Liquidation of enemy firms

Is liquidation to be extended to their immovable property, lighters and traps, or confined to their businesses and stock in trade?

Mr. Tappin. Sir J. Frides
Reply by tel. that the liquid. sh. extend to lighters & traps but not to immovable property?

B) We should also make it plain that goodwill is not to be sold; business suggests that they contemplate selling goodwill.

Item A is a doubtful

point, but I am inclined to make
a clean sweep as possible, & to let
them sell these, while writing on at B.

Decision as to be asked

This case resembles that of the 5 teams & motor launch belonging to Lanes, from in H. Honey. Then the Gov. informed us that the launches had been dealt with

by the liquidators as part of the assets
of the firms (13486) and it appeared from
his subsequent despatch (29081) that 5
of the 10 bundles have been sold -

The only point considered ^{then} was
whether the bundles were liable to
Prize proceedings and it was
decided with concurrence of FO &
Adm that they were not, unless
they could be regarded as the
property of firms or persons
residing or carrying on business
in enemy territory (our despatch
of 22 July - 29081)

No time was spent as to the
propriety of their sale by the
liquidators, but that sale
was contrary to the present
policy, as to the bundles
belonging to enemy firms

As regards tugs & lighters boats
belonging to German firms in liquidation
in the ~~Case~~ Nigeria, see 26265/15 Mig
Some were used by the Col 7007. For these
the Receiver of Enemy Firms will be paid hire
Others have been handed over to the Receiver
as assets of the firms. The Receiver
is apparently keeping them

by the liquidators as part of the assets
of the firms (13486) and it appeared from
his subsequent despatch (29081) that 5
