in liability
 It can be told that we do not keep a record of the calculation of the basic pay, but that the is at liberty to examine the Gazette. The liability here can be determined by the fact that the person in question was in the service of the Government of East Africa and Protectorate on 1st July 1919. The fact that the person in question was in the service of the Government of East Africa and Protectorate on 1st July 1919 is a fact which will be most beneficial to the officer in question. It can be told these 2 points have been referred to in the letter and a further letter promised.

Abstract
11.2.15

The Under Secretary of State,
The Colonial Office

Mainy Court
Norfolk, Va. U.S.A.

August 28, 1919

672

Sir,

I have the honour to acknowledge receipt of your letter of 17th July, which was handed to me just as we sailed for Spezia and which it was then too late to acknowledge.

With reference to the announcement in the London Gazette of the relinquishment of my temporary commission & of the permission to retain my rank, as I am now out of the Kingdom & therefore unable to follow the Gazette, I shall be glad if you will be good enough to advise me of the date of the issue in which the announcement appeared.

I trust that the Ministry of Pensions has now recognised the justice of my claim to an alternative pension (see statement) but an officer's disability retired pay (other than alternative) is based on the degree of disablement and not on loss of earning capacity, seems to me contradictory, for, in my case, for instance, the loss of earning capacity is due directly to the degree of disablement. You mention that my alternative pension could not be based on my earnings in East Africa under the contract with the Cape Cattle Station Co. as that has effect only from 1st Sept 1918 that is true, but I had an interim agreement from April till 1st Sept 1919 at £75 per annum, so that the whole matter was combined.

agreement — entered into in April 1914 — and covering a period of over four years. If you apply to the registered offices of the Company you will be able to obtain verification. Furthermore, my income tax returns for 1913, during which period I was employed by Messrs. Messer & Co. Ltd. of Swansea, show an even higher earning capacity than the £75 above mentioned. On these grounds, therefore, I beg to renew my claim to the maximum alternative pension.

673

As to your £5, does the £87-10-0 a year include the 10% bonus now added to pensions?

I shall also be glad to know under what circumstances a disability gratuity is payable, for, as it appears that I shall always be handicapped in some measure by my state of health, I feel entitled to such a gratuity.

When I left the S.K. the owners had no intention of sending the ship to the S.S.H. and it was therefore impossible for one to foresee that the voyage would prove so lengthy. It now appears that we shall return from the Indian States about mid-November, but I will of course advise you immediately I reach the S.K.

Kindly send any further communications to my Cardiff address, when they will, if possible, be forwarded.

I have the honour to be

Sir

Your obedient servant

H. J. Jackson
