

Caselap participates in national inception workshop to review and update national biodiversity strategy and action plan for Kenya

Date and time:

Thu, 07/11/2013 - 05:00

Location / Venue:

Kenya institute of education, Nairobi

CASELAP will be participating at the Inception Workshop for review and update of the National Biodiversity Strategy and Action Plan for Kenya. This important stakeholder forum is organized by the Ministry of Environment, Water and Natural Resources, and will be held at the Kenya Institute of Education in Nairobi, on 11 July 2013, from 9am. This review and update is necessary to align with the Aichi Targets of the Convention on Biological Diversity (CBD) for biodiversity conservation, adopted during the tenth Conference of Parties held in Aichi, Nagoya, Japan in October 2010. Biodiversity conservation is integral to the teaching and research agenda at CASELAP, and recognition as an critical stakeholder is important. Prof Oguge will represent the Centre.
