It cuts both ways, says Mr Welensky

ALLEGATIONS of race discrimination against Africans in public places in Northern Rhodesia provoked an answer from Mr. Roy Welensky, Leader of the Opposition, in the Legislative Council.

He was replying to Mr. Don Wynn, African Member, who had asked him whether an African could be appointed as a hotel man in the Territory.

These two men can't be bribed

Two men are at the Gaidi and Silverstone Company in Regent Street, London, doing an electrical wiring job within reach of the South African security forces.

Mr. D. A. Beale, Director of the East African Mounted Police, was the professional Assistant of the Government for the electrical wiring job.

Must be earned

I agree with the hon. Member that there is racial discrimination in this country. There is a great deal of racial discrimination against the Whites here.

The hon. Member should not say that there is racial discrimination against the Whites here. There is a great deal of racial discrimination against the Whites here.

Mr. D. A. Beale, Director of the East African Mounted Police, was the professional Assistant of the Government for the electrical wiring job.

'Greece cannot cut Army even by one man'

MARSHAL ALEXANDER PAPANAGOU, the Greek Prime Minister, has said it would be dangerous to reduce the size of his country's Armed Forces "even by one soldier".

He was replying in a Budget debate in the Chamber. Deputies to Mr. Papanagou of the Opposition, who had asked for a reduction in military expenditure.

Mr. Papanagou said that the Greek Government was determined to maintain the size of its Armed Forces at the present level.

Not the cinema, nor sparring the root of BROKEN HOMES CAUSE CHILD DELINQUENTS

PEOPLE who are inclined to blame the cinema, or the appearance of the "wild" for the increase in juvenile delinquency are "not only putting the cart before the horse, but are also distracting our attention from the fundamental causes," declares Dr. John Spooner, writing in the March issue of the National Marriage Guidance Council.

Dr. Spooner, a lecturer in the University of London, says that at a moment of increased knowledge it is vital to consider the factors which make it possible in modern society to have a high level of juvenile delinquency.

He says that the root cause of juvenile delinquency is the breakdown of the family unit. He says that the family unit is the basic unit of society and that the breakdown of the family unit leads to juvenile delinquency.

Analysis of East Africa's trade last year

Stock exchange prices

ANALYSIS of East Africa's trade last year was up 17 per cent on 1951. Exports from the three territories were an almost £270,000,000 but on the other side there was a picture painted in a shrewdly projected East African picture by the Commissioner of Customs and Excise, Sir C. H. W. ...

The total value of trade for the last year was £270,000,000, an increase of 17 per cent on 1950. This was accounted for by an increase in exports of 17 per cent to £270,000,000 and a decrease in imports of 17 per cent to £270,000,000. PROSPECTS FOR LINCOLNSHIRE

Review of today's big handicaps

'Standard' Racing Correspondent

THE Lincolnshire Handicap is to run over a mile at 2.15 p.m. G.M.T. today is the virtual opening of the 1953 flat racing season for what is racing began at Lincoln on Monday. This is the first of the handicaps of the year. Nothing has held up training recently and there should be an abnormally large number of horses entered.

Some of the lack of racing will be due to the fact that it will not be until about the 15th that the Derby, Epsom, and Ascot races will be run. This should have a beneficial effect on the Lincolnshire Handicap, as the Derby and Epsom races will be run on the same day as the Lincolnshire Handicap.

Junior lawn tennis semi-finals today

UNEXPECTED GIRLS' RESULTS

THE semi-finals of the 1953 Kenya junior lawn tennis championships began at the Standard Club this afternoon at 4.45. The championships have proved extremely interesting with more than the usual quota of "upsets" in the earlier rounds.

These included the elimination of three of the seeded girls under 15 as well as a match-faded boy's singles candidate in the quarter-finals.

She lost touch
In the second set Miss Kenney appeared to lose touch altogether and though the ball Miss Kenney was to reach, the last four games went easily to the latter.

Failed to stay
A. Swanney lost to I. Henderson in the first set of the first semi-final of the boys' under-15 tournament.

QUEEN MARY DIES IN HER SLEEP

Coronation unlikely to be affected—at her wish

SHE WAS EVERY INCH A QUEEN

WHEN she was announced, it was with a sense of relief that the news of the death of Queen Mary had been received. The British Broadcasting Corporation had been waiting for the announcement. From the moment that the news came, the Queen's death was the subject of the day. The only other news item was the death of the Queen's only son, Prince Edward, Duke of Windsor, who died last night in the presence of his family.

Over six reigns

She was a woman of great strength of character and a woman of great courage. She was a woman who was always ready to do her duty. She was a woman who was always ready to do her duty.

She was a woman of great strength of character and a woman of great courage. She was a woman who was always ready to do her duty. She was a woman who was always ready to do her duty.

MR CHURCHILL TO BROADCAST TO THE NATION TONIGHT

It is with deep regret that we announce that Queen Mary died while sleeping peacefully at half-past one this morning. She has been ill with gastric trouble for about a month.

The Queen at Marlborough House

The Queen, Queen Elizabeth the Queen Mother, the Duke of Edinburgh and Princess Margaret all visited Marlborough House, her residence. So too did her son, the Duke of Windsor, who had travelled from America, to see her while she lay ill, and her daughter, the Princess Royal, who cut about a tour of the West Indies for the same reason.

Others to visit her, as bulletins from her doctors said, were those for anxiety were the Duchess of Kent and her children, the Duke and Duchess of Gloucester and the Archbishop of Canterbury.

She was born on May 26, 1867, in the town of Romilly, in the County of Lincoln. She was the daughter of the late Duke of Cambridge, the son of King George V.

She was a woman of great strength of character and a woman of great courage. She was a woman who was always ready to do her duty. She was a woman who was always ready to do her duty.

£6,500,000 LOAN FOR KENYA

Proposal in new Bill

KENYA LEGISLATIVE COUNCIL: It is to be asked to sanction the raising of a loan of £6,500,000, at a suitable opportunity in financial development and reconstruction projects in the Colony. This will be the third loan under D.A.R.A.'s proposed programme of borrowing.

Lower of similar proportions were raised in 1947 and 1952. A bill which approved would authorize the Secretary of State to issue a certificate of authority of £6,500,000, at such a time as he may think fit. The bill is to be introduced in the Council shortly. It was published in the London Gazette.

Shortfall

The Finance Committee's estimate, as printed earlier, shows there is a shortfall in the Kenya Budget for 1953-54 of £1,210,000. This is the result of the Government's decision to increase the salaries of public servants.

Kenya's grip

The Government of Kenya, the Kenya Legislative Council, and the Kenya Administration are all working together to ensure the success of the Kenya Development Plan.

Messages to Royal Family from Nairobi

The Mainly-For-Women Page Introduces

A KENYA WOMAN POTTER

ONE of the most intense moments of her life for Mrs. Alison Bockley was when she signed the door-plate for her home at Nyeri some few days ago to see if the plans and wares of two years would bring its reward.

By Jane Irving
Elmslie, she took out a small easel—the finished article of glass pottery she had made over, and gazed with relief at the work of industry here in Nyeri for Kenya. For her home she would then set a ceramic this

time, she made negative and positive impressions before the day when she placed the glass pottery, some, some glass and other glass articles, which she had made in the kiln at Nyeri.

The studio
MRS. BELCHER has established her studio in the main building of the Kenya Government in Nyeri, and is now working on glass pottery. She is assisted by her husband, who is also a potter. The studio is a simple room with a kiln and a workbench. Mrs. Belcher is a woman of about 40 years of age, with dark hair and a friendly expression. She is wearing a light-colored dress and is looking towards the camera.

ONE MONTH'S MOURNING FOR QUEEN MARY

Coronation arrangements are to remain unaltered

SHE DIED PEACEFULLY IN HER SLEEP

The death of Queen Mary, grandmother of the Queen, will have no effect on the coronation arrangements for Queen Elizabeth II, which are to be held in London on June 2, 1953. It was announced yesterday that there should be no change in the coronation arrangements for Queen Mary herself had she died. The coronation will be held in St. George's Chapel, Windsor, on the same day as the coronation of Queen Elizabeth II. The death of Queen Mary was announced in London on Thursday. She died peacefully in her sleep at 93 years of age. Her death was announced by the Queen's private secretary, Lord Alton of Liverpool.

GRIEVOUS LOSS, SAYS KENYA GOVERNOR

East African messages to the Queen

The Governor of Kenya, Sir Robert Scott, has expressed his deep sympathy for the Queen and her family in the loss of Queen Mary. He has also expressed his confidence that the coronation arrangements will proceed smoothly. He has also announced that the Government of Kenya will be sending a message of condolence to the Queen and her family.

Radio re-planned

The radio stations in Kenya have been re-planned to accommodate the coronation broadcasts. The British Broadcasting Corporation (BBC) will be broadcasting the coronation ceremony from London. The Kenya Broadcasting Corporation (KBC) will be broadcasting the ceremony from Nairobi. The re-planing of the radio stations will ensure that the coronation broadcasts will be heard throughout Kenya.

Peaceful

The death of Queen Mary was a peaceful one. She died in her sleep at 93 years of age. Her death was announced by the Queen's private secretary, Lord Alton of Liverpool.

Notice replaced

The notice regarding the coronation arrangements has been replaced. The new notice will be published in the next issue of the East African Standard.

FEDERATION APPROVED

Opposition amendment defeated in Commons

Without a division the Commons approved on Tuesday night the Government's White Paper proposals for a Central African Federation, after a Labour amendment opposing the present form was defeated by 204 votes to 203. A number of Labour Members, taking advantage of Party procedure, moved amendments which their consciences refrained from voting upon the amendment, and one in defiance of house common form by his colleagues, to disrupt the debate.

Armoured car escort to Reserves

Mr. Oliver Lyttelton, Colonial Secretary, yesterday announced that the Government had approved an amendment to the present form of the Central African Federation Bill. The amendment would provide for an armoured car escort to the Reserves. This would be a significant improvement in the security of the Reserves.

Inaccurate

The Government's White Paper proposals for a Central African Federation were found to be inaccurate in several respects. The proposals were found to be inconsistent with the interests of the people of the Federation. The Government has agreed to make amendments to the proposals to correct these inaccuracies.

What is wanted

The people of the Federation want a government that is representative of all the people. They want a government that is honest and efficient. They want a government that is committed to the development of the Federation. The Government must meet these demands if it is to retain the confidence of the people.

Shot man gives himself up

A man who was shot during a protest in Nairobi has given himself up to the police. The man was identified as John Doe. He was shot on June 15, 1963, during a protest against the Government's policies. The police are currently investigating the incident.

Shot-down bomber: Britain and Russia to meet

Britain and Russia are to meet to discuss the shot-down bomber incident. The incident occurred on June 10, 1963, when a Soviet bomber was shot down over the Indian Ocean. The British and Russian governments are currently in talks to resolve the dispute.

Co-operation success

The Commonwealth countries are achieving success in their co-operation. The Commonwealth is a strong and united organization that is committed to the development of its member states. The Commonwealth is a model of co-operation and solidarity.

High French air officials in Nairobi

High French air officials are visiting Nairobi. The officials are here to discuss the development of the aviation industry in Kenya. The officials are also interested in the role of the Kenya Air Force in the development of the country.

Still uninformed

The public is still uninformed about the Government's policies. The Government must do more to inform the public about its policies and actions. The Government must be transparent and accountable to the people.

WOMAN M.P. IS NOT SATISFIED

Fusslers' case in Commons

Ms. Evelyn Dunning, a Member of Parliament, expressed her dissatisfaction with the Government's handling of the Fusslers' case. She said that the Government had not done enough to ensure that the case was handled fairly. She called for a more thorough investigation into the case.

'LIFE IS MADE UP OF LOYALTY'

This Was The High Standard Queen Mary Set Herself

I CANNOT say how pleased I am. She is really a very good sensible girl, and very wise and so dignified. This was Queen Victoria's private comment on Queen Mary at the time of her marriage to King George V in 1902. How shrewd and true a judgment it was.

Throughout her long life Queen Mary has set a high standard of simplicity and good sense which has inspired her subjects in her later years, was the admiration of the world with her abundant vitality and active interest in all that happened around her. She has never been an ordinary life lived from the whole of her personality.

Queen Mary has set the highest world of this century without pretensions and without unnecessary show of splendour and luxury. Her simple and sturdy character has made her the source of duty qualities which helped to sustain her through the darkest days of the Commonwealth. By her example in times of stress and sorrow, she has shown how to preserve the peace of the Empire.

Everything is done with matter-of-fact simplicity and good sense. Her own personality is the source of her own power and her own influence.

Queen Mary was born on March 26, 1867, at Kensington Palace, London, and she spent her childhood in the country.

When the family was able to return to London in 1902, she was 35 and writing to a friend in London at the time. This expression of life in her country was the characteristic of her. The aristocratic life she led was not merely a large measure to provide for her and others, always concerned.

She took her full part in the duties of her position as the Queen Mother. She was a devoted mother and a devoted wife. She was a devoted mother and a devoted wife.

QUEEN MARY
All over the world the sad news of the death of Queen Mary will cause a general feeling of millions of people of many races.

Her position in the hearts of the people and her influence on the world was such without cease. She was gracious and she was ambitious, but she was also shy with much reserve. In her life she had and had to play a leading part in the rearing of a royal family.

The world joins in mourning the passing of Queen Mary
MESSAGES OF condolence reached the Queen in London from their lands in all parts of the world. They expressed the sympathy and respect which Queen Mary had inspired among all peoples by the example of her life of duty.

BODIES OF 4 WOMEN FOUND

3 in cupboard: one under floor

POLICE yesterday found the bodies of a fourth woman on the floorboards of a West London motor car when the corpses of three other women were discovered the previous day in a wall-to-wall wardrobe.
The bodies were found several weeks ago in the several months. One of the women was Mrs. Elizabeth Carter. The other three were Mrs. Catherine Carter, Mrs. Margaret Carter and Mrs. Alice Carter.
The bodies were found in a motor car belonging to Mrs. Elizabeth Carter. The car was found in a garage in West London. The bodies were found in a wardrobe and under the floorboards of the car.

CHANCES LOOK EVEN FOR 99th BOAT RACE

Neither crew an exceptional one

From a Correspondent

IN these days of professionalism, men start to big a business drawing gigantic crowds, in fact to start to big an amateur—a "true blue" amateur—event which is the greatest attraction of its kind in Cambridge, probably the world. This applies to the Oxford and Cambridge boat race which will be rowed this year on Saturday, March 25, at 11 o'clock.

There is nothing like this race in any other country. There is no other boat race of the 44 miles of lakes of the Cambridgeshire and Fens. The race is a 44-mile race, with a 10-mile stretch without a stop for the rowers. The race is a 44-mile race, with a 10-mile stretch without a stop for the rowers. The race is a 44-mile race, with a 10-mile stretch without a stop for the rowers.

Satisfactory
There was no doubt that the race was a success. The Oxford crew was a 44-mile race, with a 10-mile stretch without a stop for the rowers. The race is a 44-mile race, with a 10-mile stretch without a stop for the rowers.

The favorites
Last year, in absolute conditions, the Oxford crew was a 44-mile race, with a 10-mile stretch without a stop for the rowers. The race is a 44-mile race, with a 10-mile stretch without a stop for the rowers.

Reason for times
But even in the drought year, little water has been going down the river and it is a fact that behind this year by a half, the water is better than in any other year.

Work as a team
The crew team, and work as a team. The crew team, and work as a team. The crew team, and work as a team.

Favourites fail in the 'Lincoln'

THE first big event of the 1953 flat racing season, the Lincoln Handicap, was won over a mile at Lincoln by the 11-year-old colt *Sea King* (Blue Peter-Solar) owned by Mr. J. B. Stanger.

Another win for Jake Tuli
In a less crowded race at Newmarket, the 11-year-old colt *Sea King* (Blue Peter-Solar) owned by Mr. J. B. Stanger.

Limuru golf
In the Limuru Country Club monthly trophy competition, F. A. Groom (6) won 190 strokes, joint runner-up was M. Little (8) and G. P. Ward (12) each three down.

It's dust is your problem... install Newman totally enclosed motors

Two of the commonest causes of electric motor failures are due to dust, dirt and moisture getting into the internal spaces of the working parts, and to inadequate cooling.

Newman Motors are totally enclosed, all working parts and bearings being completely sealed, thus ensuring the exclusion of all dust, dirt and moisture. A centrifugal fan of high volumetric efficiency passes a steady flow of cooling air through the unobstructed passages of the motor frame, all the vulnerable and working parts being completely sealed off from the air stream.

Why no identification parade was held

POLICE EXPLANATION IN MEIKLEJOHN CASE

The reason no identification parade was held in the Meiklejohn murder case has been explained by the Police Commissioner in a statement made to the Supreme Court at Nakuru during the sixth day's hearing of the case. Mr. Justice Borker in the afternoon is at present presiding in the case. The accused, James Meiklejohn, is at present in the custody of the Police Commissioner at Nakuru. The Commissioner stated that the reason no identification parade was held was that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade. He also stated that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade.

Freely given

Earlier in reply to Chief Justice Mr. Lushington had stated that the accused was very calm and of the sane mind very capable of making a free and voluntary confession. He also stated that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade.

Admissible

Chief Justice Mr. Lushington stated that the confession was admissible as it was given freely and voluntarily. He also stated that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade.

Commissable

Chief Justice Mr. Lushington stated that the confession was admissible as it was given freely and voluntarily. He also stated that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade.

Police points

Two new petrol points have been established on the road between Nakuru and Eldoret. The points are situated at the junction of the road with the Nakuru-Kisumu road and at the junction of the road with the Nakuru-Eldoret road.

ABOLISH BRIDE PRICE, SAYS LORD DELAMERE

'Children being bred for sale'

The abolition of the bride price was urged by Lord Delamere when he spoke to the members of the Kenya Historical Society. He stated that the practice of bride price was a relic of a primitive society and that it was leading to the degradation of the African race. He also stated that the practice of bride price was leading to the sale of children and that it was a disgrace to the African race.

Britain eases restrictions on imports

Britain has eased restrictions on imports of goods from Western Europe and certain other countries. The new regulations will allow the import of a wider range of goods from these countries and will also allow the import of goods from certain other countries.

Just a chat!

One of the strange and disappearing features of the Kenyan scene was that Kikuyu women had been prohibited from wearing headwraps. This prohibition was now being relaxed and women were allowed to wear headwraps again.

Jugoslavians, too

Other goods from the Jugoslavians will be imported from now on. This includes goods from Yugoslavia and other countries in the Balkans. The new regulations will allow the import of a wider range of goods from these countries.

Admission

Chief Justice Mr. Lushington stated that the confession was admissible as it was given freely and voluntarily. He also stated that the accused had been taken to the hospital on the night of the murder and was unable to attend the parade.

Appointment will be for an African

KITALE BOARD DECIDES

AFTER discussing whether an African should hold the appointment, Kitala Municipal Board in its recent meeting decided to advertise the post of African Affairs Officer at a starting salary of £200 a year. The decision was by a 6-4 vote.

The matter was raised by the Mayor, Mr. C. Murray, who stated that the time had come to give the African a fair chance. He said that the African had shown a great deal of initiative and responsibility.

Mr. J. H. Platt, on the other hand, was strongly in favour of the appointment of a European. He said that the African had not shown the necessary initiative and responsibility.

TURBO-KIPKARREN FARMERS WATCH

THE SKY

THE lack of rain will be the main topic in the Turbo-Kipkarren district in an attempt to persuade some 200 farmers in the district to buy the last drop.

This is all the more so because the district is one of the driest in the country. The farmers are being urged to buy the last drop of rain to save their crops from the drought.

Guernsey breeders prospects reviewed

LACTATION IMPROVES

SPEAKING at the annual meeting of the East African Guernsey Cattle Breeders Society held at Hakaru the President, Mr. Anthony Soys, stated that membership at the end of 1952 amounted to 35 compared with 33 in 1951, with 15 in 1950 and 17 in 1949. It was hoped that 1953 membership would be reached during this year.

The speaker reported that "AR" (breeding material for "AR" without selection for fat) had been raised from 4 to 4.32 per cent in 1952. This was a record for the Guernsey breed. He stated that the Guernsey breed had been raised from 4 to 4.32 per cent in 1952. This was a record for the Guernsey breed. PIGS FACE A COLOUR BAR

A colour bar has been adopted by the Government for the purpose of identifying the pigs of the various States. The colour bar is a mark which is placed on the side of the pig's head, and is of a different colour for each State. This will enable the Government to identify the pigs of each State, and to take the necessary steps to control the disease.

The importance of being SPARK PLUG CONSCIOUS

K.L.G. PLUGS ARE AVAILABLE FROM ALL LEADING GARAGES AND MOTOR SPARES DEALERS

THE FUNCTION OF A SPARK PLUG. The basic function of a spark plug is to ignite the mixture in the combustion chamber of an engine by passing a spark across the two electrodes of the spark plug to initiate combustion. Thus your engine begins to operate as your spark plug starts firing.

A MIS-FIRING ENGINE is necessarily caused by the misfiring of fouled or dirty spark plugs. Fouling results from either carbon or fuel deposits on the insulator tips which often "short out" the plug.

WORN AND DIRT SPARK PLUGS. Worn and dirty spark plugs will cool you money because the engine becomes liable to misfiring and thereby an appreciable amount of extra fuel is consumed. The mis-firing engine causes strain by uneven running to almost every working part of the engine. Even your high top can suffer through a misfiring engine because the power transmitted is under strain, like a pumpkin. If a plug is mis-firing, unignited fuel passes into the cylinder which it is sparking and causes the walls of the cylinder to be washed clean of lubricating oil, thereby causing over-heating and excessive wear of the cylinder bore and piston. When a plug is worn to the extent that its gap is increased beyond recommended tolerance a strain is put on the ignition system which causes the coil to produce greater voltages than for which it is designed. Faulty plugs will also cause difficult starting which means unnecessary wear on starter and battery.

CLEAN SPARK PLUGS. It is most important that plugs should be removed, cleaned and the gaps reset to the recommended tolerance at intervals between 2,000 to 5,000 miles.

NOTE: Plug testers do not always give a reliable indication of the condition or quality of the spark plug.

LIFE OF A SPARK PLUG. New plugs are recommended when the electrodes are worn to the extent that they can no longer be adjusted simply to produce the proper gap setting. Great care should be taken when spark plugs are removed or replaced not to damage the insulator or shell.

WAYS TO SURETY do not hesitate to ask specialists on the subject. K.R. & T. Workshops can tell you immediately whether the plug in your engine is doing its job properly.

K.L.G. PLUGS are considered in East Africa to be the ideal plug for the best performance of any engine. Almost 100 per cent racing success in this country have been due to using K.L.G. plugs and the racing driver is meticulous about his choice.

AN ADVANTAGE OF K.L.G. PLUGS is that they can be stripped and cleaned with an ordinary test file.

AN IMPORTANT ADVANTAGE in replacing engine SPARKS will be made by taking great care of your plugs and by investing a few shillings in a new set at regular intervals. It has been proved that expensive repairs will be saved.

K.L.G. Plugs run 50 tests before they are allowed on the market. It is important that the right plug is used for your engine. Whenever you order specify plug code K.L.G. and specify the make and date of manufacture of your car.

The Rhodesias Get Power From Water

The Economic Secretary to the Northern Rhodesia Government, MR R.A. NICHOLSON, writes of the Kafue Hydro-Electric Scheme, which, it is hoped, will benefit the economy of the whole of Central Africa.

The dam

By the construction of a relatively small dam, 220 ft across the narrow gorge of the Kafue River, it is hoped to produce 12,000 kw of power. The dam is to be built on the left bank of the river, about 100 miles above the dam, machinery can only be brought in by a road. The dam is to be built on the left bank of the river, about 100 miles above the dam, machinery can only be brought in by a road.

Chap power

This scheme will have a great effect on boosting the economy of Northern Rhodesia by providing cheap power which will attract industry and encourage development. The scheme will, however, contribute to the economy of the whole of Central Africa.

Changed plans

Originally, the Kafue Hydro-Electric project was to be built by the Kafue River Board, but the Government of the Northern Rhodesias has decided to take over the project. Big day for little Luxembourg

ROYAL WEDDING ON APRIL 9

A grand day for Luxembourg officials in the tiny Grand Duchy of Luxembourg on the biggest holiday of the year. The wedding of Prince Jean, 25-year-old heir to the throne, and Princess Charlotte, 20-year-old, will be celebrated in the capital, Luxembourg, on the morning of April 9. The bride is the daughter of the late King Leopold III and Queen Elisabeth, and the groom is the son of the late Grand Duke Jean and Princess Marie-Alice.

The 85,000 population of the capital, Luxembourg, is expected to be swelled by thousands of Government and military officials from all over the country. The wedding will be held in the palace of the Grand Duke, which is situated in the heart of the city. The ceremony will be broadcasted on the radio.

Fireworks

The wedding procession of the prince and princess will be followed by a grand fireworks display. The fireworks will be set off from the palace and will be visible from all parts of the city.

An appeal

In order to allow the most number of guests to see the wedding, the Grand Duke has issued an appeal for the citizens of Luxembourg to refrain from leaving the city during the wedding. The Grand Duke has also asked the citizens to refrain from drinking alcohol during the wedding.

House gifted

The prince and princess will be gifted with a house in Luxembourg. The house is situated in the heart of the city and is a beautiful building. The prince and princess will be living in the house after their wedding.

II stabbed in hospital beds

Two men were stabbed in a hospital in Luxembourg. The men were lying in their beds when they were attacked. The police are investigating the case.

De-nationalised

The House of Commons has passed a Bill to de-nationalise the Channel Tunnel. The Bill will allow the tunnel to be operated by a private company.

Mr. Nehru to discuss the Nagas

Prime Minister Jawahar Lal Nehru will discuss the Nagas in the House of Commons. Nehru will discuss the progress of the negotiations with the Nagas.

What life is like in Rumania today

MASSSES UNHAPPY, BUT—

DISSENT IN RUMANIA, according to travellers arriving in Vienna from Bucharest, is considerably more passive resistance among the population today than it was a few months ago. It is a growing discontent and without leaders and without plan. The travellers estimated that only about half a million of the total population are still enthusiastic supporters of the regime.

From outside

The studies among the population probably find more expression in industrial workers. Although official workers' organisations and other workers' organisations have been taken to pacify them, they have not been able to improve their situation. The workers are still in the high percentage of the population, but the progress of industrial production is slow.

Wearing thin

The urgent need for agricultural tools has forced the Government to leave many of the rural areas without tools. The rural areas are suffering from a shortage of tools, which is affecting their production.

Passive outlook

The travellers did not believe that there is any great prospect as a form of organised resistance. The population is showing a passive outlook towards the Government. The population is not actively protesting against the Government.

Beacon

The Prime Minister of India, Jawahar Lal Nehru, will discuss the Nagas in the House of Commons. Nehru will discuss the progress of the negotiations with the Nagas.
