Sir,

I have the honour to report that I have to-day examined Mr. H. L. Ward. I find that Mr. Ward suffered from a nervous breakdown seven years ago, and now from time to time complains of pain in his back and limbs. In addition to this he is nervously inclined. With such a history I think it would be very injudicious to send him out to East Africa, therefore I would advise you to reject him.

I have the honour to be

Sir

Your obedient servant,

George C. Low
