NEW
GOVERNMENT
OF
NIGERIA

27th March 1920.

My Lord,

In accordance with the instructions conveyed in Your Lordship's despatch No. 1263 of the 24th November last, I have the honour to transmit a list of East African Local Forces personnel, "mentioned" in the despatch of a Commander-in-Chief in the field during the war of 1914 - 1918, together with a copy of a covering memorandum from the Officer-in-Charge Records, who has compiled the roll in question.

2. I shall be glad if Your Lordship can agree to local distribution of the Certificates, by the Records Office, as suggested by Captain Page, if that organization is still in being when the Certificates are ready for despatch.

I have the honour to be,

Your Lordship's

humble, obedient servant,

ACTING GOVERNOR.

HONOURABLE

MOUNT MILNER, K.C., G.C.B., G.C.M.G., &c., &c.,

SECRETARY OF STATE FOR THE COLONIES,

Memorandum
17.5.20.

The Hon. the Chief Secretary,
The Secretariat,
Cairo.

Memorandum
Re. Issue of Certificates to soldiers
mentioned in the Field during the
War 1914-1918.

With reference to your No. S.20959/S dated 9/2/20, I am enclosing herewith extracts in triplicate from the London Gazette forwarded by you.

I have added also extracts from the Supplement to the London Gazette dated 5/6/18. (Number of Gazette is not known by me. As I have only got an advance copy of the Supplement, it will be noted that my lists contain a few Officers with British Units (such as Major, Kemphorne, R.E., Major Hopkins & of D etc.) Those included are known B.E.A. Residents who served with the W.A.F.F. I take it that the reference in para 2 of the Secretary of State for the Colonies' despatch No. 1263 refers to men of British Units who served for a period with the E.A.F.F. and subsequently returned to their Home Units.

As regards distribution of certificates, may I suggest that this should not be done by the Colonial Office direct, but that the certificates should be sent out here for distribution by this office. The addresses that I have given are the latest that I have got, but as nobody, once discharged ever notifies a change of address to me, some of them are very out of date. I am at present noting from gratuity claims, which are sent in to me for verification by the Paymaster, claims for messages etc., the most recent address of every one who has served with a view to facilitate the distribution of medals etc.
