KENYA BUILDING SOCIETY

At the Annual General Meeting held on the 30th November a DIVIDEND AT THE RATE OF

6% PER ANNUM

was declared upon Fully Paid and Subscription Shareholdings in respect of the year ended 31st August, 1956.

Dividend warrants have been posted to entitled members. Any shareholder who has not received a warrant by the 8th of December is asked to communicate with the Managing Secretary, P.O. Box 151 Nairobi, and to advise any change in permanent address.

At the Meeting the Chairman emphasised that despite a RECORD INTAKE OF FRESH RAISING OF CAPITAL has done so market fluctuations, and by providing funds for housing loans, greatly contributing to the well-being of the country. He consequently invited members to increase their own holdings where possible and to bring the Society to the notice of their friends.

Speeding development of LONDON Colonies

NEW COUNCIL PROPOSED

THE House of Commons approved a motion urging the Government to speed up the development of the Commonwealth by setting up machinery to develop national resources in the Colonies.

The Private Member's Bill, which was approved, without a division, was introduced by Mr. Albert Ashworth, M.P., for the development of the Colonies. It provides for the setting up of a new body to be known as the Commonwealth Development Corporation.

Mr. Ashworth said that the Corporation should be a proper Commonwealth organisation, and should be financed by the Government.

Millions needed by the Corporation for a private Member's motion. The Corporation would be financed by the Government.

INDUSTRIALISTS URGED TO STEP UP EXPORTS

Commonwealth opportunity

INDUSTRIALISTS at Birmingham were urged by the general manager of Barclays Bank D.C.O., Mr. Brian F. Macdonald, to reach for your hats and go out and sell to the Commonwealth.

The last sentence was read out of the ways in which U.K. exports had been increased. Mr. Macdonald said that the Commonwealth was a vast market for British goods.

He said that machinery was probably the most important export to the Commonwealth. He urged industrialists to take advantage of this opportunity.

Accent On Feminine Touch

By EVELYN WOOD

PROBABLY the prettiest teenager in a show business, the lovely, slender 19-year-old Shirley Hubley radiates girlish charm and liveliness.

An additional consideration she can make use of her own clothes that she will design them herself. Her career began last year when she signed a contract to go to the movies.

Her great favorites are made-up faces, which she wears all the year round.

Without a Coat

In the winter she wears suit, each winter that she wears a winter suit. Her dress is in a handkerchief size and black. She is dressed with white fur as a coat.

The skirt is high, and she wears a high collar. Then wearing this suit Shirley Hubley radiates girlish charm and liveliness. She is a slight figure, and she has a slight smile. She is a slight figure, and she has a slight smile. She is a slight figure, and she has a slight smile.

Also included in her wardrobe is a loose jacket, not in the line - a good habit, too.

Egyptian examples of 'frankness and moderation' PRESS AND RADIO ATTACKS

ONE of the most revealing statements that has come out of Egypt during the past few weeks was made by the Cairo newspaper, *Al-Sabah*. "Let the world hear our frankness and moderation," Col. Nasser's policy was clearly set out in the article.

These words have now been repeated in the Egyptian press and radio. In a broadcast to the Cairo Radio in August, a few days later, Nasser said: "I have even more horrid pictures of the world which I have seen than a child of five." These, however, are not words that have been repeated in the Egyptian press and radio.

Change in newspaper

But the extent to which Col. Nasser has broadened the frontiers of Egyptian journalism is shown in the new *Al-Sabah*. This is a newspaper that once represented the Egyptian press and radio. It is a newspaper that has been changed in its content and in its style. At the same time, it has been changed in its ownership. It is now owned by the Egyptian people.

Col. Nasser's build-up

There is little doubt that, had Nasser's Government possessed the strength it claims for itself, the moderation in his favour would have followed automatically.

The present situation is the result of the Egyptian people's desire for a more democratic form of government. This is the result of the Egyptian people's desire for a more democratic form of government.

Alarming results of profiteering in land

THE first of a series of articles by Mr. George Kinross on Kenya's housing is of considerable interest to those who consider a private house or an entire city as an immensely encouraging investment. It is interesting to see that your own consideration in this problem is not the only one. However, it is not the only one. However, it is not the only one. However, it is not the only one.

THE EAST-WEST CRICKET MATCH ENDS IN A DRAW

Lee and Krauss share in a partnership of 166 runs

Tom Finney reverts to left wing

A draw on the ground of the Rift Valley Sports Club, Nairobi at the weekend with West still 22 runs short of East's total and four wickets in hand. Whether the selection committee learn much that is of value is debatable but even after 11 over ends of the game had finished with the score level at 100 runs for six and West being three runs ahead at 2:30 p.m. They were wickets before the end under 30 runs but thereafter the night deteriorated and the score levelled at 166 runs for six. The game was thus dominated by the late afternoon session. The game was thus dominated by the late afternoon session. The game was thus dominated by the late afternoon session.

England selectors are left guessing

ENGLAND'S selectors came away from the first of three international Rugby Union trials at Bristol on Saturday with little indication of how to build a team to meet Wales. Whiter, containing most of last season's England side, beat Colours by 20 points to nil, but much better form will be needed to have much chance of success at Cardiff.

The final scores were: The EARLY 22-0 Colours; The EARLY 22-0 Colours; The EARLY 22-0 Colours.

INCREASE IN RAILWAY RATES

Tribute to
Council's
staff

INEVITABLE NEXT YEAR

Assurance given on
living costs

MEMBERS of Nairobi City Council last night passed an acknowledgment of the services rendered by the staff of the Corporation during the year 1956.

Although increases are inevitable next year in railway freight and port handling charges in Africa, they are not likely to make any appreciable difference to the general public.

This assurance was given yesterday by the Commissioner for Transport, Maj.-Gen. W. D. A. Williams, when he presented the Railways and Harbours Administration's draft estimates for 1957 to the Central Legislative Assembly in Nairobi.

The Commissioner said the upward revision would have the effect of re-establishing the railway system here on its feet. Margins were at present so low that it was virtually impossible to maintain a reserve and build up funds.

Reduction in imports

During the past six months, he disclosed, there had been a serious reduction in import traffic and internal freight movements. The result was that railway receipts for 1956 would be £200,000 below the anticipated figure.

The Commissioner said the Administration's revised estimates for 1956, the decrease was between the £100,000 and £150,000. He said that the Government had to reduce its expenditure in order to meet its obligations.

INCREASE IN PORT CAPACITY

However, conditions in Mombasa had improved and it was expected that the port would be able to handle more cargo than in the past. The Commissioner said that the port was now capable of handling 1,000,000 tons of cargo annually.

READY FOR PEASING

It was stated that the port was now ready to receive the cargo of the principal railways.

BALANCE IN HAND

Anticipated 1957 revenue would be £1,000,000. It was stated that the port was now ready to receive the cargo of the principal railways.

Favourable reaction to Allied withdrawal

While the Anglo-French decision to withdraw Allied troops from Egypt "without delay" was generally welcomed throughout the world yesterday, new appeals were made to solve the Middle East problem.

Canada's External Affairs Minister, Mr. Lester Pearson, calling for a settlement of differences over the Suez Canal and over Israel's borders with her neighbours, said that would be difficult for the United States leadership from the United States both inside and outside the United Nations.

He said that the United States would not accept its job if there was no solution to the Suez Canal problem. He said that the United States would not accept its job if there was no solution to the Suez Canal problem.

New DUNLOP ROADSTER

TRUCK AND BUS TYRE

- with . . .** tread rubber and pattern to defy cutting and cracks
- with . . .** a casing to withstand impacts, yet supple and strong
- with . . .** a tread for long life and an ideal casing for retreads
- with . . .** a non-skid tread design that grips but does not trap stones

Actual Test Reports on THE NEW DUNLOP ROADSTER

From YUGOSLAVIA At Karlova I have seen a truck that has been running with 12.00 x 20 tyres already over three months, these roads being quite undamaged in spite of very severe roads and under bad conditions of timber loading work. I feel sure that we shall be satisfied with the results obtained with the Roadster tyre.

From BURMA Twenty 7.50 x 20 covers were supplied to one of our largest bus companies and have inspired great enthusiasm. There were no complaints at all. All concerned are most impressed and news of their performance is spreading.

From PAKISTAN Early results are most encouraging. Tyres fitted to buses and trucks are in perfect condition, and the operators are themselves most enthusiastic.

From EAST AFRICA The outstanding feature of the tyre is the virtual freedom of the tread from chipping and cutting. They have been operated on roads which specialists in this type damage.

From ITALY The 11.00 x 22 Roadster tyre have given excellent results, although this vehicle is occupied almost exclusively in carrying heavy loads of wet sand day and night, travelling about 900 kilometres in about 24 hours.

From JAMAICA The tyres were fitted in a Fargo 5 ton Diesel and were removed in 23,500 miles. This mileage was exceptional, as the roads over which the vehicle was operated are very rough and there are several steep hills and the road is very winding. Mr. Jarrett is most satisfied with the results.

From SOUTH AFRICA Roadster is doing very well indeed. You will remember I mentioned a service to the . . . Copper Mines, where we could get a result in six months. I am pleased to be able to tell you that each and every tyre which has been removed so far has out-performed the previous best single performance by 3/4,000 miles. Of course, there is no sign of 'cracking' and all the tyres are fit for retreading. This result is an outstanding locality.

Mr. Lloyd denies Britain has been 'humiliated'

ANGRY EXCHANGES ON SUEZ

Mr. Lloyd's denial that Britain has been 'humiliated' by the Suez Canal crisis has provoked a series of angry exchanges in the House of Commons. The Foreign Secretary's statement that the withdrawal of British troops from Egypt was a necessary step to prevent a further escalation of the crisis was met with a barrage of criticism from the opposition. Mr. A. J. A. Brown, the Labour spokesman, accused Mr. Lloyd of 'betraying the interests of the British people' and of having allowed the Canal to be taken over by a 'foreign power'. Mr. Lloyd replied that the British Government had acted in the best interests of the country and that the withdrawal of troops was a necessary step to prevent a further escalation of the crisis. He said that the British Government had acted in the best interests of the country and that the withdrawal of troops was a necessary step to prevent a further escalation of the crisis.

Relations with Egypt

POSSIBLE RISE IN POSTAL RATE: ASSEMBLY WARNING

Burden of telephone service costs 'DEPRESSING' REVIEW

SUGGESTIONS that charges for East African postal services might have to be increased to pay for the development of telephone services, were made yesterday in Nairobi by the Postmaster-General, Mr. R. E. German.

In his annual report to the Central Legislative Assembly, during which he sought approval of estimates for 1957 amounting to £7,150,000, Mr. German painted what he described as a 'rather depressing picture of the financial situation of the East African Posts and Telecommunications Administration.'

He said operating revenue was less than had been anticipated, operating expenditure in 1956 had been greater than was originally estimated, and he had been forced to reverse as a matter of urgency the whole basis upon which the Administration had been planning for the future.

Mr. German told the Assembly that when the financial results for 1956 were made available to him in March this year it appeared clear that the operating profit in 1956 would be far from sufficient to meet long-term and other commitments. As a result it had been decided to attempt to obtain an additional £1,600,000 from the telephone service in 1960.

On July 13 this year telephone rates were increased, but the increase was not sufficient to meet the requirements of the Government. It was decided to increase rates further, but this was not possible because of the need to maintain the standard of living of the people.

Mr. German said that the Government was aware of the need to increase rates, but that it was not possible to do so at the present time. He said that the Government was aware of the need to increase rates, but that it was not possible to do so at the present time.

UNITY WITH BRITAIN Financial aid urged by Vice-President SUPPORT EXPECTED

AMERICAN desire to restore good relations with Britain and a growing sympathy with her in the economic difficulties arising from the Suez crisis were reflected in a speech by the Vice-President, Mr. Nixon, who said the United States should give Britain financial aid.

He said that although the United States had not supported the British and French action in Egypt, it was time to recognize that "firmness and fault-finding" would serve no purpose. To believe that there would be strong support in Congress for granting Britain assistance.

In both countries' interests

President Eisenhower did not "order" Mr. Nixon's speech in advance but the White House Press Secretary, Mr. Hagerty, said that if there had been anything in it that the President disapproved of, Mr. Nixon would not have made it. The Secretary of State, Mr. Dulles, was also expected to be in agreement with the speech before it was made.

Mr. Nixon said: "An immediate problem which confronts us is the crisis in the Near East. It is a financial plight our friends in Britain now face. I believe it is in our interest, as well as their, to support them in this hour of difficulty, and I am confident that there will be strong bipartisan support in the Congress for granting such assistance."

The exact amount could not be said, but it was expected to be in the range of \$100 million.

KEEPING 'WORLD' 'WIDE SUPPORT'

Explaining the American attitude to the Suez crisis, Mr. Nixon said that support in France, in Egypt, in Britain, in India, in Japan, in the Philippines, in the United States, and in the United Kingdom, was expected to be in the range of \$100 million.

Mr. Nixon said that the United States was not in a position to support the British and French action in Egypt, but that it was in a position to support them in their financial plight.

Christmas means holiday, parties, games, in an area of course, but it also means a time when the world is united in a common purpose. The East African Standard staff photographer reports that a Nairobi primary school did some Santa united benevolence, the children at least most of them, allowed themselves to be more important things of their work, and they did what they could to make sure the world felt the picture gave a wave of cheer.

Mail delay from U.K. unlikely

Premier to fly home next week

The Prime Minister, Sir Anthony Eden, and Lady Eden are to leave Kenya by air on Thursday.

They flew to Jamaica on November 23 after it had been announced that Sir Anthony was suffering from overstrain.

When the Prime Minister saw his wife left, it was said they would be away for three weeks. The exact time period will have elapsed when they return.

The Prime Minister hopes to recuperate in the House Commons on December 14. It was announced that Sir Anthony had postponed his visit to New Zealand next month.

Crisis means dearer cars in Kenya

PRICES of new cars on sale in Nairobi are to rise during the next month as a result of the Middle East crisis.

RUSSIA SWEEP BOARD TO TAKE LEAD IN OLYMPICS

F.A. of Kenya Cup final at Stadium

The final of the 1966 F.A. of Kenya Cup competition will be played this Saturday afternoon at the Nairobi African Stadium, Nairobi and Nakuru Municipalities, an all-outdoor football ground.

Both sides play attractive football and the Kenyan Cup final will be expected to have the same appeal that has attracted spectators to the previous seasons' finals. The Kenyan Cup is refereed by the late Mr. A. Y. Kirby, General Manager of E.A. Railways, who will present the cup and certificate to winners and runners-up.

The stadium gates will be opened at 1.30 p.m. and the F.A. Cup final kick-off will be at 2.00 p.m.

A 100 m. race will be an attractive curtain-raiser in the form of a Girovud Cup which will be held in which Nairobi will square off against Kisumu.

Water polo match nearly ends in mass fist fight

RUSSIA swept the board in the Olympics on Thursday and for the first time took over the lead from the United States in their struggle for supremacy as the world's sporting nation. Russia completely dominated the water polo competition, winning seven of the ten matches and taking the gold medal.

The Russians won the highest score for a water polo match in the world, a total of 30 gold awards, more than the United States who have a black and white record of 19.

The Russians' water polo team was the most powerful in the world, and they were the only team to have a player who had won a gold medal in the 1952 Olympics. The Russians' water polo team was the only team to have a player who had won a gold medal in the 1952 Olympics.

Hungarians beat Cup holders

M.T.K. the Hungarian football team formerly known as Hed Banner, beat the holders of the Football Association Cup holders, by three goals to two in a final on Thursday night in a floodlit Stadio.

The Hungarians led at half-time 2-0 and Manchester City was later scored by three goals in the second half. The Hungarians were led by their captain, János Puskas, who scored two goals.

Every helmsman capsized at least once at Kisumu

With a strong wind blowing in each of the four races in the final of the Carthage, helmsmen capsized at least once in various races—one of the triumphs during at least two of the four races.

The final races were restricted to Hornet Class boats.

SELLING WAVE NEVER CAME

Little setback on London markets

THERE was only a momentary interruption in the rally that had started on the London Stock Markets before the Chancellor of the Exchequer's statement on the 15th. The market figures showed that the higher price daily had been expected. The reaction and dealers' losses after the statement in the form of a minor wave but within the whole of the afternoon was not serious.

Firm moves

This was partly due to the Government's firm announcement of general starting that it was not to be influenced by the market. It was also due to the fact that the market was not so much affected by the statement as the political situation and the political situation was not so serious as it appeared.

The announcement is stirring following the Chancellor's remarks on the 15th. It is an indication of the Government's firm attitude towards the market. It is also an indication of the Government's firm attitude towards the market.

The market was steady, with some fluctuations. The British Petroleum share rose 1/2 to 247, and Shell rose 1/2 to 207 1/2.

Secondary school 'down levelling' feared

LETTERS TO THE EDITOR

a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

A. DONALDSON.
Nairobi, Dec. 11, 1956.

YOUR excellent leading article on the Education Department's High School award scheme, and the fact that a Nairobi parent (called "Nairobi") has written to the Department, is most heartily agreed. As a parent of a child in a Nairobi school, I am sure your correspondence that the Department should be asked to consider the possibility of a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

method of selection of pupils for the whole of a list to be secured. There then, I have withdrawn my child from the school of my own choice, and the Department was not prepared to take any other steps in the matter.

ANOTHER PARENT,
Nairobi, Dec. 11, 1956.

NEW SCHOOLS
People living in a high-class Nairobi area, who are not satisfied with the present standard of the schools in their area, are not prepared to take any other steps in the matter.

The Department's High School award scheme, and the fact that a Nairobi parent (called "Nairobi") has written to the Department, is most heartily agreed. As a parent of a child in a Nairobi school, I am sure your correspondence that the Department should be asked to consider the possibility of a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

Mr. Nehru's policy
I am sure your correspondence that the Department should be asked to consider the possibility of a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

Where Mr. Nehru's policy is concerned, I am sure your correspondence that the Department should be asked to consider the possibility of a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

Perhaps the parents in the public schools are not satisfied with the present standard of the schools in their area, and are not prepared to take any other steps in the matter.

I expressed the foregoing sentiments in no uncertain terms at the early stages of the school's development, and it is not unfounded.

Hungry for relief
I am sure your correspondence that the Department should be asked to consider the possibility of a "down-levelling" of the standards of this and the other educational systems, with particular emphasis on the effect on the Nairobi schools, is not unfounded.

I SHOULD like to take this opportunity of thanking you for the information you have given me regarding the Department's High School award scheme, and the fact that a Nairobi parent (called "Nairobi") has written to the Department, is most heartily agreed.

LOW TEMPERATURE WELDING

Low Temperature Welding has many advantages over other forms. Because of the Low Temperature, stress and distortion are avoided, a faster and better bond is obtained at a lower cost and the bond is obtained at a temperature well below the base metal point. EUTECTIC Low Temperature Welding Alloys are already well known throughout East Africa. If you have never used this form of welding, we will be pleased to advise and assist you.

GOVERNOR URGES CAUTION IN SPENDING

Edward's warning against recklessness

Members of the Tanganyika Legislative Council were warned by Governor Sir Edward M. G. P. Condon that any expenditure on services which could not be financed at present would be a reckless gamble.

Edward went on to say that the Government should be careful not to spend more than it can afford to pay for. He said that the Government should be careful not to spend more than it can afford to pay for.

There is certainly some increased pressure, but it might be expected to be met by the Government. He said that the Government should be careful not to spend more than it can afford to pay for.

Effect on economy of mushroom unions

OUR EDWARD described the apparently "mushroom" growth of the trade union movement in Tanganyika as a phenomenon which might have a profound effect on the economy of the country.

He said that the Government's policy of encouraging trade unions to be self-sufficient in their own resources might have a profound effect on the economy of the country.

UGANDA BEATS KENYA XI IN KAMPALA BY 84 RUNS

First win of this series was a fully merited one

Award for 'greatest sportsman'

JAMES GRAHAM of Uchuhuma has been chosen as first recipient of the Gaiswiler Trophy Award for his act of greatest sportsmanship by an American on the 1956 Olympic team.

Graham was chosen by a committee of American sportsmen for his sportsmanship for the award, given by the Gaiswiler Trophy.

After winning a place on the 1956 Olympic team, Graham voluntarily withdrew so that the Gaiswiler Trophy could be awarded to another player.

For each sport see page nine.

best batsman award for Bob Fitzpatrick complete in the Games (Gaiswiler) had tied with Graham for three places but he had been missed out.

Returned to the Olympic sportsman's association, Graham was chosen through Graham's sportsmanship in the Gaiswiler Trophy award.

UGANDA FULL CONTACT was held in Kampala on Saturday. The Uganda Full Contact team won the title by 84 runs.

South African batsmen run out by Johnny Ward

The South African XI coming from their second innings at 81 for the loss of 10 wickets in 45 minutes were run out by Ward.

The S.C.C. left to get 148 to beat the 1956 XI. Ward was the batsman who was out.

Ward was the batsman who was out. He was bowled by Peter Taylor.

FIRST PERMANENT BUILDING SOCIETY

Uganda defeated Kenya in their annual cricket match, in Kampala yesterday, to record their first victory in the series of inter-territorial games. The Protectorate won by 84 runs, the scores being 116 and 32. Kenya, set to wickets standing, when play got underway yesterday, obviously lacked the batting strength to accomplish the task.

At one stage of the match, however, it looked as though the captain, Denis O'Connell, might have taken Kenya within an hour of the start of the match. Together they put on 55 for the first wicket.

But with the score at 142, the 1956 series was in the offing, when he had Gaiswiler trophy yesterday, obviously turning point of the match in Uganda's favour.

A superb catch

Dawson went to support each at first slip by Gaiswiler, who had earlier done so. He did not do so again.

Scots win Girouard semi-final with extra-time goal

EXTRA-TIME was needed to decide the semi-final round of the Girouard Cup between Caledonia and Royal Stewart of the Railway Club ground on Sunday. There was no score at half-time and Signals, who got a goal after the interval, looked like winning but the Scots equalized just in time to force a tie.
