

Department of Ophthalmology Celebrates Day of African Child on 16th June 2015

Date and time:

Thu, 2015-06-25 18:01

Staff and students in the department of ophthalmology celebrated the Day of The African Child on 16th June 2015 with a special Sierra Leone breakfast. The breakfast was prepared by Jalikatu Mustapha, a post-graduate student in the department from Sierra Leone. In Sierra Leone, this day is celebrated by children running the police, military, radio stations etc. It is also celebrated by people sharing food at work and school.
