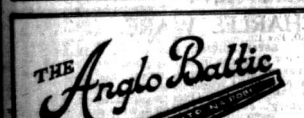

1. Average analysis of all coals submitted must accompany the tender. It must be stated if the price quoted is net or if a rebate will be allowed in lieu of weighing, and also where payments are to be made.

2. Tenderers should quote prices C.I.F. Kilindini in:

- British bottoms;
- Any bottoms available.

3. Sealed tenders marked "Tenders for Locomotive Coal" must be addressed to the Chairman, Tender Board, Kenya and Uganda Railways and Harbours, P.O. Box 970, Nairobi, and must reach this office by 12 noon on 14th December, 1934. The lowest or any tender will not necessarily be accepted.

PRICE 20 CENTS.

Battleship to Remain Backbone of Navy.

BRITAIN NOT IN FAVOUR OF SMALL CRUISERS

Construction Programme. FULL TREATY CRUISER TONNAGE BY THE END OF 1936.

During the course of his speech in the House of Commons introducing the Navy Estimates, Sir Bolton Eyres-Mansel, First Lord of the Admiralty, announced that during 1934 there would be laid down cruisers to a total tonnage of 55,000. By the end of 1936 there would be no deficiency under the naval treaty in the number of destroyers and submarines, although there would be a shortage of tonnage.

OTHER BIG NAVAL POTENTIALS

The battleship, he added, "must remain the backbone of the Navy." Britain could not agree to a 10,000-ton capital ship, as that size might allow smaller Powers to build cruisers to equal the treaty ratio, by combining with or reinforcing a greater Power.

NEW TYPE OF CRUISER.

The battleship must remain the backbone of the Navy, declared Sir Bolton Eyres-Mansel, First Lord of the Admiralty, in introducing the Navy Estimates in the House of Commons to-day. Britain, he said, would not agree to a 10,000-ton capital ship, as such a size might allow smaller Powers to build cruisers to equal the treaty ratio, by combining with or reinforcing a greater Power.

LEAD SNAIL APPOINTED BY LABOUR PARTY.

Mr. Hugh Dalton, Minister of Finance, in the House of Commons to-day, announced that the Labour Party had elected Mr. George Lansbury as its leader.

RAIN IN TANGANYIKA.

Deep Falls of Snow on Peak of Kilimanjaro.

Mr. H. G. Wells, in a speech in the House of Commons, announced that the Government had decided to raise the standard of living of the people.

RAIDERS DRIVE STEAL CATTLE PAST POLICE POST.

Eight head of cattle were stolen from a farm near Mombasa, Kenya, by a party of raiders.

FIFTY-EIGHT ARRESTS.

A search for vagrants and offenders under the Municipal Vagrancy Act was conducted by the Police in the Parklands and Nairobi, areas during Monday night, and 58 persons were arrested.

MINOR RIOTS IN SPAIN.

Catholic College Attacked.

Petrol Throws Issue.

GOVERNMENT HAS BEEN FOR ACTION AT ANY MINUTE.

The Government is understood to be ready to declare Martial Law at the first sign of trouble and its declaration to make illegal the general strike, announced at Barcelona, at 10 o'clock last night, has been notified to the press.

TRANS ATTACHED.

No serious damage has been reported to-day, but there have been several minor incidents, for instance 22 youths being treated at the windows of the Catholic College, while an attempt was made to burn the building.

TANGANYIKA LOCUSTS.

The locusts which were reported to be in Tanganyika, are now being exterminated.

HOT WEATHER TAKING TOLL OF HOPPERS.

A survey of all locust reports in Tanganyika up to March 2 reveals that there are at least three areas where locusts have been found.

NO JEWS IN THE ARMY OR NAVY.

New Decree Issued in Germany.

The Reichstag has passed a law prohibiting Jews from serving in the German Army and Navy.

INTERCEPTED.

The last message of the Germans in Germany, namely the Army and Navy, was intercepted by British forces.

MR. P. E. MITCHELL.

Mr. P. E. Mitchell has been appointed as Chief Secretary of Tanganyika.

The Post Office announces that mails despatched by air from Nairobi will arrive in Hong Kong on March 16.

THREAT FROM JAPAN.

To Break off Cotton Negotiations.

Demands from Osaka.

REGARDING GEOGRAPHICAL SCOPE.

It is learnt that the Cotton Spinners' Association of Osaka has instructed the Japanese Delegates to the London Conference to break off negotiations with the British Cotton Delegation unless the attitude of the latter with regard to the geographical scope of the negotiations be changed.

WANTED A BIG ELEPHANT.

Baron Bismarck, a Russian, who has come from Vienna to Kenya to buy an elephant, has had to be satisfied with a smaller one.

Russian Baron's Wish Gratified.

Speeding Up the Air Mail Service.

IMPERIAL AIRWAYS ALTER THEIR TIME-TABLE

London a Day Nearer.

LEAVING NAIROBI FOR THE NORTH ON FRIDAYS AND FOR SOUTH ON TUESDAYS.

It was briefly announced in yesterday's issue of the "East African Standard" Imperial Airways Limited have made various alterations in the time-table of services of the East African route which result in a speeding up of the services in both directions.

The new day of departure from Nairobi to the North will be Friday, and for the South it will be Tuesday, in both cases in the morning, instead of on Saturdays and Wednesdays as at present. These changes will come into force in the middle of April.

Owing to improved weather conditions in Europe, the Cairo-Brindisi will be flown in one day, consequently mails from East Africa will now arrive in London on Thursdays instead of Saturdays.

Suggestions Invited.

Various alterations are shortly to be made in the time-table of the service of Imperial Airways Ltd. When the altered time-table is published in Europe, it has been found possible to speed up the service on Friday, one day as far as the service will therefore arrive in London on Thursday mornings instead of Saturday.

Various modifications are also being made in the schedule covering the Services from England to Nairobi via the Mediterranean and the Red Sea. Services will be gained in both directions by flying from Brindisi to Cairo and from Cairo to Brindisi via the Mediterranean and the Red Sea. Services from Brindisi to Singapore will also be flown in one day, and from Singapore to Brindisi in one day, instead of two.

In spite of these alterations, the direct connection to Cairo between Africa and India has been maintained, and according to the new time-table, the service to India is scheduled to arrive in Cairo on Friday, and to leave Cairo on Saturday. The service to India will be flown Northbound on Saturdays and Southbound on Tuesdays, beginning on Saturday, March 14, and on April 10, 1936.

Various modifications are also being made in the schedule covering the Services from England to Nairobi via the Mediterranean and the Red Sea. Services will be gained in both directions by flying from Brindisi to Cairo and from Cairo to Brindisi via the Mediterranean and the Red Sea. Services from Brindisi to Singapore will also be flown in one day, and from Singapore to Brindisi in one day, instead of two.

THE BISHOP OF CROYDON.

A Visit to the Nakuru District.

His Grace the Bishop of Croydon, who has just returned from a visit to the Nakuru District, has been very much impressed by the progress which has been made in the district during the past few years. He has been particularly struck by the improvement in the standard of living, and the progress which has been made in the various branches of industry and commerce. He has also been struck by the progress which has been made in the various branches of education, and the progress which has been made in the various branches of social work.

ECONOMIC ENQUIRY A DISARMAMENT CHECK.

Despite Britain's Efforts.

TO BE MADE IN APRIL. But Not Decision for Disarm.

By Sir John Simon, British Foreign Secretary, in a speech at Manchester last night. He stated that the Government is determined to continue its efforts to bring about a general disarmament, but that it will not make any decision on this matter until the results of the economic enquiry have been made known. He also stated that the Government is determined to continue its efforts to bring about a general disarmament, but that it will not make any decision on this matter until the results of the economic enquiry have been made known.

GRADUATED POLL TAX.

Alternative Bill Suggested in Uganda.

The Uganda Legislative Council has passed a resolution suggesting an alternative bill for a graduated poll tax. The bill provides for a poll tax which is graduated according to the income of the taxpayer. The bill also provides for a number of exemptions and concessions. The bill is expected to be introduced in the next session of the Council.

MARKET QUOTATIONS.

Maize, Sugar, Butter and Coffee. Maize: 1 grade—40 to 42 cwt. 2 grade—38 to 40 cwt. Sugar: 1 grade—12 to 14 shillings. 2 grade—10 to 12 shillings. Butter: 1 grade—18 to 20 shillings. 2 grade—16 to 18 shillings. Coffee: 1 grade—12 to 14 shillings. 2 grade—10 to 12 shillings.

KENYA MAIZE IN UNION.

First Shipment Already Alotted.

The Government has announced that the first shipment of Kenya maize to the United Kingdom has been allocated. The shipment is expected to be made in the next few weeks.

EUROPEAN EDUCATION IN KENYA.

Subject Discussed by E.A. Woman's League.

FUTURE OF THE CHILDREN.

Government Urged to Appoint a Commission of Enquiry.

At the annual general meeting of the East African Women's League Council on March 1, all those present some 40 in number were invited to take part in a discussion upon European Education in Kenya and the future of Kenya children.

Mrs. Howard a delegate from the Trans-Nairobi branch of the E.A.W.L. introduced the subject of education and said it was a burning question to the parents in her district most of whom had originally taken up their farms with a view to educating their children.

She suggested that girls whose parents could not afford to pay for their education should be taken into the system of boarding schools established in the Colony.

Special Training. A speaker followed who thought that the formation of a selection by advisory board for which the E.A.W.L. should be represented.

Urgent Requirements. In referring to group three she considered that compulsory education must be introduced to safeguard the Colony from having a large number of uneducated natives.

Public Opinion. In conclusion she advocated that public bodies, such as the E.A.W.L. and farmers' associations should be represented on all school committees and that the Government should have more representatives on the Central Advisory Council.

Teaching of Languages. In the course of some very dark remarks on the subject of the subject Mrs. Lacey's views expressed the opinion that compulsory education must be introduced to the natives.

Another member considered that the ordinary way Latin was not necessary in the Secondary Schools although it might be included in the curriculum.

THE EAST AFRICAN STANDARD.

RECOGNITION.

"God, who hath recognized us to Himself, we have committed to us the ministry of reconciliation... This is the Good news which God has published by proclamation."

How many people realize that modern religion says you can get on certain things and you can't get on others and that it is absolutely unconditional and does not depend upon man at all.

When language and liberty come within four of ourselves, of death, of the unknown, of the things we teach that God has proclaimed this to be entirely free, for we are not to be limited by faith.

The Prophet said: "He that gathered land, will he not gather them?"

After a further discussion had taken place Mrs. Ralph Turner said that both subjects had been discussed very slowly and that they could hardly be considered apart from the future of other races which were developing rapidly.

After a further discussion had taken place Mrs. Ralph Turner said that both subjects had been discussed very slowly and that they could hardly be considered apart from the future of other races which were developing rapidly.

After a further discussion had taken place Mrs. Ralph Turner said that both subjects had been discussed very slowly and that they could hardly be considered apart from the future of other races which were developing rapidly.

LORD FRANCIS SCOTT.

AT NAIROBI.

(Continued from page 7.)

Since the amount of butter consumed daily is aggregated, the average London price returned 34 cents per lb. If the creamery operated on the local market, there would be a heavy drop in prices. The price of slaughter stock, however, by 20 per cent. This will help in safeguarding the industry.

Coming on the question of education for European children in Kenya, Lord Francis Scott said that it was a matter of great importance and must prevent the growth of a "race of poor Whites." The Government had not covered the question of education, and it was a matter of great importance.

The only step in constitutional reform which he would recommend at present was that the "Watchdog Committee" should be made up of members of the Legislative Council, and that its terms of reference should be widened to include expenditure.

He would be glad of information as to the views of the public on this subject. He would be glad of information as to the views of the public on this subject.

Constitutional Progress. Mr. Lacey said that Kenya, and indeed all British colonies, were in the midst of the money of the Government, in which they had not a single representative.

Mr. Lacey said that Kenya, and indeed all British colonies, were in the midst of the money of the Government, in which they had not a single representative.

How THE STARS PROTECT THEIR BEAUTY

Every day your favourite face must give special care and attention to her skin. For only perfection is the crown. So like scores of other famous stars, she uses Lux Toilet Soap - chooses it for its perfume and whiteness, but above all for the mild lather that cleanses the skin so gently. You can use this favourite beauty aid too.

LUX TOILET SOAP On sale everywhere at 45 cents per tablet

Beautiful Mary Astor says: "My screen actresses here found that looking young is largely a matter of complexion care. That is why so many of us are devoted to Lux Toilet Soap."

line in experiments that could be made on the most satisfactory by simply leaving crops from young and old trees apart - and then from average healthy trees. Yet, again, I find this discounted by the experience of an immediate neighbour of mine who has owned a crop from an entirely new plantation. He has obtained an average price.

It is after all possible to do so "supply and demand." And it is because of our pertinent questions and answers that the traders and liquorists, who cannot resist over-production and high prices, make such a profit from the blower on the quality of our coffee.

It could be compared with the coffee planters, etc. unimpaired quality of identical coffee obtained from similar trees due to being worked only a week apart and large coffee and badly prepared coffee has obtained prices fantastic and it is true that well prepared coffee. Most planters have also had the passing experience of obtaining higher prices for their inferior grades.

It is believed that the expert will be required to report on the alternative of transportation from a power station at the Murchison Falls, will cost 200 million from Kampala and of course further still from Entebbe and Jinja, and he should like to give a simple reply to this proposal, also without leaving his office in Westminister.

We already have a competent adviser in the person of the Chief Engineer of the Post Office, who is available for the service electrical problems are concerned, and it is my suggestion that one of them should be put to the expense of clearing another member of the Colonial Office on an elementary question which must be answered on the face of facts without resort to detailed investigations.

Some of course, a demand may arise which will justify resort to more power, produced from the Nile, and probably at the Murchison Falls where it could be more effective than at Jinja, but the fuel-plants to serve present needs will have given full service and will have been ready for the carry-over period that eventually.

The answer in this matter of electricity still another expert may not be confined to Uganda reports or it is not probable that it is to justify his visit. He may suggest proposals covering the supply of Kenya as well as Uganda, regardless of cost. It is to be urged upon him officially, that any burden, however great, may be imposed on the community in general if it may rebound to the potential benefits of Native advancement.

Yours etc. "ENGINEER". Nairobi, March 12, 1964.

TENDERS FOR THE SUPPLY OF COAL - 1935.

Tenders invited for the supply to the Kenya and Uganda Railways and Harbours of good quality Lignite/Coal, as follows:-

(a) 70,000 tons; or (b) 140,000 tons.

Delivery to commence during May, 1935, in shipments of approximately 5,000 to 6,000 tons each, as far as possible, regular monthly deliveries.

A variation of 10 per cent. more or less, on those quantities to be supplied for every such variation being at the High Commissioner's discretion at a minimum notice of three months.

Questions to be C.I.F. Kilindi per ton, on a pro rata basis, the inclusive of unloading charges, plus a working buoy hire of 5 cents per coal ton (plus surplusage of 5 per cent.) of each consignment.

Shippers are advised that, if the quality of any shipment of coal is found to be inferior to B.C.V. or on a pro rata basis, to a greater extent than 5 per cent. of the quality of the coal on which the contract was given, the High Commissioner will be at liberty to reduce the price per ton of that shipment on a similar pro rata scale.

Quantities of not less than 25 tons are required before 15th August, 1935, of any coal proposed for the contract which has not been named or taken in use in both on the Kenya and Uganda Railways since 1st January, 1928. (If, however, it is considered by the High Commissioner that any such coal has been in use since 1928, they are at liberty to send a sample.) No payment will be made for such samples, which must be lodged and consigned free of all charges, including freight and landing, to the Chief Mechanical Engineer, Kenya and Uganda Railways and Harbours, Kilindi.

Each bag is to have the name of the coal and colliery stamped in plain lettering, and the same information on a label wired to the bag.

Shippers are advised that all bills submitted must accompany the tender. It must be stated if the price is net or if it is to be paid in advance, and also where payments are to be made.

Shippers should quote prices C.I.F. Kilindi in:

(a) British pounds; (b) Indian rupees.

Tenders sent to the Chairman, Tender Board, Kenya and Uganda Railways and Harbours, P.O. Box 470, Nairobi, and must reach the office by 12 noon on 14th December, 1934. The lowest or any tender will not necessarily be accepted.

G. D. RHODES, General Manager.

AMATEUR BOXING IN THE COLONY.

What is Wrong With Controlling Body?

REGULAR CHAMPIONSHIPS.

Monday next, in the New Colony Hotel, Nairobi, the annual meeting of the Amateur Boxing Association of East Africa, will be held.

While it must be admitted that the function of the game, and is mainly the control of the game, and the promotion of the championships each year, nevertheless, it might be said that, when clubs call in for arguments...

There is a lack of enthusiasm among the club members, and so the Association is concerned, but the remedy would seem to lie with the club itself.

There is a lack of enthusiasm among the club members, and so the Association is concerned, but the remedy would seem to lie with the club itself.
