21st November 1919

Sir,

Herewith I have the honour to acknowledge your letter of the 22nd. of August, No. 594/1918-19, and enclose the revised first part of my "Report on the results of the Water Reconnaissance of the Northern Frontier District of the East Africa Protectorate."

I have the honour also to forward under separate cover, two copies of a Geological Sketch-map of the country traversed, one in colour, the other in black and white, whichever form of publication is chosen, in a map intended to show the relief of the country and to give to the eye all for inclusion in the report. The original description of Part 2 and accompanying map, is also retained. In view of par. 3 of your letter, I have made reference to the Petrology, as far as is consistent with the character of the report.

I have the honour to request that if you should be able to perform correction.

I have the honour

Your obedient servant,

John H. ...

The Under Secretary of State.

Colonial Office.
