Land Settlement Scheme.

*Proposes to move resolution at forthcoming session of
Leg. Council for appointment of Commission of Enquiry
Acts for authority to publish Conf. despatches specified.*

Mr. Read.

2 Papers

I have marked with greenclips below the papers which the Governor wants to publish. We must make up our minds to give publicly our reasons for not doing anything very startling in the way of land settlement in East Africa, and there is, therefore, no point in suppressing any of the communications which have passed. I would give the Governor leave to ^{make public} publish the lot. It is difficult to see how otherwise he could adequately acquaint the Legislative Council and the Commission to be set up with the previous history of the proposal.
