In this case also the emolument on which the gratuity is based have been increased to 2880/-. This makes the gratuity $\frac{23}{52}$ of 2880/- = 1273.85 which might be approved.

By Order *C.H. Dec 29, 1922*

Kenya misled us by not making it clear before that Uganda were concerned. though I ought to have spotted this. I think we must now ask Treas. to approve the Uganda shares of the recalculated gratuity.

It will be necessary to explain to them the principles on which

 owing to an oversight the
 question of a Uganda
 share was not referred
 to them before. But before
 going to the Treas. we
 must be in a position to
 explain how the Uganda
 share is arrived at,
 & I must confess that
 this defeats me. Unless
 you can suggest any
 method by which the
 figures given can be
 arrived at, I think we
 must ask the Gov. to

I have tried to work out the Uganda
 share by deducting from the 1273/85/-
 the Kenya pension earned up to 31
 March 1917. That pension works out
 432/- if no. are excluded & 576/-
 if no. are included. In either case
 33% of the remainder is worked near

2. In this connection I would observe that the gratuity recommended has been based on the maximum of Jamadar Shiv Bux's grade and his salary and was bonus exceeded the maximum laid down for his class of appointment.

Yours Grace's most devoted
and most obedient servant,
