

## **USAID PARTNERS WITH UoN IN LAUNCHING GEOGRAPHIC INFORMATION SYSTEMS (GIS) LAB**

Vice Chancellor, Prof. Mbithi, welcoming Mr. Isiah Parnell, Deputy Chief of Mission, US Embassy to officially launch the GIS Lab.

The University of Nairobi, through College of Agriculture and Veterinary Sciences (CAVS), has partnered with United States Agency International Development (USAID) in launching Geographic Information Systems (GIS) Lab.

This event took place at the Department of Land Resource Management and Agricultural Technology (LARMAT) and had Mr. Isiah Parnell, Deputy Chief of Mission, US Embassy, as the chief guest and Vice Chancellor, Prof. Peter Mbithi, as his host.

Mr. Isiah Parnell hailed the project which was one of the many projects undertaken by Center for Sustainable Dryland Ecosystems and Societies (CSDDES).
