In SMO appth. 527

In the present instance apart from their lack of P.H. qualifications, there is no evidence in reports that any of the MOs above D.R.R. Scott have any interest in or aptitude for sanitary work.

(They are all T.T. or ex-T.T. men, and it seems that T.T. has not yet been instructed to furnish the special form of Corp. report for Medical staff, which requires definite reference to aptitude for sanitary work. (P. should be circulated for opinion of Insp to T.T. on this point).)

D. Clark is on leave.
D. Scott is in T.T. Before approving these appths we had better let. to Gov.
