

1st ISGE African Regional Conference 2015

The Kenya Society of Endoscopic Specialities at its 6th Annual General Meeting and 4th Annual Scientific Conference in 2015 takes great pride in hosting the first ever ISGE African Regional Meeting in Nairobi, Kenya. The Society has over the years been at the forefront in the development in an interest in Laparoscopic Surgery in this Region and at the same time disseminating skills amongst the younger Surgeons on the African Continent. We are indeed honored to partake this very important meeting.
