Mr. Butler

The position of Chama bridge can only, I think, be that indicated by the bridge on the Chama map in the N.W. corner of map annexed (South - A. 37) - i.e. 37 miles from <sup>East station</sup> the <sup>East station</sup> in the <sup>East station</sup> <sup>East station</sup> District.

But I think we must try to get closer info

? Tel: asking whether the position & area of the farms reported under the name of Farley agree with Oakley's statement referred to in our tel. of 4/9/16.

 No. 437. My telegram of 28th October No. 412. Oakley was employed by Uganda Railway from October 18th 1911 to September 6th 1913 it is believed that he had interest in a Farm in the Machakos District which is registered in the name of Farley which is probably his dummy but he failed to carry on his obligations to his partner and proceedings are to be taken against him. <sup>no</sup> reliable information can be obtained with regard to Rickett.

BOWRING.
