CORPORAL PUNISHMENTS.

In spite of the assurance given in para 2
of (4) in 35 file that steps would be taken
to prevent coming ultra uses, there have
been two cases ~~in~~ in 1936.

Table E shows a higher total of adult
flaggings than in any year since from 1931.
The decline in 1935 of flaggings in purses
has however been maintained.

You asked me to consider whether these

to checking any punishments inflicted "ultra

I think the answer is that it would be
unnecessary to do so for the reasons

(1) In para 2 of (4) it is stated that

CORPORAL PUNISHMENTS.

M. Parkin

You asked me to consider whether those
returns ought to be gone into here with a view
to checking any punishments inflicted "ultra
vires".

I think the answer is that it would be
unnecessary to do so for these reasons:-

(1) In para 2 of No 1 it is stated that

The returns have already been scrutinized in accordance with

(2) the request made in para 5 & are
desp of 28th Jan 1937 (as to on 6663/2/36 Govt,
attached) to ensure that no punishment is
made ultra vires.

(3) please see 42163/1/37 Tanganyika (attached)
where similar returns in accordance with
the same are desp have been left
unscrutinised here in the absence of any
special assurance by the Govt that they
were scrutinised before despatch.

(4) Similarly in the case of Uganda - see 40066/3)
attested - no attempt has been made to go
into the details of the cases even though
the returns are not, in this case, in the
form required by the cur desp.

Kenya would in fact appear already to have
examined her cases of flogging in greater
detail than other colonies' cases have received
here and on the spot taken together.

Mr. Duncan.

Points (3) and (4) in Mr. Costley-
White's minute are perhaps hardly a sufficient
justification for not imposing a further check

in

X | in this Office on the Kenya returns, but having
regard to the fact that, as a result of our circular
of the 28th of January, 1937, the Governor has
stated that these returns have been carefully
scrutinized in the Colony, I think it is safe to
dispense with a further scrutiny even of the
canings awarded by the Prison authorities.

M. Parkin

I always go into the returns of corporal
punishments inflicted for breach of prison
discipline (they are the ones which have
required watching), and I did so before
(wrote my minute of 27/5/37 on Uganda
40066/37). It also appears from the first
two lines of Mr. MacDonagh's minute of
7/5/37 on that file that the Department
also examined the returns in question.

Mr. Costley White is therefore wrong
in what he says at (4) of his minute
of 4/1/37 above.

As regards the present case, if the
Department are satisfied, for the reason
given at X of your minute of 12/1/38, that

no further scrutiny of the returns
is necessary here, it is not clear why
the file was sent to me for local
observations (see 7th minute of 30/11/37).

3/2/38

J. T. Duncan.

I do not think there is any
reasonable room for doubt that these returns
have been properly checked in Kenya and need
not be checked again here. This will apply
to all future returns of the same kind when the
covering despatch contains a statement to the
effect that the returns have been checked in
the Colony. This file can now be put by

No. 684

GOVERNMENT HOUSE

NAIROBI

KENYA

RECEIVED

22 NOV 1937

Sir,

C. O. REGD

15 November, 1937.

With reference to your Circular despatch
of the 28th January last regarding the form of returns
of corporal punishment required to be furnished to you
annually in accordance with Colonial Regulation No.155
and Appendix 7 to those Regulations, I have the honour
to transmit the accompanying returns in respect of the
year 1936.

2. The returns have been carefully scrutinised
as requested in paragraph 5 of your despatch, and I am
advised that in two cases canings inflicted by order of
courts have been found to be ultra vires.

In one case the Judge who has re-examined
the relative Court case file comments as follows:

" On reading the criminal return it was
noticed that accused was described as aged about 17
years. This was overlooked by me in perusing the
file before. Under Section 27(3) P.C. only
juveniles under 16 can be whipped. Therefore the
sentence is ultra vires. But as the sentence has
been carried out no order is made."

As regards the other case the following were the comments
made by the Chief Justice when he had read the relevant
Court case file with a view to any necessary revision:-

" An argument was addressed to the learned
Magistrate that corporal punishment was a suitable
form of punishment in this case and reliance was
placed upon Section 27(2) of the Penal Code which
enacts inter alia that 'no sentence of corporal
punishment shall be passed upon ... (c) males whom
the Court considers to be more than 45 years of age'
for the imposition of corporal punishment. The
learned Magistrate agreed to this submission and
sentenced the accused to 12 strokes. Doubtless the
punishment has already been received. On reflection
it will occur to the learned Magistrate that the
sentence was bad in law for the reasons that the
accused was not under the age of 16 (Sec.27(3)) and
Section 3(1) of the Prevention of Cruelty to
Animals

THE RIGHT HONOURABLE

W. ORMSBY GORE, P.C., M.P.,
SECRETARY OF STATE FOR THE COLONIES,
DOWNING STREET, LONDON, S.W.1

3.

Animals Ordinance does not prescribe corporal punishment as a punishment. In the circumstances that the punishment has been received, informally quashing the order, no other punishment is substituted therefor."

5. Whereas the returns were originally submitted to Government by the Commissioner of Prisons on the 11th May last, it is regretted that the necessary scrutiny by my legal advisers and consequent amendment of the returns has caused delay in forwarding them.

I have the honour to be,

Sir,

Your most obedient, humble servant,

AIR CHIEF MARSHAL,
GOVERNOR.
