

There was a Turnitin anti plagiarism software training at the E-Resources Learning center in the College of health sciences Library on 15th April, 2015 from 8am to 10am. The participants were taken through;

1. Creation of Accounts in Turinitin software.
2. Instructions on how to create a class within Turnitin software.
3. Coming up with assignments and mailing the same to Class students.
4. Checking for similarities and plagiarism.
5. Submitting checked assignments and thesis for plagiarism to the students.
