

WORKSHOP

Date and time:

Mon, 2013-06-17 10:00

Location / Venue:

Alliance Française of Nairobi

From Monday the 17th of June to Friday the 21st June 2013, two members of the academic staff of the Sub-Department of French, namely, Dr. Bilha Mwenesi and Mr. Michael Nginye took part in a workshop on the teaching of Business French using the latest language teaching method, “la méthode actionnelle” where language teaching and acquisition is approached from the point of view of the tasks to be accomplished in the language in question and where the learner is placed at the centre of the didactic activities.

The workshop was funded by the language cooperation bureau of the French Embassy in Kenya and organized by the same bureau in conjunction with the Alliance Française of Nairobi, with the latter offering the facilitation services.

Participants were those with experience in teaching business French and/or came from institutions in different parts of Kenya which offer business French.
