

SEMIs Bus Arrive

The Seed Enterprise Management Institute (SEMI) received a new bus on 7th November, 2014. SEMI is a new initiative under the Programme for Africa's Seed Systems (PASS) in AGRA.

The Newly Acquired SEMI Project Bus

The role of SEMI is to provide capacity in the form of training to the seed industry so as to enhance seed production and seed delivery systems within sub-Saharan Africa.

AGRA approved phase 11 of the SEMI program which includes training of personnel from Seed Companies in Sub-Saharan Africa, equipment and a mini bus amongst many others.

Prof. A. W. Mwang'ombe, PI for SEMIs project & the Principal, CAVS takes a photograph with the newly acquired SEMIs

The mini bus will be of great support for transporting the participants/trainees of SEMIs during the workshops. CAVS greatly appreciates the support being provided by AGRA through SEMIs.
