

The Chairman EBE, Eng. Dr. A. N. Gitau met with Fellows Program Coordinator, Sanergy Ms. Meagan McKee on 9th October, 2014 at Main Campus. During the meeting some of the areas discussed were internship to EBE graduates and attachment to EBE undergraduate continuing students. Sanergy builds healthy, prosperous communities by making hygienic sanitation affordable and accessible throughout Africa's informal settlements. Also present were Chief Technologist EBE, Mr. G. E. Chweya and Former Undergraduate Student EBE, Mr. Rutto. The Department of EBE is in the process of entering to MOU/MOA
