

Personal Development Plan and Mentorship Programme at Cebib

Date and time:

Fri, 01/30/2015 - 11:00

Location / Venue:

CEBIB Lecture Hall

The objectives of the Career Development Group (CDG) at CEBIB is to strengthen postgraduate learning and research through the establishment of a career development program for MSc and PhD students and research staff at CEBIB.

The CDG is led by Dr. Isabella Oyier (also in charge of Supervision) and supported by Dr Harold Ochola (Personal Development (PDP) lead) and Dr Benard Kulohoma (Mentorship lead).

On 30th January, 2015, Dr. Ochola and Dr. Kulohoma discussed with the postgraduate students details of the mentorship and PDP program.

The Centre Director, Dr. George Obiero, challenged the 1st and 2nd-year students; the first batch to benefit from the CDG program, to embrace CDG activities.

The CDG is supported by funds from the [Malaria Capacity Development Consortium](#) (MCDC)

Currently, four MSc. Bioinformatics and five MSc. Biotechnology students have completed their third semester examinations and are developing proposal for their research projects under close consultations with their respective supervisors. The second semester for the 1-years began on Monday, 2nd February, 2015; Click on [timetable](#) to access the semester teaching schedule.
