Last previous Paper.

Enquired whether any application in Central Africa  
(2) whether any subsidy or grant had been made to start  
practice in CA (3) whether any law or other  
prohibition regulated the practice of dentistry  
(Pop of 2 bor and 5) of my district has already

two books

I am extremely sorry that my paper, having been  
wrongly tied up with other bits, has been delayed  
such an inordinate time since it was prepared.  
Will so please consider ref of to the fifth  
part of my letter

The committee (1) & (2) should be...  
(1) that...  
(2) that...  
a dental surgeon proposed to set up in practice  
but that it is most improbable that any subsidy  
would be granted

Next subsequent Paper.

Secretary of State  
for the Colonies.

I am a qualified dental surgeon  
having just returned from  
New Zealand after being employed  
with the King's African Rifles.  
I am anxious when I am discharged  
to practice in one or other of  
the British Protectorates.

I shall be glad if you can  
give me any information on the  
following points: -

1. Whether there are any  
Colonial Office appointments  
for dentists in either West  
or East, ~~Africa~~ or Central Africa.
2. Whether the Colonial Office  
would consider the advisability  
of giving a subsidy to a dentist

concerning practice in any of  
these parts.

2. Whether there is any law in  
Zanzibar prohibiting unqualified  
dentists from practicing dentistry  
what the Government of  
Zanzibar is, whether we  
know whether there is  
dentist already there.

Yours faithfully

A. D. Walker Esq.
