

The Institute of Nuclear Science & Technology Conference Room

A Special Seminar on Innovative NDT for Engineers and Scientists was held. this was conducted by Dr. Isaac Einav, IAEA NDT Consultant, an NDT Level 3 in 4 basic NDT methods. He made three presentations as follows:

1. Awareness of NDT for Civil Engineering
2. Development of low cost Digital RT
3. Stress Measurements: See The Invisible - Innovative Technology To Assure Quality And Industrial Safety (Preventive Maintenance)
