It was agreed that after the

Paragraph 6. The following sentence might be added.

"Mr. Amery would point out that the dual position now proposed for Colonel Franklin precludes any real basis of comparison with an ordinary Trade Commissioner's post. There are no other officers in the Trade Commissioner Service who are required to maintain two establishments as will be necessary in this case. This fact alone, in Mr. Amery's opinion, justifies a substantial increase in Colonel Franklin's emoluments and the total of £90,000 a year is not, in his opinion, in excess of what the circumstances warrant."

At p. 1.7, I would suggest the following:-

"The Lordships will visualise that Colonel Franklin's dual position will in certain respects enhance the value of his work as H.M. Trade Commissioner. During his residence in this country he will not merely be occupied in finding openings for West African produce, etc. but, will also be at the disposal of British exporters dealing in goods in the West African colonies for their export, a function of official rot action with the Government of Sierra Leone, to render the even more efficient as instance than at present."

Paragraph 8. I would substitute the following for the last sentence:-

"It is no exaggeration to say that the adoption of this suggestion would lead to the abandonment of a scheme of the West African colonies, ~~which~~ which Mr. Amery would regard with the greatest regret."

Paragraph 9.

I would suggest the following alteration at the end:-

"In all the circumstances Mr. Amery feels sure that the Lordships will be willing to re-consider their position and to accord their sanction to a scheme which does not impose any additional burden on the national exchequer and which at the same time affords practical means by which Empire trade may be

substantially increased and the bonds of union between the Mother Country and the colonies was strengthened, particularly along commercial lines".

Sir,

JUL 5

The Lords Commissioners of His Majesty's Treasury have had before them Mr. Strachey's letter of the 19th Ultimo (23380/25) submitting proposals for the establishment of an office in this country to encourage the development of East African trade, and I am to request you to convey to the Secretary of State for the Colonies the following reply.

It appears to Their Lordships that the estimate of the annual expenditure on this office has been framed on unnecessarily generous lines. Thus My Lords find it difficult to believe that it is essential to pay £4,000 to £5,000 per annum for accommodation, or salaries at the rates proposed, viz. £1,000 per annum for the Deputy to Colonel Franklin and £600 to £700 per annum for the Office Superintendent. Again salaries at the rate of £200 per annum are proposed for each of the

Dear Bagcombe,

The Secretary of State wrote to the Chancellor of the Exchequer on the 19th June directing his attention to the official Colonial Office proposals for the institution of an East African Trade Bureau. These proposals have now been examined in the Department and the result of this examination is set out in the enclosed official letter, in the terms of which the Chancellor generally concurs.

Yours sincerely,

P. G. Gray

Dear Griggs,

I write to thank you for your letter of yesterday, under cover of which you forwarded the official letter from the Treasury to the Colonial Office, regarding the institution of the proposed East African Trade Bureau.

Will you convey to the Chancellor of the Exchequer Mr. Amery's thanks for giving him an opportunity of seeing the Treasury letter at the earliest possible moment?

Yours sincerely,
