Dated 31 October

Despatch Colonial Office 2.10 a.m. 31st October, 1923

No. 228. 30th October. My telegram of 13th October
No. 228 Voi Taveta line. I understand that Governor of
Tanganyika no longer requires material from Voi Kaha line as
material will be available from central line. After con-
sideration in the Executive Council and with full concurrence
of general manager I am satisfied that £80,000 can be
reallocated under the £3,000,000 loan schedule to provide
£80,000 for purchase £30,000 for reconditioning the Voi Kaha
line. Tanganyika estimates for latter service £40,000 but
general manager Uganda Railway after personal inspection
considers that the smaller sum will suffice for the time
being any ultimate excess being met from the funds (for)
betterment. General Manager proposes to run the line on
most economical methods at first with daylight service only
and with native staff and he anticipates considerable in-
crease particularly timber traffic. I trust you will agree
to the Uganda Railway taking over the line on above terms.
It will be necessary to prepare plans and sections and make
certain surveys in connection with regrading. Please reply
by telegraph. Despatch follows regarding particulars of
the reallocation of loan funds referred to.

CORRYDON.
