N. Lead. It is not stated whether the Arab
 Registration Clerk had been required to furnish
 security, in accordance with Col. Reg. 332, ^{and}
 assuming that this was not the case, there would
 appear to be no alternative but to write off his
 amount stated to be irrecoverable. It is however
 a matter for consideration whether it should be
 within his power of an unsecured junior officer

? So proceed. The maintenance of the
telegraph service is a matter of war security
as any failure - to say nothing of a
hacking - in the traffic would be due to
messages relating to troops. Tell GPO so?
