COLONIAL GRANTS Unions back Senior Peron in conflict with Church

President Peron of Argentina speaking from the balcony of Government House in Buenos Aires, told a news rally that the people would see the Church expelled from the State. "It will be expelled."

Before he made the Church expulsion announcement, he had announced that trade unions would be free to join the Church and State and to be religious.

Senior Peron had earlier said that he would give the people a referendum to decide whether the Government would continue to be a monarchy.

"Last warning" he said. "If you don't back me, I will have to go against you." He said that he would give the people a referendum to decide whether the Government would continue to be a monarchy.

Third State stops polio inoculations

CALIFORNIA is the third State to decide to stop the use of the Salk anti-polio vaccine. This decision follows similar action by Vermont and Idaho. Public health authorities in many other States are debating whether to continue the inoculation programme after 21 children who received the Salk vaccine

fell ill with infantile paralysis. The deaths are reported to be the result of a second inoculation given by the State health department. The vaccine was produced by the Salk Institute in Philadelphia.

The Salk Institute in Philadelphia has stated that it is confident that the vaccine is safe. It has also stated that it will continue to produce the vaccine for other States.

BRILLIANT MILLE MIGLIA WIN FOR STIRLING MOSS

Beats world champion by 31 minutes at a record speed

STIRLING MOSS, Britain's 25-year-old driving champion won the 1950 Milles Miglia, the greatest race in the world, in the remarkable time of 10 hr 27 min 40 sec setting a new record for the 1,997 kilometre (1,241 miles) event at the fantastic speed of 97.93 m.p.h. This was nearly 10 m.p.h. faster than the existing record for the race.

Moss was driving one of the most powerful cars ever constructed, a 2.5-litre, super-charged, four-cylinder, 160-h.p. Alfa Romeo. The car was built by the Alfa Romeo works in Milan, Italy. It was Moss's first victory in the Milles Miglia and a yardstick of his performance was set by 142 tankfuls of petrol.

'PLENTY OF SCOPE IN AFRICA': INVITATION FROM THE FEDERATION

Speaking at a meeting of the inter-governmental committee for European migration in Geneva, Mr. James Miller (Federation of Rhodesia and Nyasaland) said: "There was a time when Africa was described as a continent with no future. It is no longer the case. It is being opened up in all directions, including Rhodesia and Nyasaland."

"Unfortunately we do not require large numbers because the labour capacity of our country at present is not great. We are sure you will agree that there is more scope for the continent in developing our country than in developing our country."

The British Government has announced that it will accept the invitation of the Federation of Rhodesia and Nyasaland to send a mission to the African continent to study the possibilities of migration.

'Cheetham's cheeky chappies' may well worry the M.C.C.

JACK CHEETHAM, the South African cricket touring captain, and manager Ken Viljoen impressed the panel with their modesty and tact a large gathering of newsmen. They handled the many questions shot at them with the assurance of diplomats. The main point they made was that teamwork, not individual play, was their chief strength. They were physically fit, well drilled and well equipped with the physical fitness, would also be an important factor.

Asked what he thought was South Africa's chance in the tour against England, Mr. Viljoen would not commit himself, saying that the team was well equipped with the physical fitness, would also be an important factor.

Like Miller, only higher
But skipper Cheetham grew "hot" when he was asked what he thought was South Africa's chance in the tour against England, Mr. Viljoen would not commit himself, saying that the team was well equipped with the physical fitness, would also be an important factor.

Strong in all-rounders
Cheetham said the Springboks had a very strong batting line-up and that they might have some of the South African players who were well equipped with the physical fitness, would also be an important factor.

Volunteers keep Rift clear of gangs

LABOUR'S DUAL ROLE: ARMING AND FIGHTING

As a result of the maintenance of firm control over the Rift Valley by the Labour Government, the Mau Mau terrorists in the Province, 1500 Africans widespread in the Rift Valley form one of the most effective and organized gangs in the country.

In recent months there has been a sharp drop in the number of Mau Mau attacks in the Rift Valley, a fact which is due to the work of the volunteer battalions organized by the Labour Government.

The Mau Mau terrorists are being kept out of the Rift Valley by the Labour Government's dual role of arming and fighting them. The Labour Government has provided the Mau Mau terrorists with arms and ammunition, and has also provided them with food and shelter.

The Labour Government has also provided the Mau Mau terrorists with medical supplies and has also provided them with a safe haven in the Rift Valley. The Labour Government's dual role of arming and fighting the Mau Mau terrorists is the reason why the Mau Mau terrorists are able to maintain their grip on the Rift Valley.

Premier to speak in key election areas

ROAD TOUR OF BRITAIN

BY MR. ATTLEE

MR. ANTHONY EDEN opens the Conservative Parliamentary election campaign on Monday with a tour by road of key marginal constituencies.

Both Conservative and Labour Party headquarters have decided to concentrate their chief speakers into the 50 districts seen by both sides at the General Election in October, 1951, by majorities of fewer than 2,000. They agree that it is in these areas that the outcome of the election on May 26 will be decided.

Mr. Attlee, the opposition leader, begins a counter-tour "by road" next week.

Mr. Winston Churchill, the Conservative Party leader, is expected to be in London by the end of the week, but will not be seen until next week, his first public appearance since his confinement at Woodlands Farm.

Parliament will be dissolved today by the Queen's Proclamation. The 1955-56 Parliament has already left London for their constituencies by the end of the week.
