

ACTION AGAINST SUBVERSION REVERSED

Huge vote of support for President

Estimated 250,000 people who attended a rally at Kamukunji, Nairobi, yesterday to mark Kenya Day celebrated the President's action against subversive elements in Kenya and asked the Government to continue to deal firmly with people who tried to cause trouble in the country.

The President repeated his warnings that would encourage more violence as being money for the country. This would mean more wealth and jobs for all. The Government wanted peace and was taking action. This had been mistaken for weakness by some misguided people and the Government had responded to them.

Mr. Kenyatta appealed for peace and stability, which would encourage more investment as being money for the country. This would mean more wealth and jobs for all. The Government wanted peace and was taking action. This had been mistaken for weakness by some misguided people and the Government had responded to them.

When it took action against Europeans and deported them, some Asians had thought it could take action against Europeans after because he believed. The Government was also forced to sign those people that their activities could not be tolerated and it was up to themselves if any became stateless as a result of being deported.

'We cannot be bought'

That was not the end, Mr. Kenyatta said. He had about the speeches, whoever he is, however rich he is, we shall show him that we cannot be bought by money. Mr. Kenyatta said Africans who showed respect for their Government would be put where they would have a better life.

He said that having suffered jail and detention he did not find the sending people to such places. But one would be allowed to do for the people. The Government was trying to do for the people. The Government was trying to do for the people.

Mr. Kenyatta said working for the Government was not a job. He said that having suffered jail and detention he did not find the sending people to such places. But one would be allowed to do for the people. The Government was trying to do for the people.

Compromise sought on S.W. Africa

INTENSIVE private talks among U.S. delegates have brought prospects of agreement on South West Africa no nearer, informed sources said in New York.

The sources said there was little doubt a majority of the 120-member General Assembly would approve a resolution terminating South Africa's mandate to rule the territory, but some key Western powers were likely to withhold their support.

New countries urged to face facts of life

SINGAPORE has called, in the United Nations, on the developing nations to face up to the "black facts of international life, and make a major effort to catch up with the advanced world."

Mr. Tan Kah Kee, of Singapore, said that some people in the developing countries still held back their progress by the "myths of the past," and that the only way to overcome the "black facts of international life" was to face up to the "black facts of international life."

PRESIDENT AND PEOPLE

ABOVE ALL OTHER DAYS, on October 20, being the anniversary of his death, Roosevelt ought not to be expected to talk lightly of political activities. He has more experience than I do in facing the uncertainties of a capacity to take full advantage of the ruling authority of the times.

The President's policy has been to exercise tolerance and set an example to his Government of the expediency of this attitude. This attitude is harmful to democracy, but only to look at the consequences of the President's policy. Warning on development aid

SOME HARD RE-THINKING about development aid is going on among the principal giving countries in the United Nations.

Some of the main reasons have to do with the fact that the United States and Britain have run into their own economic difficulties in the last few years on the basis which they have given them, especially when they have been in the hands of the United States.

Re-education is called for, leading to a building of the character of the individual. The individual is the basis of the nation. The individual is the basis of the nation. The individual is the basis of the nation.

Some of the general national policies which have been adopted in the United States and Britain have run into their own economic difficulties in the last few years on the basis which they have given them, especially when they have been in the hands of the United States.

Following this outlook the United States and Britain have run into their own economic difficulties in the last few years on the basis which they have given them, especially when they have been in the hands of the United States.

FLUKE GOAL SAVES MOMBASA

Replay today of drawn Kenyatta Cup final

A FLUKE goal in the 7th minute gave Mombasa a slender lead in their Central Division replay of the Kenyatta Cup. In yesterday's final at the Nairobi City Stadium, Mombasa were lucky to get away with yesterday's result. A dramatic start by their right-backs, Kibiki, 13 minutes from the final whistle whipped past the face of the goal and would have gone out had it not been deflected by a defender around the wing. The goalkeeper was off his line. The game appeared to be disappointing. The first half was dreary and lacked power until Mombasa's 13th minute goal. Central Division played the first replay game which was a 2-2 draw. The second replay game which was played on Monday was a 1-1 draw. Improvement in short story production level

The writer's progress, and in charge of the Mombasa Division of the Office of Kenya, Charles W. Keble, says that the improvement for the last 17 years has to be placed in perspective. He says that the progress which he used to see in the '30's, has now become a gradual improvement in the quality of short stories.

'Mediocre' is kindest word

PROBABLY the best that could be said of Voice of Kenya TV programme during the past week was that they were mediocre, with the only real highlights the coverage of the Kenyas Day motorcade and the subsequent rally at Kamiti.

Roger Howe is of the opinion that he is not a fan of Kenya TV, although he is not sure he is not a fan of television in general. He says that he has managed to get out of the country's television programme a somewhat surprising performance.

Generally speaking, the viewers are not in the habit of watching television, but those who do are not in the habit of watching the V.K. programme to see what is going on in the country. They are more interested in the news and the sports programme. The programme is not very good, but it is not very bad either. It is a mediocre performance. AMERICAN 25 'RACISTS' U.S. move on S.W. Africa denounced

Copperbelt Whites in the majority

Monday ordered 25 people to leave the country within 24 hours. The Minister for Home Affairs, Mr. Chuma, said that most of the deportees were white and came mainly from the Copperbelt.

Asked if more deportations would follow, the Minister said: "I would not say there are wholesale deportations coming. We are watching a number of probably bigger fish."

"Some people have been behaving in such a way as to get themselves deported. Others made themselves a complete nuisance and the Government was left with an alternative but to get rid of them."

The Minister was speaking at Lusaka Airport before going to Addis Ababa to represent Zambia at the 25th session of the Organisation for African Unity.

Silence on strike question

He said: "Whether the deportees are to go or not does not depend on me or the Zambian Government. Whether anyone should be deported never depends on me or the Zambian Government. It has always been the individual behaviour of these particular people."

Mr. Chuma also declined to say whether any of the deportees were alleged to have been involved in industrial strikes in the Copperbelt.

Ex-CONGO PREMIER MAY HEAD FORCES

GEN. Leonard Mulumba, who was removed from the post as Premier in February 1961, has accepted nomination as Defence Minister.

A LAST-MINUTE attempt by the United States in the United Nations yesterday to obtain virtually unanimous support for a resolution in the General Assembly dealing with the problem of South West Africa was denounced immediately by Mr. John Mahabane, of Transvaal, as designed to deceive the Assembly.

The U.S. delegate, Mr. Arthur Goldberg, met forward arrangements to resolutions already before the Assembly, soon before the U.N. was due to reach a vote.

The suggested change, which was not always to oblige the essential change in the resolutions of the Latin American and Afro-Asian groups, which called for termination of South Africa to administer South West Africa and for the territories to come under the responsibility of the United Nations, Mr. Goldberg said.

The U.S. delegate said the gap between the different positions on the resolution was too large to be bridged by the U.S. delegate's proposal. He stated that he had put forward the proposal on Wednesday but had not expected to see it adopted. He said he had decided to make "one more attempt."

Main resolution

The main resolution before the Assembly has the backing of more than 80 of the 113 nations in the General Assembly, it was noted in a statement issued by the U.S. delegate yesterday.

The resolution calls for the termination of South Africa's administration of South West Africa.

Sudan talks will consolidate Kenyan initiative

Play at DM puts modern writers in the shade

In inviting East African Heads of State to attend a "summit" meeting in London on the border problems and refugees, the Sudan Government has completed the search done earlier this year for the conference called by Premier Minister and Foreign Minister, Mr. Gordon G. Khayr.

The plan for a Khartoum summit was announced on Wednesday by the Sudanese Prime Minister, Mr. Ismail al Mahdi, during his tour of the three Southern provinces ending the country which has lasted ten years and is still in a state of confusion.

Mr. al Mahdi's visit to the Southern provinces was a landmark in the country's foreign policy. It was the first time that the Sudanese Prime Minister had visited the Southern provinces since the Sudanese Revolution of 1969.

Only a few days ago I read a new play by a man who has been based on one of Britain's most prominent young dramatists. It was, or may not be, representative of the type of dramatic writing that will come in the future. I hope not.

The play, however, was a good one. It was a play that was written by a man who has been based on one of Britain's most prominent young dramatists. It was, or may not be, representative of the type of dramatic writing that will come in the future. I hope not.

There has been a dramatic change in the way of thinking about the play. It was, or may not be, representative of the type of dramatic writing that will come in the future. I hope not.

"THE BIBLE RETAINS ALL THE POETRY AND LIFENESS OF VISION THAT MADE IT ONE OF THE BEST-SELLERS OF ALL TIME... WHAT JOHN HUSTON AND CHRISTOPHER FRY HAVE ATTEMPTED IS SOMETHING FAR MORE CHALLENGING, AND MORE DIFFICULT, AND UNDOUBTEDLY FAR MORE REWARDING THAN ANY PREVIOUS BIBLICAL SPECTACLE... AS FINE A VERSION AS WE SHALL EVER SEE IN MOVIES!" —Arthur Knight, *Saturday Review*

"EXTRAORDINARY EFFECTS... STUNNING PROJECTION... THE SCENES OF THE CREATION ARE AWESOMELY EVOLVED... SOMETHING WARM AND MYSTERIOUS COMES FROM THE SCENE IN WHICH ABRAHAM IS VISITED BY THE THREE ANGELS, ALL PLAYED SYMBOLICALLY BY PETER O'TOOLE." —Bobby Greenher, *N.Y. Times*

"—AWESOME IS THE KEY WORD... A SWEEPING VISUAL DRAMA OF LYRIC SPLENDOR... IMAGE AND COLOUR TO STIMULATE THE SENSES AND UNLEASH THE IMAGINATION... WE ARE HOOSED TO WONDER... AVA GARDNER'S SARAH IS BEAUTIFUL." —Judith Crist, *N.Y. World Journal Tribune*

"... * HIGHEST RATING! A STUNNING PRODUCTION... THE FILM IS STUPENDOUS IN ITS POETIC IMAGE OF THE CREATION... A THRILLING SIGHT PHOTOGRAPHED WITH GREAT IMAGINATION. 'THE BIBLE' IS AN IMPOSING FILM... BREATHTAKING IN SCOPE AND GRANDEUR... THE BUILDING OF THE ARK IS PRESENTED IN A LIGHTHEARTED AND DELIGHTFUL MANNER, MAKING THIS THE MOST ENJOYABLE PART OF THE FILM!" —Kate Cameron, *N.Y. Daily News*

"'THE BIBLE' IS THE MOST SATISFYING AND DISTINGUISHED OF THEM ALL... FASCINATING FOR ITS ENTIRE 3-HOUR LENGTH, AND DIRECTED WITH SPLENDID TASTE AND IMAGINATION BY JOHN HUSTON... A RARE FILM EVENT!" —Hollis Alpert, *Woman's Day*

"'AWE-INSPIRING SPLENDOR THUNDERS FROM THE WIDE SCREEN!... MOST OF ALL, 'THE BIBLE' IS JOHN HUSTON... HUSTON THE DIRECTOR... HUSTON THE NARRATOR... HUSTON THE ACTOR. ALL THREE ARE SPLENDID, AND SO IS THE PICTURE!" —Allen Jefferys, *WABC-TV*

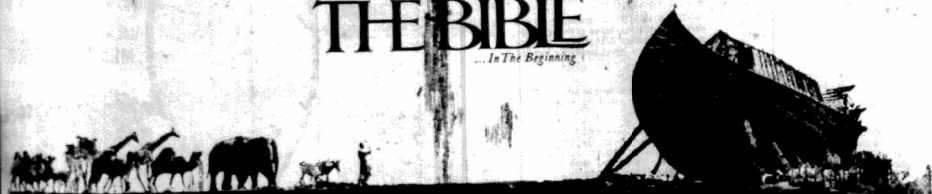

"HUSTON RENDERS GENESIS AS A SUPREME POETIC MYTH CONTAINING IN THE VIOLENCE AND BEAUTY OF ITS IMAGERY SHATTERING INSIGHTS INTO THE HUMAN SOUL." —Arthur Schlesinger, Jr., *Vogue Magazine*

"'THE BIBLE' IS A UNIQUE FILM ACHIEVEMENT WHICH WILL ENDURE. IT IS A TRIUMPH OF WHICH DE LAURENTIIS, HUSTON AND FRY CAN BE FOREVER PROUD." —Marfi, *Variety*

Nyanza fishermen feel lack of permanent market

FISHERMEN in Nyanza appraise the recent offer by the Government to set aside a considerable amount of money for loans to fishermen throughout the country, but they consider that their major problem has yet to be solved. Sen. Mzee Oryemba of South Nyanza will during a visit to Home Bay.

ASIANS ARE URGED TO VOTE KANU

THE Central Nyanza branch of Kanu has issued a statement to Kinuasi urging all Asian residents in the Southern Ward of Kinuasi Municipality, where a by-election is taking place, to vote for the official Kanu candidate.

This is the first straight fight between Kanu and K.P.U. in Kinuasi. Manifestly, the Kanu candidate is Mr. P. Chacha, a bank clerk in Kinuasi. K.P.U. residence is Mr. W. M. M.

The Kanu branch secretary, Mr. Paul Kikuu, said the election was a golden opportunity for the Asian community to prove itself wholeheartedly behind President Kenyatta, Kanu and the Government.

He advised the K.P.U. candidate to stand down immediately, as he advised was inevitable. "We can't achieve anything unless we are united as one. All those people who are in the Government should be able to handle the country better before anything," he continued.

Rent control is long-term answer

Kenya's new Rent Control Bill is expected to be published next Tuesday and will provide the House of Representatives with the means of curbing the inflationary pressure on rents. The bill is expected to be passed by the House in the next few weeks.

Under the bill, the Government will be empowered to fix the maximum rent for residential premises. It will also give the Government the right to acquire premises for public housing and to control the use of such premises.

of East Africa was working out the terms of examination for the country. When this was done, the Government would be in a position to award degrees to students who had completed their studies in East Africa.

The Government is also planning to set up a university in East Africa. This university is expected to be one of the best in the world and will provide the means of training the next generation of leaders in East Africa.

SUPPORT FOR PRESIDENT ON STUDENTS

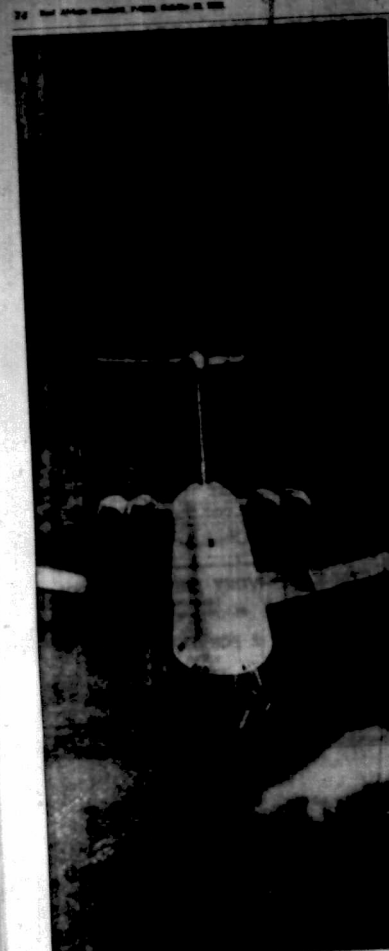

President Nyerere ordered 300 students to return to their homes on Saturday after they had demonstrated against compulsory national service proposals by the Kenyan Government. The students were from University College, Changanu Teacher Training College, the Technical College, Medical School and the institutions in Dar es Salaam.

The students staged a protest in the central square and when the police intervened, they were arrested. The students were released after they had agreed to return to their homes.

Fish, fun and fun

FISHING was a popular pastime for many of the school children who spent their holidays in the lake. The children were seen in various groups, some fishing from the shore and others from small boats. The atmosphere was peaceful and enjoyable, with many children catching their first fish. The school had provided fishing rods and bait for the occasion, and the children were supervised by their teachers. The activity was a great success, and many children were proud to show their catches to their friends and family.

Coming by road

From 1949 to 1950, bridges totalling more than 50 miles were built on the Federal Republic of Germany's long-distance highways. In the Federal Republic of Germany there are 75 motor vehicles to every square mile of territory, in France 10 and in the United States 23. In 1950 the total length of the autobahn network will be 3,222 miles. The average cost of constructing each mile of autobahn is £1,220 annually. The picture shows the autobahns from Karlsruhe to Munich on the Giesing plain in the State of Baden-Wuerttemberg.

Many foreigners going by car through Germany have had cause to be grateful to the German Automobile Association for its help and courtesy. The picture above shows new special cars which the Association is using.

Motorists can no longer drive the way round Cologne on the autobahns. A new bridge over the Rhine, (picture above) has just been opened to traffic by Leverkusen. It cost 43,000,000 Marks to build and is 567 metres (more than 2,000 ft.) long. This autobahn bridge completes the new, fast freeways through Cologne with its 800,000 inhabitants. Long-distance traffic now no longer has to struggle through the narrow streets of the city centre.

Roads by Germany

Germany's road network is the Federal Republic's main artery. It is the backbone of the country's economy and the key to its progress. The picture above shows the new special cars which the Association is using.

The planning of its communication networks presents the developing countries with a unique opportunity that can promote those countries both both the geographical point of view and that of transport, economy and policy.

There is no need now why each road network is a new business and an investment in the future of the country.

In important railway routes, the German Government has taken an important step in the development of its road network.

...AND INDUSTRY

The two faces of Germany — above, one of the loveliest towns, with its old university, Heidelberg, and below, a steel plant in the Ruhr Valley, an area which is one of the world's biggest steel and motor vehicle producers. 16,000,000 Germans live in the Ruhr Valley.

WHERE THE ROAD STOPS

These two young friends meet often at the border, though they can never play together. To them, the without question — something which existed before they were born. Since the division of Germany, 3,000 miles of new autobahn have been built in the West, but all autobahns from West to East end at the Soviet Zone border.

Modern German autobahn stretches through West Germany between Leverkusen and Wuppertal. In France there are 25 in Britain, 13 in France and 12 in the United States.

It is now possible for motorists from Scandinavia, the autobahns and fiction now that the stretch of autobahn between Frankfurt, Nuremberg and Munich, which ends at the autobahn junction at Munich, has been opened to traffic.

CHALLENGERS FROM OVERSEAS

THE biggest challenge to British manufacturers at the Motor Show comes from the West German firm.

There are two super cars made from Mercedes-Benz — the 300 SEL sedan, virtually a mirror image of the 300 SL, and the 300 SL convertible. In Britain both cost more than £2,000.

Audi Union is showing three versions of the front-wheel drive Audi which, A.S.M. has set variations of the 100 m.p.h. 1800 sedan.

Among other Volkswagen Super Beetles, Audi can show a 100 m.p.h. two-door sedan and a four-door sedan, London-made and with a potent addition to the well-proven design.

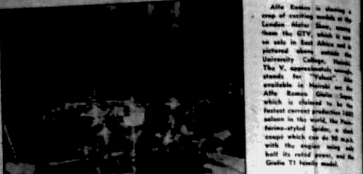

From France Renault is introducing a 100 m.p.h. four-door sedan, the Renault 16, and the Renault 17, a 100 m.p.h. four-door sedan.

The Italian Alfa Romeo is showing several versions of the 100 m.p.h. Alfa Romeo sedan, from 1000 cc to 1600 cc.

Don's Volvo and the Renault 1600 sedan with a General Motors engine, Ford's 1000 cc and the new Volvo 1000 cc, and the new Volvo 1000 cc, and the new Volvo 1000 cc.

Your further-aided Chevrolet is the world's biggest car firm, in showing the Cadillac Eldorado, a 1000 cc four-cylinder sedan, and the new Chevrolet Camaro, a 1000 cc four-cylinder sedan, and the new Chevrolet Camaro, a 1000 cc four-cylinder sedan.

Japan's exhibits include the 700 cc sports Honda, the engine of which is given British compliance gene licensing and for thought.

Alfa Romeo is showing a new range of racing models in the London Motor Show, including the GTV which will be sold in East Africa and is pictured above (right). The University College, London, available for 'Volvo' for the 1000 cc and the 1000 cc. The 1000 cc is shown in the top left corner of the photo.

The British A.S.M. concern is showing an update of the Motor Show, including the 1800 sedan. The 1800 model pictured on the right was presented to the East African Safari Commission recently to be used in the reserves and for the 1967 safari. It is expected that it will prove some 20,000 miles before the first competitor is needed driver.

The Audi Union Audi, introduced 13 months ago, and now on sale in East Africa in the form of a more affordable Super West German car. Audi Union provided the body and motor fitting facilities. Mercedes-Benz designed the new four-cylinder four-cylinder and the engine gave their mass production and marketing knowledge in the present. Pictured here is the Audi 1700 sedan.

HEADROOM OF 73IN. is provided in a new four-seater motor-caravan based on the British Columbia 1800 Van. This has been achieved by the use of what is claimed to be the most sophisticated raising roof ever fitted to such a vehicle.

The roof is eight feet long by 82.5 in. wide, covering precisely the whole area of the caravan body. It is fabricated from aluminium on a hinged frame and comprises two curved web beams and transverse ribs forming a strength made roof section pivoted on the inner gable channel.

When raised, the side panels lift the main section and lock to form a canopy. The panels swing up and lock to complete the assembly. The hinged and retractable inner panels are attached to the roof, says the manufacturer.

The British motor-caravan is a 10 ft 6 in. long van with a 2200 cc. engine. The van is fitted with a 1200 cc. diesel engine and a 1000 cc. petrol engine. The van is fitted with a 1000 cc. petrol engine and a 1000 cc. petrol engine.

Safety a woman's contribution

It would be reasonably safe to say that one safety feature that has been developed by the women of the automobile industry is the use of the seat belt. The seat belt is a device that is designed to hold the occupant in place in the event of an accident. It is a simple device, but it has saved many lives. The Midland line, a major, long-distance, high-speed, electric service, was tested in a tunnel, which was built in the heart of Africa, to test the road of the service to obtain details for any necessary modifications.

Major hazard
It was a nervous parent woman who said she did not think a car for her little boy. She was told that the way to protect a child in a car is to use a child safety seat.

How a car behaves in a crash is very important. By road-tested accident prevention, a great deal has been discovered about the ways in which a car behaves in a crash.

Britain's Road Research Laboratory has achieved much in this field, and various road tests have been conducted. The results of these tests are being used to improve car design.

The problems of these days are not only safety, but also the need for a car that is easy to use. A car that is easy to use is a car that is a pleasure to drive.

Safety is not only a design feature, but also a matter of driver responsibility. A driver who is responsible is a driver who is a pleasure to drive.

Three factors to safety. Above, fold-down rear window and rear door catches distribute the safety of modern British cars. Below, easily detachable safety-belt exchanges simply car cleaning and normal, painted joints and non-vent.

Racing engineers face up to a fresh challenge on track

British engineers are meeting a new challenge in motor racing these days. They have been sent the test to experimental work on a new engine dominated in England and head of a growing British presence in racing cars.

Jack Strickland,

challenge on track

is an ex-RAF engineer who has spent the last few years in the States, where he has worked for the Ford Motor Co. He has now returned to England to join the British racing team.

The first problem would be to get the engine to run at all. It is a four-cylinder, 1,800 cc, 24-valve engine with a 100 mm bore and 100 mm stroke. It is a 1600 cc engine with a 100 mm bore and 100 mm stroke.

FASHION: ESSENTIAL PART OF ANY PERIOD'S HISTORY

A SURPRISING number of people still think that fashion is an arbitrary and meaningless habit.

It is thought that a few ideas and fashions should rule the fashion in a "dictatorial" fashion in an arbitrary and meaningless habit.

It is thought that a few ideas and fashions should rule the fashion in a "dictatorial" fashion in an arbitrary and meaningless habit.

Women's fashions in post-war era throughout recorded history have had certain recurring characteristics to common. They have tended to be straight in line, pale in colour and with the waist in the wrong place — very high in 1880, very low in the 20s. At the moment current styles are moving away from skirts and stockings — skirts are getting so short that men women may be wearing tights and shorts.

The theory that fashion "just happens" is still held by many people. In the history of the fashion world, however, there have been many instances of deliberate fashion changes. In 1880, a leading fashion designer, Charles Worth, introduced the idea of the "haute couture" fashion house.

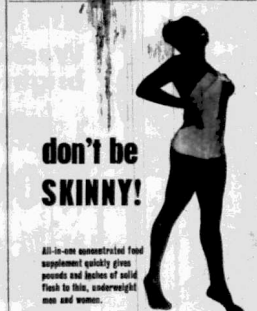

There were no set rules, no fashion houses, no designers. Fashion was a matter of chance. It was a matter of what was available and what was popular. It was a matter of what was in vogue and what was out of vogue.

UNION ORDERS TEACHERS TO END STRIKE

Radio appeal after promise to court

Kenya teachers were called off yesterday afternoon. Earlier in the day five leaders of the Kenya National Union of Teachers had been released on bond of £250 each on condition that they tried to end the three-day strike.

Last night the general secretary of the union, Mr. S. J. Kiomi, made a radio appeal for teachers to report for work this morning. "This is a decision of the executive committee and all our members must obey it," he said.

The appeal was supported by the general secretary of the Central Organisation of Trade Unions, Sm. C. K. Lahnene, who said: "We thought it would be proper for the striking teachers to take the advice of their leaders."

He understood that the Minister of Education, Mr. Nyagah, who is in Paris for a Unesco conference, would be returning to Nairobi because of the strike issue.

No educational disruption

A Government statement said it was hoped that the situation in the country's schools would soon return to normal. "The Government wishes to reassure the country that there will be no disruption in the nation's educational system."

It was happy to announce the successful completion of the Kenya Junior Secondary Examination which ended yesterday as planned. It called for a spirit of cooperation when the Kenya Preliminary Examination took place next week.

A statement from the B.U.C.U.T. Chairman, Mr. O. A. Mutitu, said the strike had been called off, and that the strike committee with the union's leaders had discussed the matter. "We have agreed to return to work," he said.

Mr. Mutitu said that the strike committee had agreed to accept the union's terms, which included a 10 per cent increase, a claim for 150 per cent increase, a claim for 200 per cent increase, and a claim for 300 per cent increase.

STOP AND START PARADE

The Chinese Communist leader Mr. Mao Tse-tung yesterday announced a two-day strike in Peking that came to a halt wherever the 72-year-old party chief last night.

"A technical committee said the strike in Peking was due to the fact that the Chinese Government had agreed to accept the terms of the Geneva talks for the settlement of the Sino-Soviet dispute."

Mr. Mao's second secretary, Mr. Chen Biao, said the strike was due to the fact that the Chinese Government had agreed to accept the terms of the Geneva talks for the settlement of the Sino-Soviet dispute.

Mr. Chen Biao said that the strike was due to the fact that the Chinese Government had agreed to accept the terms of the Geneva talks for the settlement of the Sino-Soviet dispute.

Presidents meet at airport

President Kaunda of Zambia, Vice President Banda of Malawi and Mr. Nkomo of Rhodesia met at the airport in Salisbury, South Rhodesia, on Friday.

The three leaders met to discuss the situation in South Rhodesia and the possibility of a federal arrangement for the country.

Mr. Nkomo said that he was pleased to see the other two leaders and that he was sure that they would be able to reach an agreement on the federal arrangement.

President Kaunda said that he was glad to see the other two leaders and that he was sure that they would be able to reach an agreement on the federal arrangement.

Mr. Banda said that he was glad to see the other two leaders and that he was sure that they would be able to reach an agreement on the federal arrangement.

SEVEN-MONTH CURFEW ENDS IN BUGANDA

The curfew which has been in force in Buganda since last May was lifted last night.

The Uganda Government announced that the curfew was being lifted as a result of the peaceful settlement of the dispute between the Government and the Buganda Council.

The curfew was lifted at 11 p.m. and the Government will be monitoring the situation in the area for some time.

The Government said that it was pleased to see the peaceful settlement of the dispute and that it was sure that the curfew would not be reimposed.

Deadline in U.N. over judge

The U.N. Security Council yesterday set a two-day deadline for the appointment of a judge to the International Court of Justice.

The Council was divided 11 to 6 over the appointment of the judge, with the United States and the United Kingdom voting in favor and the Soviet Union and France voting against.

The Council said that it was urgent to appoint a judge to the court as soon as possible.

The Council also said that it was sure that the judge would be appointed by the deadline.

BOND... THE MAN BEHIND U.K. SPY RUMOURS

British intelligence sources denied yesterday that a certain source close to the British secret service was a member of the Cambridge spy ring in the country.

The sources said that the man in question was not a member of the Cambridge spy ring and that he was not involved in the spy ring.

The sources also said that they had no information on the man's activities and that they were sure that he was not a member of the Cambridge spy ring.

Nairobi stock market maintains its firm appearance

There was little change in prices on the Nairobi stock exchange this morning, the recent firmness of the market was well maintained. Trading was brisk, but the heavy volume of the market's low bids, was particularly noticeable. The Kenya Electric Corporation (K.E.C.) and Uganda Breweries at 250, however, were unchanged. City Brewery with bids of 16.50, however, fell 1/2. The East African Power and Lighting Company Ltd. 267. Ordinary stock was quoted at 15 1/2 with orders were unchanged at 14 1/2. Black Flights were firm, changing from 14 1/2 to 14.50. The Kenya Tea Plantation share were active, but the ordinary was fractionally lower. Bond and Company came in offer at 170 and orders were noted in Lakshmi at 170. Buyers continued to dominate the market. Government and Municipal loans were slightly lower, but few transactions were noted.

K.P.U. MOVE TO FORCE BY-ELECTIONS REJECTED

Mr. Mungai defends coast parade

Mr. Mungai, Minister of Education, has defended the Government's decision to postpone the by-elections in the Coast Province. He stated that the Government is not in a hurry to hold these elections and that the current political situation is not conducive to a fair and free election.

Mr. Mungai also mentioned that the Government is currently reviewing the structure of the Coast Province and that any changes will be implemented after the next general election. He emphasized that the Government's primary concern is the stability and development of the country.

Mr. Mungai further stated that the Government is committed to the principles of democracy and that it will ensure that all citizens have the opportunity to participate in the political process. He concluded by saying that the Government's decision to postpone the by-elections is a responsible one.

IMMIGRATION BILL GIVEN THIRD READING

The Immigration Bill was given its third reading in the House of Representatives. The bill aims to regulate the entry and stay of foreigners in Kenya and to provide for the deportation of those who do not meet the requirements of the law.

CROWD RESTRAINED BY POLICE IN COURTROOM

A large crowd gathered outside the courtroom during the trial of a prominent figure. The police used force to disperse the crowd and maintain order. The trial is expected to continue for several more days.

Jobless pose threat to Kenya - senator

A senator has warned that the rising unemployment rate in Kenya poses a serious threat to the country's stability. He called for the Government to take immediate action to create jobs and improve the economic situation.

GREAT GRIEVANCE at the ever-growing problem of the unemployed

The ever-growing problem of unemployment has become a major grievance among the Kenyan people. Many are struggling to find work, and this has led to social and economic challenges. The Government is urged to address this issue as a top priority.

Mr. Mungai said Ministers would be aware of the Parliamentary Commission of Enquiry into the Coast Province

Mr. Mungai assured that the Government is fully aware of the issues facing the Coast Province. He stated that the Parliamentary Commission of Enquiry is currently reviewing the situation and will report its findings to the House of Representatives.

Mr. Mungai had said that the Government was not in a hurry to hold the by-elections

Mr. Mungai reiterated that the Government is not in a hurry to hold the by-elections. He explained that the current political and economic conditions are not ideal for holding such elections, and that the Government will wait until the situation improves.

GROWTH

The moment of Truth

Throughout the world, coffee grows in East Africa with a high reputation for quality. This year tasters will classify more coffee for export than ever before. One of the contributory factors in this increase in coffee production has been the formation of thriving co-operatives throughout the three territories. Thus the small grower, by adopting sound agricultural techniques and pooling his resources, is producing high yields per acre—and contributing in no small way to his country's agricultural economy. Barclays D.C.O. is proud of its association with an industry which has done much to make East Africa famous in the past and will undoubtedly play a vital role in the future.

PROVINCE GETS MORE MEDICAL STAFF

In his September report, the Acting Provincial Medical Officer for the North-Eastern Province, Dr. C. F. Quinlan, said the Province had improved as its medical staff establishments for the last two months.

Several combined general medical assistants, a laboratory assistant and a laboratory nurse had been posted to the Province. He said that in addition, there was a 20 per cent increase in the number of staff for every new village of 100 people. Very often the dispenser was a local or, in some cases, the shade of a local. The doctor gave simple injections and rendered different kinds of services.

Programmes of immunisation against malaria and schistosomiasis had been in progress in many of the villages. Distribution of village health centres was continuing. The transfer of 1000 tons of phosphate fertilizer was also in progress.

Because of lack of health centres and a permanently trained staff at Mombasa, the District Officer, who would normally have been resident locally, had to devote his time to Mombasa. Resident District Officer A. M. Stewart said the Flying Doctor had helped to find a doctor to take over the post at Mombasa.

NO FARES CUTS FOR 'SOME' MONTHS'

It will be "some months" before fare cuts are taken on rail services in East Africa, says a British Board of Trade spokesman here. He has indicated that it was not an aim of the British and East African Governments to reduce the cost of the rail services. The Transport Association spokesman in Harare said that the Government had agreed to pay 10 per cent of the cost of the rail services. He said that the Government was not in a position to pay more than the cost of the rail services. Holiday complex planned at Coast by German firm

Standard Staff Reporter

TRAVELERS and **chaleks** serviced by restaurants, supermarkets, music shops and other amenities are expected to be one of the promising aspects of the tourist industry on the Kenya Coast in the not too distant future.

Developments are already a success in European holiday resorts, particularly Spain, where individual dwellings are sold to private buyers who rent them to holidaymakers when they are visited by the development company. Facilities continue to run the rates.

In view of the tremendous potential of the East African Coast, Herr Erwin Hilbert and Herr George Company are now working on plans to import the idea.

By next season they hope to have accommodations available for at least 100 potential customers, and are already talking in terms of building between 300 and 400 chalets next year.

APPROACHES MADE

Contracts, based in Winklesham, Germany, is the biggest company of its kind in Europe with 40 developments in 12 European countries. The company's headquarters in London, have been in the Kenya area for some time.

Erwin Hilbert and Herr George have approached the Provincial Commissioner's local officials, including the Provincial Commissioner, the District Officer, and the District Engineer, who they describe as a rising tourist country.

The company would like to see more people in Europe for the holidays.

Hilbert and Herr George want to see more people in Kenya, which they describe as a rising tourist country.

CHANGE IN COURT METHODS URGED

THE abolition of communal proceedings—where a magistrate decides whether to grant bail for a defendant—has been suggested by the Attorney-General in a report submitted to the Council of Ministers.

The report, which was presented at a meeting of the Council of Ministers in Nairobi last week, suggested that the present system of communal proceedings should be replaced by a system where the magistrate alone decides whether to grant bail.

The report also suggested that the present system of communal proceedings should be replaced by a system where the magistrate alone decides whether to grant bail.

Capt. Thomas Anderson

THE death in Kenya on October 17 of Capt. Thomas Anderson, last year's winner of the Nobel Peace Prize, is being commemorated in a service at the Nairobi City Hall on Monday.

After his service with the British Army in the Middle East, Anderson was appointed to the Kenya Force in 1945. He was killed in action in the Congo in 1948.

Mr. J. F. Henn

It will be with much surprise that his friends received the news of the death of John Frederick Henn in England on October 2.

The son of the late Sir Robert Henn and Lady Henn, was born in Chile in 1887. After education at a boarding school in the First World War, he was in the Army, serving in Mesopotamia, France, and Belgium.

When after leaving the Army he was in the Kenya Force, he was in the Kenya Force, he was in the Kenya Force, he was in the Kenya Force.

The Week in East Africa

The week of the public health service in East Africa has been a busy one, with many health workers engaged in various tasks.

In the United Kingdom, the health service has been busy with various tasks, including the distribution of medical supplies and the treatment of patients.

Hotel will fill long-felt need

To a far greater extent than any other East African capital, Kampala suffers a shortage of accommodation. Business and up-country tourists, who come to Kampala for a variety of reasons, find it difficult to find a room.

The shortage of accommodation in Kampala is a long-felt need that is being addressed by the construction of a new hotel.

WHEN U.S. AND RUSSIA PRO SPACE TOGETHER

The U.S. has already announced that it will launch a space shuttle to orbit Earth in 1968. The Soviet Union has announced that it will launch a space station in 1967.

By ROBERT JACKSON

TEN years from now, Cape Kennedy may no longer be the world's largest and leading Spaceport. For, on the South American coast, work is going on to add a new and important name to Spaceport terminology. The name is Kourou.

This stretch of barren coast in French Guiana is the site of a huge international Space center, geographically far more suited to the structure needed for launching rockets than any other place on Earth.

It was in 1962 that the French National Space Research Centre executive began work to locate a Space launching site.

The geographical location of the site is ideal. It is in the equatorial zone where the Earth's rotational velocity is maximum.

There have shown that the additional fuel needed to place a rocket into orbit from Cape Kennedy is not as great as the rocket's fuel load when it is launched from a similar latitude in Europe.

Compared to Europe and North America, the fuel costs of the rocket's trajectory are much lower in French Guiana.

ROYAL SITE

The law in French Guiana, however, is not so simple. It is a French overseas territory, and its laws are subject to the laws of France. The French government is currently negotiating with the local authorities to establish a Spaceport in French Guiana.

The Russians, who have long been interested in the use of rockets for launching satellites, are also interested in the use of rockets for launching men into space.

BEST RENDEZVOUS

The Russians, who have long been interested in the use of rockets for launching satellites, are also interested in the use of rockets for launching men into space.

The Russian Government has announced that it will launch a space station in 1967. The station will be named Salyut.

The United States has announced that it will launch a space shuttle in 1968. The shuttle will be named Columbia.

PAKISTANIS OFF TO GOOD START

Moral victory for cricketers

PAKISTAN international cricketer Irfan Khan gained a moral victory against the Pakistan team in the first Test match on the E.A.S.P. ground, Rawalpindi, when he was named in a dream team. Five players were named in the dream team, including Irfan Khan, who was named as the best fielder in the world. The other four were named as the best batsman in the world, the best bowler in the world, and the best all-rounder in the world. Irfan Khan was named as the best fielder in the world, and the other four were named as the best batsman in the world, the best bowler in the world, and the best all-rounder in the world.

A knock of 28 by Pakistan's Test captain, Hanif Mohammad, was the main feature of the P.A. innings. Had the schedule taken every catch and one stumping during, the P.A. may have been in trouble. Khan was the best fielder in the world, taking two fine catches in error and at deep mid-wicket to help dismiss the first two P.A. batsmen, Tyra (28) and Salim (21) with the ball at 52.

The P.A. openers, Muttiah Muralitharan and K.R. Subramanian, were dismissed for 16 and 22 respectively. Irfan Khan was named as the best fielder in the world, taking two fine catches in error and at deep mid-wicket to help dismiss the first two P.A. batsmen, Tyra (28) and Salim (21) with the ball at 52.

WEDDING BELLS

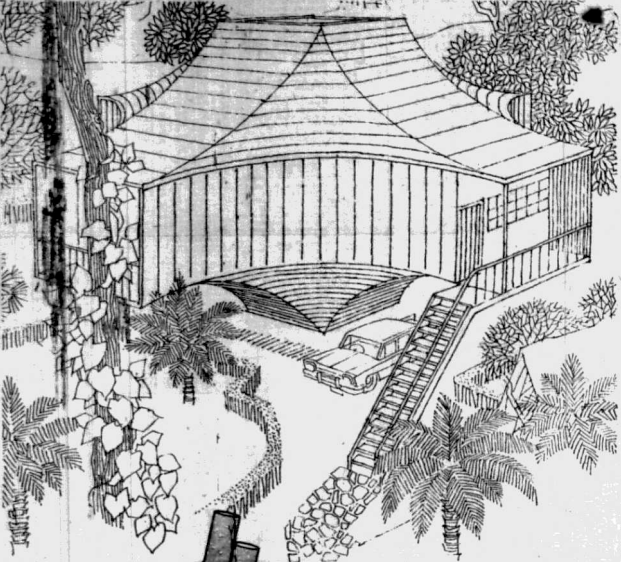

At both Christ Church, Chatterton, was the centre of the wedding of Miss Lillian P. Smith daughter of Mr. Smith, Lonsdale Road, Chatterton, and Philip Gillingham, of The Grange, and Mr. Leslie Smith, of Chatterton. The bride, who was attending in London, is accompanied by her bridesmaids in the traditional white dresses obtained by some of the 200 guests who attended at the parlours of the Queen's Hotel, Chatterton.

Before Mr. John Anthony Porter and Mrs. Janet Smith were married at St. Stephen's Church, Bath, Somerset.

Mr. Graham Hilliard, eldest son of Mr. and Mrs. F. Hilliard of Emsford, England, and Miss Janet Moreland, only daughter of Mr. and Mrs. A. F. Moreland of Horsham, England, were married at St. Mary's, Horsham. The bride's father is the Manager of the 'East African Standard's' London Office. The bridegroom was wrongly described as the 'Standard' London Manager in last Friday's wedding page.

Left: 200 guests filled St. Peter's Church, Skipton, for the wedding of Mr. Terence John Barker, younger son of Mr. and Mrs. E. F. Barker of Nailcote, and Miss Carolyn Victoria Lilian Davies, only daughter of Mr. and Mrs. Allan Davies of Skipton.

HOW THE HEDGEHOG TURNED BLUE

Name _____
Address _____

By SUSAN CARROLL

It was a very hot day and the sun was shining brightly. The hedgehog was sitting on the grass, looking very tired. He had been out in the sun for hours and he was very thirsty. He had tried to find some water but he couldn't find any. He was very sad and he was thinking about how he was going to get some water.

Just as he was about to give up, he saw a small stream of water flowing through the grass. He ran to it and drank the water. He felt much better and he was happy. He was thinking about how he was going to get some more water.

Just as he was about to go back to his hole, he saw a large puddle of water. He ran to it and drank the water. He felt even better and he was very happy. He was thinking about how he was going to get some more water.

WORLD ON RECORD

GRANT PETERS reviews discs from overseas

ONE of the highlights of the Rolling Stones' recent British tour was the fantastic set with Tina Turner. Her Comping ran for more than 18 singers and turns, they were wildly acclaimed by fans and critics alike. It was a real "must-see" for anyone who loves rock and roll. The Rolling Stones are certainly the best of the best when it comes to rock and roll.

JOHN ROBERTS discusses new African releases

FOR those who like the style, I can recommend Ukutina Akpende by William Ode. This is a very pretty, rhythmically sophisticated drum-guitar piece which good drumming adds a dimension. A tune characteristic of this sort of music is one which has a strong African flavor. It may not be the best example of the genre, but it is certainly one of the best. The album is a real gem and it is well worth a listen.

Woman who loves adventure
—and the strangest places

FROM an unusual point of view, Mrs. Helen Harvey is a woman who loves adventure — and the strangest places. Her husband, a prominent banker, is a man of affairs, and she is a woman of affairs. Her adventures are not of the kind that one usually thinks of as being the province of a woman. She is a woman who loves to travel, and she is a woman who loves to see the world.

CHANCE MEETING IN A LONDON PUB LED HER TO HOME IN KENYA

Lemons for Beauty

To keep your skin clear and healthy, use lemons. Lemons are full of vitamin C, which is essential for healthy skin. They also contain citric acid, which helps to exfoliate the skin and remove dead cells. Lemons are also a natural astringent, which helps to tighten the skin and reduce the appearance of pores. Use lemon juice as a facial toner, or mix it with water and use it as a body wash.
