Note:— In filling in this form include only pentionable emoluments (where service in a non-pensionable office is counted for pention, those emoluments which are considered to be ordinarily pensionable) which the officer would have drawn had be been on duty on full salary in his substantive office or offices throughout his period of service under the Government of Kenya. The aggregate emoluments actually drawn (e.g. reduction on account of half salary, no salary, etc.) should not be shown. Service in a non-pensionable office which it not counted for pennion should not be taken into account. The value of free quarters during the whole service should be assessed on the scale of salary in force from time to time according to Section 9 (2) of the European Officers' Pensions (Consolidation) Regulations, 1930.

Sir.

With reference to your Confidential

NoIOI

despatch of the 27th May, 1933, I have the honour to inform you that consequent upon the abolition of his post, the services of Mr.J.F. Noronha, 1st Grade Clerk, Treasury Department, were terminated with effect from the 1st January, 1933, inclusive.

- 2. Mr. Noronha was re-engaged in the Treasury Department in a temporary capacity on the 7th December, 1933, at a consolidated salary of Shs. 390/per mensem plus pension viz. Shs.87/45 per mensem.
- It is now proposed to re-appoint Mr. Noronha to the permanent establishment as a 1st Grade Clerk at the minimum salary of that grade viz. Shs. 380/per mensem with effect from the 1st April, 1935, and the question arises as to how the two periods from the 1st January to the 6th December, 1933 (when he was on pension) and from the 7th December, 1933, to the 31st March, 1935 (when he was temporarily employed on a salary plus pension) should be treated for purposes of assessing his pension when he ultimately retires.
- It would appear from your Circular despatch of the 8th May, 1934, that the first period should be regarded as leave with pay at pension rate not counting towards final pension, and it might be

argued that the second period should be similarly treated. On the other hand, under the provise to Regulation 7 of the Non-European Officers' Pensions Ordinance 1932, temporary service if followed without a break by service in a pensionable office may, with your approval, be taken into account for pension purposes and this provise appears to be applicable in the case in question. Moreover, this temperary service will presumably be allowed to count as leave earning.

- 5. In all the circumstances I recommend:-
  - (a) That Mr. Noronha's service from the 1st April, 1921, be treated as continuous for pension purposes.
  - (b) That the period between the 1st January,
    1933, and the 6th December, 1933, be
    treated as leave with pay at pension rate,
    not counting towards pension.
  - (c) That, without financial adjustment, the emoluments i.e pension of Sh.87/45 per mensem and salary of Sh.390/- per mensem, drawn by him as a Temporary Clerk from the 7th December, 1933, to the 31st March, 1935, be treated as salary and that this period to be counted in the final computation of pension.
  - (d) That, as from the 1st April, 1935, he be re-appointed to the pensionable post of 1st Grade Clerk on the minimum salary of that grade viz. Shs. 380/- per mensem.

and I trust that your approval thereto will not be withheld.

I have the honour to be, .
