The position has changed considerably since the last ones on 17/7/24

One 1st Grade officer has been ^{and the position} promoted, another is retiring shortly.

Five 2nd Grade officers have gone up to the 1st Grade and Plowman, Edwards and Stanton have come out of the list of 2nd Grade officers.

On the other hand, on the Estimates, the number of 1st Grade officers has been reduced by 4 & the number of 2nd Grade by one.

Further 6 2nd Grade officers are shown as awarded to other Dept.

The establishment of 2nd Grade Officers Cadets is 70, there appear to be 66 officers holding such appointments, leaving 4 vacancies. The Governor may however, have some local candidates, or may not want to fill some or all of the vacancies, I think we had better
