New political group issues eight-point policy REFORM PARTY AIMS

An eight-point policy for the political and constitutional future of Kenya was announced yesterday by the Colony's new political organization, the Reform Party. The party was formed recently when all the members of Nairobi's Branch of the Federal Independence Party decided to re-align themselves.

Policy statement

The eight points in its statement of policy are: (1) Complete loyalty to the British Crown. (2) The reorganization of the European Communities in Kenya to secure fair and equitable representation of all Europeans on the basis of representation being of approximately equal voting strength. (3) To advocate or support any constitution, leading to self-government, which would guarantee leadership and control of the Government to the majority of the people of Kenya as a whole. (4) To support increased educational facilities for all Kenyan citizens on a non-discriminatory basis. (5) To progress the process of the transfer of power to the majority African through the transfer of Kenya as a whole. (6) To ensure a free press for the people of Kenya and to ensure adequate taxation in order to finance the development of the country. (7) To ensure that the interests of the European community are protected. (8) To ensure that the interests of the African community are protected.

Vast find of Soviet weapons in Sinai

VAST stocks of Soviet equipment found in the Sinai Desert had included some weapons unknown to the Egyptian Government, according to a report by the Egyptian Press Syndicate. It is said that the Egyptian Government had been aware of the presence of Soviet arms in the Sinai Desert for some time, but had been unable to identify them. The report says that the weapons included machine-guns, anti-aircraft guns, and other types of arms. It also says that the weapons were found in a large cache in the Sinai Desert, near the Egyptian-Sinai border.

KENYA ATHLETES IN ACTION TODAY

But only two of the 8-man Melbourne squad really fit

KENYA'S Olympic athletes are to take part in an international meeting in Melbourne this afternoon but of the eight men forming the team only two are on a distinguished level. Kenya's men will meet some of the world's outstanding runners at this meeting at Parklands, some 50 miles out of Melbourne.

The afternoon's meeting at Arena Australia, which is normally a 100-metre race, will run in the three miles and 8000 metres, which is a feature of the site. The 8-man team will run in the 1000 metres, 5000 metres, 10,000 metres, 15,000 metres, 20,000 metres, 30,000 metres, 40,000 metres and 50,000 metres. The 8-man team will run in the 1000 metres, 5000 metres, 10,000 metres, 15,000 metres, 20,000 metres, 30,000 metres, 40,000 metres and 50,000 metres.

At the start, it is a surprise that Kenya's team is so small. The 8-man team will run in the 1000 metres, 5000 metres, 10,000 metres, 15,000 metres, 20,000 metres, 30,000 metres, 40,000 metres and 50,000 metres.

Another withdrawal. One more name, Bortolotto, has withdrawn from the Olympic Games, making five in the 1000 metres, 5000 metres, 10,000 metres, 15,000 metres, 20,000 metres, 30,000 metres, 40,000 metres and 50,000 metres.

Probables all out for 128 runs. The first seven batsmen have scored 128 runs in the first seven innings.

Turbo average a cricket defeat. The team has suffered a defeat in the first match.

PREMIERE END TO CUP GAME

FOR the second time a football cup in Nairobi has been abandoned before time owing to rain.

The match between Eastleigh and Kenyan Club was abandoned after 20 minutes of play.

Another withdrawal. One more name, Bortolotto, has withdrawn from the Olympic Games, making five in the 1000 metres, 5000 metres, 10,000 metres, 15,000 metres, 20,000 metres, 30,000 metres, 40,000 metres and 50,000 metres.

Probables all out for 128 runs. The first seven batsmen have scored 128 runs in the first seven innings.

Turbo average a cricket defeat. The team has suffered a defeat in the first match.

Nakuru crowd small: racing interesting

"Standard" Special Correspondent. The fall and official details of the Nakuru five-hour race for series production touring cars have already been published but a few notes on the running of an extremely well-organised meeting may not be out of place.

FOURTH INNINGS Rugby Union county WIN FOR M.C.C. championship: tie in the S.W. section

Great performance by Yorks bowler Wardle — 14 for 96

FOUR matches and five wins by an innings margin in the M.C.C.'s second tour to date in South Africa. On Saturday at Bloemfontein the tourists dominated Orange Free State twice in the day to win their third first-class match by an innings and 104 runs. In earlier matches they beat Westerns and Easterns. Provinces respectively, by an innings and 78 runs and by an innings and 201 runs.

Details of their overnight total of 226 for Yorks' bowler Wardle, who took 14 for 96 in the second innings. The M.C.C. lost Free State on Saturday at Port Elizabeth. Details of the Orange Free State tour will be found in the next issue of this paper.

The M.C.C.'s leading bowler was Yorks' bowler Wardle, who took 14 for 96 in the second innings. The M.C.C. lost Free State on Saturday at Port Elizabeth.

Wardle's total was the highest of the tour to date, beating Percy May's 124 against Western Province. The stand was the second multiple of 100 in the tour.

Alan Oakman was out for 22 runs after 18 hours in the first Test nearly seven weeks' longer. The injury was similar to that which sustained him in the Lancashire last match of the 1933 season, against Essex.

An extraordinary incident occurred when the batsman had broken up the wicket. The batsman had broken up the wicket.

Triumph for Wardle. The match was a triumph for Yorks. The match was a triumph for Yorks.

Wardle rarely smelt a batsman in the first innings but later strung out the batsmen. Wardle rarely smelt a batsman in the first innings but later strung out the batsmen.

THE four Rugby Union county championship matches dominated Saturday's programme and with Devon and Cornwall both winning their matches, it was for the leadership of the South-West section, a play-off will be necessary to decide which county shall meet the winners of the Southern section in the quarter-final at Exeter on December 14. Devon beat Gloucester 14-9 at Exeter and Cornwall beat Somerset 12-10 at Camborne.

Lancashire, winners of the Northern group last season, were beaten for the second time in the current championship by Yorks, and lost to Durham at Hitchcock. Yorkshire were beaten by Lancashire on December 14 at Scarborough. Devon beat Gloucester 14-9 at Exeter and Cornwall beat Somerset 12-10 at Camborne.

Big crowd at Cardiff. A crowd of 20,000 saw Cardiff play back to last Newport 6-0 in the first round of the Welsh Cup.

Saturday's results. The following are the results of the matches played on Saturday.

Worcestershire v. Gloucestershire. Worcester 14-9. Gloucestershire 9-14.

ATTACK PREDOMINANT IN REPRESENTATIVE MATCH

Possibles beat Probables by 2 wickets and hour to spare

IN the first of a new series of representative cricket matches—Probables v Possibles—designed as a trial for the annual European v Asians match, Possibles beat the Probables on the Nairobi Club ground yesterday afternoon by two wickets with nearly an hour to spare. Scores were: Probables 129 and 191; Possibles 177 for 3 wickets and 151 for 8 wickets.

M.C.C. cricket and Rugby—in Page 7

Too many catches for a match of this nature and Robert Johnson was dropped three times during the first 11 overs. Possibles gained a lead of 49 runs on the first final but without Luck and Kravitz scores would not have been nearly so impressive. The wicket-makers today had to work hard to keep their bats off-balance, as the most spectacular of the strikers and faced with a match analysis of nine wickets for a little under an hour.

Snooker final may be 'open' repeat
On weekend days 8, 9, 10, 11 and 12 of the series were played under the same conditions as the first three. The results were: 8, 9, 10, 11, 12. The series was a great success and the players were very well satisfied. The results were: 8, 9, 10, 11, 12.

Hungarians 'Busby's Babes' lose leadership of League to Spurs

'Busby's Babes' lose leadership of League to Spurs

FOR the first time since November last year, Manchester United have lost the leadership of Division II. Their 2-0 defeat at Bolton on Saturday leaves them level on points with rejuvenated Tottenham but inferior on goal average to Spurs, who beat Newcastle at White Hart Lane, before a crowd of 51,000.

Individual scoring honours went to Wolverhampton Wanderers' Colin Bruce, who hit four of his side's five goals in a new score over Arsenal.

It is now estimated that 6.5m spectators from 10 nations will take part in the games. At matches in 1955, there were 425 competitors from 40 countries.

Strengthened lead
In Division II, Levante City strengthened their position at the top by drawing 3-2 with Fulham.

When the main body of the Hungarians arrived at their base on Saturday they were told that some of them had been killed in action.

Outstanding 'keeper
Outstanding for Tottenham was 20-year-old goalkeeper Peter Jones, who has kept 10 clean sheets in 17 matches.

The invited draw for the hockey tournament was... at the Kenilworth Hotel, Johannesburg.

Assurances sought for African voters

PERMIT me to make a few remarks regarding the registration of African voters in the present election. In the first place, I must explain that I am not one of those who think that there have been any "gratuitous" concessions to the "natives" what about those who are not registered? I am a professional employee or a "white" worker. And where is the "benefit"?

I do not in this regard intend to go into any arguments against the Couits Report and the recommendations contained therein, but to deal with some other disturbing aspects of the registration procedure as it stands at present.

It is not in this regard that I am not one of those who think that there have been any "gratuitous" concessions to the "natives" what about those who are not registered? I am a professional employee or a "white" worker. And where is the "benefit"?

I do not in this regard intend to go into any arguments against the Couits Report and the recommendations contained therein, but to deal with some other disturbing aspects of the registration procedure as it stands at present.

HAVE YOU TRIED EATING FLOWERS?

WHAT about a few nice flowers for tea? There is nothing crazy about such an idea. Certain flowers are edible and tasty, though hardly substantial enough on their own. You think a garnish for salad or a garnish for your coffee. They would look gathered around your plate when their honey taste is at its best.

The buttercup is one of many flowers which are edible and good for us. The marigold is another. Its petals can be strewn over a salad, and are attractive-looking they would be an omelette. They are also recommended for giving added flavour to cream cheese.

Pleasant flavour
Or, if you are a "people" who would like the taste of flowers in your food, you could use them in a variety of ways. For example, you could use them in a variety of ways. For example, you could use them in a variety of ways.

Daytime Sheer For Milady
An entirely new Terry-Lane clothing studio by Arstoc, will shortly be offered for general sale to the public. It is called a "daytime sheer" and, by agreement with the yarn manufacturers, it has been decided not to publicise the design.

Naturistum Salad
For the number of flowers you want to "tinge" them in, you should use a small amount of water. You should use a small amount of water. You should use a small amount of water.

High Test
In view of the fact that the Terry-Lane has a higher strength than most other fabrics, it is generally the order rating is not comparable. In fact, it would be misleading.

Timeless Clothes

BY JEAN WISEMAN
THERE'S no time nor room for "important business," says Scott-Brown's Margaret Corrie. And from the day she began her career as a dressmaker in Glasgow until the day she moved to London, she has been determined to "stay down-to-earth."

With commendable frugality, she has built up a collection of clothes for herself and her family. Margaret Corrie will discuss her views on the fashion industry and the importance of timeless clothes.

Tension hoarding results in hoarding of gold

BANKS KEEP PRICE DOWN. HOSTILITIES in the Middle East and the threat of their extension have had the traditional effect of stimulating gold hoarding.

This is stated by the Economist, which says the gold price has risen considerably in the gold markets, which have normally poured off from their "hot" West European markets.

It is pointed out by the Economist that the market has been particularly active in the Middle East and the Far East, where the gold price has risen by as much as 10 per cent in some cases.

Caution on London stock markets

Caution is being exercised in the London stock markets, which opened the week quiet yesterday with little attempt to do business. Most operators decided to await the Chancellor's statement later in the day.

There was no significant movement in industrial and dollar shares, but a few shares were dull after the opening of a week's trading.

African reality

WHATSOEVER validity there may be in the arguments advanced as to the urgency of the policy of increasing grants for African municipal bodies in the African Affairs Committee is guilty of bad public relations for the Committee in the news so abundantly being taken for trouble. The arguments should have come before the statement of policy, and have included explanations to parliament, with full opportunities for their constructive to be developed into objects set in motion. On the other hand, the Mayor tried to get the Committee's attention by stating that African objections can be aired when the Council convene.

Burnt tanks and bodies lie the streets of war-torn Budapest

From WILLIAM KRAEBER Vienna, Sunday. The horror of hunger, blasted buildings, gutted tanks and unburned bodies that is Budapest. The innocent dignity still beams in my face. And still I hear the peep of rebel fighters - "You must tell the world all you have seen and what we are doing."

As it is on Sunday I went with Ronald PEARSON and William KRAEBER's Foreign Correspondent on a bus to the front line to see the line of the front line. The line was not as we would have expected. The line was not as we would have expected. The line was not as we would have expected.

PROBABLES v. POSSIBLES

MATCH IN RETROSPECT

No outstanding cricketer was revealed by this trial

'Star-Jed' Special Correspondent

APPEARING for the first time in the Kenya Kings against the Probables in a possible match at the Nairobi Club over the weekend — was by Possibles by two wickets with 16 minutes to go and both interesting and instructive and, also, of great potential value. It revealed the selectors, as well as the players, in an eye on the European-Asian match, to bring young players into the arena and test them against good opposition.

It is only in three-day games under conditions such as these, that the selectors can see the fitness of the players for the European-Asian match, to bring young players into the arena and test them against good opposition.

This match must have left the European selectors feeling that there is a good prospect of a great deal of material in the Probables. It is only in three-day games under conditions such as these, that the selectors can see the fitness of the players for the European-Asian match, to bring young players into the arena and test them against good opposition.

There were successes. By that is inferred the match was won by the Probables. It is only in three-day games under conditions such as these, that the selectors can see the fitness of the players for the European-Asian match, to bring young players into the arena and test them against good opposition.

K.S.L.I. may miss final of Boyes Cup

THE loss of five regular players, including their goalkeeper and both full-backs, did not affect the all-round superiority of K.S.L.I. in their John Boyes Cup semi-final on Sunday.

The Army team had an easy 2-0 victory against R.A.F. at the Railway Club ground. With their goalkeepers, K.S.L.I. was down to return to K.S.L.I. for demonstration of their football.

Railway were disappointing in their last match of the season when they were beaten 1-0 by work by Knight in a 5-0 goal.

After several raids against a shaky defence Pinner scored a wide goal and slipped a pass to the forward Kelly who, without being touched, headed the ball into the net.

Knight, who has been in the second goal post since he was a boy, had a good day when he kept two goals shut after Pinner had scored the first.

Refreshment was served at the match. The match was won by the Probables. It is only in three-day games under conditions such as these, that the selectors can see the fitness of the players for the European-Asian match, to bring young players into the arena and test them against good opposition.

Hungarians bar U.N. observers

'INTERNAL AFFAIR'

The Hungarian Government has rejected the United Nations request that observers be allowed to enter the country. A cable from the acting Foreign Minister, Mr. Sebők, to the U.N. Secretary-General, Mr. Hammarskjöld, also reiterated the Communism claim that a settlement of the affair should not be considered by the General Assembly.

The cable added that the Hungarian and Soviet Governments would make it possible for U.N. observers to enter the country. A cable from the acting Foreign Minister, Mr. Sebők, to the U.N. Governor's speech at opening of new Legislative Council

CHANGE IN KENYA EMERGENCY POLICY ANNOUNCED

KENYA Politics to take over the control of anti-terrorist operations from the Army at the end of this week. This was announced by the Governor of Kenya, Sir Evelyn Baring, when he formally opened the Legislative Council in Nairobi yesterday.

The Governor recalled that, in his speech to the Council last year, he said that the position had improved from a security point of view. "However, no kidnaps and cattle thefts have been practically eliminated. The British battalions and the R.A.F. have both done valuable service in Kenya," Sir Evelyn said.

However, he added, "and cattle thefts have been practically eliminated. The British battalions and the R.A.F. have both done valuable service in Kenya," Sir Evelyn said.

Revival threat
After the dismissal of the Legislative Council, Sir Evelyn said, the Government would continue as a Government of the people. "There were 200 members of the Council and 200 members of the Executive Council," he said. "I am sure that the Government will be able to carry out its programme of development and reconstruction."

Retention of labour
The country was faced with the necessity of the absorption of the surplus labour force. "I am sure that the Government will be able to carry out its programme of development and reconstruction."

Two-part policy
In October, 1952, in many parts of Kenya, there was a serious outbreak of violence. "I am sure that the Government will be able to carry out its programme of development and reconstruction."

of a nature in which there are... The policy was in two parts. One was that the Government would continue as a Government of the people. The other was that the Government would continue as a Government of the people.

Camp transfers
The Government has announced that it will transfer the inmates of the detention camps to the new camps. "I am sure that the Government will be able to carry out its programme of development and reconstruction."

Indian Evidence Act to be replaced under Kenya law reform programme

(Continued from Page 4)

Under a programme of law reform a number of bills ready for introduction to the Legislative Council will replace the Indian Act of 1859. Bills were applied in 1951 and did not pass, but are now being re-introduced. The bills will be introduced in the next session.

Published soon

The Bill of the type will amend the Code of Civil Procedure and the Code of Criminal Procedure. It will also amend the Evidence Act of 1859. The bills will be introduced in the next session.

Referring to agriculture, the Governor said that the Ministry expected to proceed with three important measures which had already been widely discussed.

Development Plan

It is now in the last year of the five-year plan. The Minister for Agriculture, Mr. J. M. O. Ochieng, said that the Government was planning to spend about 100 million shillings on the plan during the next five years.

Arab education

The Government's policy in the Arab education is to provide facilities for all Arab children. The Minister for Education, Mr. J. M. O. Ochieng, said that the Government was planning to spend about 100 million shillings on the plan during the next five years.

Jet is again the fashion for the current necklace. (Dress) Jet again for ornaments on black suits (Paris). Jet again as a wonderful jewel on black suits (Paris). Jet again as a wonderful jewel on black suits (Paris).

PUKETS. Everyone's talking about them and everyone will be wearing them. High, low, long, short, plain, fancy, heavy, light, simple, and most of the others.

BOULEZ. They are most certainly here to stay. Under the lovely little jacket of a thick autumn suit, they add a little extra touch.

RECORDS. For wide satin belts on narrow black necks. (Paris) They are worn and all sorts of things.

LACE. There are few lace neckties, but they are worn where wanted. (Paris) They are worn and all sorts of things.

WRITERS. For the writer and for the family. (Paris) They are worn and all sorts of things.

PERFUMES. Middle Class. (Paris) They are worn and all sorts of things.

SECOND WIN FOR FRANCE IN WASHINGTON CLASSIC

Trentham Boy favourite for last big race

TRENTHAM BOY was made 600/1 favourite for next Saturday's Manchester November Handicap at the first Victoria Club chaffer on Monday on the final race of the British racing season.

Trentham, a three-year-old son of the late November winner Pappano II, was supported for good reasons but the over-backed contender was Chaco. This three-year-old, 10/11, 12-month winner over the Manchester course and distant winner of the 1000 Guineas at Epsom, was taken to win at 11/100 on 10/11.

There was also steady backing for Browne Conflict (100/1), Cleveland Boy (35/1) and North Point (15/1).

Master Boing gains first success for woman owner

MME ANDRE LOMBARDI's three-year-old Master Boing, trained by her father, won the Washington International on Monday to capture the title for the second time since his inception prize for France. Master Boing, ridden by Guy Chenevier, showed signs early in the race, won by five lengths from the field in the straight. Master Boing was away from the field in the straight. Master Boing was away from the field in the straight.

France's first representative in the field of ten, seven years of age, was My Lord, trained by his owner, Mrs. Pappano II, who was supported for good reasons but the over-backed contender was Chaco. This three-year-old, 10/11, 12-month winner over the Manchester course and distant winner of the 1000 Guineas at Epsom, was taken to win at 11/100 on 10/11.

There was also steady backing for Browne Conflict (100/1), Cleveland Boy (35/1) and North Point (15/1).

George Barnes regains his two titles

African cotton growers ask for ginnery FEDERATION SUPPORT

14 p.c. RISE IN BRITISH EXPORTS

BRITISH exports last month totalled £29,000,000—14 per cent above the average for the first nine months of the year; it is announced in London.

It was the highest figure for any single month, being some £11,000,000 more than the previous highest in May.

Exports of £29,000,000 were the highest since March last year when they stood at £28,000,000, the monthly average for this year.

Threat removed

In Chibura, Mr. Menden, the Australian Prime Minister, said the threat of devaluation of the Australian currency had been removed by a long time.

Mr. Menden said the Liberal Party Federal Council had met the end of June, Australia had been in the same period the day in Australia's confidence in the reserves was £4,700,000,000. (Reader)

African cotton producers want a ginnery of their own at Ushaki in the Mwanza district. Their request will be supported by the Victoria Federation of Cotton Growers Societies representing 100,000 producers who have been organized by the Federation.

The Federation decided to call the attention of the Government to the fact that arrangements were being made by the British Cotton Ginning Co. (Ltd.) at Ushaki, in Lake Province.

Encouragement

Major John Peter Guthrie will encourage the African move on participating in the economic development of the country. The Federation stated that they were obtaining a quantity of their own.

With the increased production of cotton in the Mwanza district, an extra ginnery is essential, and that should be a ginnery owned and operated by the African people. It should be in the hands of the African people, and they should have a share in the ginning industry.

The time is now ripe for the African to take over ginning in the economic development of the country. The Federation stated that they were obtaining a quantity of their own.

Greater volume

"The fast growing drive in the African to participate in trade is shown by the rapid increase in the volume of exports by the large quantity of exports in the hands of the African people. The time is now ripe for the African to take over ginning in the economic development of the country. The Federation stated that they were obtaining a quantity of their own."

POSTAL SYSTEM REVIEW

Increase in work

PAST from a decrease in the number of telegrams and other work handled by the East African Posts and Telecommunications Administration, increased during 1956.

In the report of the Administration for 1956, it is stated that the reason for the decline in telegrams is the change in the Government's policy on telegrams.

Because of the increase in the number of telegrams handled by the Administration, it is expected that the number of telegrams handled by the Administration will increase during 1957.

RELEASED RAIL AND PORT RATES LIKELY TO SHOW SMALL BALANCES

INCREASES next year in railway freight rates and cargo handling charges at the ports are forecast by the general manager of the Railways and Harbours Administration, Mr. A. K. Bhebe, in a forecast to the administration's draft estimates for revenue and expenditure for 1960. He estimated that the railways will earn a net profit of £200,000 below the anticipated £210,000. This year, after meeting expenditure and all other miscellaneous charges, there will be a net profit of £200,000 below the anticipated £210,000. He estimated that the railways will earn a net profit of £200,000 below the anticipated £210,000.

Depressing effect
Mr. Khebe says that for the first time since 1948 the administration's revenue falls short of expenditure. The increase in cargo handling charges at the ports is expected to be £100,000. The increase in railway rates is expected to be £100,000. The increase in port dues is expected to be £100,000. The increase in other charges is expected to be £100,000.

Rise in costs
After expressing the hope that the revenue of the railways will be £200,000 below the anticipated £210,000, Mr. Khebe says that the increase in cargo handling charges at the ports is expected to be £100,000. The increase in railway rates is expected to be £100,000. The increase in port dues is expected to be £100,000. The increase in other charges is expected to be £100,000.

Serious setback
Mr. Khebe described this as a serious setback for the railways. He said that the increase in cargo handling charges at the ports is expected to be £100,000. The increase in railway rates is expected to be £100,000. The increase in port dues is expected to be £100,000. The increase in other charges is expected to be £100,000.

Services to Africa
The Hon. Mr. Khebe, Minister of Railways and Harbours, said that the railways will continue to provide services to Africa. He said that the increase in cargo handling charges at the ports is expected to be £100,000. The increase in railway rates is expected to be £100,000. The increase in port dues is expected to be £100,000. The increase in other charges is expected to be £100,000.

ALLIES FOILED SOVIET PLANS IN MIDDLE EAST

Ministers expose 'intrigue'

TWO Government Ministers said in London that evidence was mounting to show British and French action in an anti-Soviet campaign in the Middle East. Mr. Watkinson, said Russia, because of her vast industrial resources, might well be getting short of oil. That fact alone must make the Middle East a target area for Communist intrigue.

Mr. Watkinson, who was speaking in the House of Commons, said he should not be surprised at the mounting mass of evidence now being disclosed to show how the Soviet Government is engaged in an attempt to dominate the whole of the Middle East in the whole of the world.

Stopped fighting in the House of Commons, the Communist Secretary, Mr. Lawrence, said that the Soviet Government was clearly within the right to penetrate the area. It is increasing evidence that the Soviet Government is engaged in an attempt to dominate the whole of the Middle East in the whole of the world.

Mr. Watkinson, who was speaking in the House of Commons, said he should not be surprised at the mounting mass of evidence now being disclosed to show how the Soviet Government is engaged in an attempt to dominate the whole of the Middle East in the whole of the world.

Stronger U.N. results hope in London

SIR ANTHONY EDEN, answering a question in the House of Commons stated that it remained for the Government's policy to build up the United Nations as a force for peace and as an effective instrument for enforcing the rule of law.

Mr. Anthony said: "It is our policy that the present Middle East crisis will result in a stronger United Nations capable of enforcing the resolutions which they adopt."

Mr. Anthony said: "It is our policy that the present Middle East crisis will result in a stronger United Nations capable of enforcing the resolutions which they adopt."

Warning of attack by the British Government, Mr. Labouchere, said that the Government was aware of the fact that the Soviet Government was engaged in an attempt to dominate the whole of the Middle East in the whole of the world.

Mr. Labouchere, who was speaking in the House of Commons, said he should not be surprised at the mounting mass of evidence now being disclosed to show how the Soviet Government is engaged in an attempt to dominate the whole of the Middle East in the whole of the world.

Shadow of Mau Mau challenge lifting from Kenya

M.P.s WELCOME STATEMENT

LOUD Government cheers greeted a statement by the British Colonial Secretary, Mr. Alan Lennox-Boyd, in the House of Commons when he announced that white and local authorities were taking over from military forces in Kenya. Mr. Lennox-Boyd said that the shadow over Kenya was lifting after four years of Mau Mau. That was "very heartening news," he said.

Mr. Lennox-Boyd continued: "In congratulating the Government and all the Administration, I should also say to the House that the Mau Mau challenge has been met. It has been met by the military operations in an earlier solution than at first seemed likely."

Tasks of peace
At the end of 1954 over 1,000 active terrorists were active in Kenya and their numbers of followers were still high. They were active in a few hundred, and the Africans are beginning to feel the effects of their evil work.

The progress of this whereby these dozens of Mau Mau are released from the country, has now been effectively stopped. It is over 100,000 Mau Mau men who have been released from the country, but now they are being retrained in life which fits them to reap their own sweat and to contribute to the country in which they may be retrained without fear to their living companions.

Stood the test
"Already 35,000 have passed through this process, which we hope will continue to reduce the danger of terrorism to a minimum. The Government are very confident that the Emergency has passed its test."

Change in title
The Union-Castle Mau Mau Settlement Co., Ltd., announced that it had changed its name to East African Offices Ltd. The change is to be effected on November 15, 1959. The company is now known as East African Offices Ltd. The change is to be effected on November 15, 1959. The company is now known as East African Offices Ltd.

ROAD SAFETY Kerb Drill is intended for everybody

THE fundamental rule for road safety—the Kerb Drill as it is called—is taught in the schools and has saved many lives.

It is not, however, intended only for the young, it is a valuable lesson for all.

The drill is: Stop at the kerb. Look right, then left, then right again.

Drivers should never be in a hurry to step and let children cross the road.

EXHIBITION BY FAMILY OF ARTISTS Works in paint and pottery

LADY O'CONNOR described an exhibition of paintings and pottery, comprising a display of pottery, as a remarkable and beautiful family project, which she performed the opening ceremony at Memorial Hall, Nairobi on Tuesday.

A brother-in-law, Geoffrey Boyd, who has been responsible for the display of the exhibition, said:

The exhibition, which will be open until December 31, is a most interesting one, and a valuable lesson for all.

It is not, however, intended only for the young, it is a valuable lesson for all.

Wet Summer to blame for lower Australian figures

ENGLAND'S five Test matches against Australia this year produced a profit of £200,000. An increase of £30,000 compared with the previous Australian tour of England in 1953. Announcement of this profit was made on Tuesday. The Board of Control for Test matches stated that the rise was due almost entirely to the increase in television receipts.

E. AFRICAN TRADE 'NOT' BADLY HIT'

Likely effect of Suez stoppage

THE blocking of the Suez Canal is not expected to have a profound effect on British-African trade relations it is estimated according to commercial opinion in London.

A meeting of the East Africa Chamber of Commerce and Industry, which was held at the Chamber of Commerce last night, discussed the effect of the stoppage of the Suez Canal on trade with East Africa.

The 15 per cent surcharge levied by shipping companies on freight to East Africa is unlikely to affect, or put foreign competition in a more favourable position, as a result of the stoppage of the Suez Canal.

A view of South Africa's Durban refinery. It produces 50,000 gallons in production annually at this credit oil refinery, which was built at Westworth, Durban, by the Imperial Petroleum Co. Company in 1954. A total of 120,000,000 gallons of other petroleum products such as paraffin and diesel oil are produced each year.

L EXPANSION CONTINUES

Loan repayments cancel out revenue rise

An operating profit of £289,250 is anticipated this year by the East African Posts and Telecommunications Administration. But it is also estimated that rising loan charges and interest rates will offset the increase in revenue and leave a net deficit of £28,700.

The Administration's estimated total commitments in the year are £1,000,000, comprising £1,045,000 for the year of 1950-51, £1,000,000 for 1951-52 and £1,000,000 for 1952-53. These figures are based on the assumption that the Administration will receive £1,000,000 in revenue from the Government and £1,000,000 from the public.
